The Associate in Applied Science (AAS) degree program in Veterinary Technology/Animal Health at MCC has Full Accreditation from the American Veterinary Medical Association's Committee on Veterinary Technician Education and Activities. 1931 North Meacham Road, Suite 100, Schaumburg, IL 60173-4360: www.avma.org.
Assessment of Student Learning Outcomes

Student outcomes assessment is a term used to describe the measurement and documentation of what Mesa Community College (MCC) students are achieving in their studies at the college. Faculty members across the Maricopa County Community Colleges District (MCCCD) have defined the outcomes of college programs and courses competencies and have developed measures to assess them. At MCC, faculty have also developed Institutional Student Learning Outcomes that are embedded and assessed in courses, curricular programs, co-curricular and extra-curricular programs, and student service areas. These learning outcomes, known as MCC’s 4Cs, are consistent with the Vision, Mission, and Values of MCC and MCCCD, and reflect our commitment to Individuals and Community, Innovation, Integrity, Learning, and Service Excellence. The 4Cs are Communication, Critical Thinking, Civic Engagement, and Cultural and Global Engagement.

AC4 Complaints

Distance Education students outside of Arizona, after completion of the institution’s internal complaint process, may appeal SARA-related complaints to the Arizona Community College Coordinating Council (AC4).

Arizona SARA Council Complaints

Mesa Community College is a State Authorization Reciprocity Agreement (SARA) participating institution. The Arizona SARA Council has jurisdiction over Arizona SARA participating institutions in relation to non-instructional complaints for out-of-state distance education students. Instructional complaints, such as grade grievances, are not reviewed by the Council and should not be submitted for review. Upon completion of the institution’s and AC4’s complaint process, a student may register a complaint with the Arizona SARA Council.

Graduation Policies & Requirements
Catalog Under Which a Student Graduates

Students maintaining continuous enrollment at any public Arizona community college or university may graduate according to the requirements of the catalog in effect at the time of initial enrollment or according to the requirements of any catalog in effect during subsequent terms of continuous enrollment. Students may maintain continuous enrollment whether attending a public community college and/or public university in the state of Arizona.

The rules for maintaining continuous enrollment are:

- A semester in which a student earns course credit will be counted toward continuous enrollment.
- Noncredit courses, audited courses, or courses from which the student withdraws do not count toward continuous enrollment.
- Failure to enroll in three consecutive regular (fall or spring) semesters breaks continuous enrollment; however, enrollment in the intervening summer terms may be used to maintain continuous enrollment status.
- If continuous enrollment is not maintained, the student must fulfill the requirements for graduation specified in the catalog in effect for the academic year in which they re-enroll or any subsequent catalog of their continuous enrollment.
- Students who initially enrolled or re-enrolled during a summer term must follow the annual catalog of the subsequent academic year or any subsequent catalog of their continuous enrollment.

Age of Credit

In areas of study in which the subject matter changes rapidly, material in courses taken long before graduation may become obsolete or irrelevant. Coursework that is more than ten years old is applicable to completion of certificate and degree requirements at the discretion of the designated individuals at the college. The college may accept such coursework, reject it, or request that the student revalidate its substance. The ten-year limit on coursework applies except when program accreditation agencies limit the life of coursework to less than eight years. Departments may also require students to satisfy current major requirements rather than major requirements in earlier catalogs, when completing earlier requirements is no longer possible or educationally sound.
General Graduation Requirements

Earning a Certificate or Degree

The Maricopa Community Colleges offers certificates and degrees in a variety of areas. Each certificate and degree has specified program requirements for graduation. See certificate and degree information for specific program requirements. It is the student’s responsibility to be aware of these requirements.

Candidates for graduation must satisfy the following requirements:

• Complete the minimum number of credits required for the certificate or degree. For degrees, at least 15 credits must be completed at the awarding college. For certificates that are 15 or more credits, at least 6 credits must be completed at the awarding college. For certificates that are 14 or fewer credits, at least half of the credits must be completed at the awarding college. Exceptions to this institutional residency policy must have prior written approval of the program director, department/division chair, or designee and documentation of rationale and approval included as part of application to graduate.

• Meet the general education, program requirements, and electives for the certificate or degree required. Requirements can be satisfied by MCCCD coursework, prior learning assessment, and transfer credit. No more than 45 credit hours can be accepted and applied to a degree using transfer credit and/or prior learning assessment. Transfer credit and prior learning assessment does not count as hours in residence for graduation requirements. Exceptions to this institutional policy must have prior written approval of the program director, department/division chair, or designee and documentation of rationale and approval included as part of application to graduate.

• Earn a minimum cumulative grade point average (GPA) of 2.0 on a four-point grading scale in all letter-graded courses (100-level and above) (completed in residence and accepted in transfer) used to fulfill requirements at the college granting the degree or certificate. Some awards may specify additional GPA requirements.

• Remove all deficiencies (e.g. incomplete grades, missing transcripts, national test results, etc.) on the record to use those courses toward program completion.

• Fulfill any financial obligations with the college.

• File a Petition for Graduation with the Admissions & Records/Enrollment Services Office.

AutoAward Policy: MCCCD has an auto-award program that identifies some students who have completed a degree or certificate and never submitted a Petition for Graduation (e.g. Reverse Transfer). However, this pro-
gram is limited and students should not depend on it for graduation. The Petition for Graduation should always be submitted when a student is intending to graduate.

**Maricopa Nursing Program**

For the Maricopa Nursing program, the cumulative GPA for awarding purposes is calculated based on courses required for the degree or certificate taken at any Maricopa campus and includes pre-requisites, co-requisites, and nursing blocks. Students must apply for graduation from the college where they have successfully completed Block 4 of the Associate in Applied Science in Nursing.

**Graduation with Honors**

All courses used to fulfill graduation and degree requirements, including courses from other institutions are used in the grade point average calculation (GPA) at graduation. Degree-seeking students who have distinguished themselves with GPAs 3.50 and higher are recognized with the following graduation honors:

- 3.50 to 3.69 graduation “with distinction”
- 3.70 to 3.89 graduation “with high distinction”
- 3.90 to 4.0 graduation “with highest distinction”

Certificate programs are not eligible for institutional honors.

The following academic policies govern the associate degrees designed for university transfer: Associate in Arts (AA); Associate in Arts, Elementary Education (AAEE); Associate in Arts, Fine Arts (AAFA); Associate in Business-General Requirements (ABUS-GR); Associate in Business-Special Requirements (ABUS-SR); and Associate in Science (AS). Note that academic policies that govern the Associate in General Studies (AGS) and Associate in Applied Science (AAS) degrees are listed separately, with the requirements for each of those degrees.

- The graduation policies within the general catalog must be satisfied (administrative regulation 2.3.9).
- Minimum semester credits for completion vary slightly by degree and specific emphasis (when applicable). Refer to the Program (Degree) Search at [https://curriculum.maricopa.edu/](https://curriculum.maricopa.edu/) for credit minimums for individual degree programs.
- Credits completed toward these minimums must be in courses numbered 100 or above with a grade of ‘C’ or better. These credits must include a minimum of 35* in satisfaction of the requirements of the Arizona General Education Curriculum (AGEC) along with a maximum of 6 credits towards MCCCD’s Additional Requirements.
- Detailed degree requirements are maintained by the Center for Curriculum and Transfer Articulation (CCTA); refer to the program search at [https://curriculum.maricopa.edu/](https://curriculum.maricopa.edu/).

General Education Requirements:
- The AGEC requirements include a designated number of courses approved for each of the following areas:
  - First Year Composition [FYC]
  - Mathematical Applications [MA]
  - Computer/Statistics/Quantitative Applications [CS] (CS not required for Associate in Science)
  - Literacy and Critical Inquiry [L]
  - Humanities, Arts and Design [HU]
  - Social-Behavioral Sciences [SB]
  - Natural Sciences (Science Quantitative [SQ], Science General [SG])
  - Awareness Area: Cultural Diversity in the U.S. [C]
  - Awareness Area: Global [G] or Historical [H] Awareness
Note that there are three different AGECs each aligning with a different subset of associate Degrees--AGEC-A for the AA, AAEE, and AAFA degrees, AGEC-B for the ABUS-GR and ABUS-SR degrees, and AGEC-S for the AS degree. For some types of AGECs/Associate degrees, students are allowed to choose from a broad list of courses; for others the courses are more restricted or even specified.

A single course can simultaneously count toward one or more Awareness Areas, other AGEC requirements, MCCCD Additional Requirements and, for some degree types, other lower division courses used to meet the degree requirements. For example, CRE101 may be used to satisfy both the MCCCD Reading Requirement and the Literacy and Critical Inquiry area [L] of the AGEC core. While multiple requirements can be met with a single course, the credits are only counted one time toward the required minimum for the degree.

Except for the Associate in Science (AS) degree, a single course cannot be used to satisfy more than one AGEC requirement, with the exception of Awareness Areas. For example, a course cannot be used to satisfy [HU] and [SB], but a course can be used to meet [HU] and [C], [G] and/or [H].

The AGEC-A and AGEC-B require a minimum of 35 credits* and the AGEC-S requires a minimum of 36 credits*, however, the AGEC credit count within the total credits for a degree may be under these minimums if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Awareness Areas and MCCCD's Additional Requirements may also be shared with AGEC Core Areas. Optimizing credits in this way is often recommended because some programs and universities limit transferable credits at 64.

All MCCCD courses applied to the AGEC must be completed with a grade of “C” or better.

All MCCCD courses applied to the AGEC must be accepted for transfer credit as a direct equivalent, departmental elective, or general elective credit at ASU, NAU, and UAZ according to the Course Equivalency Guide for the academic year in which the course was taken. Courses applied exclusively to the Bachelor of Applied Science are ineligible for inclusion in the AGEC.

Coursework beyond General Education:

For some degree types, the additional coursework required to complete the degree is specified while others offer the student more latitude. See degree checksheets for more complete description. Consultation with an academic advisor about course selection is always recommended.

Oral Communication and Critical Reading are MCCCD Additional Requirements required for Associate in Arts, Associate in Arts, Elementary Education, Associate in Arts, Fine Arts and Associate in Science degrees. Refer to the Program (Degree) Search at curriculum.maricopa.edu for acceptable options to meet these requirements for individual degree programs.

Within the Restricted Electives, course recommendations are made for specific transfer institutions. Students should select a transfer plan (group of courses) based on their intended transfer institution. However, not all transfer institutions are reflected in these recommendations. Therefore, students may instead meet the minimum number of Restricted Elective credits using a combination of courses from the transfer plans listed. Restricted Electives should be selected in consultation with an academic, faculty, or program advisor.
• Note that some majors require up to a 4th semester proficiency (202-course level) in a non-English language. Students should consult with an academic advisor to discuss options to complete these requirements.

• General Electives may need to be selected to meet the minimum total credits required for the degree. Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives, (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of ‘C’ or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: https://aztransfer.com/, https://curriculum.maricopa.edu/, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

• Any course cross-referenced under another prefix(es) (for example ENH291/EDU291-Children's Literature) covers identical content and its credits can only be counted once toward requirements.

Transfer Credit from Institutions Outside of MCCCD:

• Credits transferred from outside of MCCCD must be at a grade of 'C' (2.0 on a 4.0 scale) or better.

• Transfer credit graded pass/fail or pass/no credit may be used to satisfy AGEC requirements if documentation collected by the community college indicates that this was the only grading option available and that the Pass grade ('P') is equivalent to a ‘C’ or better.

• External courses evaluated either as equivalent to an MCCCD course or as elective credit may be applied toward the minimum credits for degree completion.

• The AGEC (Arizona General Education Curriculum) designations of courses completed at other Arizona public colleges or universities will be applied as listed on AZTransfer's Course Equivalency Guide (CEG) for the semester(s) in which the course(s) were completed. If a transcript evaluation determines there is no MCCCD direct equivalency to a course from another Arizona public college or university, applicability to AGEC and/or associate degree requirements will be based on the source institution's AGEC designation for the semester in which the course was completed.

• Courses from private, out-of-state, and/or online institutions (i.e., outside of the Arizona Transfer System comprised of Arizona's public community colleges, tribal colleges and universities) will be applied toward AGEC and/or associate degree requirements based on the courses' evaluated MCCCD equivalence. If courses are not directly equivalent, the credit may be articulated as a departmental elective, and if deemed appropriate, may have a general education designation applied to the course.

• Credit awarded at a Maricopa Community College through prior learning assessment is transferable to the other colleges in the district but is not necessarily transferable to other colleges and universities. No more than 20 such assessed semester credit hours may be applied toward AGEC, and no more than 30 credits (including up to 20 toward AGEC) may be applied toward a degree.
Completion and Transfer:

- Completion of the AGEC with a minimum Grade Point Average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. It does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment.

- While MCCCD’s associate degrees are designed to facilitate a seamless transfer to other Arizona institutions, courses may be transferable and/or meet associate degree requirements, but may not necessarily meet the specific requirements of a particular degree, major, or area of emphasis at another institution.

Students planning to transfer to another college or university are urged to refer to university requirements and academic advisors from both institutions to be certain that all their selected coursework is applicable to the requirements of their intended transfer degree and within their allowed transferable credit limit. For some majors, the statewide Common Course matrix and AZTransfer Major Guides at https://az-transfer.com/ and/or university transfer guides can also provide some guidance. For appropriate course selection, students should consult with an academic advisor.

*Credit minimums may be lower if students have transfer credit from ASU, NAU or UAZ for a single course that meets First Year Composition in full. See notes on individual degree policies.

Maricopa County Community College District (MCCCD)
2021-2022 Arizona General Education Curriculum (AGEC) A, B, S

Description

The Maricopa County Community College District Arizona General Education Curriculum (MCCCD AGEC) is a general education certificate that fulfills lower-division general education requirements for students planning to transfer to any Arizona public community college or university. Generally, the MCCCD AGEC transfers as a block without loss of credit. The AGEC-A and AGEC-B require a minimum of 35* credit hours, and the AGEC-S requires a minimum of 36* credit hours.

In most cases, all courses used to satisfy the MCCCD AGEC will apply to graduation requirements of the university major for which the AGEC was designed.

There are three types of AGECs in MCCCD: AGEC-A, AGEC-B, and AGEC-S. As described below, these AGECs are also a component of most MCCCD associate degrees and comparable degrees at other Arizona public community colleges. The AGEC-A defines the general education requirements in the Associate in Arts (AA), Associate in Arts, Elementary Education (AAEE), and the Associate in Arts, Fine Arts (AAFA) degrees. The AGEC-B defines the general education requirements in the Associate in Business-General Requirements (ABUS-GR) and Associate in...
in Business-Special Requirements (ABUS-SR) degrees. The AGEC-S defines the general education requirements in the Associate in Science (AS) degree.

As described in more detail below, all AGECs require designated Core courses in First Year Composition [FYC], Literacy and Critical Inquiry [L], Mathematical Studies [MA/CS] (Exception: The AGEC-S does not require CS.), Social-Behavioral Sciences [SB], Humanities, Design and Fine Arts [HU], and Natural Science [SQ/SG]. Students must satisfy two Awareness areas: Cultural Diversity in U.S. and either Global Awareness or Historical Awareness.

Purpose of the AGECs

AGECs were designed to articulate with different academic majors, and their particular requirements vary accordingly. In some major-specific pathways, students are allowed to choose from a broad list of courses to satisfy the AGEC requirements; for others the courses are more restricted or even specified. Additional information on academic majors at the Arizona public universities can be accessed via the following website: www.aztransfer.com

1. The AGEC-A is designed to satisfy requirements in many liberal arts majors as well as other majors that articulate with an Associate in Arts degree (e.g., social sciences, fine arts, humanities, elementary education). AGEC-A requires a minimum of college mathematics or college algebra to satisfy the Mathematics [MA] requirement.

2. The AGEC-B is designed to satisfy requirements in business majors that articulate with the Associate in Business. AGEC-B requires a minimum of brief calculus to satisfy the Mathematics [MA] requirement.

3. The AGEC-S is designed to satisfy requirements in majors with more prescriptive mathematics and mathematics-based science requirements such as many in the sciences, technology, engineering and mathematics. AGEC-S requires a minimum of the first course in a calculus sequence to satisfy the Mathematics [MA] requirement, and a minimum of eight credits of either university chemistry, university physics or general biology for majors, or physical and historical geology to satisfy the Natural Sciences [SQ/SG] requirement. In addition, students must select six to ten additional credits of Subject Options comprised of math and/or science appropriate to their major.

Academic Policies that Govern the AGEC-A, -B, -S

Requires completion of at least 35 credit hours* (AGEC-A, AGEC-B) and 36 credit hours* (AGEC-S) in courses numbered 100 and above and that a minimum of 12 of those credits be taken at one or any combination of the MCCCD colleges. See First Year Composition [FYC] notes in the following AGEC descriptions and footer for credit minimum exceptions.*

• All MCCCD courses applied to the AGEC must be completed with a grade of ‘C’ or better.
All MCCCD courses applied to the AGEC must be accepted for transfer credit as a direct equivalent, departmental elective, or general elective credit at ASU, NAU, and UAZ according to the Course Equivalency Guide for the academic year in which the course was taken. Courses applied exclusively to the Bachelor of Applied Science are ineligible for inclusion in the AGEC.

A single course can simultaneously count toward one or more Awareness Areas and other AGEC requirements. For example, a course in world geography can be used to satisfy [SB] and [G] requirements. While multiple requirements can be met with a single course, the credits for that course are only counted one time toward the required minimum total for the AGEC. Except as detailed below for the AGEC-S, a single course cannot be used to satisfy more than one AGEC requirement, with the exception of Awareness Areas.

The AGEC-A and AGEC-B require a minimum of 35* credits and the AGEC-S requires a minimum of 36* credits, however, the AGEC credit count within the total credits for a degree may be lower than these minimums if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Awareness Areas and MCCCD’s Additional Requirements may also be shared with other AGEC Core Areas. Requirements. Optimizing credits in this way is often recommended because some programs and universities limit transferable credits at 64.

Transfer Credit from Institutions Outside of MCCCD

- Credits transferred from outside of MCCCD must be a grade of 'C' (2.0 on a 4.0 scale) or better.
- Transfer credit graded pass/fail or pass/no credit may be used to satisfy AGEC requirements if documentation collected by the community college indicates that this was the only grading option available and that the Pass grade ('P') is equivalent to a 'C' or better.
- External courses evaluated either as equivalent to an MCCCD course or as elective credit may be applied toward the minimum credits for degree completion.
- The AGEC (Arizona General Education Curriculum) designations of courses completed at other Arizona public colleges or universities will be applied as listed on AZTransfer's Course Equivalency Guide (CEG) for the semester(s) in which the course(s) were completed. If a transcript evaluation determines there is no MCCCD direct equivalency to a course from another Arizona public college or university, applicability to AGEC and/or associate degree requirements will be based on the source institution's AGEC designation for the semester in which the course was completed.
- Courses from private, out-of-state, and/or online institutions (i.e., outside of the Arizona Transfer System comprised of Arizona's public community colleges, tribal colleges and universities) will be applied toward AGEC and/or associate degree requirements based on the courses' evaluated MCCCD equivalence. If courses are not directly equivalent, the credit may be articulated as a departmental elective, and if deemed appropriate, may have a general education designation applied to the course.
• Credit awarded at a Maricopa Community College through prior learning assessment in non-traditional setting is transferable to the other colleges in the MCCC district but is not necessarily transferable to other colleges and universities. No more than 20 such assessed semester credit hours may be applied toward AGEC.

Completion and Transfer

• Completion of the AGEC with a minimum grade point average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. It does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment.

• Students planning to transfer to another college or university are urged to refer to university requirements and academic advisors from both institutions to be certain that all their selected coursework is applicable to the requirements of their intended transfer degree. For some majors, the statewide Common Course matrix, AZTransfer Pathway Guides and/or University Transfer Guides posted on the AZTransfer website can also provide some guidance. For appropriate course selection, students should consult with an academic advisor.

AGEC Requirements

Descriptions and definitions of the requirements for each of the three AGECs follow. The following website identifies the courses that apply to the different requirements within each AGEC:

AGEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on maricopa.edu and on each MCCCD college’s website.

Note that for students pursuing an associate degree with a specific emphasis (for example: Associate in Arts, Emphasis in History, Associate in Arts, Fine Arts, Emphasis in Theatre, Associate in Science, Emphasis in Physics), the AGEC course requirements are usually more prescriptive. Students pursuing a major-specific pathway should consult the Program (Degree) Search at curriculum.maricopa.edu for specific degree and AGEC requirements. Consultation with an academic advisor about course selection is always recommended.
Arizona General Education Curriculum--Arts (AGEC-A) Requirements

The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, the AGEC credit count within the total credits for a degree may be lower if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Credits count once toward the total for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* within an associate degree provided that all requirements listed below are completed.

Courses applied to meet AGEC-A requirements vary by emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements

Arizona General Education Curriculum--Arts (AGEC-A) 35 (min.)*

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course’s value(s) in the semester it is taken.

1. First-Year Composition [FYC]
   ENG101 OR ENG107
   AND ENG102 OR ENG108
   6* (3)*

2. Literacy and Critical Inquiry [L]

3. Mathematical Applications [MA] 3-6
   Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre calculus (MAT187) or higher [MA]-approved general education course.

5. Humanities, Arts and Design [HU] 6
   Students are encouraged to choose course work from more than one discipline.

   Students are encouraged to choose course work from more than one discipline.

7. Natural Sciences [SQ/SG] 8
   The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

8. Awareness Areas 0-6
   Courses may be used to satisfy both other AGEC requirements and one or more Awareness Area(s). (See AGEC matrix for current course values.)
   1. Cultural Diversity in the United States [C](0-3)
   2. Global Awareness [G] OR Historical Awareness [H] (0-3)

* FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.
Arizona General Education Curriculum - Business (AGEC-B)

Requirements

The AGEC-B requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, the AGEC credit count within the total credits for a degree may be lower if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Credits count once toward the total for the degree. Therefore, the AGEC-B may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* within an associate degree provided that all requirements listed below are completed.

Courses applied to meet AGEC-B requirements vary by emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements.

   ECN211 Macroeconomics AND ECN212 Microeconomics

7. Natural Sciences [SQ/SG] 8
   The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

8. Awareness Areas 0-6
   Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s). (See AGEC matrix for current course values.)
   1. Cultural Diversity in the United States [C](0-3)
   2. Global Awareness [G] OR Historical Awareness [H] (0-3)

* FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.
Arizona General Education Curriculum - Science (AGEC-S) Requirements

The AGEC-S requires a minimum of 36 credits (33 if FYC is met by single transfer course)*, however, the AGEC credit count within the total credits for a degree may be lower if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Credits count once toward the total for the degree. Therefore, the AGEC-S may be met with fewer than 36 credits (fewer than 33 if FYC is met by single transfer course)* within an associate degree provided that all requirements listed below are completed.

Courses applied to meet AGEC-S requirements vary by emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements.

Arizona General Education Curriculum--Science (AGEC-S) 36 (min.)*

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course's value(s) in the semester it is taken.

   ENG101 OR ENG107 (3*)
   AND ENG102 OR ENG108 (3*)

2. Literacy and Critical Inquiry [L] 0-3**
   Students are strongly encouraged to choose an [L] course that also has [HU] or [SB] designation or to use CRE101 or COM225 from the Maricopa Additional Requirements Area to satisfy the [L] requirement. It may also have been approved to satisfy one or more Awareness Areas ([C], [G], [H]). (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

3. Mathematical Applications [MA] 4-5
   Requires the first semester of calculus courses designed for scientists and engineers (MAT220 or MAT221) or any other [MA] designated course for which Calculus I is a pre-requisite.

4. Humanities, Arts and Design [HU] 6
   For the AGEC-S, a single course with both [HU] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

5. Social-Behavioral Sciences [SB] 6
   For the AGEC-S, a single course with both [SB] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

6. Natural Sciences [SQ/SG] 8-10
   Students must complete eight (8) credits of General Chemistry, University Physics, General Biology for Majors or Physical and Historical Geology. Consult specific requirements of university transfer major for guidance. [(CHM150 or CHM151) & CHM151LL] or CHM150AA or CHM151AA General Chemistry I AND [CHM152 & CHM152LL] or CHM152AA General Chemistry II OR PHY115 or PHY121 University Physics I

AGEC Area Requirements Descriptions/Definitions

First-Year Composition (FYC)
First-Year Composition courses emphasize skills necessary for college-level expository writing, including correct grammar and punctuation, logical organization of ideas, and identification of supporting documentation.

Literacy and Critical Inquiry [L]
In the [L] course students, typically at the sophomore level, gather, interpret, and evaluate evidence and express their findings in writing or speech. This course includes a series of graded written or spoken formal assignments.
Literacy is defined broadly as communicative competence in written and oral discourse; critical inquiry is defined as the gathering, interpreting, and evaluating of evidence. Building on the proficiency attained in traditional First-Year Composition courses, the Literacy and Critical Inquiry [L] requirement sustains and extends students’ ability to thoughtfully use and critically analyze written and/or spoken language.

Mathematical Applications [MA]
The Mathematical Studies requirement is intended to ensure that students have requisite skill in mathematics appropriate for their discipline and can apply mathematical analysis in their chosen fields.

Computer/Statistics/
Quantitative Applications [CS]
AGEC-A and AGEC-B require a course that emphasizes the use of statistics, other mathematical methods, computer programming languages and/or software in the interpretation of data and in describing and analyzing quantitative relationships.

MCC 2021-2022 Catalog  |  29
Humanities, Arts and Design [HU]
The study of the humanities and the disciplines of art and design deepen awareness of the complexities of the human condition and its diverse histories and cultures. Courses in the humanities are devoted to the production of human thought and imagination, particularly in philosophical, historical, religious and artistic traditions. Courses with an emphasis in fine arts and design are devoted to the study of aesthetic experiences and the processes of artistic creation. They may also feature a design emphasis in which material culture is studied as a product of human thought and imagination.

Social-Behavioral Sciences [SB]
Social-Behavioral Sciences provide scientific methods of inquiry and empirical knowledge about human behavior, both within society and within individuals. This area of emphasis in general education curriculum may include study of such disciplines as anthropology, economics, history, political science, psychology, or sociology. The courses in this area address the challenge of understanding the diverse natures of individuals and cultural groups who live together in a complex and evolving world.

Natural Sciences [SQ/SG]
In addition to an understanding of basic scientific principles and concepts, courses in the Natural Sciences are designed to help students appreciate, from firsthand laboratory and/or field research experience, the nature of science as a process that embraces curiosity, inquiry, testing, and communication to better understand natural phenomena. At least one of the two natural science courses must include an introduction to the fundamental behavior of matter and energy in physical or biological systems.

AWARENESS AREAS
Students must satisfy two Awareness areas: Cultural Diversity in U.S. and either Global Awareness or Historical Awareness. Courses can satisfy other AGEC requirements and one or two Awareness areas simultaneously. Therefore, no additional semester credits are required to satisfy the two Awareness areas.

Cultural Diversity in the United States [C]
The contemporary “culture” of the United States involves the complex interplay of many different cultures that exist side by side in various states of harmony and conflict. U.S. history involves the experiences not only of different groups of European immigrants and their descendants, but also of diverse groups of American Indians, Hispanic Americans, African Americans and Asian Americans— all of whom played significant roles in the development of contemporary culture and together shape the future of the United States. At the same time, the recognition that gender, class, and religious differences cut across all distinctions of race and ethnicity offers an even richer variety of perspectives from which to view one. Awareness of cultural diversity and its multiple sources can illuminate the collective past, present, and future and can help to foster greater mutual understanding and respect.

The objective of the Cultural Diversity area requirement is to promote awareness of and appreciation for cultural diversity within the contemporary United States. This is accomplished through the study of the cultural, social, or scientific contributions of women and minority groups, examination of their experiences in the United States, or exploration of successful or unsuccessful interactions between and among cultural groups.

Global Awareness [G]
Human organizations and relationships have evolved from being family and village centered to the modern global interdependence that is apparent in many disciplines—for example, contem-
porary art, business, engineering, music, and the natural and social sciences. Many serious local and national problems are world issues that require solutions which exhibit mutuality and reciprocity. These problems occur in a wide variety of activities, such as food supply, ecology, health care delivery, language planning, information exchange, economic and social developments, law, technology transfer, and even philosophy and the arts. The Global Awareness Area recognizes the need for an understanding of the values, elements, and social processes of cultures other than the culture of the United States. The Global Awareness Area includes courses that recognize the nature of other contemporary cultures and the relationship of the American cultural system to generic human goals and welfare.

Courses that satisfy the global awareness option in the requirements are of one or more of the following types:

1. Area studies that are concerned with an examination of culture-specific elements of a region of the world;
2. The study of a non-English language;
3. Studies of international relationships, particularly those in which cultural change is facilitated by such factors as social and economic development, education, and the transfer of technology; and
4. Studies of cultural interrelationships of global scope such as the global interdependence produced by problems of world ecology.

**Historical Awareness [H]**

The Historical Awareness Area option in the requirements aims to develop a knowledge of the past that can be useful in shaping the present and future. Because historical forces and traditions have created modern life and lie just beneath its surface, historical awareness is an aid in the analysis of present-day problems. Also, because the historical past is a source of social and national identity, historical study can produce intercultural understanding by tracing cultural differences to their origins. Even the remote past may have instructive analogies for the present.

The Historical Awareness Area consists of courses that are historical in method and content. In this area, the term “history” designates a sequence of past events or a narrative whose intent or effect is to represent such a sequence.

The requirement presumes that these are human events and that history includes all that has been felt, thought, imagined, said, and done by human beings. History is present in the languages, art, music, literature, philosophy, religion, and the natural sciences, as well as in the social science traditionally called history.

**Academic Certificate (AC) Requirements**

**Purpose of the Academic Certificate**

The Maricopa County Community College District Academic Certificate (AC) is a defined and coherent program of study that is recommended for students who wish to gain additional expertise in a specific area of emphasis in an academic discipline. While this program of study can result in proficiency in specified skills and competencies, as well as mastery of a body of knowledge, it is not designed to prepare someone for employment in a specific occupation. The coursework for an Academic Certificate may be from a variety of disciplines or it can be discipline specific. There is no required general studies component to an Academic Certificate;
however, the program may include some courses that have specific general studies designations such as Humanities, Arts and Design [HU], Social-Behavioral Sciences [SB], Literacy and Critical Inquiry [L], or Cultural Awareness [C]. (See AGEC matrix for current course values.)

Academic Policies that Govern the Academic Certificate:

- Although, the program of study for an Academic Certificate (AC) does not have a mandated minimum number of credit hours, most ACs require approximately 12-39 credit hours in courses numbered 100 and above;
- Requires a cumulative GPA of 2.0 or better in required courses for completion;
- Follows the graduation policies listed in the college's general catalog for the appropriate catalog year;
- Any course cross-referenced under another prefix(es) (for example ENH291/EDU291-Children's Literature) covers identical content and its credits can only be counted once toward certificate requirements;
- Although ACs may include a subset of coursework required in particular transfer degrees, the intent of an AC is not to align with any specific university major. There is no presumption of block transfer to another college or university;
- May have admission criteria established by the college if and when appropriate;
- Generally offered at a limited number of colleges. For a listing of all ACs available in the district and their affiliated college(s) see the CCTA web site.

Maricopa County Community College District (MCCCD)
2021-2022 Associate in Arts (AA) Degree

Description
The Maricopa County Community College District Associate in Arts (AA) degree requires a minimum of 60 semester credits for the program of study; minimum total credits vary by specific emphasis (for example, Associate in Arts, Emphasis in Psychology). Refer to the Program (Degree) Search at [https://curriculum.maricopa.edu/](https://curriculum.maricopa.edu/) for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 and grades of 'C' or higher are required to earn the degree. The AA degree is governed by the MCCCD General Academic Policies for Associate Degrees Designed for University Transfer.

The Associate in Arts degree includes the following components:

I. Program Prerequisites (if applicable, for versions with an emphasis only)
II. Required Courses (for versions with an emphasis only)
III. Restricted Electives (for versions with an emphasis only)
IV. Arizona General Education Curriculum for Arts (AGEC-A)
V. MCCCD Additional Requirements (Oral Communication and Critical Reading)
VI. General Electives (if needed to reach minimum credits for degree)
Purpose of the Degree
The Associate in Arts (AA) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Liberal Arts or programs of study other than business or science. Generally, the degree will transfer as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.
In most cases, courses used to satisfy the MCCCD Associate in Arts (AA) will apply to general university graduation requirements of the majors that align with the AA degree; however, students need to be aware of any specific requirements of their intended major at the university to be sure they select courses that will meet them. Information regarding the articulation of the AA with majors at the Arizona public universities can be accessed via the following website: www.aztransfer.com.

Degree Requirements
The requirements for the Associate in Arts (AA) follow. No versions of the Associate in Arts require fewer than a minimum of 60 credits; however, minimum credits for the AA vary by specific emphasis. Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for credit minimums by emphasis. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-A and the AGEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on http://www.maricopa.edu/ and on each MCCCD college’s website.

Requirements

I. Program Prerequisites Number Varies
Program prerequisites for the Associate in Arts degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for specific courses and credit minimums by emphasis.

II. Required Courses Number Varies
Required (major-specific) courses for the Associate in Arts degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for specific courses and credit minimums by emphasis.

III. Restricted Electives Number Varies
Restricted electives for the Associate in Arts degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for specific courses and credit minimums by emphasis.

IV. Arizona General Education Curriculum–Arts (AGEC-A) up to 44
The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, prerequisite/required/restricted elective courses may also meet AGEC-A requirements and credits count once toward the total for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* as long as all requirements listed in this section (IV) are completed.

Courses applied to meet AGEC-A requirements vary by emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well other AGEC requirements. Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course’s value(s) in the semester it is taken.
A. First-Year Composition [FYC]  
ENG101 OR ENG107 (3)*  
AND ENG102 OR ENG108 (3)*

B. Literacy and Critical Inquiry [L]  
3

C. Mathematical Applications [MA]  
3-6  
Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre-calculus (MAT187) or higher [MA]-approved general education course.

D. Computer/Statistics/Quantitative Applications [CS]  
3

E. Humanities, Arts and Design [HU]  
6

F. Social-Behavioral Sciences [SB]  
6  
Students are encouraged to choose course work from more than one discipline.

G. Natural Sciences [SQ/SG]  
8  
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

H. Awareness Areas:  
0-6  
Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s).  
(See AGEC matrix for current course values.)

1. Cultural Diversity in the United States [C] (0-3)
2. Global Awareness [G] OR Historical Awareness [H] (0-3)

V. MCCCD Additional Requirements  
0-6  
As noted below, courses in this area may also be applied toward AGEC-A Core Area requirements.

