Fulfilling Goals.

Personal Achievement.

Financial Aid Services >
At Mesa Community College, we'll do everything we can to help you obtain the financial aid you need to make your dream of higher education a reality.

Building your future with an academic education is an accomplishment with life-long rewards. Whether you’re hoping to transfer to a four-year university, accomplish one of our two-year career programs, or improve your skill set for the job you already have, we want you to succeed.

Resident

Mesa Community College is required to comply with Arizona Proposition 300. New guidelines from the State of Arizona explicitly state our responsibilities in establishing residency and eligibility requirements for all students seeking admissions, financial aid, and other college services. You may find additional information online at www.maricopa.edu/publicstewardship/resources/legcomp.php.

Until you show proof of residency to the college, we are required to charge out-of-state tuition prices.

To qualify for in-state tuition and state financial assistance, students must provide documentation as proof of lawful presence in the United States. Acceptable documents include a birth certificate, an Arizona driver license or ID card issued after 1996, US passport, or official immigration papers. The complete listing of acceptable documentation can be found online at www.mesacc.edu/admissions-records/residency-citizenship or at www.maricopa.edu/residency/docs.php. The Student Declaration Form can be downloaded as a pdf document from www.maricopa.edu/residency/Student Declaration 3.2011.pdf.

Non-Resident

A student that is not classified as an Arizona resident for the purposes of admission at MCC may apply for private scholarship funds. Only those with a lawful presence in the US may qualify for MCCCD scholarships or federal aid. Any information you provide about legal status when you apply for financial aid or scholarships may be subject to mandatory reporting to federal immigration authorities under AZ law.

Scholarship Resources are available for Resident and Non-Resident students. For additional resources go to www.mesacc.edu/financial-aid/types-aid/scholarships#.

Apply Early! Apply Now!

To be considered an early applicant and to be given priority for other funds available, MCC must receive your accurate electronic Student Aid Report (SAR) with all other required documents no later than the first Friday in April.

You must also meet all student eligibility requirements (such as the Standards of Satisfactory Academic Progress). This date is not a deadline, but a priority date for consideration for types of aid other than the Pell Grant. School priority dates are usually earlier than federal deadlines.

For 2011 – 2012, MCC awarded more than $82 million in federal grants, loans, and student employment. MCC also awarded more than $3.2 million in scholarships.*

MCC also awarded more than $3.2 million in scholarships.*

Other resources to consider in paying for your education!

Scholarships
A scholarship is funding donated or provided by the college (for example, the Maricopa Community Colleges Foundation) or private donors (individuals or organizations) for education expenses. These funds do not need to be repaid as long as satisfactory academic standards are maintained. A wide variety of scholarships are available based on specific conditions for eligibility, such as students exhibiting excellent character, who have a record of community service, or who are pursuing a particular area of study.

It is a good idea to ask the Financial Aid Office for help if you would like to learn more about private scholarships or if you are ready to apply for the MCC Scholarship. We also encourage you to browse our website and apply for as many scholarships as are available. Just go to www.mesacc.edu/financial-aid/types-aid/scholarships# and there you’ll find an entire list of possibilities.

Applying for scholarships is a great way to help pay for your college education. Both MCC and private scholarship donors want to help today’s students open the doors to higher education and career success. Plus, scholarship and gift funding requires no repayment, and it can cut your tuition down to a fraction of the actual cost – if not altogether free!

Private Loans
Many students are able to receive federal aid, but if your federal aid does not cover all necessary education expenses, then loans through private lenders are also available. It is important that you closely review the terms of private loans and ensure that you are receiving only money that you truly need. Contact the MCC Financial Aid Office if you are interested in applying for a private loan.

Federal Financial Aid

Our federal government knows the importance of a college education. That is why, for many years now, college students have been provided with government funding opportunities. To be eligible for any federally funded student aid, you must complete the Free Application for Federal Student Aid (FAFSA), submit all documents requested by the MCC Financial Aid Office, and be registered at MCC. It seems overwhelming, remember we’re here to help you get your applications finished. Take a look – federal financial aid comes in a few different forms: grants, loans, and work-study programs.

Federal Grants: Federal grants are awarded solely based on financial need. Unlike loans, they do not have to be repaid (unless, for example, you are awarded funds incorrectly or withdraw from school). The amount you receive depends on your financial need, cost of attendance, and enrollment status (full-time or part-time). There are several different grants available for which you can apply.

Federal Direct Loans: Federal Direct loans are provided to a student with the signed agreement and understanding that they are to be repaid. Federal Direct Subsidized loans are awarded based on financial need and the federal government pays the loan interest while you are in school. Federal Direct Unsubsidized loans are awarded regardless of financial need and accrue interest while you are in school.

PLUS Loans: PLUS loans are designed for the parents of dependent MCC students. The loan is not based on financial need and is unsubsidized, meaning interest accrues throughout the life of the loan. After the parent’s eligibility is established and funds are awarded, the MCC student must attend school no less than half-time.

Work-Study Programs: Through the Federal Work-Study program (FWS), students can be provided with a job on campus while they attend school. You must apply for federal financial aid to determine if you are eligible for this program. With FWS at MCC, you can acquire marketable job skills and establish valuable friendships. For example, many student employees at MCC use their FWS supervisors as references for jobs off campus or after they leave college. If you enter this experience with enthusiasm, determination, a willingness to learn, and a positive attitude, then you will gain far more than just funding for school.

