Signature of Applicant

Date

If married and if your spouse (and children) will accompany you, please provide the following:

Name	Birth Dates	Place of Birth	Country of Citizenship

Why Study at Mesa Community College?

Mesa Community College is part of the Maricopa County Community College District. MCCCDD is fully accredited and our District is recognized throughout the world as a leader in education. Many international students begin their university education at a community college to take advantage of the lower cost, quality education, easy admission and smaller classes.

Mesa Community College is a two year community college with many transfer degree programs. We have several transfer agreements with universities in Arizona and nationally. By enrolling at MCC, you can complete the first two years of your 4-year undergraduate education and earn an Associates degree. You can then transfer your courses to a 4-year university to complete your baccalaureate degree. This is called a 2+2 system because you can complete 2 years at MCC and 2 years at an Arizona 4-year university of your choice. **Your academic advisor will help you develop a plan to transfer to a university as a third year student to complete your bachelors degree.** Admission to a university is independent of degree completion at MCC. For more information on our transfer degree programs, please visit:

http://www.mc.maricopa.edu/services/student_services/online/degrees.html

Currently, our **international tuition cost is \$280 per credit hour. International students must enroll fulltime for a minimum of 12 credits.** Cost for 12 credits per semester is approximately \$3360 per semester, not including health insurance and course fees. Tuition can change without notice. Your course text books and supplies are separate fees and can range from \$200-\$400 depending on the courses you take.

The following are only a few of the many programs of interests that students can pursue at Mesa Community College. Please visit the following website for information on a complete listing of all the degrees offered and program of study areas:

http://www.mc.maricopa.edu/services/student_services/online/degrees.html