A. Oral Communication  
0-3  
COM100 [SB] Introduction to Human Communication OR  
COM110 [SB] Interpersonal Communication OR  
COM225 [L] Public Speaking OR  
COM230 [SB] Small Group Communication (3 credits) OR  
COM100AA & COM100AB & COM100AC [SB] (3 credits) OR  
COM110AA & COM110AB & COM110AC [SB] (3 credits)

B. Critical Reading  
CRE101 [L] Critical Reading OR equivalent as indicated by assessment

VI. General Electives  
0-28  
Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines. Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: https://aztransfer.com/, https://www.maricopa.edu/degrees-certificates/transfer/pathways-partners, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

TOTAL  
60-64**

* FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

** 64 semester credits is the maximum accepted toward most degree programs at Arizona’s public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

Maricopa County Community College District (MCCCD) 2021-2022 Associate in Arts, Elementary Education (AAEE) Degree

Description
The Maricopa County Community College District Associate in Arts, Elementary Education (AAEE) degree requires a minimum of 60 semester credits for the program of study. A minimum grade point average of 2.0 and grades of ‘C’ or higher are required to earn the degree. The AAEE degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

The Associate in Arts, Elementary Education degree includes the following components:

I. Required Courses

II. Restricted Electives

III. Arizona General Education Curriculum for Arts (AGEC-A)

IV. MCCCD Additional Requirements (Oral Communication and Critical Reading)

Purpose of the Degree
The Associate in Arts, Elementary Education (AAEE) degree is designed for the student who plans to transfer to an Elementary Education, Early Childhood, Multicultural/Multilingual, or Special Education program at an Arizona public higher education institution and/or who plans to become a classroom instructional aide. Generally, the degree transfers as a block without loss of credit to Arizona’s public universities, and in most cases, its required courses apply to graduation requirements for these Education majors.

Degree Requirements
The requirements for the Associate in Arts in Elementary Education follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-A and the AGEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on maricopa.edu and on each MCCCD college’s website.

I. Required Courses Credits: 17
EDU221 Introduction to Education (3)
II. Restricted Electives  
Credits: 8
A total of 8 semester credits is required to satisfy the Electives for Arizona Professional Teacher Standards: 3 credits in an additional Education course and 5 credits in Content Area Electives, as outlined below.

Courses must transfer to all public Arizona universities as elective credit, departmental elective, or equivalent to a university course as indicated in the Arizona Course Equivalency Guide in effect when the course is taken. Courses identified as non-transferable in the Arizona Course Equivalency Guide cannot be used to satisfy this requirement.

Select one additional EDU course (other than EDU221, EDU222, EDU230 or EDU250)  
Recommended:
- EDU110  Education in Film
- EDU220  Introduction to Serving English Language Learners (ELL)
- EDU236  Classroom Relationships
- EDU/HUM/STO292  The Art of Storytelling

Choose any combination from the following list of courses and prefixes to total five (5) credits of additional coursework. Course(s) selected must be different from those used to fulfill a requirement of the AGEC-A and/or those used to fulfill Required Courses.

Content Area Electives:  
Select 5 credits from the following:
- AAA/  Creating College Success
- BPC++  Any BPC Business-Personal Computers course(s)
- EDU+++  Any EDU Education course(s) (except EDU221, EDU222, EDU230, and EDU250)
- EED215  Early Learning: Health, Safety, Nutrition and Fitness
- ENG+++  Any ENG English course(s)
- ENH+++  Any ENH English Humanities course(s)
- GCU+++  Any GCU Cultural Geography course(s)
- GPH+++  Any GPH Physical Geography course(s)
- HIS+++  Any HIS History course(s)
- MAT+++  Any MAT Mathematics course(s) 140 or higher (except MAT256 and MAT257)
- MHL+++  Any MHL Music: History/Literature course(s)
- MTC+++  Any MTC Music: Theory/Composition course(s)
- POS+++  Any POS Political Science course(s)
- THE+++  Any THE Theatre course(s)
- THF++++  Any THF Theatre and Film course(s)
- THP++++  Any THP Theatre Performance/Production course(s)
- Any Foreign Language course(s)
- Any Natural Science course(s)

III. Arizona General Education Curriculum-Arts (AGEC-A)  
Credits: 32-44*
The AGEC-B requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, Required and Restricted elective courses may also meet AGEC-B requirements and credits count once toward the total for the degree. Therefore, the AGEC-B may be met with fewer than 35 (fewer than 32 if FYC is met by single transfer course)* credits as long as all requirements listed in this section (III) are completed.

A. Courses applied to meet AGEC-A requirements vary by emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or
[H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course's value(s) in the semester it is taken.

A. First-Year Composition [FYC] 6*
   ENG101 OR ENG107 (3)*
   AND
   ENG102 OR ENG108 (3)*

B. Literacy and Critical Inquiry [L] 3
   COM225 Public Speaking

C. Mathematical Applications [MA] (3-6)
   Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre calculus (MAT187) or higher approved general education course in the Mathematical Applications [MA] area for which MAT15+ is a prerequisite. (Note that MAT182, MAT206, MAT256, MAT182, and MAT206 are excluded) do NOT meet this requirement.

D. Computer/Statistics/Quantitative Applications [CS] 3
   BPC110 Computer Usage and Applications OR CIS105 Survey of Computer Information Systems

E. Humanities, Arts and Design [HU] 6
   Note that some of these courses also have Awareness Areas designations and can be used to satisfy [G] and/or [H] requirement as well as [HU]. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

1. Select one of the following ARH, DAH, MHL or THE courses:
   ARH100  Introduction to Art OR
   ARH101  Prehistoric through Gothic Art OR
   ARH102  Renaissance through Contemporary Art OR
   DAH100  Introduction to Dance OR
   DAH201  World Dance Studies OR
   DAH250  Dance in Popular Culture OR

MHL140  Survey of Music History OR
MHL145  American Jazz and Popular Music OR
MHL146  Survey of Broadway Musicals OR
MHL153  Rock Music and Culture OR
THE111  Introduction to Theatre OR
THE220  Modern Drama

AND

2. Select one of the following EDU, ENH or HUM courses:
   EDU/ENH291 Children's Literature (Recommended) OR
   ENH110  Introduction to Literature OR
   ENH241  American Literature Before 1860 OR
   ENH242  American Literature After 1860 OR
   HUM250  Ideas and Values in the Humanities: Early Civilizations to the Renaissance OR
   HUM251  Ideas and Values in the Humanities: Renaissance to the Contemporary World
   EDU/ENH291 recommended)

F. Social-Behavioral Sciences [SB] 6
   Note that some of these courses also have Awareness Areas designations and can be used to satisfy [G] and/or [H] requirement as well as [SB]. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

1. Select one of the following US History/ Government courses**
   GCU/POS113 United States and Arizona Social Studies OR
   HIS103  United States History to 1865 OR
   POS110  American National Government OR

AND

2. Select one of the following CFS, ECH, GCU, ECN, HIS or PSY courses
   CFS205  Human Development OR
   CFS/ ECH176/  Child Development OR
   ECN211  Macroeconomic Principles OR
ECN212 Microeconomic Principles OR  
GCU121 World Geography I: Eastern Hemisphere OR  
GCU122 World Geography II: Western Hemisphere OR  
HIS104 United States History 1865 to Present OR  
PSY101 Introduction to Psychology (CFS/ECH176 recommended)

G. Natural Sciences [SQ/SG] 8
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory course for a total of 4 credits each. At least four (4) credits must be designated as SQ. Eight (8) credits of SG will not satisfy this requirement.

1. Life Sciences: Select four (4) credits of SQ or SG in Biology (BIO) (4)
2. Physical Sciences or Earth/Space Sciences: Select four (4) credits of SQ or SG from one of the following prefixes: AGS, ASM, AST, CHM, GPH, GLG, PHS, or PHY (4)
   Note: Students are advised to check with the university they plan to attend as specific requirements for lab sciences may vary.

H. Awareness Areas 0-3
1. Cultural Diversity in the United States [C] Met by EDU222 and EDU230 in Required Courses. (0)
2. Global Awareness [G] OR Historical Awareness [H]. May be met by [HU] and/or [SB] course depending on specific courses selected. (0-3)
   (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

IV. MCCCD Additional Requirements Credits: 0-3
These requirements may be shared with other AGEC requirements. See the AGEC matrix on az-transfer.com for course designations.

A. Oral Communication (0)
   Met by COM225 in Required Courses.

B. Critical Reading (0-3)
   Students may demonstrate proficiency through assessment.

TOTAL 60-68***
*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

**State certification requirements include courses on the constitutions of US and Arizona. Taking GCU/POS113 for [SB] fulfills this requirement completely. Students who instead take HIS103 or POS110 for [SB] should consider taking POS221 as a Content Area Elective so they have completed study of both constitutions. POS220 meets state certification requirements for both constitutions but does not meet [SB].

***64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

Associate in Arts - Elementary Education (AAEE)

Total Credits: 60-68
Major Code: 8101

Description
The Associate in Arts, Elementary Education (AAEE) provides the first two years of a four year curriculum for the student who plans to transfer to an Elementary Education or Special Education program at an Arizona public higher education institution. Upon completion of the AAEE, a student may pursue employment as a classroom instructional aide. Upon completion of a bachelor's degree, a student may pursue a career as an elementary school teacher or as a special education teacher. With further education or certification, students may pursue the employment in the field of edu-
cation in a number of careers including but not limited to assistant principal, principal, educational administrator, instructional designer, instructional technologist, instructional coordinator, and educational counselor.

Program Notes
Students must earn a grade of 'C' or better in all courses in the program.+ indicated course has prerequisites and/or corequisites.

As a prerequisite to MAT256, students may place into MAT150 or MAT151 or MAT152 and complete MAT140 or MAT141 or MAT142 with a 'C' in lieu of taking both MAT14+ and MAT12+ or taking MAT15+. A student that tests into MAT15+ can take MAT15+ or MAT14+ prior to MAT256. A student that tests into MAT14+ or lower must take MAT12+ and MAT14+ prior to MAT256.

Students must petition NAU to accept (GCU/POS113) OR (HIS103 and POS221) for POS220. State certification requirements include courses on the constitutions of US and Arizona. Taking GCU/POS113 for [SB] fulfills this requirement completely. Students who instead take HIS103 or POS110 for [SB] should consider taking POS221 as a Content Area Elective so they have completed study of both constitutions. POS220 meets state certification requirements for both constitutions but does not meet [SB].

**Associate in Arts (AA), Emphasis in American Indian Studies**

**Total Credits: 60-64**
**Major Code: 8126**

**Description**
The Associate in Arts (AA), Emphasis in American Indian Studies degree provides a multi-disciplinary academic approach to studying Indigenous Peoples, their cultures, struggles, and maintaining sovereignty and self-determination. This degree empowers students to effectively work in urban and rural environments, and government agencies, and help Native Nations. Coursework focuses on historic relations with non-Indian societies, the development of federal Indian law, tribal governments, treaty rights, environmental issues, public policy, economic development, cultural preservation, and contemporary social issues. This degree provides students with the foundational coursework needed to transfer to a four-year institution to earn a Bachelor of Arts (BA) or Bachelor of Science (BS) degree in the field.

**Program Notes**
Students must earn a grade of ’C’ or better in each course in the program.
Federal Indian policy stipulates tribal preference in hiring, which should be considered in seeking employment with tribal nations and selected federal agencies. Seek advice of the tribal agency for available employment opportunities.

Associate in Arts (AA), Emphasis in Anthropology

Total Credits: 60-64  
Major Code: 8109

Description
The Associate in Arts (AA), Emphasis in Anthropology degree provides the first two years of a four-year curriculum for students who wish to receive an education in the broad field of anthropology - an examination of the human experience. Coursework in this program surveys both cultural and biological aspects of what it means to be human, and students will develop critical thinking skills through the analysis of real-world anthropological case studies. As such, students receive a holistic training in their worldview that is valued highly by employers in many fields, including health and human services, media, businesses, Non-Governmental Organizations (NGOs), and government agencies.

Program Notes
Students must earn a grade of ‘C’ or better in each course in the program.

Associate in Arts (AA), Emphasis in Counseling and Applied Psychological Science

Total Credits: 60
Major Code: 8137

Description
The Associate in Arts (AA), Emphasis in Counseling and Applied Psychological Science provides the first two years of a four-year curriculum for students who wish to specialize in counseling and applied psychological science or are preparing for graduate programs in counseling or related fields. The program provides a foundation in counseling theories, counseling skills, career and lifespan development, ethics and research methods, and multicultural competence. Graduates will not be license-eligible as professional counselors, but will be prepared to enter an undergraduate degree program in counseling and applied psychological science. Graduates of the associate’s program may qualify for entry-level employment such as social and human service assistants or psychiatric technicians in community agencies, hospitals, rehabilitation centers and other behavioral healthcare delivery settings to support counselors and other mental health professionals. Students who complete a bachelor’s degree within the field may be prepared to enter a graduate pro-
gram in counseling or pursue careers including but not limited to: social and community service managers, social science research assistants, probation officers and correctional treatment specialists, and education administrators (postsecondary).

Upon completion of a graduate degree students may pursue a number of careers, including but not limited to: clinical, counseling, and school psychologists; educational, guidance, school, and vocational counselors; substance abuse and behavioral disorder counselors; marriage and family therapists; mental health counselors; rehabilitation counselors; and college/university faculty.

Program Notes
Students must earn a grade of 'C' or better in each course in the program.
This program aligns with the requirements of the Counseling and Applied Psychological Science (BS) Maricopa-ASU Pathways Program (MAPP) at Arizona State University (ASU), Polytechnic, College of Integrative Sciences and Arts.

**Description**
The Associate in Arts (AA), Emphasis in Exercise Science provides the first two years of a four-year curriculum for students who wish to specialize in Exercise Science, Kinesiology, Clinical Exercise Physiology, Sport Science, Healthy Lifestyles Coaching, or Fitness and Wellness. With a bachelor degree, students may pursue a career as a fitness specialist or director, strength and conditioning specialist, healthy lifestyles coach, or an exercise physiologist. With a graduate degree, students may pursue careers in a number of fields, including but not limited to physical therapy, occupational therapy, athletic training, exercise physiology, medicine, and physician assistant. Certificates of Completion (CCLs) in Personal Trainer and Personal Trainer Advanced as well as an Associate in Applied Science (AAS) in Exercise Science: Health, Fitness, and Sports Performance are also available.

**Program Notes**
Students must earn a grade of ‘C’ or better in each course in the program.

**Required Courses** Credits: 6
EXS101  Introduction to Exercise Science  3
EXS290  Introduction to Evidence-Based Practice  3

**Restricted Electives** Credits: 26-45
Complete all courses in the transfer option that
best aligns with your academic and professional goals. If your intended transfer institution is not listed, then select a combination of courses from the transfer options listed in order to meet the minimum credits required in the Restricted Electives section. Consult with an academic, faculty, or program advisor to prevent exceeding your university transfer program's maximum transferable credits (typically 64).

Associate in Arts (AA), Emphasis in Family Life Education

Total Credits: 60-73
Major Code: 8139

Description
The Associate in Arts (AA), Emphasis in Family Life Education provides the first two years of a four-year curriculum for students who wish to study in fields related to family life education, human development, or child and family studies. The program includes study of child and adult development, marriage and family relationships, and the intersections of school, community, and family. Students can pursue careers in public, private, and human service agencies working with children, youth, and families. A Certificate of Completion (CCL) in Child and Family Organizations, Management and Administration is available and can be fully embedded in this AA.

Program Notes
Students must earn a grade of C or better in each course in the program.
For some occupations within this field, students may be required to have a current Identity Verified Print (IVP) Fingerprint Clearance Card and a current TB vaccination. Please consult with your faculty mentor to discuss these and other occupational requirements.

This program replaces: AAS/3044 Family Life Education.

Associate in Arts (AA), Emphasis in Food Science and Technology

Total Credits: 60-71
Major Code: 8136

Description
The Associate in Arts (AA), Emphasis in Food Science and Technology covers many specializations within the realm of food science. The coursework for this program is interdisciplinary and provides students a choice of food science courses from the food science specializations of food biochemistry, fermentation, protein science, the analysis of foods using analytical techniques, and research and product development. Academic food science certificates aid students in chemistry, biology, and engineering fields to gain enough academic knowledge to enter the workforce in food science. Certificates of Completion (CCL) in Food Science Technology I and II are also available.

Program Notes
Students must earn a grade of ‘C’ or better in all courses required within the program.

Associate in Arts (AA), Emphasis in Humanities

Total Credits: 60-64
Major Code: 8143

Description
The Associate in Arts (AA), Emphasis in Humanities degree provides the first two years of a four-year curriculum for students who wish to receive an education in the diverse field of humanities, including language, philosophy, religion, art, music, performance, and literature. Coursework in this program supports students in their development of a rigorous and interdisciplinary lens to investigate the artifacts of human experience including intellectual and creative expressions, as well as cultural ideas and values of the ancient and modern worlds. As such, students develop habits of mind, such as creative and critical thinking skills and intellectual curiosity, that position them well for careers in a diverse array of fields and support lifelong learning. Graduates from humanities programs pursue successful careers in education, law, creative and professional writing, marketing and international business, social media production and management, government, the nonprofit sector, arts administration, and the helping professions.

Program Notes
Students must earn a grade of ‘C’ or better in each course in the program.

Associate in Arts (AA), Emphasis in Mathematics

Total Credits: 60-64
Major Code: 8125

Description
The Associate in Arts (AA), Emphasis in Mathematics provides the first two years of a four-year curriculum for students who intend to transfer to a four-year institution and earn a bachelor's degree in mathematics, actuarial science, statistics, computational mathematical science, or related fields.

With a bachelor’s degree, students may pursue a number of careers including actuary, statistical assistant, and business intelligence analyst. With a graduate degree, students may pursue employment as a mathematician or statistician, which may include teaching at institutions of higher education, or as an analyst in a number of fields including finance, data science, cryptography, and scientific computing.

Program Notes
Students must earn a grade of ‘C’ or better in each course in the program.

Required Courses  
Credits: 11-14
CSC100  Introduction to Computer Science (C++) (3) OR
CSC100AA  Introduction to Computer Science (C++) (3) OR
CSC110  Introduction to Computer Science (Java) (3) OR
CSC110AA  Introduction to Computer Science (Java) (3) OR
CSC110AB  Introduction to Computer Science (Java) (4) 3-4
For all ASU Tempe and West BS degrees, choose CSC110 OR CSC110AA OR CSC110AB.
MAT230  Calculus with Analytic Geometry II (5) OR
MAT231  Calculus with Analytic Geometry II (4) 4-5
MAT240  Calculus with Analytic Geometry III (5) OR
MAT241  Calculus with Analytic Geometry III (4) 4-5

Restricted Electives  
Credits: 0-29
Complete all courses in the transfer option that best aligns with your academic and professional goals. If your intended transfer institution is not listed, then select a combination of courses from the transfer options listed in order to meet the minimum credits required in the Restricted Electives section. Consult with an academic, faculty, or program advisor to prevent exceeding your university transfer program’s maximum transferable credits (typically 64). Courses in the Restricted Electives area may be used to fulfill AGEC requirements simultaneously.

Associate in Arts (AA), Emphasis in Nutritional Science

Total Credits: 60-64
Major Code: 8115

Description
The Associate in Arts (AA), Emphasis in Nutritional Science provides the first two years of a four-year curriculum for students who wish to specialize in Nutrition. Students desiring a career in nutrition as a Registered Dietitian Nutritionist (RDN) should pursue the Dietetics transfer plan. Following the completion of an accredited Bachelor of Science program at a university and an accredited internship, students may pursue a career in nutrition related healthcare, wellness and prevention, sports nutrition, food and nutrition management, etc. Application for the accredited internship is a highly competitive process. The Nutritional Sciences transfer plan provides foundational nutrition principles that can be applied to other careers in healthcare. Students may choose to major in Nutritional Sciences, earn a bachelor degree, and then seek graduate educational programs in Physician Assistant, Medical Doctor or Physical Therapist.

Program Notes
Students must earn a grade of ‘C’ or better in each course in the program.

Associate in Arts (AA), Emphasis in Secondary Education

Total Credits: 60-64
Major Code: 8140

Description
The Associate in Arts (AA), Emphasis in Secondary Education provides the first two years of a four-year curriculum for students who wish to transfer to a four-year institution and earn a bachelor’s degree in secondary education leading to teacher certification for grades 6-12 in Earth and Space Science, English, History/Social Studies, Mathematics, Physical Education, Political Science, or Spanish. Education and discipline specific courses provide future teachers with the knowledge and skills related to educational philosophies, policies, attitudes, behaviors, and instruction in order to effectively perform the duties associated with the position of a classroom teacher. Students will participate in classroom field experiences to connect theory with practice.

Program Notes
Students must earn a grade of 'C' or better in each course to transfer.
Special GPA requirements may apply to concentration area courses within a specific emphasis as noted:
English ASU Emphases - 2.5 GPA in English concentration area courses beyond First Year Composition.
State certification requirements include demonstration of proficiency in the constitutions of the United States and Arizona. Proficiency can be demonstrated via the Arizona Educator Proficiency Assessments (AEPA) Constitutions of the United States and Arizona test or by taking appropriate coursework: GCU/POS113, HIS103 and POS221, POS221 and POS222, or POS220.
Identity Verified Prints (IVP) Fingerprint Clearance Card is required for participation in field experiences and for admission to a university teacher education program. Applicants must present an IVP Fingerprint Clearance Card to be copied by the advisor or designee. Please contact your advisor for information about obtaining the IVP Fingerprint Clearance Card.

Required Courses

Complete all courses in the transfer option that best aligns with your academic and professional goals. Students should work with an advisor to determine the appropriate coursework and transfer institution for their intended area of study. If your intended transfer institution is not listed, then select a combination of courses from the transfer options listed in order to meet the minimum credits required in the Required Courses section. Consult with an academic, faculty, or program advisor to prevent exceeding your university transfer program’s maximum transferable credits (typically 64).

**Associate in Arts (AA), Emphasis in Women in Gender Studies**

**Total Credits: 60-64**

**Major Code: 8128**
Description
The Associate in Arts (AA), Emphasis in Women and Gender Studies degree is an intensive interdisciplinary liberal arts program, which provides students with tools and opportunities to discuss and critique historical and contemporary theories and practices of feminism(s) and gender identities. The curriculum enables students to think critically, analyze problems, and communicate effectively. Using women’s experiences and perspectives, students explore cultural and global issues by completing a variety of courses focusing on gender, history, culture, class, race, ethnicity, and sexuality to foster equality and understanding. Students completing this associate of arts degree will be prepared to transfer to a four-year program.

Program Notes
Students must earn a grade of ‘C’ or better in each course in the program.

Maricopa County Community College District (MCCCD) 2021-2022 Associate in Arts, Fine Arts (AAFA) Degree

Description
The Maricopa County Community College District Associate in Arts, Fine Arts (AAFA) degree requires a minimum of 60 semester credits for the program of study; however, minimum total credits for the AAFA vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0...
and grades of ‘C’ or higher are required to earn the degree. The AAFA degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

The Associate in Arts, Fine Arts degree includes the following components:

I. Program Prerequisites (if applicable, for versions with an emphasis only)

II. Required Courses (for versions with an emphasis only)

III. Restricted Electives (for versions with an emphasis only)

IV. Arizona General Education Curriculum for Arts (AGEC-A)

V. MCCCD Additional Requirements (Oral Communication and Critical Reading)

VI. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree
The Associate in Arts, Fine Arts (AAFA) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Fine Arts. The degree is designed to prepare students to meet selective admission criteria for programs such as the Bachelor of Fine Arts, which may require a portfolio or performance requirement. In most cases, courses used to satisfy the MCCCD Associate in Arts, Fine Arts (AAFA) will apply to general university graduation requirements of the majors that align with AAFA degree; however, students need to pay attention to any specific requirements of their intended focus at the university to be sure they select courses that will meet them. Information regarding the articulation of the AAFA degree with majors at the Arizona public universities can be accessed via the following website: www.aztransfer.com.

Degree Requirements
The requirements for the Associate in Arts, Fine Arts (AAFA) follow. No versions of the AAFA require fewer than a minimum of 60 credits; however, minimum total credits for the AAFA vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for specific courses and credit minimums by emphasis. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGECA and the AGEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on maricopa.edu and on each MCCCD college’s website.

IV. Arizona General Education Curriculum–Arts (AGEC-A)  

The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, prerequisite/required/restricted elective courses may also meet AGEC-A requirements and credits count once toward the total for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* as long as all requirements listed in this section (IV) are completed.

A. Courses applied to meet AGEC-A requirements vary by emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Area designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGECA matrix for each course’s value(s) in the semester it is taken.

A. First-Year Composition [FYC] 6*  
ENG101 OR ENG107 3*  
AND ENG102 OR ENG108 3*

B. Literacy and Critical Inquiry [L] 3

C. Mathematical Applications [MA] 3-6  
Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre-calculus (MAT187) or higher [MA]-approved general education course.

D. Computer/Statistics/Quantitative Applications [CS] 3

E. Humanities, Arts and Design [HU] 6

F. Social-Behavioral Sciences [SB] 6  
Students are encouraged to choose course work from more than one discipline.

G. Natural Sciences [SQ/SG] 8  
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

H. Awareness Areas: 0-6  
Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s). (See AGECA matrix for current course values.)  
1. Cultural Diversity in the United States [C] 0-3  
2. Global Awareness [G] OR Historical Awareness [H] 0-3

V. MCCCD Additional Requirements 0-6  
These requirements may be shared with other AGEC requirements. See the AGECA matrix on aztransfer.com for course designations.

A. Oral Communication 0-3  
Refer to emphasis area (Art, Dance, Music, Musical Theatre, Theatre) for specific COM course required from the following:

COM100 [SB] Introduction to Human Communication OR  
COM110 [SB] Interpersonal Communication OR  
COM225 [L] Public Speaking OR  
COM230 [SB] Small Group Communication (3 credits) OR  
COM100AA & COM100AB & COM100AC [SB] (3 credits) OR  
COM110AA & COM110AB & COM110AC [SB] (3 credits)

B. Critical Reading 0-3  
Students may demonstrate proficiency through assessment.

CRE101 [L] Critical Reading OR equivalent as indicated by assessment
VI. General Electives

Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona’s public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HIS-ELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of ‘C’ or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: https://aztransfer.com/, maricopa.edu/transfer/partners, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

Associate in Arts, Fine Arts (AAFA), Emphasis in Art

Total Credits: 60-68
Major Code: 8311
**Description**
The Associate in Arts, Fine Arts (AAFA), Emphasis in Art degree provides the first two years of a four-year curriculum for students who wish to specialize in fine arts, including painting, ceramics, textiles, jewelry, sculpture, metals, photography, and drawing. This degree offers an emphasis in creative problem-solving that is required in most career fields. With an associate degree, students may pursue a career as a practicing artist. With a bachelor or graduate degree in fine arts, students may also pursue a career in museums, galleries, community-based art organizations, or art instruction.

**Program Notes**
Students must earn a grade of 'C' or better in all courses in the program.
Students who wish to transfer to an art school should contact an art faculty member at their institution for more information.
This program replaces: AAFA/8105 Associate in Arts, Fine Arts (AAFA) - Art.

**Associate in Arts, Fine Arts (AAFA), Emphasis in Dance**

**Total Credits: 62-92**  
**Major Code: 8312**

**Description**

The Associate in Arts, Fine Arts (AAFA), Emphasis in Dance provides the first two years of a four-year curriculum for students who intend to specialize in dance. With an associate degree, students may pursue a number of careers, including but not limited to, dance performance, choreography, dance studio instruction, and fitness instruction. Upon completion of a bachelor's degree, students may pursue a career in several areas including a dance education at the secondary level, artistic direction, and stage management. Upon completion of a graduate degree, students may pursue a career in dance education at the post-secondary level.

**Program Notes**

Students must earn a grade of 'C' or better in each course in the program.

Students should meet with a residential dance faculty member each semester prior to enrollment for the following semester.

Students must attain a level III competency in Ballet (DAN 231++) and Modern (DAN 232++) before they can graduate. Placement into these classes and Level III competency is determined by the Dance Residential Faculty.

Students should enroll in two DAN technique courses each semester.

Enrollment in some courses may require an audition and/or permission of instructor.

All DAN technique courses can be repeated for credit.

This program replaces: AAFA/8103 Associate in Arts, Fine Arts (AAFA) - Dance.

**Associate in Arts (AAFA), Emphasis in Music**

**Total Credits: 66-80**  
**Major Code: 8313**

**Description**  
The Associate in Arts, Fine Arts (AAFA), Emphasis in Music degree is designed for students planning to transfer to four-year colleges and universities with majors in the Fine/Performing Arts. The degree is designed to prepare students to meet selective admission criteria for programs, such as the Bachelor of Music, which may require an audition. Embedded areas of emphasis include choral, instrumental, guitar and popular music performance.

**Program Notes**  
In most cases, courses used to satisfy the AAFA, Emphasis in Music will apply to general university graduation requirements of related majors; howev-
er, students need to be aware of any specific lower
division requirements of their intended focus at the
university to be sure they select courses that will
meet those requirements.

Some courses may require permission of instructor
and/or audition for placement.

Students must earn a grade of 'C' or better for all
courses required within the program.

This program replaces: AA/8104 Associate in Arts,
Emphasis in Music.

Associate in Arts (AAFA), Emphasis in Musical Theatre

Total Credits: 66-81  
Major Code: 8314

Description  
The Associate in Arts, Fine Arts (AAFA), Emphasis in Musical Theatre degree provides a foundation in performance and production practices in music, theatre, and dance. The degree is designed to prepare students to meet selective admission criteria for programs, such as the Bachelor of Musical Theatre, which may require an audition.

Program Notes  
Students must earn a grade of 'C' or better in each course in the program. Some courses may require permission of instructor and/or audition for placement. For enrollment in private instruction for voice, consult the college music department. Because transfer requirements vary by program and institution, students intending to transfer are strongly encouraged to meet with an academic and faculty advisor once they have selected their transfer institution to ensure all requirements for achieving junior standing are satisfied. This program replaces: AA/8127 Associate in Arts, Emphasis in Musical Theatre.

Associate in Arts, Fine Arts (AAFA), Emphasis in Theater

Total Credits: 61-94
Major Code: 8315

Description
The Associate in Arts, Fine Arts (AAFA), Emphasis in Theatre provides a foundation in design, technical, and performance practices for students who wish to specialize in performing arts, including acting, directing, design and technology, stage management, playwriting, and dramaturgy. This degree helps students develop the communication, collaboration, and creative problem-solving skills that are sought after by most career fields. With an associate degree, students will be prepared to enter a career or for transfer to a bachelor degree program.

Program Notes
Students must earn a grade of 'C' or better in all courses in the program.
Because transfer requirements vary by program and institution, students intending to transfer are strongly encouraged to meet with a faculty program advisor and student success analyst once they have selected their transfer institution to ensure all requirements for achieving junior standing are satisfied.
This program replaces: AAFA/8107 Associate in Arts, Fine Arts (AAFA) - Theatre.

Restricted Electives
Credits: 9-32
For students intending to transfer to a four-year institution in Arizona, complete all courses in the transfer plan that best aligns with academic and professional goals. If academic and professional goals do not align with any of the transfer plans below, select courses in consultation with a theatre advisor to reach a minimum of 9 credits. Up to 4 credits in a related discipline can be substituted with the permission of a theatre advisor. Consult with an academic, faculty, or program advisor to prevent exceeding your university transfer program's maximum transferable credits (typically 64).

Transfer Plan 1: Arizona State University
(Herberger Institute for Design and the Arts), Theatre, Bachelor of Arts (BA)

Maricopa County Community College District (MCCCD) 2021-2022
Associate in Applied Science (AAS) Degree and General Education Requirements

Description
The Associate in Applied Science (AAS) degree requires at least 60 credits in its program of study. The exact number of credits for a specific degree is identified as part of the presentation of its requirements on the web or in the college catalog.

Purpose of the Degree
The Maricopa County Community College District Associate in Applied Science (AAS) degree is recommended for students who wish to gain a depth of technical expertise in a particular workforce-related area of study. The AAS degree options vary at the
different MCCCD colleges and can be searched alphabetically or by field of interest. Requirements for each degree can be found on the linked webpages and in the corresponding college(s)’s catalog.

Academic Policies that Govern the AAS degree:

- Requires 60 or more credits numbered 100 or above and includes credits or the equivalent in the General Education Core areas and credits in the Distribution areas. AAS degree requirements follow with the use of a diagonal character (/) between course numbers to signify options. An asterisk (*) following the course number defines requirements with an effective begin term of spring;

- All courses must be completed with a grade of C or higher; any additional requirements such as grades of ‘B’ or higher or minimum grade point average requirements are listed on individual degrees and certificates;

- The graduation policies within the general catalog must be satisfied (Administrative Regulation 2.3.9).

- Includes both courses and their modular equivalents, either the course or the modular equivalents will satisfy the Associate in Applied Science requirements.

- Requires completion of General Education courses as indicated in the General Education Requirements for the Associate in Applied Science degree from the Maricopa County Community College District, or completion of a curriculum as stated in the catalog;

- Accepts one of the courses that is cross-referenced with other courses.

The Associate in Business-General Requirements (ABUS-GR) degree includes the following components:

I. Required Courses
II. Restricted Electives
III. Arizona General Education Curriculum for Business (AGEC-B)
IV. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree
The Associate in Business General Requirements (ABUS-GR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for the various business majors (except Computer Information Systems) at Arizona’s public universities. Computer Information Systems majors should follow the Associate in Business Special Requirements (ABUS-SR) pathway instead. Generally, the degree transfers as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

Special Academic Policies that Govern the ABUS-GR Degree

- The ABUS-GR does not include any MCCCD Special Requirements for Oral Communication and/or Critical Reading like the other associate degrees. (However, some university programs have a speech requirement; consult your academic advisor or transfer guide to verify the specifics for your program.)
- A single course can be used to satisfy multiple areas within the degree simultaneously: Awareness Area(s), other AGEC-B requirements, Required Courses (Common Lower...
Division Requirements), and/or Restricted Electives (Business Electives)). Credits are counted once toward the total for the degree.

Degree Requirements
The 62-72 semester credits required for the Associate in Business General Requirements follow. The following websites identify the courses that apply to the different General Education Areas: AGEC-B and the AGEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find A Class” tool on each MCCCD college’s website.

I. Required Courses  Credits: 21-25

MAT217  Mathematical Analysis for Business (3)  OR
MAT218  Mathematical Analysis for Business (4)  (3-4)

Note: Students planning to transfer to ASU’s W.P. Carey School of Business BS program should take MAT217 or MAT218.

Students planning to transfer to ASU’s W.P. Carey School of Business BA program may take GBS220, MAT217, or MAT218.

Students planning to transfer to the University of Arizona should take GBS220.

