***Due Date***

The due date is a system generated date that determines the absolute last day a student must pay their account balance to remain enrolled in classes. Students must pay attention to their due dates. This date can be found on the printed copy of the student invoice.

***Purge***

The purge is an overnight electronic process that withdraws students from classes if they have not paid by their due date. If their due date has passed and the purge takes place, the student will be withdrawn from classes with a “W” grade and will be responsible for paying for his/her classes. A purge is done every Wednesday.
