

Associate of Applied Science Organizational Management

Most individuals see leadership as a position, not a person. In today's world, organizations are looking for leaders and managers to fill these positions that understand how to manage both 'things' and people!

At Mesa Community College (MCC), our **Associate of Applied Science** degree in Organizational Management is designed to give you the competency, tools, and capabilities necessary to successfully meet the need for frontline organization leadership!

Why Our Associate Degree?

- Few fields can match the range of diversity and fulfillment opportunity potential found in organizational management and leadership.
- You'll learn how to work with others, communicate effectively, and develop traits such as initiative and a desire to attain goals, two of the qualities that are valuable requirements in today's organizations.
- You will acquire the ability to solve complex problems and a keen understanding of the endless challenge and opportunities for management that are required to be successful.
- Day, evening, and online course offerings available
- Enhances your transfer capability to Arizona State University, University of Arizona, and Northern Arizona University.
- Ready to get started? **Turn this card over** for detailed course scheduling information.

Why Mesa Community College?

- As the largest member of the ten-college Maricopa County Community College District, MCC is noted for a 40-year history of delivering competency-based education with nationally recognized achievement outcomes.
- Our Business Department delivers eight different Associate Degrees and Certificates of Completion in more than 22 specialized academic disciplines. Our students can choose from degrees or certificates specializing in management, marketing, project management, small business management, international business, e-commerce, web technology, web design, computer information systems, or administrative office career areas.
- Our instructors are proven certified professionals with substantive real-world experience.
- A cost effective education opportunity when compared to the public / private university alternatives
- MCC works closely with our business and industry partners to design specific educational programs that upgrade employee skills and support those who are re-entering the workforce or changing careers.