II. Restricted Electives  Credits: 0-6
Complete six (6) credits from the following options. Some courses may be used to satisfy both Restricted Elective and Arizona General Education Curriculum (AGEC) requirements simultaneously. See the AGEC matrix on aztransfer.com for course designations. AGEC designations are subject to change. See AGEC matrix for each course’s value(s) in the semester it is taken:

III. Arizona General Education Curriculum-(AGEC-B) Requirements  Credits: 29-37*
The AGEC-B requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, Required and Restricted elective courses may also meet AGEC-B requirements and credits count once toward the total for the degree. Therefore, the AGEC-B may be met with fewer than 35 (fewer than 32 if FYC is met by single transfer course)* credits as long as all requirements listed in this section (III) are completed.

A.
Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s)
as well as other AGEC requirements. Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course’s value(s) in the semester it is taken.

1. First-Year Composition [FYC] 6*
   ENG101 OR ENG107 (3)*
   AND
   ENG102 OR ENG108 (3)*

2. Literacy and Critical Inquiry [L] 3
   (Note: Students planning to attend ASU W.P. Carey will be required to take COM225.)

3. Mathematical Applications [MA] (3-5)
   MAT212 Brief Calculus OR (3)
   MAT213 Brief Calculus OR (4)
   Higher [MA] designated course (3-5)

   CIS105 Survey of Computer Information Systems

5. Humanities, Arts and Design [HU] 6
   Students are encouraged to choose course work from more than one discipline.

6. Social-Behavioral Sciences [SB] 0
   Met by Required Courses ECN211 AND ECN212

7. Natural Sciences [SQ/SG] 8
   The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

8. Awareness Areas 0-6
   Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s).
   (See AGEC matrix for current course values.)
   1. Cultural Diversity in the United States [C] (0-3)
   2. Global Awareness [G] OR Historical Awareness [H] (0-3)

   Students transferring to ASU to major in business should complete courses from the following list (up to the 64 credit transfer maximum) to meet W.P. Carey School of Business requirements. If students do not take these prior to transfer, they may need to take additional credits to meet ASU graduation requirements:
   Any course that transfers to ASU in the SOC prefix and carries the [SB] designation
   Any course that transfers to ASU in the PSY prefix and carries the [SB] designation
   COM100 Introduction to Human Communication (3) OR
   COM225 Public Speaking (3) OR
   COM230 Small Group Communication (3) OR
   COM259 Communication in Business and Professions (3)
   (Note: COM requirements vary by business major. Check ASU MAPP or major map for acceptable options.)

IV. General Electives Credits: 0-12
Select courses 100-level or higher if needed to complete a minimum of 62 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona’s public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of ‘C’ or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information
is accessible on the following websites: aztransfer.com, https://curriculum.maricopa.edu/, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

TOTAL 62-72*
*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.
**64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities.
Some exceptions apply; consult with an academic advisor for additional transfer pathways.

2021-2022 Associate in Business, Special Requirements (ABUS-SR) Degree

Description

The Maricopa County Community College District Associate in Business, Special Requirements (ABUS-SR) degree requires a minimum of 62 semester credits for the program of study. A minimum grade point average of 2.0 and grades of ‘C’ or higher are required to earn the degree. This degree provides the first two years of a four-year curriculum for students who wish to pursue Computer Information Systems majors at Arizona’s public universities. With a bachelor’s degree, students may pursue a number of careers, including but not limited to accountancy, business administration, business data analytics, computer information systems, economics, entrepreneurship, finance, marketing, management, retail management, and supply chain management. The Associate in Business-Special Requirements degree is governed by the MCCCD General Academic Policies for Transfer Degrees.
The Associate in Business-Special Requirements degree includes the following components:

I. Required Courses
II. Arizona General Education Curriculum for Business (AGEC-B)
III. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree
The Associate in Business Special Requirements (ABUS-SR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for Business’ Computer Information Systems majors at Arizona's public universities. Other Business majors should follow the Associate in Business General Requirements (ABUS-GR) pathway instead. Generally, the degree transfers as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements.

Special Academic Policies that Govern the ABUS-SR Degree
- The ABUS-SR does not include any MCCCD Special Requirements for Oral Communication and/or Critical Reading like the other associate degrees. (However, some university programs have a speech requirement; consult your academic advisor or transfer guide to verify the specifics for your program.)
- A single course can be used to satisfy multiple areas within the degree simultaneously (Awareness Area(s), other AGEC-B requirements, and/or Required Courses (Common Lower Division Requirements). Credits are counted once toward the total for the degree.

Degree Requirements
The 62-71 semester credits required for the Associate in Business Special Requirements follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas:

AGEC-B and the AGEC Matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find A Class” tool on each MCCCD college's website.

III. General Electives  Credits: 0-6*
Select courses 100-level or higher if needed to complete a minimum of 62 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona’s public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of ‘C’ or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: aztransfer.com, https://curriculum.maricopa.edu/, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

TOTAL  62-71**
*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets Fyc in full.
**64 semester credits is the maximum accepted toward most degree programs at Arizona’s public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

Associate in Business, Special Requirements (ABUS-SR)

Total Credits: 62-71
Major Code: 8800

Description
The Associate in Business, Special Requirements (ABUS-SR) provides the first two years of a four-year curriculum for students who wish to pursue Computer Information Systems majors at Arizona’s public universities. For a comprehensive list of bachelor programs, visit the aztransfer business matrix. With a bachelor degree, students may pursue a number of careers, including but not limited to accountancy, business administration, business data analytics, computer information systems, economics, entrepreneurship, finance, marketing, management, retail management, and supply chain management.

Maricopa County Community College District (MCCCD) 2021-2022 Associate in General Studies (AGS) Degree and General Education Requirements

Description
The Maricopa County Community College District Associate in General Studies degree requires 60-64 semester credits in courses numbered 100 and above. The degree includes the following components:

I. General Education (minimum of 38 credits)
   Core curriculum (requires a grade of ‘C’ or better). Distribution courses (requires a grade of ‘D’ or better)
II. General Electives (enough additional courses numbered 100 or above, passed with a grade of 'D' or better, to bring total credits to at least 60)

Purpose of the Degree
The Associate in General Studies (AGS) degree is recommended for students whose educational goals require flexibility. The degree allows students to apply any course numbered 100 or above, including some that are not transferable to the Arizona public universities and may not be transferable to other universities, toward the credits required for the degree. Therefore, for students who intend to transfer to another college or university in the future to pursue a bachelor’s degree, this degree may be less appropriate than other Associate degrees offered (Associate in Arts; Associate in Arts, Elementary Education; Associate in Fine Arts; Associate in Business-General Requirements; Associate in Business-Special Requirements; Associate in Science; and all emphases under these degrees), by the Maricopa Community Colleges.

Academic Policies that Govern the Associate in General Studies Degree:

- The graduation policies within the general catalog must be satisfied (Administrative Regulation 2.3.9).
- A single course can simultaneously count towards a Core Area and a Distribution requirement. Courses that meet this criterion are **bold print** and **underscored** in the Core areas and Distribution areas (on the course list at the conclusion of this document). For example, CRE101 may be used to satisfy both the Literacy and Critical Inquiry requirement [L] of Distribution area and the Core Curriculum’s Critical Reading area. While multiple requirements can be met with a single course, the credits are only counted one time toward the required minimum for the degree. A course cannot satisfy more than one Core area, even if it is approved for more than one Core area. A course cannot satisfy more than one Distribution area, even if it is approved for more than one Distribution area.
- Credits transferred from outside of MCCCD must be at a grade of 'C' (2.0 on a 4.0 scale) or better. Transfer credit graded pass/fail or pass/no credit may be transferred if documentation collected by the community college indicates that this was the only grading option available to the student and that the Pass grade ('P') is equivalent to a 'C' or better.
- Completion of the AGS with a minimum Grade Point Average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. However, meeting all AGS minimums does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment. Furthermore, because the AGS is not designed to align with the requirements for bachelors degrees, not all credits may be transferable and students may have deficiencies in lower division (100- and 200-level) courses for a particular major.

Summary of Degree Requirements:
Details on how to identify courses approved for each of the different categories is described following the outline.

I. MCCCD General Education 35-48*

Core Areas 13-19

1. First-Year Composition 6*
   ENG101 OR ENG107
   ENG102 OR ENG108
2. Mathematics 3-6
3. Computer Usage 1
4. Oral Communication 3
   - COM100 Introduction to Human Communication OR
   - COM110 Interpersonal Communication OR
   - COM225 Public Speaking OR
   - COM230 Small Group Communication (3 credits) OR
   - COM100AA & COM100AB & COM100AC (3 credits)
   OR
   - COM110AA & COM110AB & COM110AC (3 credits)
5. Critical Reading 0-3
   Students may demonstrate proficiency through assessment.
   - CRE101 Critical Reading OR equivalent as indicated by assessment

Distribution Areas 22-29
1. Humanities, Arts and Design 9
   Students are encouraged to choose course work from more than one discipline.
2. Social-Behavioral Sciences 6-9
   Students are encouraged to choose course work from more than one discipline. Social-Behavioral Sciences requirements may be met with 6 credits only if COM100, COM110, or COM230 is shared between Core and Distribution (see Academic Policies section on prior page). The credits are only counted once, but may be applied to meet Oral Communication and Social-Behavioral Science requirements.
3. Natural Sciences 7-8
   Two lecture courses and one corresponding laboratory course are to be selected. Credits for lecture and lab components may be combined or each may carry separate credit. For appropriate course selection students should consult with an academic advisor.
4. Literacy and Critical Inquiry 0-3
   Literacy requirement may be met with 0 credits only if CRE101 or COM225 is shared between Core and Distribution (see Academic Policies section on prior page). The credits are only counted once, but may be applied to meet [Oral Communication and Literacy] or [Critical Reading and Literacy and Critical Inquiry] requirements.

II. General Electives 13-26
Select additional courses 100-level or higher to complete a minimum of 60 semester credits but no more than a total of 64 semester credits.

Associate in General Studies Total Credits: 60-64

* First-Year Composition may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

I. General Education Requirements
All courses listed meet AGS requirements as specified. Courses in Purple Italic Underline also meet Arizona General Education Curriculum AGEC requirements.

Courses in bold print and underscored simultaneously count towards a Core Area and a Distribution requirement.

AGS GENERAL EDUCATION CORE (16 credits - grade of 'C' or better)*

*First-Year Composition may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

Associate in General Studies (AGS)

Total Credits: 60-64

Major Code: 2000

Description

The Associate in General Studies (AGS) degree requires 60-64 semester credits in courses numbered 100 and above. The degree includes the following components:

General Education (minimum of 38* credits):
Core curriculum (requires a grade of 'C' or better)
Distribution courses (require a grade of 'D' or better).

General Electives (enough additional courses numbered 100 or above, passed with a grade of 'D' or better, to bring total credits to at least 60)

The AGS degree is recommended for students whose educational goals require flexibility. The AGS allows students to apply any course numbered 100 or above, including some that are not transferable to a state university, toward the credits required for the degree. Therefore, for students who intend to
transfer to another college or university in the future to pursue a bachelor's degree, this degree may be less appropriate than other Associate degrees offered (Associate in Arts, Associate in Business, Associate in Science, and all major-specific pathway map versions of these degrees) by the Maricopa Community Colleges.

- Select additional courses 100-level or higher to complete a minimum of 60 semester credits but no more than a total of 64 semester credits.
Maricopa County Community College District (MCCCD) 2021-2022 Associate in Science (AS) Degree

Description
The Maricopa County Community College District Associate in Science (AS) degree requires a minimum of 60 semester credits for the program of study; minimum total credits for vary by specific emphasis (for example, Associate in Science, Emphasis in Physics). Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 is required to earn the degree. The AS degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

The Associate in Science degree includes the following components:

I. Program Prerequisites (if applicable, for versions with an emphasis only)
II. Required Courses (for versions with an emphasis only)
III. Restricted Electives (for versions with an emphasis only)
IV. Arizona General Education Curriculum for Science (AGEC-S)
V. MCCCD Additional Requirements (Oral Communication and Critical Reading)
VI. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree
The Associate in Science (AS) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors with more stringent mathematics and mathematics-based science requirements. Generally, the degree will transfer as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements.

In most cases, courses used to satisfy the MCCCD Associate in Science (AS) will apply to general university graduation requirements of the majors that align with the AS degree; however, students need to be aware of any specific requirements of their intended major at the university to be sure they select courses that will meet them. Information regarding the articulation of the AS with majors at the Arizona public universities can be accessed via the following website: www.aztransfer.com

It is recommended that students select courses that meet more than one general education and/or awareness area requirement. Doing so will maximize the number of math and science electives the student can take as part of his/her Associate in Science degree.

Special Academic Policies that Govern the Associate in Science Degree

- The AGECS-S does not require a course with [CS] Computer/Statistics designation.
- Unlike the AGEC-A and AGEC-B, the same course is allowed to satisfy the ([L] and [HU]) or ([L] and [SB]) areas of the AGECS-S's Core Area. The credits for such a “shared” course are only counted one time toward the required minimum for the degree.

Degree Requirements
The requirements for the Associate in Science fol-
low. All versions of the Associate in Science require at least 60 credits; for major-specific pathways within the degree, prescribed courses and minimum credits for categories within the degree, as well as the total, vary. Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums for major-specific pathways within the degree. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-S and the AGEC Matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on each MCCCD college’s website.

A. Courses applied to meet AGEC-A requirements vary by emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements. Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course's value(s) in the semester it is taken.

1. First-Year Composition [FYC] 6*
   ENG101 OR ENG107 (3)*
   AND ENG102 OR ENG108 (3)*

2. Literacy and Critical Inquiry [L] 0-3
   Students are strongly encouraged to choose an [L] course that also has [HU] or [SB] designation or to use CRE101 or COM225 from the Maricopa Additional Requirements Area to satisfy the [L] requirement. It may also have been approved to satisfy one or more Awareness Areas ([C], [G], [H]). (AGEC designations are subject to change. See AGEC matrix for each course’s value(s) in the semester it is taken.)

3. Mathematical Applications [MA] 4-5
   Requires the first semester of calculus courses designed for scientists and engineers (MAT220 or MAT221) or any other [MA] designated course for which Calculus I is a pre-requisite.

4. Humanities, Arts and Design [HU] 6
   For the AGEC-S, a single course with both [HU] and [L] designations may satisfy both Areas. Note that some of these courses also
have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area(s). (AGEC designations are subject to change. See AGEC matrix for each course’s value(s) in the semester it is taken.)

5. Social-Behavioral Sciences [SB]
For the AGEC-S, a single course with both [SB] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area(s). (AGEC designations are subject to change. See AGEC matrix for each course’s value(s) in the semester it is taken.)

6. Natural Sciences [SQ/SG]
Students must complete eight (8) to ten (10) credits of General Chemistry, University Physics, General Biology for Majors, or Physical and Historical Geology. Consult specific requirements of university transfer major for guidance.

7. Subject Options - Math/Science
   Refer to transfer resources, including academic advisement and transfer guides, to select six (6)- ten (10) additional math and/or science credits that meet requirements for selected major.

   Select Mathematics course(s) [MAT] above Calculus I and/or
   Computer Science course(s) [CSC] and/or
   Science courses from the following disciplines: Astronomy, Biology, Botany, Chemistry, Engineering, Environmental Science, Geology, Physical Geography, Physics, Zoology (MCCCD prefixes AST, BIO (except BIO174), CHM, ECE, EEE, ENV, GLG, GPH, and/or PHY)

B. Awareness Areas:
   Cultural Diversity in the United States [C](0-3)
   Global Awareness [G] OR Historical Awareness [H] (0-3)

V. MCCCD Additional Requirements
Some courses in this area have [SB] and [L] designations and may also be applied to the corresponding AGEC requirements. See the AGEC matrix on aztransfer.com for course designations.

COM110AA & COM110AB & COM110AC [SB] (3 credits)

B. Critical Reading
CRE101 [L] Critical Reading OR equivalent as indicated by assessment

VI. General Electives 0-28
Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HIS-ELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of 'C' or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: aztransfer.com, maricopa.edu/transfer/partners, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

TOTAL 60-64**

*FIC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.
**(0 only if shared with HU or SB)
* 64 semester credits is the maximum accepted toward most degree programs at Arizona’s public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways

Associate in Science (AS), Emphasis in Biological Sciences

Total Credits: 60-74
Major Code: 8602

Description
The Associate in Science (AS), Emphasis in Biological Sciences provides the first two years of a four-year curriculum for students who wish to specialize in biological sciences and/or are preparing for application to professional graduate programs in various medical fields. With a bachelor’s degree, students may pursue a career as a biological research lab or field technician. With a graduate degree, students may pursue a number of careers, including but not limited to, bioinformatic scientists, molecular and cellular biologists, ecologists, wildlife conservationists and environmental scientists,
marine biologists, secondary school (grades 7-12) teachers and university professors, pharmaceutical developer, food safety investigator, geneticists, physicians, physician assistants, pharmacists, dentists, and optometrists and veterinarians.

Program Notes
Students must earn a grade of 'C' or better in each course in the program.

Admission to graduate/professional programs is competitive. GPA in science courses (as well as cumulative GPA) is often an important selection criterion. Understanding of course content is important in preparation for exams such as MCAT, DAT, PCAT and GRE that are generally weighted in admissions rankings.

Literacy and Critical Inquiry [L] Credits: 0-3
Any approved general education course in the Literacy and Critical Inquiry \([\text{L}]\) area. Recommend selecting a course that satisfies \([\text{L}]\) and \([\text{SB}]\) or \([\text{L}]\) and \([\text{HU}]\) or \([\text{L}]\) and \([\text{COM}]\) or \([\text{L}]\) and CRE101 requirements simultaneously.

**Mathematics \([\text{MA}]\)**

- MAT220 Calculus with Analytic Geometry I (5) OR
- MAT221 Calculus with Analytic Geometry I (4) 4-5

**Humanities, Arts and Design \([\text{HU}]\)**

- Any approved general education courses in the Humanities, Arts and Design \([\text{HU}]\) area. 6

**Social-Behavioral Sciences \([\text{SB}]\)**

- Any approved general education courses in the Social-Behavioral Sciences \([\text{SB}]\) area. 6

**Natural Sciences \([\text{SG}]/[\text{SQ}]\)**

- Met by BIO181 and BIO182 in Required Courses Area.

**Subject Options**

- Met by (CHM150 AND CHM151LL) OR (CHM150 AND CHM151) OR CHM180 OR CHM150AA AND (CHM152 AND CHM152LL) OR CHM152AA in Required Courses area.

**Awareness Areas**

- These requirements may be shared with Core Requirements.

**Cultural Diversity in the US \([\text{C}]\)**

- Credits: 0-3

**Historical/Global Awareness \([\text{H}]/[\text{G}]\)**

- Any approved general education in the Historical \([\text{H}]\) or Global \([\text{G}]\) area.

**MCCCD Additional Requirements**

- Courses in this area may also be applied to the AGEC Core Requirements. To minimize total credits required for degree and maximize transferrable credits, it is recommended that courses be selected that meet more than one requirement wherever possible.

### Associate in Science (AS), Emphasis in Chemistry

**Total Credits: 60-71**

**Major Code: 8603**

**Description**

The Associate in Science (AS), Emphasis in Chemistry provides the first two years of a four-year curriculum for students who wish to specialize in chemistry or are preparing for graduate programs in the area. With an associate’s degree, students may qualify as a chemical technician or chemical equipment operator and tender. With a bachelor’s degree, students may pursue a career as a chemist, chemical engineer, or materials scientist. Upon completion of a graduate degree, students may pursue a career as a chemistry professor.

**Program Notes**

Students must earn a grade of ‘C’ or better in each course in the program.

**Required Courses**

Restricted Electives  Credits: 0-3
Complete all courses in the transfer option that best aligns with your academic and professional goals. If your intended transfer institution is not listed, then select a combination of courses from the transfer options listed in order to meet the minimum credits required in the Restricted Electives section. Consult with an academic, faculty, or program advisor to prevent exceeding your university transfer program's maximum transferable credits (typically 64).

Transfer Plan 1: Arizona State University
(College of Liberal Arts and Sciences),
Chemistry, Bachelor of Science
MAT225  Elementary Linear Algebra  3

Transfer Plan 2: Northern Arizona University,
Chemistry (Chemistry or Advanced Chemistry Emphasis), Bachelor of Science
No additional coursework needed for this transfer plan.

Transfer Plan 3: Grand Canyon University,
Chemistry, Bachelor of Science
No additional coursework needed for this transfer plan.

General Education Requirements Credits: 22-38
Arizona General Education Curriculum (AGEC) AGEC-S
A single course with an [HU], [SB], or [L] designation may also be used to satisfy the Oral Communication, Critical Reading, or Awareness Area ([C], [G] and/or [H]) requirement(s).
A single course with both the [HU] and [L] designations may be used to satisfy both of these areas.

Associate in Science (AS), Emphasis in Computer Science

Total Credits: 60-64
Major Code: 8601

Description
The Associate in Science (AS), Emphasis in Computer Science degree provides the first two years of a four-year curriculum for students who wish to specialize in computer science. With an associate degree, students may seek employment as a computer user support specialist. With a bachelor’s degree, students may pursue employment opportunities in several careers, including computer network architects, computer programmers, computer systems analysts, database administrators, information security analysts, network and computer systems administrators, and/or software developers in a number of sectors including arts, sciences, manufacturing, engineering, medicine, energy, and security.

Program Notes
Students must earn a grade of ‘C’ or better in each course in the program.

Associate in Science (AS), Emphasis in Engineering

Total Credits: 60-79
Major Code: 8607

Description
The Associate in Science (AS), Emphasis in Engineering provides the majority of the first two years of a four-year curriculum for students who wish to transfer to a four-year institution to earn a bachelor's degree in an engineering discipline. With a bachelor's degree students may pursue a career as an engineer in a number of areas including but not limited to aerospace engineering, biomedical engineering, chemical engineering, civil engineering, computer systems engineering, electrical engineering, industrial engineering, and mechanical engineering.

Program Notes
Students must earn a grade of ‘C’ or better in each course in the program.

Required Courses Credits: 23-28

### Lower Division Secondary Focus Area Credits: 0-6

The secondary focus area includes up to six (6) lower division credits that form a coherent theme. Students must take two courses from the same or similar subjects, as students will take two upper division classes of the same subject at ASU. Recommended Maricopa prefixes: CAD, CNS, ECE, EEE, MET, MIT, or MNT.

Associate in Science (AS), Emphasis in Geography - Meteorology

Description
The Associate in Science (AS), Emphasis in Geography - Meteorology provides the first two years of a four-year curriculum for students who intend to transfer to a four-year institution to study meteorology and/or climatology. This associate degree will prepare students for employment opportunities in a number of careers including forest and conservation workers and air traffic controllers. Upon completion of a bachelor’s degree, students may pursue a career in several areas including broadcast meteorology, geography, hydrology, environmental science, and forest fire inspection and prevention. Upon completion of a graduate degree, students may pursue a number of careers including atmospheric and space scientist, geoscientist, climate change analyst, and geography professor.

Program Notes
Students must earn a grade of 'C' or better in all courses in the program.

Associate in Science (AS), Emphasis in Geology

Total Credits: 60
Major Code: 8608

Description
The Associate in Science (AS), Emphasis in Geology provides the first two years of a four-year curriculum for students who wish to specialize in geological sciences and/or are preparing for application to graduate programs in related fields. With a bachelor's degree, students may pursue a career as a research lab or field technician in environmental geology, mining, petroleum exploration, geological engineering, forestry, conservation, and hydrology. With a graduate degree, students may pursue a number of careers, including but not limited to secondary school (grades 7-12) teachers and university professors, geologic consultants, seismologists, volcanologists, paleontologists, and geologists in a variety of areas.

Program Notes
Students must earn a grade of ‘C’ or better in each course in the program.

Any approved general education course in the Literacy and Critical Inquiry area [L]. 0-3
Recommend selecting a course that satisfies [L] and [SB] or [L] and [HU] or [L] and (COM) or [L] and CRE101 requirements simultaneously.

Mathematics [MA] Credits: 4-5
MAT220 Calculus with Analytic Geometry I (5) OR
MAT221 Calculus with Analytic Geometry I (4) OR
Any approved general education course in the Mathematical Applications [MA] area for which MAT22+ is a prerequisite. 4-5

Humanities, Arts and Design [HU] Credits: 6
Any approved general education courses in the Humanities, Arts and Design [HU] area. 6

Social-Behavioral Sciences [SB] Credits: 6
Any approved general education courses in the Social-Behavioral Sciences [SB] area. 6

Natural Sciences [SG]/[SQ] Credits: 0
Met by (PHY115 or PHY121) and (PHY116 or PHY131) in required courses.

Subject Options Credits: 0
Met by (MAT230 or MAT231) and (MAT240 or MAT241) in Required Courses.

Awareness Areas Credits: 0-6
These requirements may be shared with Core Requirements.

Cultural Diversity in the US [C] Credits: 0-3

Historical/Global Awareness [H]/[G] Credits: 0-3
Any approved general education course with the Historical [H] or Global [G] awareness area designation. 0-3

MCCCD Additional Requirements Credits: 0-6
Courses in this area may also be applied to the AGEC Core Requirements. To minimize total credits required for degree and maximize transferable credits, it is recommended that courses be selected that meet more than one requirement wherever possible.

Associate in Science (AS), Emphasis in Secondary Education

Total Credits: 60-64
Major Code: 8609

Description
The Associate in Science (AS), Emphasis in Second-
ary Education provides the first two years of a four-year curriculum for students who wish to transfer to a four-year institution and earn a bachelor’s degree in secondary education leading to teacher certification for grades 6-12 in Biology, Chemistry, and Physics. Foundational education courses and discipline specific courses are designed to provide future teachers with the knowledge and skills related to educational philosophies, policies, attitudes, behaviors, and instruction in order to effectively perform the duties associated with the position of a classroom teacher. Students will participate in classroom field experiences to connect theory with practice.

Program Notes
Students must earn a grade of 'C' or better in each course to transfer.

State certification requirements include demonstration of proficiency in the constitutions of the United States and Arizona. Proficiency can be demonstrated via the Arizona Educator Proficiency Assessments (AEPA) Constitutions of the United States and Arizona test or by taking appropriate coursework: GCU113, POS113, HIS103 and POS221, POS221 and POS222, or POS220.

Identity Verified Prints (IVP) Fingerprint Clearance Card is required for participation in field experiences and for admission to a university teacher education program. Applicants must present an IVP Fingerprint Clearance Card to be copied by the advisor or designee. Please contact your advisor for information about obtaining the IVP Fingerprint Clearance Card.

Required Courses  Credits: 26-49
Complete all courses in the transfer option that best aligns with your academic and professional goals. Students should work with an advisor to determine the appropriate coursework and transfer institution for their intended area of study. If your intended transfer institution is not listed, then select a combination of courses from the transfer options listed in order to meet the minimum credits required in the Restricted Electives section. Consult with an academic, faculty, or program advisor to prevent exceeding your university transfer program's maximum transferable credits (typically 64).

- Academic achievement is related to initial course placement determined by course placement tests, completion of 100-200 level course pre-/corequisites, any courses below 100 level, and program prerequisites.

- Students should meet with an academic advisor, program director, or counselor who can assist in assessing student needs that may affect course enrollment. Appropriate resources can be discussed and agreed to in order to address student needs and support successful course completion.

Automation Certificates/Degrees

- Associate in Applied Science in Industrial Robotics and Automation Technology
- Certificate of Completion in Industrial Technology
- Certificate of Completion in Industrial Technology Level II
- Certificate of Completion in Industrial Robotics and Automation Technology Level III

Associate in Applied Science (AAS) in Automated Industrial Technology

Total Credits: 63-73
Major Code: 3177

Description
The Associate in Applied Science (AAS) in Automated Industrial Technology prepares students to troubleshoot, maintain and repair a variety of automated electro-mechanical, product assembly, process control, and product distribution systems that use programmable controls and other methodologies to accomplish system management. These systems include robotic, mechanical, hydraulic, pneumatic, electrical and electronic devices. Through this degree, graduates will gain the skills to define, integrate, install, program, and maintain complex control systems. Additionally, students will gain the communication, problem solving and professional skills needed to be successful in this field. The Automated Industrial Technology courses are designed to prepare students for the National Institute of Metalworking Skills (NIMS) certification exams. Certificates of Completion (CCL) in Automated Industrial Technology I and II are also available.

Program Notes
Students must earn a grade of ‘C’ or better in all courses in the program.
This program may require students to be able to lift objects as heavy as 50 pounds.

Key for General Education Requirements:
- Critical Rdg = Critical Reading
- FYC = First Year Composition
- HUM = Humanities and Fine Arts
- Mathematics = Mathematics
- NS = Natural Science
- Oral Comm = Oral Communication
- PP = Program Prerequisite
- SB = Social & Behavioral Sciences
- RC = Required Courses
- RE = Restricted Electives
- + = indicated course has prerequisites and/or corequisites
- ++ = indicates that any suffixed course may be selected

This program replaces: AAS/3000 Industrial Robotics and Automation Technology.

Associate in Applied Science (AAS) in Automotive Service

Total Credits: 62-67
Major Code: 3180

Description
The Associate in Applied Science (AAS) in Automotive Service prepares individuals to apply technical knowledge and skills to repair, service, and maintain automobiles. Instruction is in both the theoretical and practical aspects of automotive repair, service and maintenance, and includes brake systems, electrical systems, engine performance, engine repair, suspension and steering, automatic and manual transmissions and drivetrains, and heating and air conditioning systems. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile Certification Tests (A1 - A8).

See program advisor for additional certificate offerings.

Program Notes
Students must earn a grade of 'C' or better for each course listed in the Required Courses area.

This program replaces: AAS/3480 Automotive Technology, AAS/3481 Automotive Technology, AAS/3482 Automotive Performance Technology.

Required Courses  Credits: 41
ASE101  Introduction to Automotive  2
ASE102  Automotive Express Service (2) OR
ASE102AU  Automotive Express Service (2) AND
ASE111  Engine Diagnosis and Inspection (2) OR

Certificate of Completion (CCL) in Automated Industrial Technology I

Total Credits: 16
Major Code: 5922

Description
The Certificate of Completion (CCL) in Automated Industrial Technology I prepares students to troubleshoot, maintain and repair a variety of automated electro-mechanical, product assembly and product distribution systems that use other methodologies to accomplish system management. These systems include mechanical, hydraulic, pneumatic, electrical and electronic devices. Through this certificate, graduates will gain the skills to define, install, and maintain complex production systems. Includes preparation for National Institutes of Metalworking Skills (NIMS) certification exams.

Program Notes
Students must earn a grade of ‘C’ or better in all courses in the program.
This program may require students to be able to lift objects as heavy as 50 pounds.
This program replaces: CCL/5000N Industrial Technology.

Certificate of Completion (CCL) in Automated Industrial Technology II

Total Credits: 32
Major Code: 5924

Description
The Certificate of Completion (CCL) in Automated Industrial Technology II prepares students to troubleshoot, maintain and repair a variety of automated electro-mechanical, product assembly, process control, and product distribution systems that use programmable controls and other methodologies to accomplish system management. These systems include robotic, mechanical, hydraulic, pneumatic, electrical and electronic devices. Through this certificate, graduates will gain the skills to define, integrate, install, program, and maintain complex control systems. This program may require students to be able to lift objects as heavy as 50 pounds.
This program replaces: CCL/5630 Industrial Technology II, CCL/5848 Mechatronics Level I.
Certificate of Completion (CCL) in Automotive Automatic Transmission and Transaxle

Total Credits: 4
Major Code: 5930N

Description
The Certificate of Completion (CCL) in Automotive Automatic Transmission and Transaxle provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of automatic transmission and transaxle. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A2 Test.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service is also available.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of ‘C’ or better for each course listed in the Required Courses area.

Certificate of Completion (CCL) in Automotive Chassis

Total Credits: 16
Major Code: 5952

Description
The Certificate of Completion (CCL) in Automotive Chassis provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of suspension, steering, brakes and electrical systems. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A4, A5 and A6 Tests.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service is also available.

Program Notes
Students must earn a grade of 'C' or better for each course listed in the Required Courses area.

This program replaces: CCL/5447 Automotive Chassis.

Required Courses Credits: 16
ASE141 Steering, Suspension and Pre-Alignment (2) OR
ASE141AU Steering, Suspension and Pre-Alignment (2) 2
ASE151 Introduction to Brake Systems (2) OR
ASE151AU Introduction to Brake Systems (2) 2

Certificate of Completion (CCL) in Automotive Drive Train

Total Credits: 16
Major Code: 5950

Description
The Certificate of Completion (CCL) in Automotive Drive Train provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of automatic and manual transmissions and drivetrains and electrical systems. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A2, A3 and A6 Tests.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service is also available.

Program Notes
Students must earn a grade of 'C' or better for each course listed in the Required Courses area.

This program replaces: CCL/5451N Automotive Engine and Drive Trains, CCL/5463N Automotive Drive Trains.

Certificate of Completion (CCL) in Automotive Service

Total Credits: 44
Major Code: 5956

Description
The Certificate of Completion (CCL) in Automotive Service prepares individuals to apply technical knowledge and skills to repair, service, and maintain automobiles. Instruction is in both the theoretical and practical aspects of automotive repair, service and maintenance, and includes brake systems, electrical systems, engine performance, engine repair, suspension and steering, automatic and manual transmissions and drivetrains, and heating and air conditioning systems. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile Certification Tests (A1 - A8).

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service is also available.

Program Notes
Students must earn a grade of ‘C’ or better for each course listed in the Required Courses area.

This program replaces: CCL/5480 Automotive Technology, CCL/5862 Automotive Technology.

### Career & Technical Education

**Certificate of Completion (CCL) in Automotive Steering and Suspension**

**Total Credits: 4**

**Major Code: 5934N**

**Description**
The Certificate of Completion (CCL) in Automotive Steering and Suspension provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of steering and suspension. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A4 Test.
See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service is also available.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of ‘C’ or better for each course listed in the Required Courses area.

Required Courses
Credits: 4
- ASE141 Steering, Suspension and Pre-Alignment (2) OR ASE141AU Steering, Suspension and Pre-Alignment (2) 2
- ASE241 Advanced Steering, Suspension and Alignment (2) OR ASE241AU Advanced Steering, Suspension and Alignment (2) 2

Certificate of Completion (CCL) in Brakes, Alignment, Suspension and Steering

Total Credits: 19
Major Code: 5459

Description
The Certificate of Completion (CCL) in Brakes, Alignment, Suspension and Steering program provides students the opportunity to learn the theory and practical skills necessary to service automotive vehicles. This CCL will introduce students to the theory, diagnosis, service and repair of automotive brake systems, powertrain systems, steering, and suspensions systems in vehicles. It also introduces students to vehicle alignment techniques and procedures. Courses in the CCL may include lecture and lab components to provide suitable classroom related material/theory, combined with hands-on learning experiences. Courses in the CCL are National Automotive Technicians Education Foundation (NATEF) accredited and aligned with the professional certification standards from National Institute for Automotive Service Excellence (ASE). This alignment can help prepare for ASE professional certification exams. Courses in this CCL are designed to help students gain insight into specific aspects of the automotive service industry. The courses contained in the CCL can be combined with courses in other CCLs and can be directly applied to the Associate in Applied Science (AAS) degree in Automotive Performance Technology.