MCC Honors Achievement Award
If you’re a student with a cumulative GPA of at least 3.25 and have completed 12 credits in the Maricopa Community Colleges, you qualify for membership in the MCC Honors Program.

As a member of MCC’s Honors program, you also qualify for an Honors Achievement Award of up to $325 per semester. MCC Honors students are required to take at least one three-hour Honors class that will earn Honors credit on their official transcript. For more information, contact the Honors Program staff at 480.461.7079.

Fast-Tracking The Dream
The Fast-Tracking The Dream program is a community partnership that seeks participants in the program. Earnings income that is deposited into a special savings account with an approved financial institution is tripled to minimize or remove the financial barriers for obtaining a college education.

The focus of the program is to improve access to a college education for low-to moderate-income individuals and to enhance the financial literacy to pay for tuition, books, fees, and course-required materials. To put your dream on the fast track, contact MCC Service-Learning at 480.461.7114.
## Federal Aid Options Summary

*Annual award limits are subject to change after 2012-2013. For the most current information on award limits, visit [www.mesacc.edu/financial-aid](http://www.mesacc.edu/financial-aid)

- Learn more about student loans by using [www.studentloans.gov](http://www.studentloans.gov)
- Avoid Delinquency & Default on your student loan
- Repayment options
- Loan Entrance Counseling
- Master Promissory Note
- Track your borrowing at [www.nslds.ed.gov](http://www.nslds.ed.gov)

STEP 1
Apply for a federal Personal Identification Number (PIN) at www.pin.ed.gov

Your PIN is a four-digit number used to identify you as someone who has the right to access your personal information on federal student aid websites. If you're a parent and you want to electronically sign a FAFSA for your child, you need a valid Social Security Number to get your own PIN. (A work employment SSN is considered ineligible for the purpose of a PIN). If you do not meet this requirement you may sign by printing a signature page. If you have more than one child attending college, you can use the same PIN.

STEP 2
Fill out the FAFSA at www.fafsa.gov

Complete the Free Application for Federal Student Aid (FAFSA) on the website, the Renewal FAFSA on the website, as soon as possible (after January 1 and no later than June 30 of the next school year). Regardless of the type of aid for which you qualify, filling out the FAFSA is your first step. Applying online is fast and easy, even if you've never completed the FAFSA before. Parents without a valid Social Security Number need to input zeros in place of the SSN when completing the parental information (this may take several attempts before the FAFSA accepts this information).

Make sure you have the following:
- Federal PIN (students and parents if applicable)
- Social Security number
- Driver's License number
- Alien Registration number (if applicable)
- Most recent income tax returns or W-2
- Records of untaxed income (i.e., Social Security benefits)
- IRS Data Retrieval Tool*

Please keep a copy of all of your documents because they may be requested in order to complete your financial aid at MCC.

* IRS Data Retrieval Tool
This allows students and parents to access the IRS tax return information needed to complete the FAFSA. Students and parents may transfer the data directly into their FAFSA application. If you are eligible to use the IRS Data Retrieval Tool, we recommend it:
1. It's the easiest way to provide your tax data
2. It's the best way of ensuring that your FAFSA has accurate information
3. You won't need to provide a copy of your parents' tax return to your college

If you do not use the IRS Data Retrieval Tool to provide tax information and your college requires a copy of your tax return transcripts or your parents' tax return, you may be required to obtain an official tax transcript from the IRS.

Don't have a copy of your tax return transcript?
Get a free transcript from the IRS by calling 1.800.829.1040 and requesting a free copy of Form 4506-T (Request for Transcript and Tax Return). You may also download a request by going to the IRS website at http://www.irs.gov/individuals/article/0,,id=232168,00.html

STEP 3
Admit and Enroll into MCC

Before your FAFSA can be processed by MCC, you must be admitted into the college. To do this, you need to complete the Student Information Form.

It's easy, and you can do it online. Just visit my.maricopa.edu or visit Admissions for assistance.

STEP 4
Check Your Status

1. Login at my.maricopa.edu using your MEID (i.e.STU1234567)
2. Check “To Do” list often for needed items
3. Check “Message Center” often for any updates or notices
4. Go to “view financial aid” link to check for any pending financial aid awards and/or Accept/Decline aid.
5. Opt-In/ Opt-out for Book Advance*

*Book Advance: An early allowance of financial aid, issued through MSRP to purchase books based on financial aid eligibility and excess funds available.

STEP 5
MCC will review your FAFSA

The specialists in the MCC Office of Financial Aid will review your financial aid information once we have received your FAFSA from the federal processor and after all other required forms have been submitted. As a general rule, allow 30 days for processing. During the busier times of the year (January/June – August), it may even take longer – so don’t put it off! If any changes occur in your plans to attend MCC, such as your enrollment status or your family’s financial circumstances, contact the Financial Aid Office for further information.

Our office will determine your financial aid eligibility based on the completion and accuracy of your financial aid file. Federal student loans must be processed before your last day of enrollment for that school year.

Once your FAFSA has been processed, you will receive confirmation in the mail/email with an estimate of the aid you can expect. Verify the information for accuracy. Corrections may be submitted at www.fafsa.gov.
