Here’s a look at workshops and presentations for April

April 8th, 5:30 PM
Financial Literacy Workshop
Attendees will explore the foundations of financial management. This hands-on workshop will focus on the areas of, setting financial goals, managing credit and debt, protecting against identify theft, saving and investing, and risk management. Attendees will be provided literature and workbooks that coincide with the presentation. Also, attendees will have an opportunity to ask question relating to financial management in the classroom and in a one-on-one setting.

April 16th, 4:00PM
Employable Skills and Readiness Workshop
Presented by the Maricopa Workforce Connection who will provide training and development of resume writing, interview and networking skills. Attendees will learn how to develop resumes that translate their military and civilian work experience into viable curriculum vitae designed to target specific employment sectors, use key words, and how to sell your accomplishments. Interview skills will focus on examples of what employers want to hear in an interview and how to package one’s self-image.

April 22th, 5:00 PM
VA OEF/OIF/OND Veteran Informational Presentation
Presented by VA patient advocates, providing information on topics such as: VA benefits, Vocational Rehabilitation, Disability Claims and Filing, Specific Medical and Specialty Care. Attendees will receive literature on subject covered in the presentation and have an opportunity to register with the VA Medical Center and set appointments with VA counselors for one-on-one consultations.
