GOODYEAR, AZ, August 25, 2015 /24-7PressRelease/ -- Rebecca Ming Hsu, MD, Forensic Pathologist and Owner of Hsu Enterprises, LLC, has been named a Worldwide Branding Top Female Executive in Forensic Pathology. While inclusion in Worldwide Branding is an honor, only small selections of members in each discipline are chosen for this distinction. These special honorees are distinguished based on their professional accomplishments, academic achievements, leadership abilities, years of service, and the credentials they have provided in association with their Worldwide Branding membership.

**She also determines the cause and manner of death for medical and legal reasons, and provides lectures in the area of forensic pathology.**

With 10 years of experience as a medical examiner, Dr. Hsu now serves as a forensic pathologist at Hsu Enterprises, LLC. Established in 2006, Hsu Enterprises, LLC provides medical record review, and autopsy and expert witness services in the field of forensic pathology. Through her work at her company, Dr. Hsu has become adept in wrongful death investigations. As owner of Hsu Enterprises, LLC, she is tasked with handling all aspects of the company and its operations. She also determines the cause and manner of death for medical and legal reasons, and provides lectures in the area of forensic pathology.

Dr. Hsu always had a scientific interest in the mysterious aspects of medicine. With a Bachelor of Arts degree in psychology from Columbia University, she was initially interested in the psychological side of forensics, but she eventually decided that she preferred victims to assailants, and pursued a career in forensic pathology instead. She attributes her many professional successes in her field to her sense of humor.

A qualified professional in her field, Dr. Hsu is trained as a funeral director. She also received an associate's degree in mortuary science from Mesa Community College in 2007 and an MD from the Case Western Reserve School of Medicine in 1995. Today, Dr. Hsu maintains affiliations with the American Academy of Forensic Sciences and the American Medical Women's Association. In the coming years, Dr. Hsu intends to pursue additional writing and teaching opportunities, while also continuing to hone her skills in pathology and mortuary science.

For more information about Dr. Hsu, please visit <https://www.linkedin.com/pub/rebecca-hsu/a/347/108>.
