THANK YOU

For Your Support

Your Gift Counts

Dear Friends,

We have all experienced it. When you throw a small pebble in a pond, the ripples from that one simple action radiate outward, growing larger the farther they travel. It is not too different from what happens in the lives of our students here at MCC.

In my first 12 months, I met with numerous students that raved about the profound impact that MCC has on their lives. They credit the opportunities, both inside and outside of the classroom with preparing them for professional success and lives of purpose and meaning.

Your gifts made a tremendous difference in 2018-2019. By linking your passions with your support, you created a ripple that is powering the work that our students, faculty, and staff do every day.

On behalf of the students we serve, thanks again for your support.

Sincerely,

"...I am extremely grateful because now I am able to solely focus into my academics and not stress about paying out of pocket for books, online accesses, and other class requirements. It will be easier to get a good start in my classes and easier to attend to my classes instead of asking for extra hours at work to make extra cash. As an enrolled member of the Navajo Nation, leadership is highly appointed and respected. I believe I hold leadership in my community as a student inspiring younger generation that graduating college is attainable. Native Americans have one of the lowest graduation rates so being an inspiration instead of a college dropout statistic is proving leadership. Thank you again for believing in me, you will not be disappointed"

The Power of Giving

Scholarships awarded Summer 2018, Fall 2018, and Spring 2019 through the MCCCDF

Gift Highlights

In fiscal year 2018-2019, you and 676 fellow donors contributed \$639,139.81 to support our mission of teaching and learning - ensuring that students have access to the tools that they need to rethink what is possible.

The Maricopa County Community College District Foundation (MCCCDF) is the 501(c)(3) nonprofit organization designated by the Maricopa County Community College District to receive and manage gifts on behalf of its 10 colleges.

"... with this scholarship, I will have more peace of mind and I will be less stressed about providing for my family which will help me concentrate more on my schoolwork. All I ever wanted to do in life was to help other people. I have tried to help my family by always trying to be a good example to them through doing my best in school as I was a straight A student in high school. I also got to help tons of people in a foreign country as I served a mission in Brazil for two years. That was one of the most life changing experiences for me as I figured out when I was there serving others and leading other missionaries to do the same that I wanted to be a doctor. I can't wait till I can become a doctor and serve people every day for the rest of my life and it is awesome to know that people like you helped me to get there."

"In today's world, it is important to be able to communicate, be a critical thinker and contribute to society. Mesa Community College provided a window to opportunities and allowed me to build my foundation of knowledge."