Program Notes
Students must earn a grade of ‘C’ or better for all courses within the program.

Required Courses
Credits: 19
- APT101 Automotive Service Operations 3
- APT131 Automotive Manual Power Trains 6
- APT141 Alignment, Steering, and Suspension 6
- APT151 Automotive Brake Systems 4

Certificate of Completion (CCL) in Building Inspection

Total Credits: 18
Major Code: 5554

Description
The Certificate of Completion (CCL) in Building Inspection helps prepare the student for a career as an inspector in various areas of the building inspection fields. The student gains the knowledge and develops skills necessary to perform as a building inspector in general building code compliance inspection or in specific areas of code compliance. It is one pathway to the Associate in Applied Science (AAS) in Construction Management.
Program Notes
Students must earn a grade of ‘C’ or better for all courses within the program.

Required Courses  Credits: 18
CON101  Construction and Culture 3
CON244  Working Drawing Analysis: Blueprint Reading 3
CON252  Building Construction Methods, Materials, and Equipment 3
CON262  Introduction International Residential Code (IRC) 3

Certificate of Completion (CCL) in Cable and Wire Harness Assembly

Total Credits: 3  
Major Code: 5206N

Description
The Certificate of Completion (CCL) in Cable and Wire Harness Assembly will prepare the successful student to receive the “Certified IPC Specialist” (CIS) certification from The Institute for Interconnecting and Packaging Electronic Circuits (IPC)/Wire Harness Manufacturer’s Association (WHMA) in “Requirements and Acceptance for Cable and Wire Harness Assemblies” (IPC/WHMA-A-620 Certification). Topics covered and skills to be demonstrated are: soldered terminations, crimp terminations, insulation displacement terminations (IDC), splices, connectorization, marking/labeling, coaxial cable assemblies, electrical shielding, wire marking and labeling, and testing methodologies. Certification is verified by a certified IPC trainer (CIT).

Program Notes
This program is not eligible for Title IV Federal Financial Aid.
Students must earn a grade of ‘C’ or better in each course in the program.

Associate in Applied Science (AAS) in Caterpillar Technician Training

Total Credits: 73-83  
Major Code: 3005

Description
The Associate in Applied Science (AAS) in Caterpillar Technician Training degree prepares students with the skills required to service and repair Caterpillar machines. The program combines general education curriculum, specialized Caterpillar machine coursework, and practical experience through internships to prepare students to work in authorized Caterpillar service facilities. Students receive
training in diesel engines, electrical principles and electronic controls, sophisticated computer-based diagnosis, state-of-the-art hydraulics and powertrains, HVAC certification, as well as other high demand skills.

Program Notes
Students must earn a grade of ‘C’ or better for all courses required within the program.

Students are encouraged to complete General Education requirements prior to Caterpillar coursework.

Consult with your faculty mentor or academic advisor to determine educational requirements, including possible university transfer options, for your chosen career field.

Certificate of Completion (CCL) in CNC Machine Operator

Total Credits: 6
Major Code: 5103N

Description
The Certificate of Completion (CCL) in CNC Machine Operator prepares students for employment as entry level operators and technicians in the manufacturing industry. The program provides applied skills in the operation of manual/Computer Numeric Control (CNC) machines for current and future needs of the manufacturing industry. Certificates of Completion (CCLs) in CNC Machining I and CNC Machining II and an Associate in Applied Science (AAS) in Manufacturing Production Technology are also available.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.
Students must earn a grade of ‘C’ or better in all courses within the program.

Required Courses
MPT130 CNC Machine Operator (6) OR MPT130MP CNC Machine Operator (6)

Certificate of Completion (CCL) in CNC Machining I

Total Credits: 25
Major Code: 5100

Description
The Certificate of Completion (CCL) in CNC Machining I prepares students for employment as entry-level operators and technicians in the manufacturing industry. The program provides applied skills in process planning, quality control, set-up and operation of manual/Computer Numeric Control (CNC) machines for current and future needs of the manufacturing industry. This program introduces students to manual data programming and Computer-Aided Design/Computer-Aided Manufacturing (CAD/CAM). A CCL in CNC Machining II and an Associate in Applied Science (AAS) in Manufacturing Production Technology are also available.

Program Notes
Students must earn a grade of ‘C’ or better in all courses within the program.

This program replaces: CCL/5440 Production Technology: CNC Technology, CCL/5616 CNC Machining I

Required Courses
MPT101 Technical Documentation (3) OR MPT101MP Technical Documentation (3)
MPT110 Inspection Techniques (3) OR MPT110MP Inspection Techniques (3)

MPT132 CNC Machining Level II (3) OR MPT132MP CNC Machining Level II (3)
Certificate of Completion (CCL) in CNC Machining II

Total Credits: 43-44
Major Code: 5102

Description
The Certificate of Completion (CCL) in CNC Machining II prepares students for advanced employment opportunities as operators and technicians in the manufacturing industry. The program provides applied skills in process design as well as advanced knowledge in quality control, Computer Numeric Control (CNC), and Computer-Aided Design/Computer-Aided Manufacturing (CAD/CAM) programming for current and future needs of the manufacturing industry. An Associate in Applied Science (AAS) in Manufacturing Production Technology is also available.

Program Notes
Students must earn a grade of ‘C’ or better in all courses within the program.
This program replaces: CCL/5647 CNC Machining II, CCL/5795 CAM Systems Programming.

Certificate of Completion (CCL) in Computer Aided Drafting

Total Credits: 19  
Major Code: 5547

Description
The Certificate of Completion (CCL) in Computer Aided Drafting (CAD) program is designed to prepare students as drafting technicians. Students will learn Computer Aided Design to develop skills in completing orthographic layouts, dimensioning, 2D and 3D computer aided drafting, and 3D printing all using American standards (ANSI). The program emphasizes current technological needs in the drafting industry. Students may apply these courses towards the Associate in Applied Science (AAS) in Drafting and Design Technology (3504).

Program Notes
Students must earn a grade of ‘C’ or better for all courses required within the program.

Certificate of Completion (CCL) in Construction Building Codes

Total Credits: 3  
Major Code: 5182N

Description
The Certificate of Completion (CCL) in Construction Building Codes is designed specifically to acquaint students with safety principles of building construction under the Uniform Building Code, including structural requirements for wood, masonry and concrete, fire resistance of building construction, fire resistant materials, and ratings and occupancy requirements. After completion of the certificate, students may take the International Code Council Residential Building Code exam for international certification.

Associate in Applied Science (AAS) in Construction Management

Total Credits: 63-73  
Major Code: 3502

Description
The Associate in Applied Science (AAS) in Construction Management provides instruction in management skills, construction industry specific technical and occupational subjects, such as construction planning, design, and OSHA 30 safety. This degree
helps prepare graduates for a productive career in the construction industry as an owner, foreman, manager, project manager, or property manager. Provides knowledge in construction ethics, estimating, and contracts and prepares graduates for the Leadership in Energy and Environmental Design (LEED) Green Associates exam in order to become LEED Certified. This curriculum also provides good preparation for transfer to a four-year bachelor program in Construction and satisfies much of the requirements for the AGEC-A and Associate in Arts Degrees.

Program Notes
Students must earn a grade of ‘C’ or better for all courses required within the program.

Certificate of Completion (CCL) in Construction Trades: Carpentry

Total Credits: 16
Major Code: 5108

Description
The Certificate of Completion (CCL) in Construction Trades: Carpentry is designed to provide knowledge, safety, and skills in the carpentry construction trade. This program is an introduction to common construction skills to include safety, codes, construction drawings, tools, wall systems, flooring systems, and roof systems. Students can seek employment as carpentry technicians on residential and commercial job sites. A Certificate of Competency (CCT) in Construction Trades: Carpentry is available. A second Carpentry CCL and Associate in Applied Science (AAS) in Construction Technology are also available.

Certificate of Completion (CCL) in Construction Trades: Carpentry, Commercial and Residential

Total Credits: 27
Major Code: 5118

Description
The Certificate of Completion (CCL) in Construction Trades: Carpentry, Commercial and Residential is designed to provide knowledge, safety, and skills in the carpentry construction trade. This program reinforces common construction skills to include use of tools, adherence to safety and codes, and reading construction drawings. It offers further theory and practice in commercial and specialty carpentry, to include steel framing, conventional roofing, interior finishing, and concrete forms. Students can seek employment as carpentry technicians on residential and commercial job sites. A Certificate of Competency (CCT) in Carpentry: Commercial and Residential is also available. The CCL/CCT can be applied to an available Associate in Applied Science (AAS) in Construction Trades.

Certificate of Completion (CCL) in Construction Trades: Construction Management

Total Credits: 20-23.5
Major Code: 5595

Description
The Certificate of Completion (CCL) in Construction Trades: Construction Management is designed to provide individuals in the construction industry work-ready skill sets in management, leadership, motivation, oral and written communications, problem solving, planning and scheduling, cost awareness and production control, sustainability, time management, and OSHA safety. The skills acquired prepare individuals for a productive career in the construction industry as a foreman, manager, project manager, and owner. The program provides students a career pathway for entry into the Associate in Applied Science (AAS) in Construction Management.

Certificate of Completion (CCL) in Construction Trades: Plumbing

Total Credits: 16
Major Code: 5116

Description
The Certificate of Completion (CCL) in Construction Trades: Plumbing is designed to provide knowl-
edge safety and skills in the plumbing construction trade. This program is an introduction to common construction skills to include safety; codes; construction drawings; tools; fixtures; pipes and fittings; drain, waste, and vent systems; and water distribution systems. Students can seek employment as plumbing technicians on residential and commercial job sites. A Certificate of Competency (CCT) and an Associate in Applied Science (AAS) in Construction Trades are also available.

Program Notes
Students must earn a grade of ‘C’ or better in all courses within the program.

**Certificate of Completion (CCL) in Construction Trades: Plumbing, Commercial and Residential**

Total Credits: 28
Major Code: 5122

Description
The Certificate of Completion (CCL) in Construction Trades: Plumbing, Commercial and Residential is designed to provide knowledge safety and skills in the plumbing construction trade. This program reinforces common construction skills to include use of tools, adherence to safety and codes, and reading construction drawings. It offers further instruction and practice in commercial and specialty plumbing, to include work in piping systems; water resource solutions; water disposal systems; and plumbing fixtures and appliances. Students can seek employment as plumbing technicians on residential and commercial job sites. A Certificate of Competency (CCT) and an Associate in Applied Science (AAS) in Construction Trades are also available.

Program Notes
Students must earn a grade of ‘C’ or better in all courses within the program.

**Associate in Applied Science (AAS) in Drafting and Design Technology**

Total Credits: 60-67
Major Code: 3504
Description
The Associate in Applied Science (AAS) in Drafting and Design Technology program is designed to prepare students as drafting technicians. Students will learn Computer Aided Design, Computer Numerical Control (CNC) programming, and basic manufacturing processes. Students develop skills in completing orthographic layouts, dimensioning, exploded/assembled and working drawings, 2D and 3D computer aided drafting and design, 3D printing, geometric dimensioning and tolerance (GD&T), and a general understanding of manufacturing in industry, all using American standards (ANSI). Students can also apply for the Certificate of Completion (CCL) in Computer Aided Drafting (5547) while pursuing the AAS.

Program Notes
Students must earn a grade of ‘C’ or better in all courses within the program.

Required Courses Credits: 41-45

Certificate of Completion (CCL) in Industrial Robotics and Automation Technology

Total Credits: 35-38
Major Code: 5696N

Description
The Certificate of Completion (CCL) in Industrial Robotics and Automation Technology program is intended to be the capstone CCL leading to the AAS degree in Industrial Robotics and Automation Technology. Upon completion of this CCL the student will possess the skills necessary to be proficient in
Robotics Operations and Programming and Automation System Integration. Additionally, this CCL is appropriate for industry personnel with background in Programmable Logic Controllers (PLC) and Automation to advance their skill level.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of ‘C’ or better in all courses within the program.

Required Courses Credits: 35-38
AIT276 Robotics Operations and Programming 3
ATP100 Introduction to Manufacturing and Programmable Logic Controllers 3
ATP106 Industrial Electrical Systems 3
ATP111 Mechanical Systems and Maintenance 3
ATP115 Fluid Power 3

Certificate of Completion (CCL) in International Residential Code

Total Credits: 3 Major Code: 5181N

Description
The Certificate of Completion (CCL) in International Residential Code covers International Residential Code for construction trades, including building, mechanical, plumbing and electrical, for one and two family residential construction. After completion of the certificate, students may take the International Code Council International Building Code exam for international certification.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of ‘C’ or better for all courses required within the program.

Required Courses Credits: 3
CON262 Introduction International Residential Code (IRC) 3

Certificate of Completion (CCL) in J-STD Soldering Certification

Total Credits: 3 Major Code: 5196N

Description
The Certificate of Completion (CCL) in J-STD Soldering Certification will prepare the successful student to receive the “Certified IPC Specialist” (CIS) certification from The Institute for Interconnecting and Packaging Electronic Circuits (IPC) in “Requirements for Soldered Electrical and Electronic Assemblies” (IPC J-STD-001). Topics covered and skills to be demonstrated are: soldered wires and terminals, through hole connections, surface mount components, and inspection. Certification is verified by a certified J-STD trainer.
Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of ‘C’ or better in each course in the program.

Required Courses Credits: 3
AIT123  J-STD Soldering Certification  3

Associate in Applied Science (AAS) in Manufacturing Production Technology

Total Credits: 65-73
Major Code: 3192

Description
The Associate in Applied Science (AAS) in Manufacturing Production Technology program prepares students for employment as operators, technicians, and managers in the manufacturing industry. The program provides applied skills in process design, quality control, Computer Numeric Control (CNC), and Computer-Aided Design/Computer-Aided Manufacturing (CAD/CAM) programming for current and future needs of the manufacturing industry. Embedded Certificates of Completion (CCLs) in CNC Machine Operator, CNC Machining I, and CNC Machining II are also available.

Program Notes
Students must earn a grade of ‘C’ or better for all courses required within the program.

This program replaces: AAS/3255 Production Technology, AAS/3616 Manufacturing Technology.

Required Courses Credits: 37
The following courses are required in CCL CNC Machining I:
- MPT101 Technical Documentation (3) OR
- MPT101MP Technical Documentation (3) 3
- MPT110 Inspection Techniques (3) OR
- MPT110MP Inspection Techniques (3) 3

- MPT132 CNC Machining Level II (3) OR
- MPT132MP CNC Machining Level II (3) OR 3

The following courses are required in CCL CNC Machining II:
Students interested in taking MPT250 are advised to take MPT151
- MPT150 Introduction to SolidWorks (3) OR
- MPT151 Solid Design I: SolidWorks (3) 3
- MPT260 Computer Aided Manufacturing (CAM) I (3) OR
- MPT260MP Computer Aided Manufacturing (CAM) I (3) 3
- MPT262 Computer Aided Manufacturing (CAM) II (3) OR
- MPT262MP Computer Aided Manufacturing (CAM) II (3) 3
- MPT270 Tooling, Fixtures, and Gauges 3

Restricted Electives Credits: 6-7
Students should complete 6-7 credits from the category below that best aligns with their academic and professional goals.

Quality and Inspection:
- MPT215 Workplace Quality Systems 3
- MPT216 Applied Statistical Process Control Methods 3
- MPT217 Lean and Six Sigma Applied Concepts 3

Industrial Design:
- MPT152 Solid Design: Certified SolidWorks Associate/Certified SolidWorks Professional Test Preparation 1
- MPT250 Solid Design II: Advanced Part Modeling: SolidWorks 3

Certificate of Completion (CCL) in Mechanical Drafting

Total Credits: 37-40
Major Code: 5600

Description
The Certificate of Completion (CCL) in Mechanical Drafting program prepares students to work in the mechanical drafting field. The program emphasizes current technological trends in the industry and is designed both for those planning to enter a career in the field as well as for those already working in the field who want to advance and update their knowledge and skills.
Program Notes
Students must earn a grade of ‘C’ or better for all courses within the program.

Certificate of Completion (CCL) in Salt River Project Relay Apprentice

Total Credits: 36
Major Code: 5763

Description
The Certificate of Completion (CCL) in Salt River Project Relay Apprentice is a closed program available to SRP employees who are participating in the SRP apprenticeship program. The program supplements the industry-specific training that the apprentices receive at SRP with the theory and fundamentals of electronics necessary for success in that program.

Program Notes
Students must earn a grade of ‘C’ or better for all courses within the Required Courses area.

Admission Criteria
Current SRP employee who has been accepted into SRP's Relay Apprenticeship program.

Required Courses  Credits: 36
ENG101  First-Year Composition (3) OR
ENG107  First-Year Composition for ESL (3)  3

Associate in Applied Science (AAS) in Welding

Total Credits: 60-66
Major Code: 3244

Description
The Associate in Applied Science (AAS) in Welding prepares students to work in industry using Oxy-Fuel welding and cutting (OFW) (OFC) and Shielded Metal Arc welding (SMAW) processes. This degree emphasizes the knowledge and skills required to work with modern industrial welding equipment using advanced welding techniques including Gas Metal Arc Welding (GMAW), Flux Cored Arch Welding (FCAW) and Gas Tungsten Arc Welding (GTAW). This degree also provides students with the opportunity to complete at least three of the following certificates: Welding: Gas Metal / Flux Cored Arc Welding (GMAW)/(FCAW), Welding: Gas Tungsten Arc Welding (GTAW) Ferrous, Welding: Gas Tungsten Arc Welding (GTAW) Non-Ferrous,
Welding: Shielded Metal Arc welding (SMAW) Plate, and Welding: Shielded Metal Arc Welding (SMAW) Pipe.

**Program Notes**
Students must earn a grade of ‘C’ or better for all courses required within the program.

**Program Prerequisites**
None.

Certificate of Completion (CCL) in Welding: Fundamentals

Total Credits: 20-23
Major Code: 5995

Description
The Certificate of Completion (CCL) in Welding: Fundamentals prepares students to work in industry using oxy-fuel welding and cutting (OFW) (OFC) and shielded metal arc welding (SMAW) processes. This certificate provides an introduction to the knowledge and skills required to work with modern industrial welding equipment using advanced welding techniques including gas metal arc welding (GMAW), flux core arc welding (FCAW) and gas tungsten arc welding (GTAW). An Associate in Applied Science (AAS) in Welding as well as certificates in the following areas of specialization are also available: Welding: Gas Metal/Flux Cored Arc Welding (GMAW)/(FCAW), Welding: Gas Tungsten Arc Welding (GTAW) Ferrous, Welding: Gas Tungsten Arc Welding (GTAW) Non-Ferrous, Welding: Shielded Metal Arc welding (SMAW) Plate, and Welding: Shielded Metal Arc Welding (SMAW) Pipe.

Program Notes
Students must earn a grade of 'C' or better for all courses required within the program.
Required Courses Credits: 10-13

Description
The Certificate of Completion (CCL) in Welding: Gas Tungsten Arc Welding (GTAW) Ferrous prepares students for aerospace industry code certification.
testing in the gas tungsten arc welding process in carbon steel and stainless-steel (ferrous metals). An Associate in Applied Science (AAS) in Welding as well as certificates in the following areas of specialization are also available:

- Welding: Gas Metal / Flux Cored Arc Welding (GMAW)/(FCAW)
- Welding: Gas Tungsten Arc Welding (GTAW) Non-Ferrous
- Welding: Shielded Metal Arc welding (SMAW) Plate
- Welding: Shielded Metal Arc Welding (SMAW) Pipe.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Associate in Applied Science (AAS) in Forensic Science

Total Credits: 60-65
Major Code: 3183

Description
The Associate in Applied Science (AAS) in Forensic
Science provides the student with a specialization in forensic investigation as it relates to crime. The curriculum presents a specialized scope of knowledge about photography, collection and preservation of evidence, and investigative strategies. The program provides students with an important knowledge base for investigative specialization in a wide range of disciplines and careers. This degree pathway also provides students with the opportunity to complete two Certificates of Completion (CCL) in Crime Scene Investigation, and Fingerprint Identification and Photography.

**Program Notes**

Students must earn a grade of ‘C’ or better in all courses within the program.

This program replaces: AAS/3041 Forensic Science: Crime Lab, AAS/3404 Forensic Technology.

## Description

The Associate in Applied Science (AAS) in Public Relations program provides students with general, practical, and marketable skills that will enable them to seek entry-level employment in public relations, such as press relations, community or consumer relations, market research, in-house publications, political campaigns, fund raising and volunteer recruitment. The program includes development of a portfolio that will exhibit students’ ability to write both news and feature stories, to develop and plan events, and to produce brochures, advertisements, or small publications with desktop publishing. The curriculum combines coursework in public relations with a General Education component.

Certificate of Completion (CCL) in Amazon Web Services Cloud Practitioner

Total Credits: 9
Major Code: 5141N

Description
The Certificate of Completion (CCL) in Amazon Web Services Cloud Practitioner builds the practical knowledge and skills of cloud computing. Cloud computing provides reliable, scalable, secure, and flexible technology solutions for personal and business use. This CCL will introduce students new to or interested in cloud computing to the fundamental concepts of cloud services as well as hands-on opportunities to apply these concepts to real-world applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the Amazon Web Services (AWS) Certified Cloud Practitioner exam, which is the first level of the AWS certification.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience such as database, Linux, information security, networking, programming, and DevOps who are interested in expanding their knowledge in the area of cloud computing to enhance their employment opportunities. Speak to a program director for additional information.

Students must earn a grade of ‘C’ or better for all courses required within the program.

Certificate of Completion (CCL) in Cyber Operations

Total Credits: 41-42
Major Code: 5165

Description
The Certificate of Completion (CCL) in Cyber Operations program is designed to focus on the necessary skills required to secure, protect and identify vulnerabilities in a network, including various operating systems and network devices. Emphasis is placed on developing the theoretical, legal, ethical and practical skills needed to maintain security on mission-critical networking and server systems. The program is designed to meet the training needs of government and industry employees. The program covers a variety of information security technologies and structured languages. The Cyber Operations program also focuses on the skills needed for internationally recognized IT certifications and high demands in business, industry, and government. An Associate in Applied Science (AAS) in Cybersecurity is also available.

Program Notes
Students must earn a grade of ‘C’ or better in all courses within the program.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Required Courses Credits: 41-42

Certificate of Completion (CCL) in Data Analytics

Total Credits: 18-24
Major Code: 5884

Description
The Certificate of Completion (CCL) in Data Analytics program is designed to prepare students to
model, synthesize, analyze, and present large data sets for business decision making. Courses will focus on the techniques and computer software used in industry to extract data from various data sources, model and integrate that data, and then visualize this data for business decision making and intelligence gathering.

Program Notes
Students must earn a grade of ‘C’ or better in all courses within the program.

CIS214DE is not equivalent to CIS214DA for the purposes of this certificate and should not be used to complete program requirements. Students who have completed GBS221 can use this course in lieu of GBS220.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Certificate of Completion (CCL) in Database Development

Total Credits: 24
Major Code: 5083

Description
The Certificate of Completion (CCL) in Database Development prepares students to design and implement the infrastructure for business solutions using database and programming tools. The program focuses on administrative tasks and building database applications using programming skills such as data collection, query techniques, and database creation. This certificate can embed into the Associate in Applied Science (AAS) degree in Information Technology

Certificate of Completion (CCL) in Desktop Support

Total Credits: 19-22
Major Code: 5043

Description
The Certificate of Completion (CCL) in Desktop Support program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs. The classes focus on the development of knowledge and skills in computer, network, and security technologies, as well as the interpersonal skills in customer service/technical support needed to be successful within the industry. Depending on course selection, this program helps prepare students for the CompTIA A+, CompTIA Network+, and/or CompTIA Linux+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes
Students must earn a grade of ‘C’ or better in all courses within the program.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

This program replaces CCL/5841 Microsoft Technical Specialist.

Certificate of Completion (CCL) in Foundations of Mobile App Development

Total Credits: 18-21
Major Code: 5793

Description
The Certificate of Completion (CCL) in the Foun-
dations of Mobile App Development prepares students for employment in entry-level coding, programming, and software development positions with foundational experience in a variety of platforms, including iOS, Android, Windows and web app development. Courses in this certificate can apply toward the Associate in Applied Science (AAS) in Mobile App Development and Certificate of Completion (CCL) in Mobile App Development.

**Program Notes**

Students must earn a grade of ‘C’ or better in all courses within the program.

Students should consult with a Department Advisor in arranging their schedules.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

**Description**

The Associate in Applied Science (AAS) in Information Technology (IT) program is designed to provide students with skills to meet information technology needs across industries. This program includes instruction in the principles of computer hardware components and business software, programming, databases, networking, customer service, web development, and information systems and project management. Coursework helps prepare students for a variety of industry-recognized examinations and certifications. Students will earn one or more of the following Certificates of Completion (CCLs):

- CCL/5154 Cybersecurity Fundamentals
- CCL/5083 Database Development
- CCL/5043 Desktop Support
- CCL/5793 Foundations of Mobile App Development
- CCL/5132 Microsoft Office Professional
- CCL/5031 Microsoft System Administration
- CCL/5048 Programming and Systems Analysis Level I
- CCL/5183N Oracle Database Operations
- CCL/5050N Red Hat Linux Engineer
- CCL/5984 Web Foundations

**Program Notes**

Students must earn a grade of ‘C’ or better in all courses required within the program.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of
the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Certificate of Completion (CCL) in Microsoft System Administration

\[ \text{Total Credits: 18-21} \]
\[ \text{Major Code: 5031} \]

\textbf{Description}

The Certificate of Completion (CCL) in Microsoft System Administration program is designed to provide students with background knowledge and skills required for learning the specific tasks and industry recognized standards associated with computer networks and data communications. The program includes a core of Microsoft courses to develop professionals who implement, manage, and troubleshoot existing network and system environments based on current Microsoft operating systems including active directory, messaging...
services, file and print servers, and firewalls. The courses in the program are also designed to help prepare students for the Microsoft 365 Certified: Modern Desktop Administrator Associate and Microsoft Certified Solutions Associate (MCSA) - Windows Server 2016 certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCL) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes
Students must earn a grade of ‘C’ or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

This program replaces: CCL/5124 Network Administration: Microsoft Windows Server, CCL/5852 Microsoft Server Administration.

Associate in Applied Science (AAS) in Mobile App Development

Total Credits: 60-64
Major Code: 3099

Description
The Associate in Applied Science (AAS) in Mobile App Development provides students with the design and programming skills necessary for entry-level coding, programming, and software development positions with an emphasis on mobile apps. Students will be prepared for transfer to selected BAS programs. Students will be prepared to take the App Developer with Swift Certification Level 1, Microsoft C# Software Essentials, and Associate Android Developer certifications. A Certificate of Completion (CCL) in iOS Application Development, Android Application Development, Windows Application Development, Web App Development, Native Mobile App Development, Cross-Platform App Development, Foundations of Mobile App Development and Mobile App Development are also available.

Program Notes
Students must earn a grade of ‘C’ or better in all courses within the program.

Students should consult with a Department Advisor in arranging their schedules.

Program requirements for CCL 5193 Mobile App Development and CCL 5914N iOS Application Development may be taken in the AAS 3099 Mobile
App Development. An additional CCL within mobile apps may also be earned based on course selection.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

This program replaces: AAS/3139 Mobile Apps Programming

Associate in Applied Science (AAS) in Network and Systems Administration

Total Credits: 60-71
Major Code: 3189

Description
The Associate in Applied Science (AAS) in Network and Systems Administration program provides students with a solid, hands-on skill set of computer, networking, and internetworking systems technology principles and desktop support. Students
gain an understanding of the interaction between microcomputer software and hardware, network and internetworking operating systems software and hardware, local area network administration and management, the use of troubleshooting techniques, troubleshooting hardware and software tools, as well as interpersonal/customer service skills. Students have the opportunity to specialize in specific information technology areas based on their interests and professional goals and leading to industry recognized certifications through an embedded Certificate of Completion (CCL) including, but not limited to, Desktop (Desktop Support, Computer System Configuration and Support, Computer System Configuration and Support, Network, Computer System Configuration and Support, Security, Computer System Configuration and Support, Linux), Cisco (Cisco Network CCNA, Cisco Network CCNP, Cisco Network CCNA Security), Linux (Red Hat Linux Engineer, Linux Associate, Red Hat Linux Administrator, Linux System Administration), Microsoft (Microsoft System Administration, Microsoft Desktop Associate), and VMware (VMware Network Administrator, VMware Foundations, VMware System Administrator). Graduates may pursue employment in a variety of information technology environments and/or transfer to a university.

Program Notes

Students must earn a grade of ‘C’ or better in all courses within the program.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Students may receive credit for courses within the program based on current industry certifications.

Certificate of Completion (CCL) in Red Hat Linux Administrator

Total Credits: 6-9
Major Code: 5049N

Description
The Certificate of Completion (CCL) in Red Hat Linux Administrator program is designed to help prepare students for employment or to improve current professional skills. The program includes Red Hat Enterprise Linux system basics and management including sophisticated manipulation of file structures, backup systems, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, and system resource control. This program helps prepare students for the Red Hat Certified System Administrator (RHCSA) certification exam. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.
Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of ‘C’ or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Certificate of Completion (CCL)
in Red Hat Linux Engineer

Total Credits: 9-12

Associate in Applied Science (AAS) in Video Game Production

Total Credits: 61-76
Major Code: 3890

Description
The Associate in Applied Science (AAS) in Video Game Production provides students with the essential skill sets needed to plan, design, and produce video games. The program features interdisciplinary coursework and related studies to build a strong foundation bridging the art and science of video game production. The Associate in Applied Science in Video Game Production’s curriculum brings together business concepts, game technology, game narrative, music, sound design, and animation to prepare students for entry-level careers as a Level Designer, Environment Artist, Production Artist, Character Modeler, Character Animator, Game Designer, Game Developer, Mobile Game Developer, Commercial Artist, Game Writer, Composer and/or Sound Designer. Embedded Certificates of Completion (CCL) are available in Video Game Production: Game Art, Video Game Production: Audio and Sound and Video Game Production: Narrative and Video Game Production: Scripting and Coding.

Program Notes
Students must earn a grade of ‘C’ or better for all courses required within the program.

Students interested in transferring should meet with an Academic, Faculty, or Program Director. GST201 Game Studies is recommended for students who intend to transfer to Arizona State University.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

This program replaces: AAS/3145 Game Technology.

Required Courses  Credits: 28
In addition to the required course work, students must consult with a program advisor to select one of the specializations within the Restricted Electives area.

Certificate of Completion (CCL) in VMware Foundations

Total Credits: 3
Major Code: 5035N

Description
The Certificate of Completion (CCL) in VMware Foundations program is designed to help students prepare for VMware industry certifications and work in a variety of information technology environments including software defined data centers. The program introduces vSphere and VMware ESXi server in the enterprise and covers many aspects of virtualization for VMware ESXi server administration. It is designed to prepare students for the VMware Foundations (VCA) certification exam. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of ‘C’ or better in all courses within the program.
Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Admission Criteria
This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience. To pursue this CCL, students must complete the prerequisites to the courses within the Required Courses area as follows OR receive permission of the Program Director:

CIS105 Survey of Computer Information Systems 3+
BPC170 A+ Exam Prep: Computer Hardware Configuration and Support (3) AND+
BPC270 A+ Exam Prep: Operating System Configuration and Support (3) OR
MST150++ Any Windows Operation Course (3) 3-6
CIS126DL Linux Operating System (3) OR
CIS126RH Red Hat System Administration I (3) 3+
CIS190 Introduction to Networking (3) OR
CNT140AB Introduction to Networks (3) 3

Students also have the option to complete the full CCL in this program, VMware Network Administrator (major code 5032), that includes the prerequisites and required courses.

Required Courses Credits: 3
CIS197 VMware ESXi Server Enterprise 3

Certificate of Completion (CCL) in VMware Network Administrator

Associate in Applied Science (AAS) in Journalism and New Media Studies

Total Credits: 62-68
Major Code: 3120

Description
The Associate in Applied Science (AAS) in Journalism and New Media Studies program is designed to provide students with general, practical and marketable skills that will enable them to seek entry-level employment in various media outlets, including: newspapers, magazines, community journals, online websites, radio and television. The program includes development of a portfolio that will exhibit students’ abilities to write both news and feature stories. News judgment is also integrated as a critical component of the program. An awareness of global and cultural differences also forms a key element of this degree for the successful graduate. The curriculum combines coursework in journalism with a General Education component.

Program Notes
Students must earn a grade of ‘C’ or better for all courses within the program.

There are additional university transfer options within this pathway. Students should speak with the program director or an academic advisor to identify the best option to meet their academic and career goals.

Certificate of Completion (CCL) in Early Childhood Education

Total Credits: 36
Major Code: 5056

Description
The Certificate of Completion (CCL) in Early Child-
hood Education program is designed to prepare students for employment as early childhood teachers in a variety of educational programs. Students learn effective teaching skills as they apply developmentally appropriate early childhood educational theory in the classroom setting. Courses have been selected with a focus on developing an educational career ladder. An Associate in Applied Science (AAS) in Early Childhood Education is also available and includes additional early childhood electives and general education classes to broaden the student's base of knowledge.

Program Notes
Students must earn a grade of ‘C’ or better for all courses within the program.

For some employment and field experiences (including internship courses), students will be required to have a current Identity Verified Print (IVP) Fingerprint Clearance Card and a current TB vaccination.

This program replaces: CCL/5016 Early Childhood Education, CCL/5356 Early Childhood Education and Administration: Birth through Age Five, CCL/5358 Early Care Specialist, CCL/5374 Early Childhood Education.

Certificate of Completion (CCL) in Foundations of Early Childhood Education

Total Credits: 18-19  
Major Code: 5054

Description
The Certificate of Completion (CCL) in Foundations of Early Childhood Education is designed to prepare students with foundational knowledge regarding the growth and development of the young child. Topics include cognitive and physical development of the young child, language acquisition, curriculum development, health and safety guidelines, business procedures, and family/community relationship building. This CCL is embedded (can be used to fulfill part of the requirements) in a second available CCL, Early Childhood Education. Both CCLs are embedded (can be used to fulfill requirements) in the Associate in Applied Science (AAS) in Early Childhood Education.

Program Notes
Students must earn a grade of 'C' or better for all courses within the program.

