**Application
Deadline:**
07/12/2024

- NUR158 clinical rotations are four, 12-hour shifts in long- term care and acute care.
- Clinicals are typically one day a week.
- Students may have class 3 days a week during the weeks of clinical.
- Upon registration, you will be informed of your clinical rotation schedule (which is in addition to your lecture and lab).
- No switching of clinical shifts is permitted.
