

MCC Persistence Rates - **Hispanic** Credit Students

Notes: End of Term Snapshot with > 0 attempted hours. Excludes Dual Enrollment Students.

Persistence rates are the percent of students enrolled in one term who are enrolled in a subsequent term. Students who graduate are taken out of the calculation, so their future absence is not counted negatively.

MCC Completion and Attrition Rates - **Hispanic** Credit Students

Course completion, also known as term retention, refers to the percentage of all student grades in a semester that signify that a student completed a course, whether successfully or unsuccessfully.

The **attrition rate** is the percentage of withdrawn grades (W, Y) of all grades given in a semester.
