As a Navy Veteran and Retired Officer from Pinal County, I offer a proven track record of integrity which is a critical attribute for the county treasurer.

How are you qualified to be Pinal County Treasurer: Three reasons, first – I'm a specialist in Property Tax Liens which is one of the primary responsibilities of the treasurer. Secondly, as a successful business owner and investor, I bring my financial experience and expertise. Third, having worked for Pinal County for over 21 years, I know the county well.

What are the top 2 problems that face the County Treasurer's Office, and how will you approach those problems:

Having been associated with Pinal County Government for so many years, I believe the Pinal County Treasurer's Office has been running efficiently under the direction of our current treasurer, Dodie Doolittle. However, Ms. Doolittle is retiring at the end of this year.

With that being said, I believe the next county treasurer should not hastily implement drastic changes to an office that has been financially sound and has functioned efficiently for so many years. My approach is a simple one, once in office, I will assess all functions of the Treasurer's Office from the bottom to

the top. Then, and only then, will I carefully implement changes I believe to be in the best interest of the citizens of Pinal County. Additionally, as a property owner, I am alarmed about the recent property tax increase. While the responsibility for setting these tax rates belong to the Board of Supervisors, I will use my position to strongly advocate for reducing the County budget and reducing our taxes. I will make two recommendations: first, to consolidate some sections of the County where we are over staffed and second, to outsource areas of government where it is cost effective to do so.
