About Conversation Partner: The purpose of the Conversation Partner Program is to match students whose language is other than English with students who are learning these languages. Both sides have the opportunity to improve their oral communication skills, learn about another culture, and even make new friends. The International Education Office works as a contact liaison. Once you have received each other's information, it is up to you to create and meet each other's expectations and make arrangements to meet and converse.

If you have any questions, please contact the International Education Office at (480) 461-7758.