For some employment and field experiences (including internship courses), students will be required to have a current Identity Verified Print (IVP) Fingerprint Clearance Card and a current TB vaccination.

This program replaces: CCL/5016 Early Childhood Education, CCL/5714 Family Child Care Management, CCL/5715 Infant and Toddler Development.

Associate in Applied Science (AAS) in Dental Hygiene

Total Credits: 92-102.5
Major Code: 3831

Description
The Associate in Applied Science (AAS) in Dental Hygiene degree prepares students to become primary care oral health professionals. A licensed dental hygienist may provide education, assessment, diagnostic, preventive and therapeutic services, research, and administrative services that support overall health through the promotion of optimal oral health. Hygienists may be employed in general or specialty dental practice in private or public healthcare settings. The program also prepares students for university transfer.

The dental hygiene program offers a rigorous, intensive, science-based curriculum. Students will provide services in clinical settings and will develop a commitment to the community through enrichment experiences serving diverse populations. Successful students will develop and demonstrate critical thinking, as well as ethical and professional behaviors required by the field.

Applicants should possess hand-eye coordination, manual dexterity, and attention to detail. Students in an MCCCD Dental Hygiene program will be exposed to blood-borne pathogens and infectious diseases. The program strictly adheres to established policies and procedures regarding infection control as recommended by the Centers for Disease Control and Prevention, American Dental Association, the Organization for Safety and Asepsis Procedures, and the Occupational Safety and Health Administration.

The Commission on Dental Accreditation of the American Dental Association (211 E. Chicago Ave., Suite 1900, Chicago, IL 60611-2637; (312) 440-4653) grants accreditation to the Phoenix College, Rio Salado College, and Mesa Community College programs. The Commission is a specialized accrediting body recognized by the United States Department of Education. Graduates are eligible for board examinations and licensure in all fifty states.

Program Notes
Students must earn a grade of ‘C’ or better in all courses in the program.

Students must complete the Basic Science courses with a GPA of 3.5 or better and General Education courses with a GPA of 3.25 or better as indicated in the Program Prerequisites.

Basic Science courses must have been completed within the last five years upon application submission or as determined by the Program Director.

Students must earn a grade of 75% or better in the Required Courses area within the core program.

Students should consult with an advisor prior to applying to the program.

For students pursuing a Concurrent Enrollment Program (CEP) or to complete an AGEC-A: MHL155 and PHI213 are recommended for the Humanities, Arts and Design area for a total of 6 credits in this area.

**Associate in Applied Science (AAS) in Exercise Science: Health, Fitness and Sports Performance**

**Total Credits: 63-74.5**  
**Major Code: 3059**

**Description**  
The Associate in Applied Science (AAS) in Exercise Science: Health, Fitness and Sports Performance program prepares students for the American College of Sports Medicine (ACSM), National Strength and Conditioning Association (NSCA), National Academy of Sports Medicine (NASM) and the American Council on Exercise (ACE) personal trainer certifications. The curriculum is designed to prepare students for employment in entry-level positions such as personal training within health and fitness clubs, wellness centers, and public and private recreation facilities. This curriculum also provides good preparation for transfer to a four-year bachelor program.

### Program Notes
Students must earn a grade of ‘C’ or better required for all courses within the program.

**Certificate of Completion (CCL) in Nurse Assisting**

**Total Credits: 2-4.5**
**Major Code: 5963N**

**Description**
The Certificate of Completion (CCL) in Nurse Assisting prepares students for employment as a nurse assistant. The program combines classroom instruction with clinical laboratory practice and long-term care and/or acute care experiences. Students who complete the program are eligible to take a written and practical certification examination if desired to meet employment requirements to be a nurse assistant. Certification/licensing requirements are the exclusive responsibility of the Arizona State Board of Nursing.

The MCCCD Nurse Assisting program is approved by the Arizona State Board of Nursing.

**Waiver of Licensure/Certification Guarantee:**
Admission or completion from the MCCCD Nurse Assisting program does not guarantee obtaining a license or certificate to practice as a nurse assistant. Licensure and certification requirements and the subsequent procedures are the exclusive right and responsibility of the Arizona State Board of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college of school requirements for graduation.

Pursuant to A.R.S. ? 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot process your application.

All nurse assistant applicants for certification will be fingerprinted to permit the Department of Public Safety to obtain state and federal criminal history information. All applicants with a positive history are investigated. If there is any question about eligibility for licensure or certification, contact the nursing education consultant at the Arizona State Board of Nursing (602-899-5150).

**Health Declaration:**
It is essential that students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. The clinical
nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients’ lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application.

Health and Safety Requirements for MCCCD Nurse Assisting Program:

1. Students must meet and maintain health and safety requirements throughout the program.

2. Admission to a Maricopa County Community College District health program requires that students be in compliance with the MCCCD Supplemental Background Check Policy. Evidence of a current Arizona Department of Public Safety Level One Fingerprint Clearance Card is required for program application.

3. Negative urine drug screen.

Grade Requirements:
Student must obtain a ‘C’ grade or better in all courses.

University Transfer Students:
For students planning a university program:
Students who are planning to earn the Bachelor of Science in Nursing may obtain their prerequisite courses at Maricopa Community Colleges. For information on courses that meet requirements for admission into a baccalaureate program, please contact a program advisor.

THE NURSE ASSISTING PATHWAY
The nurse assisting pathway is designed to prepare students to complete the Nurse Assistant certification/licensure through the Arizona State Board of Nursing to practice in a health care agency as a nurse assistant. Completion of the Nurse Assistant program of study provides job ready skills as a nurse assistant.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of ‘C’ or better in all courses within the program.

Admission Criteria
Application and acceptance into the program, high school graduate or GED, and meet current health and safety course requirements.

Description
The Associate in Applied Science (AAS) in Nursing Program is available at eight of the Maricopa Community Colleges. Clinical experiences are provided in a variety of healthcare settings. Nursing Program graduates are eligible to apply for the national exam for the registered nurse license. Licensing requirements are the exclusive responsibility of the State Board of Nursing.

The Associate in Applied Science (AAS) Nursing
Program is approved by the Arizona State Board of Nursing and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326; (404.975.5000); email: info@acennursing.org.

Program offerings:
This program is offered at the following sites:
Chandler-Gilbert Community College
Estrella Mountain Community College
GateWay Community College
Glendale Community College
Mesa Community College
Paradise Valley Community College
Phoenix College
Scottsdale Community College

Waiver of Licensure/Certification Guarantee:
Admission or graduation from the Nursing Program does not guarantee obtaining a license to practice nursing. Licensure requirements and the subsequent procedures are the exclusive right and responsibility of the Arizona State Board of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college or school requirements for graduation.

Pursuant to A.R.S. 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot process your application.

Level One Fingerprint Clearance is required for admission into the program. Applicants must present a Level One Fingerprint Clearance Card to be copied by the advisor or designee. For a Department of Public Safety Fingerprint Clearance Card application, contact MCCCD Healthcare/Nursing Advisor. If there is any question about eligibility for licensure or certification, contact the nursing education consultant at the Arizona State Board of Nursing (602.771.7800).

Health Declaration:
It is essential that nursing students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. Students who have a chronic illness or condition must be maintained on current treatment and be able to implement direct patient care. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients’ lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application. All must provide documentation of compliance with all health and safety requirements required to protect patient safety. Only students in compliance are permitted to enroll in nursing courses. Students will meet these requirements by providing the required documentation for the Health/Safety Requirements Documentation Checklist and the signed Health Declaration Form.

Health and Safety Requirements for the Maricopa Nursing Program:

1. Students must submit a Health and Safety Documentation Checklist verifying completion of all requirements and maintain current status throughout the program.
2. Students must submit the Health Declaration Form signed by a licensed health care provider.

3. Students must test negative on a timed urine drug screen.

4. Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Supplemental Background Check policy. Program applications will not be accepted without a copy of an Arizona Department of Public Safety Level One Fingerprint Clearance Card. Upon conditional program admission, the student must comply with all requirements of the current MCCCD background check policy.

University Transfer Students:
Students who are planning to earn the Bachelor of Science in Nursing may obtain their prerequisite courses at the Maricopa Community Colleges. For information on courses that meet requirements for admission into a baccalaureate program, please contact a program advisor.

REGISTERED NURSE PATHWAY

Associate in Applied Science Degree in Nursing Program
The Associate in Applied Science (AAS) degree in Nursing graduate is eligible to apply for licensure as a Registered Nurse (RN). The RN is educated as a generalist who delivers health care to clients and family groups and has competencies related to the art and science of nursing. The RN may be employed in a variety of acute, long term, and community-based healthcare settings. The AAS degree in Nursing provides the graduate with an educational foundation for articulation into the university setting.

Program Notes
Students must earn a grade of ‘C’ or better in all courses required within the program.

Course Fee Information:
Please see class schedule for information regarding course fees.

MaricopaNursing is aligned with Nurse of the Future Competencies:
Patient-Centered Care, Professionalism, Leadership, Systems-Based Practice, Informatics and Technology, Communication, Teamwork and Collaboration, Safety, Quality Improvement, and Evidence-Based Practice. These competencies focus on key stakeholders of healthcare clients, colleagues and communities. Demonstration of the competencies will signify preparation for successful transition into nursing practice and further professional development.

Admission Criteria
High School diploma or GED is required for the Associate in Applied Science degree in Nursing. Applicants must signify that they meet this requirement by providing high school diploma/transcripts or GED completion OR by signing the nursing application page containing the ‘Declaration of High School Graduation or GED completion’. In some instances, high school diploma/transcripts or proof of GED completion may be required.

Formal application and admission to the program is required; all program prerequisites must be completed prior to submission of application.

A passing score on a nursing program admission test is required to complete an application. Applicants for Advanced Placement must receive a passing score on a practical nursing content exam for placement into Block 3.

The final decision rests with the Nursing Program Chair at the College to which the student is accepted.
The Nursing Program Chair reserves the right to deny acceptance of an admission application if the applicant was previously dismissed for issues relating to academic integrity, unsafe patient care, and/or two (2) or more failures from any nursing program.

All applicants holding or receiving a certificate as a Nursing Assisting and/or license as a Practical Nurse must remain in good standing with the Regulatory Board. Once enrolled, students receiving any disciplinary actions against their certificate or license must notify the Nursing Program Chair within five (5) school days. The Nursing Program Chair reserves the right to restrict the student’s participation in clinical experiences and involvement in patient care until the certificate and/or license is valid and unrestricted.

**Certificate of Completion (CCL) in Nursing Refresher**

**Total Credits: 10**

**Major Code: 5739N**

**Description**

The Certificate of Completion (CCL) in Nursing Refresher program provides registered nurses with
a review and update of nursing theory and practice. The goal of the program is to update and refine theoretical and practical nursing knowledge and facilitate the nurse’s transition back into professional practice. The Nursing Refresher program is approved by the Arizona State Board of Nursing. Successful program completion satisfies the Arizona State Board of Nursing RN license renewal requirement for applicants who do not meet the practice mandate as stated in The Nurse Practice Act, R4-19312 (B).

Health Declaration:
It is essential that Nursing Refresher students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients’ lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application.

Program Notes
Students must earn a grade of ‘C’ or better for all courses within the program. This program is not eligible for Title IV Federal Financial Aid. Massachusetts Nurse of the Future Core Competencies are integrated into the student learning outcomes/program competencies.

Course Fee Information:
Please see class schedule for information regarding course fees.

Admission Criteria
Formal application and admission to the program is required. All applicants must have an active or inactive Registered Nurse (RN) license that is eligible for renewal per Regulatory Board requirements or has successfully passed the RN licensing examination, but has never worked as a registered nurse. All applicants must be eligible for issuance of an active or temporary registered nurse license. All applicants must be in good standing with the Regulatory Board. RN’s with restricted licenses are not eligible for the program. Once enrolled, students receiving any disciplinary actions against their license must notify the Nursing Program Chair within five (5) school days. The Nursing Program Chair reserves the right to restrict the student’s participation in clinical experiences and involvement in patient care until the license is valid and unrestricted.

Health and Safety Requirements for the Nursing Refresher Program:

1. Students must submit a Health and Safety Documentation verifying completion of all requirements and maintain current status throughout the program.
2. Students must submit the Health Declaration Form signed by a licensed health care provider.
3. Students must test negative on a timed urine drug screen.
4. Students must provide a copy of their current and valid Level One Finger Print Clearance Card upon application.

Associate in Applied Science (AAS) in Paramedicine

**Total Credits: 63-75**
**Major Code: 3889**

**Description**
The Associate in Applied Sciences (AAS) in Paramedicine is a nationally accredited program designed to prepare students to become Paramedics. This program is a formal education in such paramedicine topics as anatomy and physiology, pathophysiology, cardiology, pulmonary, pharmacology, pediatrics, geriatrics hematology, toxicology. Paramedicine builds upon EMT education and includes paramedic scope of practice. Paramedicine is integrated with fire service, law enforcement, ground transport services, flight transport services, search and rescue, hospitals, clinical setting, community paramedicine, and EMS education. There is a Certificate of Completion (CCL) in Paramedicine available.

**Program Notes**
Students must earn a grade of ‘B’ or better in all PME courses required within the program.

This program replaces: AAS/3065 Advanced Emergency Medical Technology, AAS/3112 Emergency Response and Operations.

**Admission Criteria**
Students must be current and in good standing with the Arizona Department of Health Services Bureau of Emergency Medical Services-Certified as an Emergency Medical Technician. EMT certification preparatory courses are available at Maricopa County Community Colleges. Contact an academic advisor for details.

Students must complete an application and selection process.

Certificate of Completion (CCL) in Personal Trainer:

Total Credits: 18-18.5  
Major Code: 5421

Description

The Certificate of Completion (CCL) in Personal Trainer is designed to provide students with the foundational skills needed to design and implement fitness routines appropriate to clients’ goals and aligned with current industry best practices. The curriculum for this certificate fosters the development of critical thinking, leadership, and communication skills important for developing and implementing individualized exercise programs. A CCL in Personal Training: Advanced and an Associate in Applied Science (AAS) in Exercise Science: Health, Fitness, and Sports Performance are also available for students interested in continuing their studies in this field.

Program Notes

Students must earn a grade of ‘C’ or better for all courses required within the program.

Certificate of Completion (CCL) in Personal Trainer: Advanced

Total Credits: 31-31.5
Major Code: 5445

Description
The Certificate of Completion (CCL) in Personal Trainer: Advanced is designed to prepare students for the American College of Sports Medicine (ACSM), National Strength and Conditioning Association (NSCA), National Academy of Sports Medicine (NASM), and the American Council on Exercise (ACE) personal trainer certifications. These certifications are generally required for employment in personal training positions and/or professional advancement within the fitness industry. The curriculum includes the foundational courses required for the CCL in Personal Trainer coupled with some additional advanced and specialized courses.

Certificate of Completion (CCL) in Tactical Emergency Casualty Care

Total Credits: 2.5
Major Code: 5998N

Description
The Certificate of Completion (CCL) in Tactical Emergency Casualty Care is designed to provide the knowledge, skills and ability to synthesize standard of care and expanded scope of practice with comprehensive assessment, diagnostic technology, patient advocacy, ethical and professional behaviors, to practice patient-centered evidence-based paramedicine in the tactical emergency setting. This certificate prepares students for a tactical emergency casualty care paramedic credential.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.
Students must earn a grade of ‘C’ or better in all courses required within the program.

Admission Criteria
Current state Paramedic certification.

### Associate in Applied Science (AAS) in Electronics Engineering Technology

**Total Credits: 61-65**  
**Major Code: 3224**

**Description**  
The Associate in Applied Science (AAS) in Electronics Engineering Technology is designed to give students a foundation of experience important in engineering assistants, field engineers, prototype designers, specification writers, technical representatives, and in other positions in organizations that specialize in electronic design, manufacturing, service, and development. Students with this degree may work in industries that include, but are not limited to, aerospace, biotechnology, communications, entertainment, industrial, medical, power, semiconductor, and transportation. The Electronics Engineering Technology program is designed to enable industry employment while still providing transfer credits to a four year engineering program.

Certificate of Completion (CCL) in Landscape Aide

Total Credits: 13-16
Major Code: 5069N

Description
The Certificate of Completion (CCL) in Landscape Aide program emphasizes the basic skills of Plant Science and Plant Identification, incorporating...
these skills into the practical study of Landscape Design and Construction. The program is designed to prepare students to become employed as technicians, salespeople and supervisors in nurseries or landscape design/build firms. Students may continue their studies with the Certificate of Completion in Landscape Specialist program. In addition, the program prepares students for jobs with government agencies or other agencies involved with the technical phases of the Landscape Horticulture industry.

Program Notes
This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of ‘C’ or better for all courses within the program.

Required Courses  Credits: 13-16
AGL181 Landscape Construction Techniques 3
AGL189 Landscape Design I 3
AGS164 Plant Growth and Development 4
AGS183 Urban Plant Identification and Use 3

Associate in Applied Science (AAS) in Landscape Horticulture

Total Credits: 62-68
Major Code: 3030

Description
The Associate in Applied Science (AAS) in Landscape Horticulture program helps prepare students for careers as gardeners, technicians, supervisors, managers, or business owners in wholesale or retail nurseries, florists, landscape design and construction operations, or landscape management companies. In addition, the program helps prepare students for careers with local, state, and federal government agencies involved with the technical phases of the Landscape Horticulture industry.

Program Notes
Students must earn a grade of ‘C’ or better in all courses within the program.

### Description
The Certificate of Completion (CCL) in Animation develops knowledge and skills in the area of digital animation, including but not limited to the production of still and time-based media, animation techniques, narrative development, character design, compositing, motion graphics, and interactive design. The curriculum is designed to provide the student with an understanding of animation techniques, use of production equipment, animation terminology, media and interactivity applications, and industry practices. This certificate prepares students for employment and upgrades the skills of persons employed in occupations such as digital animators, media producers, storyboard artists, media artist/designers, and interaction designers. Certificates of Completion (CCL) in Video Game Production, and Associate in Applied Science (AAS) degrees in Animation and Time-Based Media and Video Game Production, are also available.

### Program Notes
Students must earn a grade of ‘C’ or better for all courses required within the program.

This CCL is designed for individuals who already have a degree or relevant experience in the field or who are currently employed in the field.

This program replaces: CCL/5408 Media Arts: Digital Animation

Introduction to archaeology through discoveries and the researchers who made them. Emphasis on methods of archaeological fieldwork and what these discoveries reveal about humanity, including the nature of archaeological inquiry, the development of human social groups, the changing role of religion in evolving societies, the origins of agriculture, the origins of settled life ways, the rise of cities and complex societies, political strife across different cultures and the forces which fragment societies. Examples drawn from Africa, Asia, Europe, the Pacific Islands, and Australia. Prerequisites: None.

**ASB223 Buried Cities and Lost Tribes: New World**  
G, H, HU, SB  
3 Credits 3 Periods  
Introduction to archaeology through discoveries and the researchers who made them. Emphasis on methods of archaeological fieldwork and what these discoveries reveal about humanity, including the nature of archaeological inquiry, the development of human social groups, the changing role of religion in evolving societies, the origins of agriculture, the origins of settled life ways, the rise of cities and complex societies, political strife across different cultures and the forces which fragment societies. Examples drawn from North America, Central America, and South America. Prerequisites: None.

**ASB231 Archaeological Field Methods**  
SG  
4 Credits 6 Periods  
Excavation of an archaeological site; recording and interpreting data collected during the field experience. Overview of the cultures concerned; contemporary issues in archaeology. Prerequisites: None.

**ASB252 Sports and Culture**  
G, SB  
3 Credits 3 Periods  
Cross-cultural examination of symbolic and social dimensions of sports, past and present. Prerequisites: None.

**ASB253 Death and Dying Across Cultures**  
G, HU  
3 Credits 3 Periods  
Responses to death and dying in cultures around the world. Explanations for particular cultural responses to death and dying. Examples drawn from ancient and contemporary cultures. Prerequisites: None.
ASB282AA Service-Learning Experience in Anthropology
1 Credit  1 Period
Unpaid Service-Learning (SL) experience, completed with approved community partner. ASB282AA may be repeated for a total of six (6) credit hours. Standard grading available according to procedures outlined in catalog. Prerequisites: Permission of Instructor.

ASB298AA Special Projects
1 Credit  1 Period
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

Arabic

ARB101 Elementary Arabic I
G
5 Credits  5 Periods
Introduction to the basic alphabet, grammar, pronunciation and vocabulary of the Arabic language. Listening, speaking, reading and writing skills. Prerequisites: None.

ARB102 Elementary Arabic II
4 Credits  5 Periods
A continuation of ARB101. Continued study of grammar and vocabulary, with emphasis on pronunciation and speaking skills.

Architecture

ARC250 Basic Revit
3 Credits  6 Periods
Basic skills required to complete architectural drawings with Revit software; simplified overview of the software program and operations gained through completing typical plan, elevation, sectional, and 3D views, using generic walls and related components. Prerequisites: None. ARC141, or previous AutoCAD/industry experience recommended. ARC/INT250 may be repeated for a total of six (6) credit hours.

ARC251 Intermediate Revit
3 Credits  6 Periods
Comprehensive use of Revit Design Development tools through the development of 3-D model(s) in working drawing and rendered formats. Includes completing a set of construction documents from creating walls, incorporating doors, windows, floor, stairs, etc., to adding views and annotation to various sheets and coordinating those sheets within the finished set. Prerequisites: None. ARC250 or previous architectural and CAD experience strongly recommended. ARC251 may be repeated for a total of six (6) credit hours.

ARC265 Sketchup I: Introduction to Sketchup
3 Credits  6 Periods
Provides students with introductory level instruction utilizing Sketchup rendering software for school and workplace applications. Addresses basic drawing/rendering commands, accessing external drawing files, and plotting through the creation of both
three-dimensional schematic and rendered interior and exterior building views. Prerequisites: None. Previous CAD experience recommended but not required. ARC265/INT251 may be repeated for a total of six (6) credit hours.

Art

ART100 Introduction to Digital Arts
1 Credit 2 Periods
Foundation course in digital arts and design, with emphasis in the production of art using the computer. Prerequisites: None.

ART111 Drawing I
3 Credits 6 Periods
Fundamental principles of drawing. Emphasis on composition and facility in objective and expressive representation, using variety of drawing media. Prerequisites: None.

ART112 Two-Dimensional Design
3 Credits 6 Periods
Study of fundamental elements and principles of two-dimensional design. Prerequisites: None.

ART113 Color
3 Credits 6 Periods
Investigation seeking visual solutions to a variety of problems concerning color in two and three dimensions and modes of color appearances, including light and effects in design and theory of design. Prerequisites: None.

ART115 Three-Dimensional Design
3 Credits 6 Periods
Fundamental principles of three-dimensional design. Prerequisites: None.

ART116 Life Drawing I
3 Credits 6 Periods
Use of form, structure and anatomy of draped and undraped human figure to develop basic principles of sound draftsmanship. Prerequisites: None.

ART117 Life Drawing II
3 Credits 6 Periods
Further study of form, structure, and anatomy of the draped and undraped human figure with emphasis on composition. Prerequisites: ART116.

ART118 Art Anatomy
3 Credits 6 Periods
Artistic study of the concept of anatomical unity. Principle skeletal and muscular structures affecting surface form of the human figure. Includes drawing project, portfolio, and tests. Prerequisites: A grade of ‘C’ or better in ART116 or permission of Instructor.

ART122 Drawing and Composition II
3 Credits 6 Periods
Emphasis on composition and exploration of drawing media. Prerequisites: A grade of ‘C’ or better in ART111.

ART131 Photography I
HU
3 Credits 6 Periods
Basic photographic principles and techniques. Basic camera functions and controls. Experience in the image-making process by creating and editing photographs for various display environments. Introduction to the photographic aesthetic and photography’s role in society. Prerequisites: None. Camera required.

ART132 Photography II
3 Credits 6 Periods
Advanced camera and darkroom techniques. Aesthetic awareness with personal expression.
Prerequisites: A grade of ‘C’ or better in ART131 or permission of Instructor.

**ART133 Photography III**  
3 Credits  6 Periods  
Refinement of aesthetic and technical aspects producing convincing images of highest quality. Prerequisites: A grade of ‘C’ or better in ART132 or permission of Instructor.

**ART142 Introduction to Digital Photography**  
3 Credits  6 Periods  
Fundamentals of digital photography. Includes camera operations, exposure techniques, introduction to digital output, and theory of digital photography. Prerequisites: None. Digital camera required.

**ART143 Intermediate Digital Photography**  
3 Credits  6 Periods  
Intermediate theory and techniques of digital photography. Aesthetic awareness and personal expression from image capture through intermediate techniques in the digital darkroom. Introduction to high-resolution digital output. Semi-adjustable, high-resolution digital camera is required. Prerequisites: A grade of ‘C’ or better in ART142 or permission of Instructor.

**ART150 Digital Storytelling**  
3 Credits  6 Periods  
Enables students to find and develop their personal stories. Emphasis on the use of digital technology to create, edit, produce and archive a digital story. Prerequisites: None.

**ART161 Ceramics I**  
3 Credits  6 Periods  
Introduction to ceramic materials and techniques of hand construction, decorating, glazing and throwing on potters’ wheel. Prerequisites: None.

**ART162 Ceramics II**  
3 Credits  6 Periods  
Major emphasis on wheel throwing, glaze making and decorating techniques. Prerequisites: A grade of ‘C’ or better in ART161.

**ART165 Watercolor Painting I**  
3 Credits  6 Periods  
Transparent and Gouache watercolor painting. Prerequisites: A grade of ‘C’ or better in (ART111 and ART112), or permission of instructor.

**ART166 Watercolor Painting II**  
3 Credits  6 Periods  
Painting in water soluble media. Emphasis on individual techniques and design. Prerequisites: A grade of ‘C’ or better in ART165.

**ART167 Painting I**  
3 Credits  6 Periods  
Exploration of technical and expressive possibilities of various painting media in easel painting. Prerequisites: A grade of ‘C’ or better in (ART111 and ART112), or permission of instructor.

**ART168 Painting II**  
3 Credits  6 Periods  
Continued refinement of painting skills and investigation of new possibilities in painting. Prerequisites: A grade of ‘C’ or better in ART167 or permission of Instructor.

**ART169 2D Media Design**  
3 Credits  6 Periods  
Generation of two-dimensional (2D) images, designs, and media using digital and traditional methods of visual problem solving. Understanding digital and design-based techniques and workflows. A grade of ‘C’ or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.
ART177 Digital Photographic Imaging I  
3 Credits  6 Periods  
Introduction to multiple elements of digital imaging. Basic foundation in photographic manipulation of images, with special attention to aesthetic foundations underlying photographic composition. A grade of ‘C’ or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.

ART178 Digital Arts Studies  
3 Credits  6 Periods  
Designed for broad overview of the digital arts. Experience in digital based media, creative problem solving, design and aesthetics. Prerequisites: A grade of ‘C’ or better in ART100 or permission of Instructor.

ART183 Digital Graphic Arts I  
3 Credits  6 Periods  
Graphic design use in microcomputer; black and white graphics, standard and color brushes, lines, shapes, area fills and fonts. Application to illustration, advertising graphics, typography, and video interaction. A grade of ‘C’ or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.

ART184 Digital Animation I  
3 Credits  6 Periods  
The art of animation (animated sequences, special effects, titles, etc.) using the computer. Construction characters, background graphics, color, scaling, storyboard, cells, timing, editing, and surface rendering. Screening and discussion of selected animated short films and videos. Prerequisites: A grade of ‘C’ or better in (ART111 or ART116) or permission of Instructor. Corequisites: ART100 or permission of Instructor.

ART185 3D Modeling and Animation I  
3 Credits  6 Periods  
Basic concepts of 3D modeling. Anatomy of computer geometry; basic elements that make computer models-curves, surfaces, non-uniform rational basis spline (NURBS), and polygons. 3D translation, shading, materials, and rendering. A grade of ‘C’ or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.

ART200 Animation and Interactivity  
3 Credits  6 Periods  
Animation and object-oriented programming concepts and techniques using industry standard authoring tools applied by the creative industry to animation productions, and interactive media. Introduction to animation and object-oriented programming concepts and techniques using industry standard authoring tools. Includes tools used by the creative industry for animation productions and interactive media. Prerequisites: A grade of ‘C’ or better in ART100 or permission of Instructor.

ART202 Digital Arts Survey  
3 Credits  6 Periods  
Designed for broad overview of the digital arts. Experience in digital based media, creative problem solving, design and aesthetics. Prerequisites: A grade of ‘C’ or better in ART100 or permission of Instructor.

ART211 Drawing and Composition III  
3 Credits  6 Periods  
Advanced development of drawing skill with emphasis on compositional theory. Prerequisites: A grade of ‘C’ or better in ART122 or permission of Instructor.

ART216 Life Drawing III  
3 Credits  6 Periods  
Advanced creative study from model in various painting and drawing media. Prerequisites: A grade of ‘C’ or better in ART117 or permission of Instructor.
ART217 Life Drawing IV
3 Credits 6 Periods
Further development of skills in expressive drawing materials and techniques as applied to finished drawings of the human form. Prerequisites: A grade of ‘C’ or better in ART216 or permission of Instructor.

ART222 Drawing and Composition IV
3 Credits 6 Periods
Further study of drawing techniques with emphasis on individual problems and techniques. Prerequisites: A grade of ‘C’ or better in ART211 or permission of Instructor.

ART250 Introduction to Printmaking
3 Credits 6 Periods
Introduction to concepts and techniques involved in Fine Art field of Printmaking. Deals with three most basic Printmaking modes of Serigraphy, Woodcut, and Monoprinting in first part of course. Overview of Etching, Lithography and Papermaking in second part of course. Prerequisites: A grade of ‘C’ or better in ART111 and ART113.

ART255 Art Marketing
3 Credits 3 Periods
Career goals, presentation of artist and art work (portfolio, resume, business cards, catalog), pricing and selling works, networking, establishing a studio, promotion and publicity, writing press releases, proposal writing, business ethics, artist rights, copyright law, contracts and agreements, royalties, record keeping, and communication skills. Prerequisites: None.

ART261 Ceramics III
3 Credits 6 Periods
Emphasis on wheel throwing skill and individual style development. Prerequisites: A grade of ‘C’ or better in ART162 or permission of Instructor.

ART262 Ceramics IV
3 Credits 6 Periods
Experimental work in clays and glazes. Prerequisites: A grade of ‘C’ or better in ART261.

ART263 Figure Painting
3 Credits 6 Periods
Study of the nude and clothed figure in painting with special attention upon relevant color palettes, direct and indirect figurative painting techniques, and development of anatomical knowledge and compositional structure. Students will draw upon both historical and contemporary modes of depicting the figure to develop a personalized approach to figure painting. Live models, photographs, drawings, “Planes of the Head” models, and the studio skeleton will be used as the basis of projects. Previous experience drawing from the live model recommended. Oil paint is the preferred medium but students may work in other painting media if they have previous experience. ART263 may be repeated for credit. Prerequisites: A grade of ‘C’ or better in ART167 or permission of Instructor.

ART265 Watercolor Painting III
3 Credits 6 Periods
Continuation of watercolor painting with emphasis on control and expression. Prerequisites: A grade of ‘C’ or better in ART166 or permission of Instructor.

ART266 Watercolor Painting IV
3 Credits 6 Periods
Advanced problems directed toward more personal expression. Prerequisites: A grade of ‘C’ or better in ART265.

ART267 Painting III
3 Credits 6 Periods
Development of materials and techniques of painting. Individual problem-solving.
Prerequisites: A grade of ‘C’ or better in ART168 or permission of Instructor.

**ART268 Painting IV**  
3 Credits  6 Periods  
Advanced problem in painting. Study with greater emphasis on personal expression. Prerequisites: A grade of ‘C’ or better in ART267 or permission of Instructor.

**ART270 Digital Photographic Imaging II**  
3 Credits  6 Periods  
Intermediate digital photographic imaging techniques. Refinement of aesthetic awareness and personal expression. A grade of ‘C’ or better required in all Prerequisites. Prerequisites or Corequisites: ADA/ART177.

**ART274 Digital Photographic Imaging III**  
3 Credits  6 Periods  
Advanced digital photographic imaging techniques. Advanced manipulation techniques of photographic images and time-based media. Continued development of aesthetic awareness and personal expression. A grade of ‘C’ or better required in all Prerequisites. Prerequisites or Corequisites: ART270.

**ART277 Textiles I**  
3 Credits  6 Periods  
Introduction to exploration of textile media. Prerequisites: A grade of ‘C’ or better in ART112 or permission of Instructor.

**ART283 Computer Aided Graphic Arts II**  
3 Credits  6 Periods  
Advanced skill development of graphic design through use of microcomputer. Emphasis on computer design and techniques for producing all types of camera-ready advertising art for printed matter and package design. Includes illustration, typography, photo imaging, and color separation.

**ART284 Digital Animation II**  
3 Credits  6 Periods  
Elements of electronic animation with interactive text graphics, photography, sound, film, and video construction. Prerequisites: A grade of ‘C’ or better in ADA/ART/MMT184 or permission of Instructor.

**ART285 3D Modeling and Animation II**  
3 Credits  6 Periods  
3D-Character modeling and animation for multimedia, film, broadcast, video games and interactive entertainment. Character motion, editing, and blending electronic with traditional techniques. Prerequisites: A grade of ‘C’ or better in ADA/ART/MMT184 or ART180AC. Corequisites: ART116 or permission of Instructor.

**ART287 3D Character Animation**  
3 Credits  6 Periods  
3D-Character modeling and animation for multimedia, film, broadcast, video games and interactive entertainment. Character motion, editing, and blending electronic with traditional techniques. Prerequisites: A grade of ‘C’ or better in ADA/ART/MMT184 or ART180AC. Corequisites: ART116 or permission of Instructor.

**ART289 Computer Illustration**  
3 Credits  6 Periods  
Introduction to the multiple elements of commercial illustration using the microcomputer. Basic foundation in the use of computer techniques including color paint and draw programs for the production of commercial illustrations for publications and printed matter. Use of and output devices. A grade of ‘C’ or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.
ART290AA Studio Art
1 Credit  2 Periods
Studio course for art majors allowing continuation in a subject field. ART290AA may be repeated for credit. Prerequisites: Permission of Instructor.

ART290AC Studio Art
3 Credits  6 Periods
Studio course for art majors allowing continuation in a subject field. ART290AC may be repeated for credit. Prerequisites: Permission of Instructor.

ART295GB Art Workshop/Seminar: Ceramics
2 Credits  4 Periods
Advanced level workshop seminar in art disciplines. Prerequisites: Minimum of three (3) credits introductory and three (3) credits intermediate level courses in specific field or permission of Department or Division Chair.

