

SUMMER 2022 EMT COHORT CLASS SCHEDULES

Students enrolled in the EMT Program must be enrolled concurrently in the corresponding EMT101/EMT104/EMT104LL/EMT104AB classes. Classes cannot be swapped and are not offered "Ala Carte". Students must enroll in all section #'s as reflected in each cohort group. Students must enroll in all courses simultaneously prior to finalizing their course submittals. If you do not enroll in the correct cohorted courses simultaneously, you will receive a registration error code.

Prerequisites (must be completed prior to self-registration) include: Appropriate score on Reading placement test to demonstrate minimum tenth grade level reading level, or completion of an Associates degree or higher from an accredited institution.

*Please note EMT101 (AHA BLS CPR provider course) is required for all EMT Program students and is embedded in the program. All students must register and successfully complete the EMT 101 (AHA BLS CPR provider course) as is offered within the assigned cohort, regardless of prior/current CPR credentialing status.

Summer Cohort 2022-SU1				
Instructor(s)	C. Burrows M. Pennington	C. Burrows M. Pennington	C. Burrows M. Pennington	C. Burrows M. Pennington
Class	EMT101	EMT104	EMT104LL	EMT104AB