ART298AA Special Projects
1 Credit  1 Period
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

ART298AB Special Projects
2 Credits  2 Periods
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

ARH100 Introduction to Art
HU
3 Credits  3 Periods
Understanding and enjoyment of art and visual culture through study of two-dimensional and three-dimensional works of art, design elements, media and processes, and cultural contexts. Emphasis on contemporary topics and cultural diversity in the arts. Prerequisites: None.

ARH101 Prehistoric Through Gothic Art
H, HU
3 Credits  3 Periods
History of art from prehistoric through medieval period. Prerequisites: None.

ARH102 Renaissance Through Contemporary Art
H, HU
3 Credits  3 Periods
History of art from around the world from the Renaissance through contemporary period. Prerequisites: None.

ARH112 History of Modern Art
H, HU
3 Credits  3 Periods
Development of and significant aspects of modern art since the mid-nineteenth century. Emphasis on modern art’s relationship to socio-political and
aesthetic developments, new media and the rise of mass culture. Prerequisites: None.

**ARH115 History of Photography**  
HU  
3 Credits  3 Periods  
Survey of history of photography from beginning to present. Emphasizes medium’s impact upon society and other visual arts. Technical developments, aesthetic concerns, and individual photographers studied. Prerequisites: None.

**ARH201 Art of Asia**  
G, H, HU  
3 Credits  3 Periods  
Introduction to the origins and historic development of art in Asia, with emphasis on China, Japan, and India. Prerequisites: None.

## Astronomy

**AST106 Life in the Universe**  
SQ  
4 Credits  3 Periods  
Introduction to the search for life in the universe for the non-science major. Earth’s location in space and time, nature of life, light and the spectrum, origin and history of the universe, origin of life on Earth and the possibility of life on other planets. Prerequisites: A grade of ‘C’ or better in MAT090 or MAT091 or MAT092 or completion of higher level mathematics course, or satisfactory placement.

**AST111 Introduction to Solar System Astronomy**  
4 Credits  3 Periods  
SQ  
Introduction to astronomy for the non-science major. The scientific method, properties of light, astronomical instruments, our Solar System and solar systems around other stars. Includes hands-on astronomical observations and laboratory exercises. Prerequisites: A grade of ‘C’ or better in MAT092 or higher, or satisfactory district placement.

**AST112 Introduction to Stars, Galaxies, and Cosmology**  
4 Credits  3 Periods  
SQ  
Introduction to astronomy for the non-science major. Structure and evolution of stars; supernovae, black holes, and quasars; nebulae; star clusters; galaxies; cosmology, including the birth and death of the universe. Note that AST111 is not a prerequisite for this course. Prerequisites: A grade of ‘C’ or better in MAT092 or higher, or satisfactory district placement.

**AST113 Introduction to Solar System Astronomy Laboratory**  
1 Credit  3 Periods  
Hands-on astronomical observations and exercises to supplement AST111. AST113 is a course intended for those students who have previously completed the corresponding lecture course. Current MCCCD students should enroll in AST111 only. Prerequisites: A grade of ‘C’ or better in AST111 and permission of Instructor or Department or Division.

**AST114 Introduction to Stars, Galaxies, and Cosmology Laboratory**  
1 Credit  3 Periods  
Hands-on astronomical observations and exercises to supplement AST112. AST114 is a course intended for those students who have previously completed the corresponding lecture course. Current MCCCD students should enroll in AST112 only. Prerequisites: A grade of ‘C’ or better in AST112 and permission of Instructor or Department or Division.
AST282AA Service-Learning Experience in Astronomy
1 Credit 1 Period
Unpaid Service-Learning (SL) experience, completed with approved community partner. AST282AA may be repeated for a total of six (6) credit hours. Standard grading is available according to procedures outlined in catalog. Prerequisites: Permission of Instructor.

AST294AB Special Topics in Astronomy
1 Credit 1 Period
Conceptual, experimental, and computational aspects of a special topic in astronomy. AST294AB may be repeated for credit. Prerequisites: Permission of Department or Division.

Biology

BIO100 Biology Concepts
SQ
4 Credits 3 Periods
Introductory course covering basic principles and concepts of biology. Methods of scientific inquiry and behavior of matter and energy in biological systems are explored. Prerequisites: None. Field trips may be required at students’ expense.

BIO105 Environmental Biology
SQ
4 Credits 3 Periods
Fundamentals of ecology and their relevance to human impact on natural ecosystems. Field trips may be required at students’ expense. Prerequisites: None.

BIO108 Plants and Society
SQ
4 Credits 3 Periods
A global study of plants in relation to humans; as a source of food, fiber, drugs, and other products; for aesthetic value, survival, and energy. Prerequisites: None.

BIO145 Marine Biology
SG
4 Credits 3 Periods
A survey of marine environments and their biotic communities with emphasis on the natural history of marine organisms. Prerequisites: None.

BIO149SV Field Biology: Ecological and Environmental Field Experience
1 Credit 1.3 Periods
Field expeditions in which ecological and environmental principles and concepts are observed and studied. Prerequisites: None. BIO149SV may be repeated for a total of eight (8) credit hours.

BIO160 Introduction to Human Anatomy and Physiology
SQ
4 Credits 3 Periods
Principles of scientific method. Structural organization, homeostasis and control mechanisms of the body. Specific chemistry concepts. Structure and function of the major systems of the body. Prerequisites: None.

BIO181 General Biology (Majors) I
SQ
4 Credits 3 Periods
The study and principles of structure and function of organisms at the molecular and cellular levels. A detailed exploration of the chemistry of life, the cell, and genetics. Prerequisites: A grade of ‘C’ or better in RDG100, or RDG100LL, or higher, or eligibility for CRE101. One year of high school or one semester
of college-level biology and chemistry is strongly recommended.

**BIO182 General Biology (Majors) II**

*SG 4 Credits 3 Periods*

The study and principles of structure and function of living things at cellular, organismic, and higher levels of organization. A detailed exploration of the mechanisms of evolution, biological diversity, biology of organisms, and ecology. BIO182 may require field trips. Prerequisites: A grade of ‘C’ or better in BIO181 or BIO181XT.

**BIO201 Human Anatomy and Physiology I**

*SG 4 Credits 3 Periods*

Study of structure and function of the human body. Topics include cells, tissues, integumentary system, skeletal system, muscular system, and nervous system. Prerequisites: ‘C’ or better in (BIO156, or BIO156XT, or BIO181, or BIO181XT, or 1 yr of high school biology) and (RDG100, or RDG100LL, or higher, or eligibility for CRE101). CHM130 or higher or one year of high school chemistry suggested but not required.

**BIO202 Human Anatomy and Physiology II**

*SG 4 Credits 3 Periods*

Continuation of structure and function of the human body. Topics include endocrine, circulatory, lymphatic, respiratory, digestive, urinary, and reproductive systems; and fluid and electrolyte balance. Prerequisites: A grade of ‘C’ or better in BIO201 or BIO201XT.

**BIO205 Microbiology**

*SG 4 Credits 3 Periods*

Study of microorganisms and their relationship to health, ecology, and related fields. Prerequisites: ‘C’ or better in (BIO156, or BIO156XT, or BIO181, or BIO181XT, or 1 yr of high school biology) and (RDG100, or RDG100LL, or higher, or eligibility for CRE101). CHM130 or higher or one year of high school chemistry suggested but not required.

**BIO240 General Genetics**

*4 Credits 4 Periods*

Intensive introduction to the field of genetics including historical perspective, Mendelian insights and patterns of inheritance, exceptions to expected Mendelian ratios, quantitative genetics, non-Mendelian inheritance, pedigree analysis, molecular levels of gene expression, genetic control of metabolic pathways, analytic dissection of molecular mechanisms behind DNA replication, transcription, translation, and gene regulation in both prokaryotes and eukaryotes, population genetics, genetics of behavior, and genetics of evolution and speciation. Prerequisites: A grade of ‘C’ or better in BIO181.

**BIO249 Applied Biosciences: Biotechnology Internship**

*4 Credits 4 Periods*

Internship/work experience in a biotechnology laboratory. Setting, achieving, and evaluating goals for hands-on learning experiences in a biotechnology laboratory. Development of skills and knowledge needed to work in a biotechnology laboratory. Requires a minimum of 320 clock hours in the biotechnology laboratory setting. Prerequisites: A grade of ‘C’ or better in BIO247 or permission of Instructor.

**BIO280 Animal Behavior**

*3 Credits 3 Periods*

A study of the genetics, physiology, ecology, and evolutionary history of animal behavior. Prerequisites: A grade of ‘C’ or better in BIO100, or BIO105, or BIO181, or equivalent, or permission of instructor.
BIO282AA Service-Learning Experience in Biology
1 Credit  1 Period
Unpaid Service-Learning (SL) experience, complet-ed with approved community partner. BIO282AA may be repeated for a total of six (6) credit hours. Standard grading available according to procedures outlined in catalog. Prerequisites: Permission of Instructor.

BIO298AA Special Projects
1 Credit  1 Period
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

BIO298AB Special Projects
2 Credits  2 Periods
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

BIO298AC Special Projects
3 Credits  3 Periods
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

BPC101AA Introduction to Computers I
1 Credits  2 Periods
Computer software applications for the personal computer, including electronic spreadsheet and word processing, keyboarding review, and a desktop environment. Prerequisites: None.

BPC110 Computer Usage and Applications CS
3 Credits  4 Periods
Introduction to business and personal computer operations and usage. Software applications for analyzing and solving business problems including word processing, spreadsheet, database, and presentation graphics. Prerequisites: None.

BPC111AA Computer Keyboarding I
1 Credit  1.7 Periods
Mastery of essential microcomputer keyboarding skills. Emphasis on touch typing of alphabetic and numeric keys and symbols. Prerequisites: None.

BPC128AF Introduction To Desktop Publishing: MS Publisher
1 Credit  2 Periods
Presents basic concepts of commercially prepared software used to do desktop publishing. Incorporates a combination of narrative and pictorial/
graphic creation and presentation, including set-up, text entry, graphic generation, text and graphic merging, and other computer-based functions. Prerequisites: None.

**BPC160 AppleCare: Service Fundamentals**  
*3 Credits  4 Periods*  
Prepares students to become certified in repairing and troubleshooting iOS or macOS devices. It prepares the students for the AppleCare Certified technician exams: Apple Certified iOS Technician (ACIT) and Apple Certified Mac Technician (ACMT). Students will learn the Apple service style for customer interactions, safety precautions, and basic troubleshooting skills. Prerequisites: None.

**BPC170 A+ Exam Prep: Computer Hardware Configuration and Support**  
*3 Credits  4 Periods*  
Explore technical aspects of personal computers, including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis placed on hardware installation, maintenance, mobile devices, and hardware troubleshooting. Helps prepare students for the CompTIA A+ examinations. Prerequisites: None.

**BPC260 AppleCare iPhone Technician (ACIT) Certification**  
*3 Credits  4 Periods*  
Prepares students for the AppleCare iPhone Technician Certification and to perform warranty level hardware repairs and troubleshooting Apple iOS devices. Prerequisites: None.

**BPC262 AppleCare MAC Technician (ACMT) Certification**  
*3 Credits  4 Periods*  
Prepares the students for the AppleCare MAC Technician certification exam and to perform warranty level hardware repairs on Apple iOS devices. Prerequisites: None.

**BPC270 A+ Exam Prep: Operating System Configuration and Support**  
*3 Credits  4 Periods*  
Explore advanced technical aspects of maintaining and servicing computers. Emphasis placed on OS installation, maintenance, mobile devices, security, software troubleshooting, and on proper usage of tools, safety procedures, and professionalism. Helps prepare students for the CompTIA A+ examinations. Prerequisites: A grade of ‘C’ or better in CIS105 or permission of Instructor.

**Caterpillar Technician Training**

**CTT110 Introduction to Caterpillar Service Industry**  
*3 Credits  5 Periods*  
Introduction to the Caterpillar organization and product line, basic shop safety, and shop operation. Includes computer operations and service information systems. Prerequisites: Permission of Department or Division.

**CTT111 Caterpillar Engine Fundamentals**  
*4 Credits  8 Periods*  
Introduction to diesel engine theory and service procedures. Focuses on Caterpillar engine systems and applications. Prerequisites: A grade of ‘C’ or better in CTT110.

**CTT112 Hydraulic Fundamentals**  
*3 Credits  5 Periods*  
Hydraulic fundamentals, including functions of valves used in Caterpillar hydraulic systems, functions of vane pumps, gear pumps, and piston pumps, and assembly and disassembly of hydraulic components. Includes ISO hydraulic symbols. Prerequisites: A grade of ‘C’ or better in CTT110.
CTT113 Fuel Systems
3 Credits  5 Periods
Introduction to fuel systems used in Caterpillar engines. Covers fuel selection, calibrations, and nozzle testing procedures, governor operation, and hydraulic fuel ratio controls. Includes 1.1 and 1.2 MUI and HEUI, EUI, Nippondenso, and Zexel fuel systems. Prerequisites: A grade of ‘C’ or better in CTT110.

CTT114 Basic Electrical Fundamentals
3 Credits  5 Periods
Basic electrical and electronic principles used by the technician to diagnose and repair electrical systems in Caterpillar machines. Prerequisites: A grade of ‘C’ or better in CTT110.

CTT115 Air Conditioning Fundamentals
3 Credits  5 Periods
Introduction to principles, systems, components, and servicing of air conditioning systems used in Caterpillar products. Prerequisites: A grade of ‘C’ or better in CTT110.

CTT116 Power Train I
3 Credits  5 Periods
Basic components and operations of power train systems used in Caterpillar machines. Covers basic components, clutches, manual shift transmissions, and power shift transmissions. Prerequisites: A grade of ‘C’ or better in CTT110.

CTT117 Machine Hydraulic Systems
3 Credits  5 Periods
Operation, testing, and adjustment procedures for pilot operated hydraulic systems, load sensing pressure compensated (LSPC) hydraulic systems, electro-hydraulic systems, and hydrostatic systems. Components of hydraulic systems and oil flow through the system. Prerequisites: A grade of ‘C’ or better in CTT110.

CTT118 Caterpillar Dealer Internship I
3 Credits  3 Periods
Application of skills and knowledge gained in CTT coursework in an internship in a dealership environment. Develops professional skills required of Caterpillar service technician. Provides experience in tool usage, shop safety, connective devices, computers and service information systems, air intake and exhaust systems, lubrication systems, cooling systems, fuel systems, engines, and electrical systems. Requires intern to complete a list of learning objectives, keep a logbook, and be evaluated by dealership supervisor and internship coordinator. Prerequisites: A grade of ‘C’ or better in CTT110.

CTT119 Caterpillar Dealer Internship II
3 Credits  3 Periods
Application of skills and knowledge gained in CTT coursework in an internship in a dealership environment. Develops professional skills required of Caterpillar service technician. Provides experience in hydraulics, pumps, valves, cylinders, and pilot-operated implement system. Requires intern to complete a list of learning objectives, keep a logbook, and be evaluated by dealership supervisor and internship coordinator. Prerequisites: A grade of ‘C’ or better in CTT110.

CTT200 Power Train II
3 Credits  5 Periods
Methods of transferring power. Hydraulic-driven machines and mechanical power train components, including differentials, brakes, final drives, and undercarriage. Prerequisites: A grade of ‘C’ or better in CTT110.

CTT201 Machine Electronics
3 Credits  5 Periods
Introduction to machine electronic systems and diagnostic tooling used to diagnose and repair the complex electrical/electronic systems installed in Caterpillar machines. Prerequisites: A grade of ‘C’ or better in CTT110.
CTT202 Engine Diagnostics and Repair
3 Credits  5 Periods
In-depth study of engine diagnostics and repair techniques used to troubleshoot and repair engine problems in Caterpillar machines. Selection and use of Caterpillar diagnostic tools. Covers oil, air, cooling, and fuel systems. Prerequisites: A grade of ‘C’ or better in CTT110.

CTT203 Machine Diagnostics
3 Credits  5 Periods
Failure analysis, troubleshooting logic, and diagnostic tooling and processes used to diagnose and repair the complex systems installed in Caterpillar machines. Use of Caterpillar’s Applied Failure Analysis. Introduction to Service Technician Workbench (STW) applications. Prerequisites: A grade of ‘C’ or better in CTT110.

CTT204 Machine Specific Systems
3 Credits  5 Periods
Introduction to machine-specific systems. Machines covered include compact construction equipment, agricultural combines and challengers, 325B Excavator, off-highway trucks, wheel tractor scrapers, and motor graders. Prerequisites: A grade of ‘C’ or better in CTT110.

CTT205 Caterpillar Dealer Internship III
3 Credits  3 Periods
Application of skills and knowledge gained in CTT coursework in an internship in a dealership environment. Develops professional skills required of Caterpillar service technician. Provides experience in air conditioning systems, power trains, couplings, transmissions, and hydraulic systems. Requires intern to complete a list of learning objectives, keep a logbook, and be evaluated by dealership supervisor and internship coordinator. Prerequisites: A grade of ‘C’ or better in CTT110.

CTT206 Caterpillar Dealer Internship IV
3 Credits  3 Periods
Application of skills and knowledge gained in CTT coursework in an internship in a dealership environment. Develops professional skills required of Caterpillar service technician. Provides experience in lubrication systems, engine air induction systems, cooling systems, fuel systems, timing systems, failure analysis, diagnosis, and troubleshooting of specific types of Caterpillar equipment. Requires intern to complete a list of learning objectives, keep a logbook, and be evaluated by dealership supervisor and internship coordinator. Prerequisites: A grade of ‘C’ or better in CTT110.

Chemistry

CHM130 Fundamental Chemistry
SQ
3 Credits  3 Periods
A survey of the fundamentals of general chemistry. Emphasis on essential concepts and problem solving techniques. Basic principles of measurement, chemical bonding, structure and reactions, nomenclature, and the chemistry of acids and bases. Preparation for students taking more advanced courses in chemistry. Designed to meet needs of students in such diverse areas as agriculture, nursing, home economics, physical education and water technology. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: CHM130LL. Prerequisites: ‘C’ or better in (CHM090, or MAT090, or MAT091, or MAT092, or higher, or satisfactory math plcmt) and (RDG100, or RDG100LL, or higher, or eligibility for CRE101 as indicated by reading plcmt), or permission of Instructor, or Dept/Div Chair.
CHM130LL Fundamental Chemistry Laboratory
SQ
1 Credit  3 Periods
Laboratory experience in support of CHM130. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: CHM130. Prerequisites or Corequisites: A grade of ‘C’ or better in CHM130.

CHM151 General Chemistry I
SQ
3 Credits  3 Periods
Detailed study of principles of chemistry for science majors and students in pre-professional curricula. Completion of all prerequisites within the last two years is recommended. Student may receive credit for only one of the following: CHM150 and CHM151LL, or CHM151 and CHM151LL, or CHM150AA, or CHM151AA. Prerequisites: ‘C’ or better in [(CHM130 and CHM130LL), or CHM130AA, or 1 yr high school chemistry taken in last 5 yrs] and (‘C’ or better in MAT151 or higher level math course, or satisfactory placement), or permission of Instructor/Departmt/Division Chair

CHM151LL General Chemistry I Laboratory
SQ
1 Credit  3 Periods
Laboratory experience in support of CHM150 or CHM151. Student may receive credit for only one of the following: CHM150 and CHM151LL, or CHM151 and CHM151LL, or CHM150AA, or CHM151AA. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: CHM150 or CHM151. Prerequisites: A grade of ‘C’ or better in CHM150 or CHM151 or Corequisites: CHM150 or CHM151

CHM152 General Chemistry II
SQ
3 Credits  3 Periods
A study of the chemical properties of the major groups of elements, equilibrium theory, thermodynamics, electrochemistry, and other selected topics. Completion of prerequisites within the last two years recommended. Completion of CHM152LL required to meet the Natural Science requirement. Student may receive credit for only one of the following: CHM152 and CHM152LL, or CHM152AA. Prerequisites: A grade of ‘C’ or better in [(CHM150 or CHM151) and CHM151LL], or CHM150AA, or CHM151AA, or permission of the Instructor, or Department or Division Chair.

CHM152LL General Chemistry II Laboratory
SQ
1 Credit  3 Periods
Laboratory experience in support of CHM152. Student may receive credit for only one of the following: CHM152 and CHM152LL, or CHM152AA. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: CHM152. Prerequisites: A grade of ‘C’ or better in CHM152 or Corequisites: CHM152.

CHM230 Fundamental Organic Chemistry
SQ
3 Credits  3 Periods
Chemistry of representative groups of organic compounds, emphasizing biological applications. Completion of prerequisites within the last two years recommended. CHM230 course content is designed to meet the needs of students in such areas as agriculture, home economics, nursing, pre-physician assistant, and physical education among others. Prerequisites: A grade of ‘C’ or better in (CHM130 and CHM130LL) or (CHM150 or CHM151 and CHM151LL), or permission of the Instructor, or Department or Division Chair.
CHM230LL Fundamental Organic Chemistry Laboratory
SQ
1 Credit 3 Periods
Laboratory experience in support of CHM230. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: CHM230. Prerequisites: A grade of ‘C’ or better in CHM130LL or CHM151LL, or equivalent. Prerequisites or Corequisites: CHM230.

CHM235 General Organic Chemistry I
3 Credits 3 Periods
Rigorous introduction to chemistry of carbon-containing compounds. Reaction mechanisms and recent methods of synthesis emphasized. Completion of prerequisites within the last two years recommended. Prerequisites: A grade of ‘C’ or better in (CHM152 and CHM152LL), or CHM152AA, or (CHM154 and CHM154LL), or permission of the Instructor, or Department or Division Chair.

CHM235LL General Organic Chemistry I Laboratory
1 Credit 4 Periods
Laboratory experience in support of CHM235. Prerequisites: A grade of ‘C’ or better in CHM235 or Corequisites: CHM235. Completion of prerequisites within the last two years recommended.

CHM236 General Organic Chemistry IIA
3 Credits 3 Periods
Study of chemistry of carbon-containing compounds continued. Structural determination and additional reaction mechanisms and modern methods of synthesis emphasized. Completion of prerequisites within the last two years recommended. Prerequisites: A grade of ‘C’ or better in CHM235 and CHM235LL, or permission of the Instructor, or Department or Division Chair.

CHM236LL General Organic Chemistry IIA Laboratory
1 Credit 4 Periods
Laboratory experience in support of CHM236. Prerequisites: A grade of ‘C’ or better in CHM236 or Corequisites: CHM236. Completion of prerequisites within the last two years recommended.

CHM2360LL Fundamental Biochemistry Laboratory
1 Credit 3 Periods
Laboratory experience in support of CHM260. Prerequisites: A grade of ‘C’ or better in CHM260 or Corequisites: CHM260. Completion of prerequisites within the last two years recommended.

CHM260 Fundamental Biochemistry
3 Credits 3 Periods
Structures, properties, and functions of proteins, enzymes, nucleic acids, carbohydrates and lipids; the utilization and synthesis of these materials by living systems and the relationship of the processes to energy production and utilization. Completion of prerequisites within the last two years recommended. Designed for students in agriculture, dental hygiene, home economics, nursing, and physical therapy. Prerequisites: A grade of ‘C’ or better in (CHM230 and CHM230LL) or (CHM235 and CHM235LL), or permission of the Instructor, or Department or Division Chair.

CHM2600LL Fundamental Biochemistry Laboratory
1 Credit 3 Periods
Laboratory experience in support of CHM260. Prerequisites: A grade of ‘C’ or better in CHM260 or Corequisites: CHM260. Completion of prerequisites within the last two years recommended.

CHM282AA Service-Learning Experience in Chemistry
1 Credit 1 Period
Unpaid Service-Learning (SL) experience, completed with approved community partner. CHM282AA may be repeated for a total of six (6) credit hours. Standard grading is available according to procedures outlined in catalog. Prerequisites: Permission of Instructor.
CHM282AB Service-Learning Experience in Chemistry  
2 Credits  2 Periods  
Unpaid Service-Learning (SL) experience, completed with approved community partner. CHM282AB may be repeated for a total of six (6) credit hours. Standard grading is available according to procedures outlined in catalog. Prerequisites: Permission of Instructor.

CHM282AC Service-Learning Experience in Chemistry  
3 Credits  3 Periods  
Unpaid Service-Learning (SL) experience, completed with approved community partner. CHM282AC may be repeated for a total of six (6) credit hours. Standard grading is available according to procedures outlined in catalog. Prerequisites: Permission of Instructor.

CHM298AA Special Projects  
1 Credit  1 Period  
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

CHM298AB Special Projects  
2 Credits  2 Periods  
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

CHM298AC Special Projects  
3 Credits  3 Periods  
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

Chicana and Chicano Studies  

CCS101 Chicana and Chicano Studies  
C, HU  
3 Credits  3 Periods  
Introduction to the wealth and diversity of Chicana and Chicano Studies research from a variety of disciplinary perspectives through the use of a series of historical and social scientific studies, novels, testimonies, and films. Prerequisites: A grade of ‘C’ or better in ENG101, or ENG107, or equivalent.
Child/Family Studies

CFS123 Health and Nutrition in Early Childhood Settings
1 Credit  1 Period
Creating and maintaining healthy environments and practices in programs serving young children. Emphasis on assessing the child’s health status, nutrition and food service, communicable disease recognition, transmission, and prevention, infection control, regulations and regulatory agencies, current topics, resources, and innovative practices. Prerequisites: None.

CFS125 Safety In Early Childhood Settings
1 Credit  1 Period
Fundamental concepts of promoting a safe, but challenging learning environments. Establishing and maintaining safety procedures in the early childhood setting. Emphasis on indoor and outdoor equipment and activities, risk analysis, accident, evacuation, and emergency plans, regulations, regulatory agencies and resources, current topics, and innovative practices. Prerequisites: None.

CFS157 Marriage and Family Life
SB
3 Credits  3 Periods
Study of marriage and the family as a social system, including models of family analysis, intrapersonal and interpersonal relations, and cross-cultural and historical patterns. Prerequisites: None.

CFS176 Child Development
SB
3 Credits  3 Periods
Study of the science of human development from conception through adolescence. Includes observation skills, parent and adult roles in the lives of children, and contemporary issues. Prerequisites: None.

CFS179 Child Care: A Multifaceted Career
1 Credit  1 Period
Overview of the child care field. Focus on enhancing children’s self esteem, providing for children’s nutritional needs, and developing adequate safety and sanitation practices. Prerequisites: None.

CFS205 Human Development
SB
3 Credits  3 Periods
Explores the growth and development process over the human life span. Research and theoretical approaches; physical, cognitive, social, and personality development from birth through adulthood and death. Prerequisites: None.

Chinese

CHI101 Elementary Chinese (Mandarin) I
G
5 Credits  6 Periods
Introduction to the basic grammar, pronunciation and vocabulary of the Mandarin Chinese language. Includes the study of Chinese culture, practice of listening, speaking, reading, and writing skills. Prerequisites: None.

CHI102 Elementary Chinese (Mandarin) II
G
5 Credits  6 Periods
Study of grammar and vocabulary along with the study of Chinese culture. Emphasis on pronunciation and speaking skills. Prerequisites: A grade of ‘C’ or better in CHI101, or permission of Department or Division. Completion of prerequisites within the last three years is required.
**CHI201 Intermediate Chinese I**

**5 Credits  6 Periods**
Continued development of speaking, reading, and writing proficiency in Mandarin Chinese through building vocabulary, phrases, idioms, and grammatical patterns. Includes study of Chinese culture. Prerequisites: A grade of ‘C’ or better in CHI102, or permission of Department or Division. Completion of prerequisites within the last three years is required.

**CHI202 Intermediate Chinese II**

**5 Credits  6 Periods**
Advanced development of speaking, reading, and writing skills in Mandarin Chinese, and continued exploration of Chinese culture. Prerequisites: A grade of ‘C’ or better in CHI201, or permission of Department or Division. Completion of prerequisites within the last three years is required.

**Cisco Network Technology**

**CNT140AA Introduction to Networks**

**4 Credits  6 Periods**
Introduces the architecture, structure, functions, components, and models of the Internet and other computer networks. The principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations are introduced. Students will build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. Preparation for Cisco certification examination. Prerequisites: None.

**CNT140AB Introduction to Networks**

**4 Credits  6 Periods**
Focus on the architecture, structure, functions, components, and models of the Internet and other computer networks. Principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations are introduced. Students will build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. Preparation for Cisco certification examination. Prerequisites: None.

**CNT150AA Cisco - Routing and Switching Essentials**

**4 Credits  6 Periods**
Architecture, components, and operations of routers and switches in a small network. Students learn how to configure a router and a switch for basic functionality. Configuration and troubleshooting routers and switches and resolving common issues with RIPv1, RIPv2, single-area and multi-area OSPF, virtual LANs, and inter-VLAN routing in both IPv4 and IPv6 networks. Preparation for Cisco certification examination. Prerequisites: A grade of ‘C’ or better in CNT140AA or permission of Instructor.

**CNT150AB Switching, Routing, and Wireless Essentials**

**4 Credits  6 Periods**
Focus on configuring switches and routers for use in small and medium size networks. Including Virtual Local Area Networks (VLANs), VLAN trunking, Inter-VLAN routing, Spanning Tree Protocol (STP), EtherChannel, Dynamic Host Configuration Protocol (DHCP), First Hop Redundancy, Local area Network (LAN) and Switch security, and Static routing. Knowledge and skills needed to implement a Wireless Local Area Network (WLAN) is also covered. Preparation for Cisco certification examination. Prerequisites: A grade of ‘C’ or better in CNT140AB or permission of Instructor.
CNT160AA Scaling Networks
4 Credits  6 Periods
Architecture, components, and operations of routers and switches in large and complex networks. Configuring routers and switches for advanced functionality. Configuring and troubleshooting routers and switches and resolving common issues with OSPF, EIGRP, and STP in both IPv4 and IPv6 networks. Developing the knowledge and skills needed to implement a WLAN in a small-to-medium network. Preparation for Cisco certification examination. Prerequisites: A grade of ‘C’ or better in CNT150AA, or permission of Instructor.

CNT160AB Enterprise Networking, Security, and Automation
4 Credits  6 Periods
Focus on the configuration of routers and switches within small and medium size networks for advanced functionality including Open Shortest Path First (OSPF), Network security, Access Control Lists (ACLs), Network Address Translation (NAT), Wide Area Network (WAN) concepts, Virtual Private Networks (VPNs), Quality of Service (QOS), network management, design, troubleshooting, virtualization, and automation. Preparation for Cisco certification examination. Prerequisites: A grade of ‘C’ or better in CNT150AB or permission of Instructor.

CNT170AA Cisco - Connecting Networks
4 Credits  6 Periods
Wide Area Network (WAN) technologies and network services required by converged applications in a complex network. Criteria selection of network devices and WAN technologies to meet network requirements. Configuring and troubleshooting network devices, and resolving common issues with data link protocols issues, and developing the knowledge and skills needed to implement Internet Protocol Security (IPSec) and Virtual Private Network (VPN) operations. Preparation for Cisco certification examination. Prerequisites: A grade of ‘C’ or better in CNT160AA, or permission of Instructor.

CNT200 CCNP ROUTE: Implementing Cisco IP Routing
4 Credits  6 Periods
Development of knowledge and skills needed to manage Internet Protocol (IP) traffic and access, understand scalable internetworks configure advanced routing protocols Border Gateway Protocol [BGP], Enhanced Interior Gateway Routing Protocol [EIGRP], Open Shortest Path First [OSPF], as well as Internet Protocol (IPv6), and configuration of secure routing solutions to support branch offices and mobile workers. Comprehensive labs emphasize hands-on learning and practice to reinforce configuration skills. Preparation for Cisco Certified Network Professional (CCNP) exam. Prerequisites: A grade of ‘C’ or better in CNT170AA, or CCNA industry certification, or permission of Instructor. Corequisites: CNT220.

CNT205 Cisco Certified Network Associate Security
4 Credits  6 Periods
Associate-level knowledge and skills required to secure Cisco networks. Development of a security infrastructure, identification of threats and vulnerabilities to networks. Mitigation of security threats. Core security technologies. Installation, troubleshooting and monitoring of network devices to maintain integrity, confidentiality and availability of data and devices. Competency in the technologies that Cisco uses in its security structure. Prerequisites: A grade of ‘C’ or better in CNT170AA or Certified Cisco Networking Associate (CCNA) certification or permission of Instructor.

CNT220 CCNP SWITCH: Implementing Cisco IP Routing
4 Credits  6 Periods
Development of knowledge and skills in building, monitoring, and maintaining switching in converged enterprise networks using advanced and multi-layer switching technologies. Planning, configuring, se-
curing and verifying the implementation of complex enterprise switching solutions. Hands-on learning and practice to reinforce configuration skills. Preparation for Cisco Certified Network Professional (CCNP) exam. Prerequisites: A grade of ‘C’ or better in CNT170AA, or CCNA industry certification, or permission of Instructor. Corequisites: CNT200.

**CNT240 Cisco Certified Network Professional: Enterprise Core**

8 Credits 12 Periods

Provides Cisco Certified Network Professional (CCNP) Enterprise knowledge and skills needed for professional-level networking technologies and architecture. Topics include virtualization, network assurance, security, and automation. Helps to prepare students to take the Cisco Enterprise Network Core Technologies (ENCOR) certification exam aligned with the CCNP Enterprise, CCIE Enterprise Infrastructure, CCIE Enterprise Wireless, and Cisco Certified Specialist - Enterprise core certifications. Preparation for Cisco Certified Network Professional (CCNP) ENCOR exam. Prerequisites: A grade of ‘C’ or better in CNT160AB, or Cisco Certified Network Associate (CCNA) industry certification, or permission of Instructor.

**Clothing & Textiles**

**TEC103 Developing Your Fashion Business**

2 Credits 2 Periods

Creating and understanding a financial plan, developing operating and control systems, planning growth strategies and a business plan for the Fashion Entrepreneur. Emphasis on fashion merchandise and successful fashion business development. Prerequisites: None.

**TEC105 Cultural Aspects of Clothing**

HU

3 Credits 3 Periods

Psychological, aesthetic, and economic factors applied to the systematic study of dress and adornment in relationship to world cultures and the global fashion industry. Prerequisites: None.

**TEC106 History of Fashion**

3 Credits 3 Periods

Consideration of historic factors influencing fashion and fashion change with special emphasis on historic costume. Prerequisites: None.

**TEC109 Introduction to Fashion Merchandising**

3 Credits 3 Periods

Explores the various levels and specialized segment of the fashion industry, the principles of fashion, the fundamentals of merchandising apparel, consumers’ influence on demand and marketing activities. Prerequisites: None.
TEC110 Beginning Apparel Construction
3 Credits  5 Periods
Basic apparel construction techniques. Use of commercial patterns and sewing machine in the construction of basic garments. Prerequisites: None.

TEC111 Intermediate Apparel Construction
3 Credits  5 Periods
Intermediate clothing construction techniques. Emphasis on fit and construction details of commercial patterns. TEC111 may be repeated for a total of twelve (12) credit hours with Permission of Instructor. If student has no previous sewing experience, TEC110 should be taken prior to and not during this course. Prerequisites: A grade of ‘C’ or better in TEC110 or permission of Instructor.

TEC112AB Alteration of Ready Made Garments
2 Credits  2 Periods
Knowledge, skills, and techniques of altering ready made garments for personal or professional use. Experience using a sewing machine assumed. Prerequisites: None.

TEC113 Textiles: Dyeing
1 Credit  1.5 Periods
Demonstrations and projects emphasizing skills and techniques in creating textile designs on fabric for fashion and interior design applications. Fabric dyeing techniques through hands-on practices such as tie-dyeing, shibori dyeing and batik dyeing. Prerequisites: None. May be repeated for a total of three (3) credits.

TEC114 Textiles: Block Printing/Silk Screening
1 Credit  2 Periods
Block printing and silk screening techniques used to create designs on fabric for apparel and interiors. Prerequisites: None. May be repeated for a total of three (3) credits.

TEC115 Textiles: Hand Painting
1 Credit  1.5 Periods
Techniques used to hand paint designs on textiles for fashion and interior design. Techniques include water color and ombre, marbleizing, stenciling, stamping and various resist methods such as gutta and taping. Includes color theory and design development. Prerequisites: None. May be repeated for a total of three (3) credits.

TEC116 Textiles: Stitchery and Embellishment
1 Credit  1.5 Periods
Materials and techniques used for stitchery and embellishment on textiles. Includes color schemes and design development. Prerequisites: None. May be repeated for a total of three (3) credits.

TEC120 Specialty Apparel Construction
3 Credits  5 Periods
Application of specialty fabrics in clothing construction. Emphasis on improved construction quality and garment fit. TEC120 may be repeated for a total of nine (9) credit hours with permission of Instructor. Prerequisites: A grade of ‘C’ or better in TEC111, or THP206, or permission of Instructor.

TEC121 Creative Sewing Machine Use
3 Credits  3 Periods
Use of the sewing machine for other than construction of garments or household items. Emphasis on decorative uses of the sewing machine on items made or purchased by the user. Prerequisites: None.

TEC122 Sewing with Knits
3 Credits  5 Periods
Skills and techniques used in the construction of garments made from knit fabrics. Prerequisites: A grade of ‘C’ or better in TEC111, or THP206, or permission of Instructor.
TEC124 Advanced Clothing Construction
3 Credits  5 Periods
Advanced garment construction techniques. Emphasis on lined jacket construction and working with patterned and specialty fabrics. TEC124 may be repeated for a total of twelve (12) credit hours with permission of Instructor. Prerequisites: A grade of ‘C’ or better in TEC111, or THP206, or permission of Instructor.

TEC125 Fashion Design
3 Credits  3 Periods
Overview of the fashion design industry. Includes terminology, fashion trends, elements and principles of design, sources of inspiration, fabric selection, sketching and costing a collection, an introduction to pattern making techniques, and global fashion centers’ design and manufacturing specialties. Prerequisites: None.

TEC129 Sewing with a Serger
3 Credits  5 Periods
Operation of a home serger. Use in constructing, finishing, and decorating garments and home decorations. Home serger required. Prerequisites: A grade of ‘C’ or better in TEC110 or permission of Instructor.

TEC130 Alteration of Ready Made Garments
3 Credits  4 Periods
Knowledge, skills, and techniques of altering ready-made garments for personal or professional use. Experience using a sewing machine and constructing garments assumed. Prerequisites: A grade of ‘C’ or better in TEC111 or permission of Instructor.

TEC134 Fashion Illustration I
3 Credits  5 Periods
Proportions and techniques used in drawing fashion figures and clothing. Introduction of media and illustrative styles for portfolio design, trade sketches, and fashion advertisements. Prerequisites: None.

TEC150 Fashion Show Production
2 Credits  4 Periods
Students will learn and experience real-time production techniques and skills of a fashion show. Includes but not limited to, budget planning, project management, marketing, staffing, dTcor, staging, and production. Prerequisites: None. TEC150 may be repeated for a total of six (6) credit hours.

TEC151 Display and Visual Merchandising
3 Credits  4 Periods
An examination of the principles of design including line, color, balance, and texture as they relate to the display of merchandise. Participation in displays, field trips, and individual projects. Prerequisites: None.

TEC200 Retail Buying
3 Credits  3 Periods
Examines management/buyer role in investment, pricing, planning, controlling sales and inventories. Prerequisites: None. Any BPC/CIS spreadsheet course recommended.

TEC221 Computer-Assisted Fashion Design
3 Credits  5 Periods
The use of computer hardware and software in the fashion design industry. Create and illustrate fashion designs using computer hardware and software. Color and design principles applied in creating an apparel line and developing a portfolio. Prerequisites: A grade of ‘C’ or better in (TEC125 and TEC134) or permission of Instructor.

TEC222 Textiles
3 Credits  4 Periods
Study of textile fibers, yarns, fabrication, color and finishes and their impact on product performance.
Includes labeling laws, fiber manufacturing processes, technical textiles, fiber properties, care, end use, and global sustainability efforts. Prerequisites: None.

**TEC223 Tailoring**  
3 Credits  6 Periods  
Principles of tailoring as applied in the construction of a coat or suit. Alteration of patterns and fitting techniques. TEC223 may be repeated for a total of 12 credit hours with permission of instructor. Prerequisites: A grade of ‘C’ or better in TEC124 or permission of Instructor.

**TEC225 Pattern Design I**  
3 Credits  5 Periods  
Creation of pattern designs by flat pattern methods. Produce a variety of styles. Production of an original pattern design and garment. TEC225 may be repeated for a total of twelve (12) credits. Prerequisites: A grade of ‘C’ or better in TEC111, or THP206, or permission of Instructor.

**TEC226 Draping for Fashion Design**  
3 Credits  5 Periods  
Manipulation of fabrics on a dress form and/or live figure to create designs and patterns. Use of woven fabrics to create basic and intermediate designs. Introduction of knitwear draping. Drape and construct an original design. TEC226 may be repeated for a total of nine (9) credits. Prerequisites: A grade of ‘C’ or better in TEC111, or THP206, or permission of Instructor.

**TEC228 Advanced Draping for Fashion Design**  
3 Credits  5 Periods  
Advanced draping techniques for fashion design. Includes draping jackets/coats, shorts/pants, dresses/gowns and other woven fabrics. Also includes draping swimwear/leotards and other garments in knit fabrics. Drape and construct an original design. Prerequisites: A grade of ‘C’ or better in TEC226 or permission of Instructor.

**TEC229 Advanced Serging**  
3 Credits  5 Periods  
Operation of a home serger in advanced application of construction and embellishment for garments and home decoration projects. Home serger required. Prerequisites: A grade of ‘C’ or better in TEC129 or permission of Instructor.

**TEC230 Pattern Design II**  
3 Credits  5 Periods  
Practical application in designing clothing/patterns using flat pattern method. Principles of flat pattern and use of sloper reviewed. Includes creation of woven and knit original designs. May be repeated for a total of twelve (12) credits. Prerequisites: A grade of ‘C’ or better in TEC225 or permission of Instructor.

**TEC236 Portfolio Development**  
1 Credit  3 Periods  
This course is designed to assist students in the preparation and presentation of an original professional portfolio. TEC236 may be repeated for a total of three (3) credits. Prerequisites: A grade of ‘C’ or better in TEC134 and permission of Department or Division. TEC221 is recommended.

**TEC241 Advanced Computer-Assisted Fashion Design**  
3 Credits  5 Periods  
Advanced techniques and use of computer hardware and software in the fashion design industry.
Create and illustrate fashion designs using multiple computer applications. Create advanced textile surface pattern design using color and design principles on the computer. Manipulate CAD pattern design for original patterns, grading, and markers. Create storyboards for product development and personal portfolio. Prerequisites: A grade of 'C' or better in TEC124 and TEC221.

**TEC245 Wardrobe Strategies**  
3 Credits  3 Periods  
Methods of clothing selection, coordination, evaluation, and planning to meet men's and women's wardrobe needs. Prerequisites: None.

**TEC271AA Fashion Design Internship**  
1 Credit  5 Periods  
Work experience in fashion design business or industry. Work hours are coordinated for a minimum of 80 hours per semester. Supervision and evaluation by internship coordinator. TEC271AA may be repeated for a total of three (3) credit hours. Prerequisites: Permission of Department or Division.

**TEC271AC Fashion Design Internship**  
3 Credits  15 Periods  
Work experience in fashion design business or industry. Fifteen hours of work weekly. Supervision and evaluation by an internship coordinator. Prerequisites: Permission of Department or Division.

**TEC272AC Retail Merchandising Internship**  
3 Credits  3 Periods  
Retail Merchandising work experience in a Fashion Retail business or industry. Supervision and evaluation by an internship coordinator. Eighty hours of designated work, per credit per semester. Prerequisites: Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student’s academic or career goals (student’s present job may qualify); or permission of Instructor.

**TEC274AA Fashion Merchandising Study Tour**  
1 Credit  5 Periods  
A tour of the fashion merchandising industry outside the metropolitan Phoenix area. Includes a variety of experiences and activities to enhance awareness of this multifaceted career. Prerequisites: Permission of Department or Division.

**TEC275AA Image Consultant Internship**  
1 Credit  1 Period  
Image Consultant work experience in a Fashion Retail business or industry. Supervision and evaluation by an internship coordinator. Eighty hours of designated work, per credit per semester. Prerequisites: Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student’s academic or career goals (student’s present job may qualify); or permission of Instructor.

1 Credit  2 Periods
Using word processing software to create, name and manage files, edit text, and do basic formatting of documents. Prerequisites: None.

CIS113BE Microsoft Word: Word Processing Level II
1 Credit  1 Period
Using more advanced features of word processing software to format documents, create lists, mail-merged documents, and documents with themes and styles. Prerequisites: A grade of ‘C’ or better in CIS113AE or permission of Instructor.

CIS113CE Microsoft Word: Word Processing Level III
1 Credit  1 Period
Utilizing more advanced features of word processing software to incorporate style and theme elements, use desktop publishing capabilities, and insert tables. Prerequisites: A grade of ‘C’ or better in CIS113BE or permission of Instructor.

CIS114AE Excel: Level I
1 Credit  2 Periods
Computer spreadsheet skills for solving business problems using Excel, including calculations, forecasting, and projections. Prerequisites: None.

CIS114BE Excel: Level II
1 Credit  1 Period
Additional Excel spreadsheet techniques, including macro programming, database searching, extraction, and linking to obtain prescribed reports and graphs. Prerequisites: A grade of ‘C’ or better in CIS114AE or permission of Instructor.

CIS114CE Excel: Level III
1 Credit  1 Period
Additional Excel spreadsheet techniques, including complex macros, statistics, and matrix manipulation. Project design using multiple, integrated spreadsheets. Prerequisites: A grade of ‘C’ or better in CIS114BE or permission of Instructor.

CIS114DE Excel Spreadsheet
3 Credits  4 Periods
Computer spreadsheet skills for solving business problems using Excel, including calculations, forecasting, projections, macro programming, database searching, extraction, linking, statistics, and matrix manipulation. Production of graphs and reports. Project design using multiple, integrated spreadsheets. Prerequisites: None.

CIS117AM Database Management: Microsoft Access - Level I
1 Credit  2 Periods
Introduction to the basic elements of a current version of the Microsoft Access database management program, for casual and beginning users. Prerequisites: None.

CIS117BM Database Management: Microsoft Access - Level II
1 Credit  1 Period
Exploration of additional components of the Microsoft Access database management program. Prerequisites: A grade of ‘C’ or better in CIS117AM or permission of Instructor.

CIS117CM Database Management: Microsoft Access - Level III
1 Credit  1 Period
Application of the features of the Microsoft Access program to some common database management problems. Prerequisites: A grade of ‘C’ or better in CIS117BM.

CIS117DM Microsoft Access: Database Management
3 Credits  4 Periods
Introduction to Microsoft Access. Emphasis on features, design, and database management. Prereq-
CIS117DM combines the contents of CIS117AM, CIS117BM and CIS117CM. CIS117DM may be repeated for a total of nine (9) credit hours.

**CIS118AB Powerpoint: Level I**
**1 Credit  2 Periods**
Use of PowerPoint software to produce professional-quality presentation visuals. Prerequisites: None.

**CIS118BB Powerpoint: Level II**
**1 Credit  1 Period**
Use of PowerPoint software to add movement and sound to desktop presentations to enhance audience attention. Prerequisites: A grade of ‘C’ or better in CIS118AB.

**CIS120DA Introduction to Adobe Premiere**
**3 Credits  4 Periods**
Foundations of video import, export, and editing. Includes parts and function of a video camera, preproduction and production, incorporating photographs, titles, graphics, animation and audio, capturing, editing, rendering and outputting digital video. Prepares students for the Adobe Certifications related to Adobe Premiere. Prerequisites: None.

**CIS120DB Introduction to Adobe Illustrator**
**3 Credits  4 Periods**
Provides students with the knowledge and skills to use Adobe Illustrator graphics software on a computer. Basic foundation course in the use of electronic techniques to create, manipulate, and edit images, text, abstract art, graphics design, color graphics and business charts; determine file formats appropriate for web and print; utilize tools to optimize graphics and create a PDF file. Prerequisites: None.

**CIS120DC Introduction to Adobe Animate**
**3 Credits  4 Periods**
Focuses on entry-level skill expectations for digital animation using Adobe Animate. Covers basic animation techniques used in the creation, manipulation, and editing of animation graphics. Prepares students for the Adobe certifications related to Adobe Animate. Prerequisites: None.

**CIS120DF Introduction to Adobe Photoshop**
**3 Credits  4 Periods**
Focuses on entry-level skills and knowledge for digital imaging using Adobe Photoshop. Prepares students for the Adobe Certifications related to Photoshop. Prerequisites: None.

**CIS120DK Introduction to Digital Video Editing**
**3 Credits  4 Periods**
Introduction to digital video editing comprises of a foundation for video import, export, and editing functions. Includes parts and function of a video camera, preproduction and production, incorporating photographs, titles, graphics, animation and audio, capturing, editing, rendering and outputting digital video. Prerequisites: None.

**CIS120DL Introduction to Adobe After Effects**
**3 Credits  4 Periods**
Includes creating visual effects for video projects. Explores techniques and methodologies used to create shots for big budget special effects. Topics include color and light matching, keying, motion tracking, rotoscoping and working with film. Prerequisites: A grade of ‘C’ or better in CIS120DA, or CIS120DK, or permission of Instructor.
CIS121AE Windows Operating System: Level I
1 Credit  2 Periods
Specific topics include Windows basics, navigating and customizing the desktop, maintaining hardware and software, improving performance, configurations, securing your computer, taskbar, organizing, searching and managing folders and files, installing and uninstalling applications, Internet Explorer fine tuning, security, and searching, including advanced search techniques, keyboard shortcuts, and current topics. Prerequisites: None.

CIS121AI Mac Operating System
1 Credit  2 Periods
Specific topics include getting started with Mac OS; working with disks, folders, and files; installing and using applications; setting system preferences; printing, faxing, and scanning; getting and living online; using iLife; sharing a Mac with other users; creating a home network; and maintaining the Mac. Prerequisites: None.

CIS126RH Red Hat System Administration I
3 Credits  4 Periods
Introduction to core administration skills needed to manage a Red Hat Enterprise Linux system. This Red Hat Academy course helps prepare for the Red Hat certification exams using a hands-on, task-focused curriculum. Prerequisites: None.

CIS130DA 3D Studio Max: Modeling
3 Credits  4 Periods
Introduction to 3D modeling using 3D Studio Max. Emphasis will be placed on polygonal, solid, and surface modeling tools. Students will also understand concepts such as modifiers, sub-object editing, extruding, Booleans, lofting, lathing and compound object modeling. Introduction to basic lighting, texturing and rendering techniques. Prerequisites: A grade of 'C' or better in CIS105.

CIS130DB 3D Studio Max: Animation
3 Credits  4 Periods
Introduction to three-dimensional animation tools and principles, with an emphasis on character construction and animation. 3D Studio Max will be the primary application for use in this class. Prerequisites: A grade of 'C' or better in CIS105.

CIS131AA Doing Business on the Internet
1 Credit  1 Period
Overview of different ways businesses are taking advantage of and using the Internet. Includes how companies are selling items and services over the Internet; techniques used to expand customer contacts; marketing strategies; availability of government and financial information; future potential and disadvantages; using the Internet for customer service; establishing a World Wide Web site. Some previous computer experience preferred. Prerequisites: None.

CIS133AA Internet/Web Development Level I-A
1 Credit  2 Periods
Overview of the Internet and its resources. Hands-on experience with various Internet communication tools. Prerequisites: None.

CIS133DA Internet/Web Development Level I
3 Credits  4 Periods
Overview of the Internet/World Wide Web (WWW) and its resources. Hands-on experience with various Internet/WWW resource discovery, information retrieval, and social media tools. Design and Development of multi-page websites using current Hyper Text Markup Language (HTML) and Cascading Style Sheets (CSS) standards. Prerequisites: None. Overview of the Internet/World Wide Web (WWW) and its resources. Hands-on experience with various Internet/WWW resource discovery, information retrieval, and social media tools. Design and Development of
multi-page websites using current Hyper Text Mark-up Language (HTML) and Cascading Style Sheets (CSS) standards. Prerequisites: None.

**CIS136 Content Management Systems: WordPress**
3 Credits  4 Periods
Overview of WordPress Content Management System. Includes hands-on design and creation of web pages and blogs for the World Wide Web. Designed to cover best practices for web site/blog creation. Prerequisites: None.

**CIS138DA Desktop Design and Publishing Using Adobe InDesign**
3 Credits  4 Periods
Use of Adobe InDesign to compose and print textual and graphic materials of high quality. Includes word processing of copy, use of graphics programs, layout of design elements, printing alternatives, and file formats. Prerequisites: None.

**CIS150AB Object-Oriented Programming Fundamentals**
3 Credits  4 Periods
Structured and Object-Oriented design and logic tools. Use of computer problems to demonstrate and teach concepts using an appropriate programming language. Prerequisites: A grade of ‘C’ or better in CIS105 or permission of Instructor.

**CIS151 Computer Game Development -Level I**
3 Credits  4 Periods
Introduction to object-oriented game development, game design, and game theory. Use of computer software to demonstrate and teach concepts using an appropriate game development platform to model real-time simulations and create computer games using object oriented tools. Introduction to developing PC games, educational software, and training software using windows based object ori-

**CIS156 Python Programming: Level I**
3 Credits  4 Periods
Use of the Python programming language to solve problems using suitable examples from business or other disciplines. Prerequisites: A grade of ‘C’ or better in CIS105 or permission of Instructor.

**CIS159 Visual Basic Programming I**
3 Credits  4 Periods
Use of the Visual Basic programming language to solve problems using suitable examples from business or other disciplines. Prerequisites: A grade of ‘C’ or better in CIS105 or permission of Instructor.

**CIS162AB C++: Level I**
CS
3 Credits  4 Periods
Introduction to C++ programming including general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured programming, and object-oriented programming. Prerequisites: A grade of ‘C’ or better in CIS105 or permission of Instructor.

**CIS162AD C#: Level I**
CS
3 Credits  4 Periods
Introduction to C# programming including general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured programming, and object-oriented programming. Prerequisites: A grade of ‘C’ or better in CIS105 or permission of Instructor.
CIS163AA Java Programming: Level I
CS
3 Credits  4 Periods
Introduction to Java programming. Includes features needed to construct Java Applets, Java Applications, control structures, methods, arrays, character and string manipulation, graphics, and object-oriented programming. Prerequisites: A grade of ‘C’ or better in CIS105 or permission of Instructor.

CIS165 Introduction to IOS Application Development
3 Credits  4 Periods
Introduction to iOS device programming utilizing the XCode application, and the programming languages Objective-C and/or Swift, utilizing various iOS frameworks. Understand iOS hardware and feature basics. Go through the entire design process from concept to final product delivery. Prerequisites: A grade of ‘C’ or better in CIS150++, or CIS156, or CIS159, or CIS162++, or CIS163AA, or permission of Instructor.

CIS166AA Introduction to Javascript
3 Credits  4 Periods
Introduction to basic JavaScript programming concepts including syntax. Covers Hypertext Markup Language (HTML), programming logic and debugging, as well as forms manipulation and animation. Prerequisites: A grade of ‘C’ or better in CIS133DA or permission of Instructor.

CIS166AE Web Scripting with PHP: Hypertext Preprocessor (PHP)
3 Credits  4 Periods
Introduction to web scripting with PHP (PHP: Hypertext Preprocessor). Web application development using Hypertext Markup Language (HTML), PHP, programming logic, and Structured Query Language (SQL). Prerequisites: A grade of ‘C’ or better in CIS133DA or permission of Instructor.

CIS171 Survey of Blockchain Technology
3 Credits  4 Periods
This survey class will introduce you to the exciting world of distributed ledger technology (i.e. the blockchain), cryptocurrencies such as Bitcoin and Ether as well as smart contracts. The emphasis is on the blockchain’s role in revolutionizing business. Basic knowledge of computer operation and the ability to browse the Internet are recommended. Prerequisites: None.

CIS189 Virtualization and IT Solutions for Digital Businesses
3 Credits  4 Periods
Introduction to Virtualization course is designed to teach basic virtualization computing concepts to learners. It then expands on the basic technical introduction provided and explores the concepts in more detail with an emphasis on mapping the technologies to business needs and solutions. This course is suitable for anyone who wants to know more about terms like “cloud” and “virtualization.” It will serve as a foundation to build upon when students learn how to design, install and configure various cloud technologies. Prerequisites: None.

CIS197 VMware ESXI Server Enterprise
3 Credits  4 Periods
Introduction to vSphere and VMware ESXI server in the enterprise. Covers many aspects of virtualization for VMware ESXI server administration. Designed to develop knowledge and skills required to install, configure and troubleshoot a VMware ESXI Server (vSphere) including basic network functions. Prerequisites: A grade of ‘C’ or better in [CIS105 and (BPC270 or MST150++) and (CIS126DL or CIS126RH) and (CIS190 or CNT140AB)] or permission of Instructor.
CIS198 VMware vSphere: Optimize and Scale
3 Credits  4 Periods
VMware vSphere: Optimize and Scale is designed for experienced VMware vSphere users. It teaches advanced skills for configuring and maintaining a highly available and scalable virtual infrastructure. Through a mix of lecture and hands-on labs, you will configure and optimize the vSphere features that build a foundation for a truly scalable infrastructure and discuss when and where these features have the greatest effect. It enables you to understand vSphere at a deeper level and how to use advanced features and controls. Prerequisites: A grade of ‘C’ or better in CIS197.

CIS200 VMware NSX: Install, Configure, Manage
3 Credits  4 Periods
This comprehensive, fast-paced training course focuses on installing, configuring, and managing VMware NSX. This course covers NSX as a part of the software-defined data center platform, implementation use cases along with features of NSX, and functionality operating at Layer 2 through Layer 7 of the OSI model. Lecture and hands-on lab activities support the student’s understanding of NSX features, functionality, and on-going management and control. Prerequisites: A grade of ‘C’ or better in CIS197.

CIS213DE Advanced Microsoft Word: Word Processing
3 Credits  4 Periods
Using advanced word processing software features to perform tasks such as mail merge, collaboration, web pages, math functions, macros, photo enhancements, graphics, tables, forms and manage long documents. Prerequisites: A grade of ‘C’ or better in CIS113DE or (CIS113AE and CIS113BE and CIS113CE), or permission of Instructor.

CIS217AM Advanced Microsoft Access: Database Management
3 Credits  4 Periods
Advanced database concepts including database design, primary and secondary key selection and relationships between tables. Queries, sub forms, macros, events, Visual Basic modules and Access Internet features also covered. Prerequisites: A grade of ‘C’ or better in CIS117DM or CIS117CM.

CIS220DC Flash: Advanced Animation and ActionScript
3 Credits  4 Periods
Advanced Flash programming, action scripting, tweening, advanced buttons and user input, movie clips, using dynamic sound and text, managing information flow, Object-Oriented Programming concepts in relation to Flash. Prerequisites: A grade of ‘C’ or better in CIS120DC, or permission of Instructor.

CIS220DF Adobe Photoshop Level II: Advanced Digital Imaging
3 Credits  4 Periods
Goes beyond the basic use of palettes, selections, layers, menus, and tool options, and focuses on using Photoshop software's advanced features to manipulate and correct digital and digitally produced images. Prerequisites: A grade of ‘C’ or better in CIS120DF or permission of Instructor.

CIS220DK Advanced Adobe Premiere
3 Credits  4 Periods
Includes an in-depth study of digital video editing using Premiere, including preproduction, production and post production. Advanced techniques into a capstone project. Emphasis placed on enhanced workflow processes, integration of other applications into Premiere, multiple output formats, timesaving quick key setup and advanced production and editing tools. Prerequisites: A grade of ‘C’ or better in CIS120DA, or CIS120DK, or permission of Instructor.
CIS224 Project Management
Microsoft Project for Windows
3 Credits  4 Periods
Introduction to project management concepts while working with MS Project to solve complex project management networks, including creating Gantt and PERT charts, tracking project progress, planning for restrictions, and integrating MS Project with other software packages such as Excel, Word, PowerPoint, and cc Mail. Prerequisites: None.

CIS230DA 3D Studio Max: Materials
3 Credits  4 Periods
Emphasis on creating and applying materials and textures to three-dimensional environments. Techniques for creating skins, surfaces, and shading types for objects, environments and characters will be explored. Original textures, both life-like and imaginary, will be created using 3D Studio Max and a 2D computer graphics software application. Prerequisites: A grade of ‘C’ or better in CIS130DA, or CIS120DF, or CIS120DG, or permission of Instructor.

CIS230DB 3D Studio Max: Lighting and Rendering
3 Credits  4 Periods
Emphasis on lighting and rendering for three-dimensional environments. Techniques for illuminating scenes and characters will be explored. Prepare scenes for rendering to video, film and real-time rendering using 3D Studio Max. Prerequisites: A grade of ‘C’ or better in CIS130DA, or permission of instructor.

CIS231 Ethereum
Blockchain Application Development
3 Credits  4 Periods
Exploration of the theory behind Ethereum blockchain technology and the development of Ethereum smart contracts. In-depth emphasis on programming concepts relating to the creation and eventual deployment of smart contracts to the Ethereum blockchain. Prerequisites: A grade of ‘C’ or better in CIS171 or permission of Instructor.

CIS233DA Internet/Web Development Level II
3 Credits  4 Periods
Design and create pages on the World Wide Web with a variety of markup languages, programming languages, scripts, and multimedia. Hands-on experience authoring and preparing sophisticated web documents. Exploration of best practices/issues for web design and publishing and careers in web development and e-commerce. Prerequisites: A grade of ‘C’ or better in CIS133DA or permission of Instructor.

CIS233DC Internet/Web Development: Dreamweaver
3 Credits  4 Periods
Design and development of comprehensive and interactive websites using Dreamweaver. Hands-on experience designing, developing, testing, and publishing web documents that contain various client-side web technologies. Assists in preparing students for the Adobe Certifications related to Adobe Dreamweaver. Prerequisites: A grade of ‘C’ or better in CIS132, or CIS133DA, or permission of Instructor.

CIS234 XML Application Development
3 Credits  4 Periods
The use of Extensible Markup Language (XML) to make documents smarter, simplify Web automation, and to communicate between databases, both within and between corporations. Includes techniques for XML generation, data extraction and sharing, and transformation and managing of XML files. Prerequisites: A grade of ‘C’ or better in CIS133DA or permission of Instructor.

CIS235 E-Commerce
3 Credits  4 Periods
Introduction to Electronic Commerce on the Internet. Designing an electronic storefront including web page content and development, e-commerce site marketing, advertisement, legal and security considerations, credit card and other debit trans-
action covered. Also includes current issues in e-commerce. Prerequisites: A grade of 'C' or better in CIS133DA or permission of Instructor.

**CIS238RH Red Hat System Administration II**  
3 Credits  4 Periods  
Continue to develop core administration skills needed to manage a Red Hat Enterprise Linux system. This Red Hat Academy course helps to prepare students for the Red Hat certification exams using a hands-on, task-focused curriculum. Prerequisites: A grade of 'C' or better in CIS126RH, or permission of Instructor.

**CIS239DL Linux Shell Scripting**  
3 Credits  4 Periods  
Linux Shell Scripting syntax and methods including the automation of system tasks as well as interpreted user-level programming. Course includes the Linux Borne Again Shell (BASH) as well as a variety of industry competitors. Prerequisites: A grade of 'C' or better in CIS126DL or CIS126RH or permission of Instructor.

**CIS240RH Red Hat System Administration III**  
3 Credits  4 Periods  
Provides solid understanding of how to automate services on a Linux system. Covers use of Ansible to automate provisioning, configuration, application deployment, and orchestration on Red Hat Enterprise Linux 8. Content aligns with the Red Hat Certified Engineer (RHCE - EX294) exam, a professional certification. Prerequisites: A grade of 'C' or better in CIS238RH or permission of Instructor.

**CIS243 Internet/Web Development Level III**  
3 Credits  4 Periods  
Development of interactive websites with graphics, video, and sound using advanced web design techniques and tools. Design theory for maximizing web readership, interactive and multimedia elements, speed and accessibility optimization, and intuitive user interfaces. Prerequisites: A grade of 'C' or better in CIS233DA, or permission of Instructor.

**CIS250 Management of Information Systems**  
3 Credits  4 Periods  
The study of business information systems and its management, communication, e-business strategies, emerging technologies, database concepts, and project management. Overview of systems analysis and design. Learn about the competitive and strategic uses of information systems and how they are transforming organizations and their management. Prerequisites: A grade of 'C' or better in CIS105.

**CIS251 Computer Game Development - Level II**  
3 Credits  4 Periods  
Advanced object-oriented game development, advanced game design, and advanced game theory. Use of game development software tools to demonstrate advanced concepts for modeling real-time simulations and creating computer games using object oriented development tools. In depth coverage of game programming (scripting) techniques, and decision logic using object oriented techniques. Prerequisites: A grade of 'C' or better in CIS151, or permission of Instructor.

**CIS261 Hyperledger Blockchain Application Development**  
3 Credits  4 Periods  
Exploration of the theory behind Hyperledger blockchain technology and the development of Hyperledger smart contracts. In-depth emphasis on programming concepts relating to the creation and eventual deployment of smart contracts to the Hyperledger blockchain. Prerequisites: A grade of ‘C’ or better in CIS231 or permission of Instructor.
CIS262AD C# Level II
3 Credits  4 Periods
Advanced C# programming with emphasis on data structures, dynamic memory allocation, object-oriented programming, user interfaces, and database processing. Overview of web applications, network programming, and reporting tools. Prerequisites: A grade of ‘C’ or better in CIS162AD, or permission of Instructor.

CIS263AA Java Programming: Level II
3 Credits  4 Periods
Intermediate Java programming. Includes features needed to construct object-oriented programming, multithreading, multimedia, files, streams and data structure. Prerequisites: A grade of ‘C’ or better in CIS163AA or permission of Instructor.

CIS265 Advanced iOS Application Development
3 Credits  4 Periods
Advanced iOS device programming utilizing the Swift/XCode application, and the programming languages Objective-C and/or Swift, utilizing various iOS frameworks. Understand iOS hardware and feature basics. Go through entire design process from concept to final product delivery. Prerequisites: A grade of ‘C’ or better in CIS150++ and CIS165, or permission of Instructor.

CIS266 Network Integration Capstone
4 Credits  5 Periods
Application of project management, installation and troubleshooting to integrate multiple operating systems. Topics include: diagnostic and troubleshooting procedures, security vulnerability and penetration software to installation. Prerequisites: A grade of ‘C’ or better in (CIS238DL and CIS240DL), or CNT160AB, or [(MST155DA and MST157DA) and (CIS270 or CIS271DL or CNT205)], or associated industry certifications, or permission of Instructor.

CIS270 Essentials of Network and Information Security
3 Credits  4 Periods
Threats to security of information systems; responsibilities and basic tools for information security, including communication security, infrastructure security, organizational security and basic cryptography. Introduction to the language of network security and hardware, software and firmware components of an information security system for local, metropolitan, enterprise, and wide area networks. Helps prepare participants for the Comptia Security+ exam and the GIAC Security Essentials Certificate (GSEC). Prerequisites: A grade of ‘C’ or better in BPC270 or CIS190 or CNT140AB or MST150++ or permission of Instructor.

CIS271DL Linux Security
3 Credits  4 Periods
Implementing in-depth security methods and techniques in a Linux-based network environment. Utilize programs, utilities and configuration techniques to provide user-level, file system, and network security. Gain knowledge in a variety of security cracking techniques and how to guard against them. In all aspects of security, the standard of practicing professional ethics seriously emphasized. Preparation for industry certifications such as the SAIR/GNU LCP and LCA certificates, CompTIA’s Linux+, RHCT, RHCE, and LPIC. Prerequisites: A grade of ‘C’ or better in CIS240DL or permission of Instructor.

CIS276DA MySQL Database
3 Credits  4 Periods
A broad overview of the MySQL database. Includes Structured Query Language (SQL) instruction for data definition, data manipulation, and data retrieval. Develops knowledge and skills required to install MySQL, model and create new databases, manage users, authentication, and stored procedures, and develop backup/restore strategies. Prerequisites: A grade of ‘C’ or better in CIS105, or CIS117DM, or permission of Instructor.
CIS276DB SQL Server Database
3 Credits  4 Periods
A broad overview of the Microsoft Structured Query Language (SQL) Server database. Includes SQL instruction for data definition, data manipulation, and data retrieval. Develops knowledge and skills required to install SQL Server, model and create new databases, manage users, authentication, and stored procedures, and develop backup/restore strategies. Prerequisites: A grade of ‘C’ or better in CIS105, or CIS117DM, or permission of Instructor.

CIS284 Certified Internet Web (CIW) Associate Certification Preparation Course
4 Credits  5 Periods
Explain and implement Internet technologies, network infrastructure, and protocols. Utilize a variety of markup languages and web technologies to design web pages. Utilize job skills such as project management. Explore best practices/issues for web design, publishing, and e-commerce. Prepare for Certified Internet Web (CIW) Associate Examinations. Prerequisites: A grade of ‘C’ or better in CIS233DA, or permission of Instructor.

CIS285 Computer Information Systems Capstone Project
3 Credits  4 Periods
Students will create a capstone project with opportunities for individualized research and application of aggregate technology and professional knowledge and skills obtained throughout the student’s program of study. Focus on communication, problem solving, critical thinking, and project management skills. Prerequisites: Permission of Program Director or Instructor.

CIS286 Technology Team Peer Mentorship
3 Credits  4 Periods
Students will create a capstone project with opportunities for individualized research and application of Students will have an opportunity to mentor other students and work as a team to develop and support a technology project related to their program of study paralleled by professional expertise and guidance from team members, faculty, and/ or industry mentor. Focus on application of technology knowledge to the development of a team project to solve real world technology problems/ needs with an innovative technology focus. Focus on the team experience and project and workforce development, management and research, as well as mentoring and collaborative professional behaviors needed to facilitate innovations for profitable commercial feasibility. Prerequisites: A grade of ‘C’ or better in EPS151. Corequisites: CIS285.

CIS290AC Computer Information Systems Internship
3 Credits  18 Periods
Work experience in business or industry. Prerequisites: Permission of Instructor.

CIS298AA Special Projects
1 Credit  1 Period
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

CIS298AC Special Projects
3 Credits  3 Periods
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects
of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

# Computer Science

**CSC100AB Introduction to Computer Science (C++)**

*CS*

*4 Credits  4 Periods*

Concepts of problem-solving, structured programming in C++, fundamental algorithms and techniques, and computer system concepts. Social and ethical responsibilities. Intended for majors other than Computer Science. General Education Designation: Computer/Statistics/Quantitative Applications - [CS]. Prerequisites: A grade of ‘C’ or better in MAT120 or MAT121 or MAT122.

**CSC110AB Introduction to Computer Science (Java)**

*CS*

*4 Credits  4 Periods*

Concepts of problem-solving, structured and object-oriented programming in Java, fundamental algorithms and techniques and computer system concepts. Social and ethical responsibilities. Intended for majors other than Computer Science. General Education Designation: Computer/Statistics/Quantitative Applications - [CS]. Prerequisites: A grade of ‘C’ or better in MAT120 or MAT121 or MAT122.

**CSC120 Digital Design Fundamentals**

*4 Credits  6 Periods*

Number systems, conversion methods, binary and complement arithmetic, Boolean switching algebra and circuit minimization techniques. Analysis and design of combinational logic, flip-flops, simple counters, registers, ROMs, PLDs, synchronous and asynchronous sequential circuits, and state reduction techniques. Building physical circuits. Prerequisites: None. Corequisites: CSC100 or CSC110 or permission of Instructor or Division or Department Chair.

**CSC205AB Object Oriented Programming and Data Structures**

*CS*

*4 Credits  4 Periods*

Covers Object-Oriented design and programming; elementary data structures; arrays; lists; stacks; queues; binary trees; recursion; searching and sorting algorithms. Prerequisites: A grade of ‘C’ or better in CSC110 or permission of Instructor.

**CSC230 Computer Organization and Assembly Language**

*4 Credits  5 Periods*

Assembly language programming including input/output (I/O) programming and exception/interrupt handling. Register-level computer organization, I/O interfaces, assemblers, and linkers. Processor organization and design, data path, control, pipelining, and input/output. Memory organization with cache and virtual memory. Prerequisites: A grade of ‘C’ or better in [(CSC100 or CSC110) and CSC/EEE120], or permission of Instructor or Division or Department Chair.

**CSC240AA Introduction to Different Programming Languages**

*4 Credits  4 Periods*

Introduction to procedural (C/C++), applicative (LISP), and declarative (Prolog) languages. Prerequisites: A grade of ‘C’ or better in CSC205 or permission of Instructor.
Construction

CNS282AC Volunteerism for Construction: A Service Learning Experience
3 Credits  3 Periods
Service-learning field experience within private/public agencies and citizen volunteer groups. May not repeat specific assignment for more than three (3) credit hours. Standard grading available according to procedures outlined in college catalog. Prerequisites: Permission of Department or Division.

CNS290AC Construction Internship
3 Credits  18 Periods
Construction internship office/field experience with private/public agencies or citizen volunteer groups. Two hundred and forty (240) hours of designated work. Standard grading available according to procedures outlined in college catalog. Prerequisites: Permission of Department or Division.

CNS296WC Cooperative Education
3 Credits  15 Periods
Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. Prerequisites: 12 college credits, 2.6 GPA min & ability to obtain a position related to academic or career goals; or permission of instructor. Corequisites: Enrolled in at least 1 class related to major or career interest or permission of instructor.

CNS298AA Special Projects
1 Credit  1 Period
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

CNS298AC Special Projects
3 Credits  3 Periods
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

Counseling and Personal Development

CPD102AB Career Exploration
2 Credits  2 Periods
Designed to assist students make informed career decisions. Focuses on current occupational trends and outlook. Explores career-related interests, values, needs, preferences, skills, and strengths with the use of various assessments. Aids in the development of individualized educational/career goals and action plan. Prerequisites: None. CPD102AB may be repeated for a total of six (6) credit hours.
CPD102AD Growth and Transformation Strategies
2 Credits 2 Periods

Identification, classification, etiology and treatment of lesions of the oral mucosa and atypical conditions of the oral cavity and supporting structures. Understanding of abnormal conditions to recognize the parameters of comprehensive dental hygiene care. Multimedia resources are used extensively for
identification of oral lesions. Prerequisites: Admission to the Dental Hygiene Program or permission of Instructor.

**DHE115 Emergency Medicine**  
2 Credits  2 Periods  
Introduction to recording and interpreting medical history. Additional topics include: recognition of signs and symptoms of medical emergencies, procedures and techniques introduced to prevent emergencies and management of emergency situations in the dental environment. Prerequisites: Admission to the Dental Hygiene Program.

**DHE117 Dental Radiography**  
2 Credits  2 Periods  
Physics of radiography, theory of radiation production, exposure techniques, radiation protection, image processing, mounting, and interpretation of radiography. Course activities include multimedia resources. Prerequisites: Admission to the Dental Hygiene Program or permission of Program Director.

**DHE119 Head and Neck Anatomy**  
3 Credits  3 Periods  
Study of the structures of the head and neck relevant to dental hygiene. Topics include: osteology, musculature, vascular supply, lymph and glandular tissue, cranial nerves and routes of infection. Course activities include use of skulls, models and multimedia resources. Prerequisites: Admission to the Dental Hygiene Program or permission of Instructor.

**DHE120 Pre-Clinical Dental Hygiene**  
6 Credits  12 Periods  
Introduction to the dental hygiene profession and the process of care. Infection control, patient assessment, preventive treatment and dental hygiene instrumentation are practiced. Students are introduced to self assessment skills and quality improvement. Prerequisites: Admission to the Dental Hygiene Program or permission of Instructor.

**DHE121 Dental Anatomy, Embryology and Histology**  
2 Credits  3 Periods  
Includes the histology and embryology of oral tissues; developmental disturbances of the face, oral cavity, and related structures; tooth composition and morphology; eruption patterns and occlusal evaluation. Use of skulls, models and multimedia resources also covered. Prerequisites: Admission to the Dental Hygiene Program.

**DHE125 Dental Radiography Laboratory**  
1 Credit  3 Periods  
Radiation safety and infection control procedures for operator and patient. Image receptor placement, exposure, processing, mounting and evaluation of dental radiographs. Operation and maintenance of X-ray and processing equipment. Interpretation of radiographic findings. A grade of ‘C’ or better required in all Prerequisites. Prerequisites or Corequisites: (DHE117 and admission to the Dental Hygiene Program) or permission of Program Director.

**DHE127 Prevention of Dental Disease**  
3 Credits  3 Periods  
Introduction to preventive aids, agents, and coaching to help patients achieve optimum oral health, reduce incidence of disease, and minimize risk of oral injury. Instills critical thinking in etiologic agents, cariology, fluorides, sealants, nutrition, and their oral and systemic implications. Prerequisites: Admission to the Dental Hygiene Program or permission of Instructor.

**DHE132 Dental Hygiene Theory I**  
3 Credits  5 Periods  
Study of the dental hygiene process of care with emphasis on assessment, planning and implementation. Topics include instrumentation, adjunct dental hygiene services, instrument sharpening,
DHE120 Dental Hygiene Theory I 3 Credits  9 Periods  
Study of the dental hygiene process of care with emphasis on comprehensive care planning, case presentation, and clinical decision making. Introduction to advanced periodontal instrumentation. Prerequisites: A grade of ‘C’ or better in (DHE120 and admission to the Dental Hygiene Program) or permission of Instructor. Corequisites: DHE133.

DHE133 Dental Hygiene Clinic I 3 Credits  9 Periods  
Application of the dental hygiene process of care with emphasis on assessment, planning, and implementation. Introduction to evaluation of dental hygiene therapy. Prerequisites: A grade of ‘C’ or better in DHE120 and admission to the Dental Hygiene Program. Corequisites: DHE132 and current CPR card.

DHE201 Dental Materials 2 Credits  2 Periods  

DHE202 Dental Materials Laboratory 1 Credit  3 Periods  
Manipulate permanent and temporary restorative materials, impression material, dental waxes, cements, periodontal dressings, bases and liners. Fabricate mouth protectors and study models. Laboratory proficiency in margination of permanent restorative materials. Prerequisites: Admission to the Dental Hygiene Program or permission of Instructor. Corequisites: DHE201.

DHE212 Dental Hygiene Theory II 2 Credits  2 Periods  
Study of the dental hygiene process of care with emphasis on comprehensive care planning, case presentation, and clinical decision making. Introduction to advanced periodontal instrumentation. Prerequisites: A grade of ‘C’ or better in DHE132 and DHE133 and admission to the Dental Hygiene Program. Corequisites: DHE213.

DHE213 Dental Hygiene Clinic II 5 Credits  15 Periods  
Application of the dental hygiene process of care with emphasis on comprehensive care planning, case presentation, clinical decision making, advanced instrumentation and improved time utilization. Prerequisites: A grade of ‘C’ or better in DHE132 and DHE133 and admission to the Dental Hygiene Program. Corequisites: DHE212.

DHE219 Practice Management 2 Credits  2 Periods  
Integration of practice management concepts and comprehensive quality patient care in preparation for future collaborative practice between dental hygienists and dentists. Students are challenged with practice situations including productivity, conflict management, ethical and legal issues. Prerequisites: Admission to the Dental Hygiene Program or permission of Instructor.

DHE225 Periodontics 3 Credits  3 Periods  
Principles of periodontology; etiology, microbiology, pathogenesis, classification and characteristics of healthy and diseased periodontal tissues. Surgical treatment of periodontal disease and the effects of dental hygiene therapy, surgical techniques and maintenance therapy. Evaluation of the scientific literature and multi-media resources are used extensively. Prerequisites: Admission to the Dental Hygiene Program or permission of Instructor.

DHE227 Dental Anesthesia 2 Credits  2 Periods  
A comprehensive lecture and laboratory course providing concepts and techniques for the administration of local anesthetic agents and nitrous oxide. Experience gained in medical history review,
electronic recordkeeping, patient management, and hands-on experience administering local anesthetics and nitrous oxide in a clinical setting. Prerequisites: A grade of ‘C’ or better in DHE119.

**DHE229 Community Oral Health**  
3 Credits  3 Periods  
An examination of methods used to assess the oral health status of the community and to plan, implement, finance and evaluate dental public health programs. Focus on community-based health promotion and disease prevention measures to improve the oral health of the population, as well as the characteristics of dental care delivery systems and the social, political, psychological and economic factors affecting utilization within the system. Prerequisites: Admission to the Dental Hygiene Program or permission of Instructor.

**DHE232 Dental Hygiene Theory III**  
2 Credits  3 Periods  
Study of the dental hygiene process of care with emphasis on the patient with special needs and advanced instrumentation. Students participate in field observations and present case documentations. Prerequisites: A grade of ‘C’ or better in (DHE212 and DHE213) and admission to the Dental Hygiene Program. Corequisites: DHE233.

**DHE233 Dental Hygiene Clinic III**  
5 Credits  15 Periods  
Application of the dental hygiene process of care with emphasis on diverse populations. Students prepare for clinical practice using self assessment, evaluation and critical thinking skills. Prerequisites: A grade of ‘C’ or better in (DHE212 and DHE213) and admission to the Dental Hygiene Program. Corequisites: DHE232.

**DHE298AC Special Projects**  
3 Credits  3 Periods  
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

---

**Drafting Technology**

**DFT105AA Computer Aided Drafting I: AutoCAD**  
3 Credits  6 Periods  
Industrial use of AUTOCAD equipment (hardware and software) in the areas of mechanical, electronic and construction drawings. Prerequisites: None. General Education Designation: Computer/Stats/Quantitative Apps - [CS] in combination with: CSC100 or CSC100AA or CSC100AB

**DFT110 Introduction to Drafting**  
3 Credits  6 Periods  
Fundamentals of drafting including lettering, basic drawing concepts, geometric construction and multiview projection. Prerequisites: None.

**DFT111 Intermediate Drafting**  
3 Credits  6 Periods  
Dimensioning and tolerancing, sectional views and auxiliary views. Prerequisites: A grade of ‘C’ or better in DFT105AA, or DFT110, or equivalent.

**DFT112 Advanced Drafting**  
3 Credits  6 Periods  
Detail and assembly drawings, dimensioning and tolerancing per current manufacturing standards.
Prerequisites: A grade of ‘C’ or better in (DFT111 and DFT254AA) or equivalent.

**DFT115 Geometric Dimensioning and Tolerancing**
3 Credits 3 Periods
Principles and application of the latest techniques in geometric dimensioning and tolerancing in accordance with current American Society of Mechanical Engineers (ASME) Y14.5M. Recommended for all manufacturing personnel who read or produce engineering drawings related to contracts with the U.S. Government. Prerequisites or Corequisites: DFT110, or MET109, or permission of Department or Division.

**DFT254AA Computer Aided Drafting II: AutoCAD**
3 Credits 6 Periods
Advanced AutoCAD techniques in constructing three-dimensional objects and symbols, dimensioning and text; advanced techniques for projection, rotation, and translation of objects; advanced plotter use. Prerequisites: A grade of ‘C’ or better in DFT105AA or equivalent or permission of Department or Division.

**DFT255 3D Printing/Additive Manufacturing**
4 Credits 4 Periods
Rapidly advancing additive manufacturing (AM) technologies, often called 3D printing, provide us a direct way of converting digital data into physical objects. Additive manufacturing enables the building of customized parts previously impossible to fabricate. Design for Additive Manufacturing teaches background, terminology, fundamentals designing for additive manufacturing, and current AM technology as well as advantages and limitations of 3D printing, materials, and post-processing. Students will learn and apply technique through lab activities, machine operation and maintenance, part design and analysis, adapting stereolithography files, printing models, and post-processing. Prerequisites: A grade of ‘C’ or better in DFT254AA, or MFG254, or permission of Department or Division.

**DFT296WA Cooperative Education**
1 Credit 5 Periods
Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. Prerequisites: Completion of 12 college credits, min. 2.6 GPA and obtain a position related to academic or career goals or permission of Instructor. Corequisites: At least 1 class related to major or career interest or with permission of the Instructor.

**DFT296WC Cooperative Education**
3 Credits 15 Periods
Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. Prerequisites: Completion of 12 college credits, min. 2.6 GPA and obtain a position related to academic or career goals or permission of Instructor. Corequisites: At least 1 class related to major or career interest or with permission of the Instructor.

### Early Childhood Education

**ECH128 Early Learning: Play And The Arts**
3 Credits 3 Periods
Examines theory, research and practices relating to play and the creative arts in early childhood. Considers practical constraints and alternative perspectives. Prerequisites: None.
ECH176 Child Development
SB
3 Credits 3 Periods
Study of the science of human development from conception through adolescence. Includes observation skills, parent and adult roles in the lives of children, and contemporary issues. Prerequisites: None.

ECH270 Observing Young Children
1 Credit 1 Period
Introduction to techniques of observing young children. Recording methods, interpretation and use of collected information including legal and ethical implications. Prerequisites: None.

ECH271 Arranging the Environment
1 Credit 1 Period
Exploration of the influence of the environment on the behavior of young children. Indoor and outdoor spaces considered and analysis of environments practiced. Prerequisites: None.

ECH275 Literacy Development and the Young Child
1 Credit 1 Period
Literacy from birth through the early childhood years. Focus on developmentally appropriate ways to encourage speaking, listening, writing, and reading in the home and classroom. Prerequisites: None.

ECH279 Early Childhood Curriculum Development
1 Credit 1 Period
An intensive focus on the process of building curriculum units appropriate to the developmental needs and abilities of the young child. Design, use and evaluation of materials and activities. Prerequisites: None. ECH279 may be repeated for a total of four (4) credit hours.

ECH282 Discipline/Guidance of Child Groups
1 Credit 1 Period
Exploration of techniques for guiding children in groups with focus on individual child and adult needs for a disciplined environment. Prerequisites: None.

ECH298AA Special Projects
1 Credit 1 Period
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

Early Education

EED111 Multimedia and the Early Childhood Education Classroom
3 Credits 3 Periods
Explore theories and teaching strategies of utilizing multimedia with children birth through 8 years of age. Examine usage of various multimedia in early childhood education settings. Explore ways to integrate appropriate multimedia usage into learning. Explore the use of multimedia and ECE professional growth. Prerequisites: None.

EED200 Foundations of Early Childhood Education
SB
3 Credits 3 Periods
Overview of early childhood education (birth to age
eight) in American society, including current issues and responsibilities. Emphasis on issues of professionalism, ethics and program types. Opportunities for students to explore potential career paths. Includes field experience. Prerequisites: None. EED200 requires a minimum of 30 hours of field experience in birth to age eight environments.

EED205 The Developing Child: Prenatal to Age Eight
3 Credits 3 Periods
Examination of process of physical, social, emotional, cognitive, language, and literacy development of typical and atypical young children; prenatal through age eight. Includes practical application and fieldwork experience. Prerequisites: None.

EED212 Guidance, Management and the Environment
3 Credits 3 Periods
Principles for guiding young children in early care and education environments. Exploration of guidance, management, and how the environment impacts the lives of young children. Includes observation of classrooms of children ages birth to age eight. Prerequisites: None.

EED215 Early Learning: Health, Safety, Nutrition and Fitness
3 Credits 3 Periods
Consideration of public health issues and safety procedures within early childhood settings, serving young children birth to age eight. Overview of nutritional needs and issues of physical fitness and well-being in young children. Includes field experiences. Prerequisites: None.

EED220 Child, Family, Community and Culture
3 Credits 3 Periods
Examines family, community and cultural influences on development of the young child (birth to age eight). Considers trends and threats to attachment, relationships and cultural identity. Includes social and emotional experiences and their impact on the developing brain. Prerequisites: None.

EED222 Introduction to the Exceptional Young Child: Birth to Age Eight
C, SB
3 Credits 3 Periods
Overview of the exceptional learner (birth - age 5 eight), one who differs from the average or the norm, with emphasis on observation, techniques, characteristics, identification, types of programs, and work with families. Issues related to learning exceptionalities, sensory and communication disorders, social and emotional problems, physical and health related disorders, and giftedness. Includes field experience. Prerequisites: None.

EED225 Language and Literacy in the Context of Culture and Relationships
3 Credits 3 Periods
Introduces children’s language acquisition and literacy development. Exploration of the relationships among language, literacy, family, culture, and community. Study of educational practices and advocacy opportunities that support language acquisition, literacy development and the preservation of heritage languages. Prerequisites: None.

EED245 Early Learning: Language Acquisition and Literacy Development
3 Credits 3 Periods
Overview of language acquisition and development, emergent literacy, early literacy development, and appropriate early experiences with books, reading, and writing for typical and atypical children birth to age eight. Emphasis placed on reading and writing readiness, methods to enhance literacy development, and strategies for selecting and using children's books. Prerequisites: None.
EED255 Portfolio Development and Writing for the Profession
3 Credits  3 Periods
Portfolio development, completion, and presentation. Self-assessment and educational short-term and long-term planning, professional development, writing and critical learning included. Prerequisites: A grade of ‘C’ or better in completion of twelve (12) credit hours of EED Early Education coursework and permission of Program Coordinator.

EED260 Early Childhood Infant/Toddler Internship
1 Credit  1 Period
Work experience with infants and toddlers in early care and education settings. Eighty (80) hours of designated work per credit. May be repeated for a total of six (6) credit hours. Prerequisites: Permission of Department or Division.

EED261 Early Childhood Preschool Internship
1 Credit  1 Period
Work experience with preschoolers in early care and education settings. Eighty (80) hours of designated work per credit. May be repeated for a total of six (6) credit hours. Prerequisites: Permission of Department or Division.

EED265 Early Childhood Internship: K-3
4 Credits  5 Periods
Supervised student teacher practicum. Emphasis on the provision of instruction to learners. Covers lesson plan development, classroom procedures, classroom management, and educator professionalism. Includes learner preparation, learner engagement, and learner outcome awareness. Prerequisites: A grade of ‘C’ or better in EED200, EED212, EED215, EED220, EED222, EED270, EED275, and EED280.

EED272 Early Childhood Educational Psychology
3 Credits  3 Periods
Focus on the study and application of psychological principles, theories, and methodologies related to early childhood teaching and learning. Emphasis on early childhood developmental, learning, and motivational theories. Current trends also covered. Prerequisites: None.

EED278 Early Learning: Curriculum and Instruction - Birth/Preschool
3 Credits  3 Periods
Considerations and evaluations of curriculum appropriate to the developmental characteristics of learners, birth through five years. Includes how early childhood standards, philosophies, and program settings relate to the teaching, learning, and assessment process. Includes field experience. Prerequisites: A grade of ‘C’ or better in EED200.

EED280 Standards, Observation and Assessment of Typical/Atypical Behaviors of Young Children Birth to Age 8
3 Credits  3 Periods
Standards, observation, and assessment of typical and atypical behaviors, overview of standards, observation and assessment methodologies for typical and atypical young children (birth to age eight). Includes ethics, referral and reporting procedures, and collaboration with families and other professionals. Prerequisites: A grade of ‘C’ or better in CFS/ECH176, or CFS235, or EED205.
Economics

ECN160 Economic History of the United States
H, SB
3 Credits  3 Periods
A description of the trends of American population, industry, and wealth through examination of major American institutions, historical events, and economic thought. Emphasis on the roles of technology and natural resources in agriculture and industry, the labor force, the monetary system, market structures, and the economic impact of government. Prerequisites: None.

ECN208 Microeconomics Issues
3 Credits  3 Periods
Microeconomic principles applied to current problems of market structure, consumer preference, supply and demand, and the theory of the firm. Topics will include contemporary events that are suitable for application of the economic way of thinking. Prerequisites: None.

ECN211 Macroeconomic Principles
SB
3 Credits  3 Periods
A descriptive analysis of the structure and functioning of the American economy. Emphasis on basic economic institutions and factors that determine national income and employment levels. Consideration given to the macroeconomic topics of national income, unemployment, inflation and monetary and fiscal policies. Prerequisites: None.

ECN212 Microeconomic Principles
SB
3 Credits  3 Periods
Microeconomic analysis including the theory of consumer choice, price determination, resource allocation and income distribution. Includes non-competitive market structures such as monopoly and oligopoly; and the effects of government regulation. Prerequisites: None.

ECN250 World Economic Systems
G, SB
3 Credits  3 Periods
A descriptive analysis of capitalist, socialist and mixed economies. Some consideration also given to the problems of less developed economies. Prerequisites: None.

Education

EDU220 Introduction to Serving English Language Learners (ELL)
3 Credits  3 Periods
Rationale for and current educational and legal issues for serving English Language Learners (ELL). Comparison and evaluation of various types of language educational models including Structured English Immersion (SEI), English as a Second Language (ESL) and bilingual/Dual Language Immersion (DLI). Includes SEI, ESL, and bilingual/DLI strategies. Prerequisites: None. Approved school-based practicum is required. EDU220 incorporates the 45-clock hour curricular framework for provisional SEI endorsement through the Arizona Department of Education.

EDU221 Introduction to Education
SB
3 Credits  3 Periods
Overview of the historical, political, economic, social, and philosophical factors that influence education and make it so complex. Opportunity for students to assess their interest and suitability for teaching. Prerequisites: None. Requires minimum
of 30 hours of field experience in elementary or secondary classroom environment.

**EDU222 Introduction to the Exceptional Learner**
C, SB  
3 Credits 3 Periods  
Overview of the exceptional learner with emphasis on factors relating to current practices, identification, characteristics, and educational adaptations. Issues related to mild disabilities, severe disabilities, emotional and behavioral disorders, intellectual disabilities, and students who are gifted. Prerequisites: None. EDU222 requires an approved field experience.

**EDU230 Cultural Diversity In Education**
C  
3 Credits 3 Periods  
Examination of the relationship of cultural values to the formation of self-concept and learning styles. Examination of the role of prejudice, stereotyping and cultural incompatibilities in education. Emphasis on teacher preparation (preservice and/or inservice) to offer an equal educational opportunity to students of all cultural groups. Prerequisites: None.

**EDU250 Teaching and Learning in the Community College**
3 Credits 3 Periods  
The history, functions, organization and current issues in the community/junior college with emphasis on the Arizona community colleges. Includes focus on the design and practice of effective community college teaching and learning with special emphasis on the Maricopa County Community College District. Prerequisites: None.

**EDU291 Children’s Literature**
HU  
3 Credits 3 Periods  
Review of folk and modern literature from a variety of world cultures, including application of literary criteria to folk and modern literature for children. Prerequisites: None.

**EDU292 The Art of Storytelling**
C, HU  
3 Credits 3 Periods  
Explore the art and origin of storytelling. Provide a variety of storytelling techniques, styles and exercises to enhance the delivery of telling stories. Assist in the integration and application of storytelling to the learning environment in the classroom. Prerequisites: None.

**Electrical Engineering**

**EEE120 Digital Design Fundamentals**
CS  
4 Credits 6 Periods  
Number systems, conversion methods, binary and complement arithmetic, Boolean switching algebra and circuit minimization techniques. Analysis and design of combinational logic, flip-flops, simple counters, registers, ROMs, PLDs, synchronous and asynchronous sequential circuits, and state reduction techniques. Building physical circuits. Prerequisites: None. Corequisites: CSC100 or CSC110 or permission of Instructor or Division or Department Chair.

**EEE202 Circuits and Devices**
5 Credits 3 Periods  
Introduction to circuits and devices. Component models, transient analysis, steady state analysis, Laplace transform, and active and passive filter networks. Prerequisites: A grade of ‘C’ or better in PHY116 or PHY131 or permission of Instructor or Division or Department Chair. Corequisites: MAT276
or permission of Instructor or Division or Department Chair.

**EEE230 Computer Organization and Assembly Language**

*4 Credits  5 Periods*

Assembly language programming including input/output (I/O) programming and exception/interrupt handling. Register-level computer organization, I/O interfaces, assemblers, and linkers. Processor organization and design, data path, control, pipelining, and input/output. Memory organization with cache and virtual memory. Prerequisites: A grade of ‘C’ or better in [(CSC100 or CSC110) and CSC/EEE120], or permission of Instructor or Division or Department Chair.

**Electronics**

**ELE100 Concepts of Electricity and Electronics**

*3 Credits  4 Periods*

Principles of electric circuits, magnetism and electromagnetism including basic motors and generators. Use of basic measuring instruments. Includes an overview of electronics in the modern world. Prerequisites: None.

**ELE111 Circuit Analysis I**

*4 Credits  6 Periods*

Direct current (DC) and Alternating current (AC) electric circuits. Ohm’s law, Kirchoff’s laws, series, parallel and series-parallel circuits, fundamentals of inductance and capacitance, and the transient behavior of circuits containing resistance and capacitance or resistance and inductance. Prerequisites: None. Corequisites: MAT120, or MAT121, or MAT122, or equivalent.

**ELE112 Circuit Analysis II**

*4 Credits  6 Periods*

Alternating current (AC) and direct current (DC) circuits containing resistance and reactance. Detailed coverage of AC/DC circuit parameters, including theorems, impedance matching, and resonance. Prerequisites: A grade of ‘C’ or better in ELE111.

**ELE121 Solid-State Devices And Circuits I**

*4 Credits  6 Periods*

Theory of operation of semiconductor diodes and transistors. Bipolar junction transistor biasing and load-line analysis. Alternating Current (AC) equivalent circuits applied to small signal amplifiers. Characteristics of large signal and power amplifiers. Prerequisites: A grade of ‘C’ or better in ELE111.

**ELE131 Digital Logic and Circuits**

*3 Credits  6 Periods*

Number systems, binary arithmetic, and Boolean algebra, combinational and sequential logic circuits, and memory elements. Prerequisites: None.

**ELE161 Custom Electric Guitar Fabrication**

*3 Credits  4 Periods*

Offered to guitar or bass players, artists, woodworkers or anyone who wants to learn the specialized skills of a luthier or the art of electric guitar crafting, maintenance, and setup. Fabricate and integrate a complete guitar neck and body, and finish with a combination of paint, stain, and clear coats. Prerequisites: None.

**ELE173 Fabrication Techniques**

*3 Credits  6 Periods*

Introduction to electronic assembly safety practices and procedures, hand tool, and measuring devices. Includes basic and special assembly tools, fastener installation and removal tools, precision measuring tools, fabrication tools, torque measuring instruments, Electrostatic Discharge (ESD) awareness and procedures, basic soldering/desoldering, prototype and troubleshooting. Prerequisites: None.
ELE181 Computer Programming for Technology  
3 Credits  5 Periods  
Elementary computer programming techniques. Hands-on computer usage. Prerequisites: None.

ELE222 Solid-State Devices and Circuits II  
4 Credits  6 Periods  
Theory and application of differential and operational amplifiers. Power supplies and regulators; special devices and circuits. Prerequisites: A grade of ‘C’ or better in ELE112 and ELE121.

ELE241 Microprocessor Concepts  
4 Credits  6 Periods  
Architectures of selected microprocessors. Presentation of machine and assembly language programming. Prerequisites: A grade of ‘C’ or better in ELE131.

ELE243 Microprocessor Applications  
3 Credits  5 Periods  
Presents the microprocessor in computing and control applications. System hardware and software used to control the microprocessor system to perform input/output operations. Prerequisites: A grade of ‘C’ or better in ELE241 or ELT241.

ELE251 Electronic Measurements  
3 Credits  5 Periods  
Application and operation of common electronic and electrical test instruments including: oscilloscopes, analog and digital multimeters, digital counters and signal sources. Transducers, amplifiers, and filters, as they apply to instrumentation systems. Laboratory reports and documentation are emphasized. Prerequisites: A grade of ‘C’ or better in ELE121.

ELE261 Communication Systems  
4 Credits  6 Periods  
Communication systems. Amplitude modulation (AM), frequency modulation (FM), single-sideband (SSB), radio receivers, pulse systems, radiation, antennas and wave propagation. Prerequisites: A grade of ‘C’ or better in ELE121 and ELE131. Corequisites: ELE222.

ELE263 Digital Data Communications  
4 Credits  6 Periods  
Overview of modern telephone system. Telephone switching and modulation techniques. Familiarization with AM(amplitude modulation) and FM(frequency modulation) circuits. Operation of asynchronous and synchronous modems. Prerequisites: A grade of ‘C’ or better in ELE121 and ELE241.

Emergency Medical Technology

EMT101 Basic Life Support/  
Cardiopulmonary Resuscitation (CPR) for Health Care Providers  
.5 Credits .5 Periods  
Designed to provide the allied healthcare provider with the knowledge and skills to perform Basic Life Support (BLS) according to current guidelines for emergency cardiovascular care (ECC). Prerequisites: None. EMT101 may be repeated for credit.

EMT104 Emergency Medical Technology  
9 Credits  11.4 Periods  
Techniques of emergency medical care in accordance with national and state curriculum. Study of the human body, patient assessment, treatment of medically or traumatically compromised patients, special hazards, and medical operations, IV monitoring, patient-assisted medication administration, automated external defibrillators (AEDs), and blood-glucose monitoring.
EMT104 Students are required to complete additional hours in a competency-based clinical, vehicular, and/or scenario based experience. This may be completed through EMT104AB or program director-approved rotation. Students must meet National Registry of EMTs requirements for certification. Additional information available at nremt.org. Prerequisites: ‘C’ or better in EMT101 or current validation in BLS Health Care Provider/Professional Rescuer & (approp Reading placement test score to demonstrate min 10th grd level reading or completed Associates degree or higher from accredited inst).

EMT104AA Practical Skills Testing
.5 Credits  .5 Periods
Manipulative skills testing of specific skills identified by the scope of practice for EMT Basic Students. Successful completion qualifies the student for EMT Basic Written Exam for National Certification. Prerequisites: None. Corequisites: EMT/FSC104.

EMT104AB Applied Practical Studies for Emergency Medical Technology
.5 Credits  .5 Periods
Simulation of actual emergency responses, with practical application of techniques and skills covered in EMT curricula. Scenario based learning applied to the techniques of emergency medical care in accordance with national and state curriculum. Practical application of anatomy, physiology, patient assessment, and treatment of medically or traumatically compromised patients, special hazards and medical operations. Also includes patient-assisted medication administration, semi-automatic external defibrillator and blood glucose monitoring. Students function in outside, scenario based environment. Prerequisites: None. Corequisites: EMT/FSC104, or EMT200, or (EMT272AA, EMT272AB, and EMT272LL), or EMT273, or certified EMT Basic, IEMT, or Paramedic in the State of Arizona, or permission of Instructor.

EMT104LL Emergency Medical Technology Practicum
2 Credits  3.5 Periods
and professional behaviors, critical thinking, decision-making, and patient management of medical and trauma emergencies. Provides scenario based learning applied to the techniques of emergency medical care in accordance with national and state curriculum. EMT104LL may be repeated for credit. Students must meet National Registry of EMT requirements for certification. Additional information available at nremt.org. Prerequisites: A grade of ‘C’ or better in EMT104 or permission of Instructor or Corequisites: EMT104.

EMT200 Refresher Course for Certified Emergency Medical Technicians
2 Credits  2.7 Periods
Designed to meet National and Arizona Department of Health Services (A-DHS) recertification for EMTs. Enhances the knowledge base of the Emergency Medical Technician (EMT) and reinforces basic skills competencies. Prerequisites: Current validation in Basic Life Support (BLS) healthcare provider/professional rescuer card and a grade of ‘C’ or better in (EMT/FSC104 or permission of Instructor).

EMT235 Basic ECG Rhythm Analysis and Interpretation in the Emergency Setting
3 Credits  3 Periods
Designed to provide the allied healthcare provider with basic skills in analysis and interpretation of sinus, atrial, junctional and ventricular rhythms from electrocardiographs (ECG) in the emergency setting. Also addresses heart block and electronically paced rhythms. Prerequisites: Current basic life support (BLS) healthcare provider/professional rescuer card and a grade of ‘C’ or better in (EMT/FSC104 or permission of Instructor).
EMT236 Pharmacology in an Emergency Setting
3 Credits  3 Periods
Designed for the allied healthcare provider to integrate knowledge of pharmacology and pharmacologic agents to formulate a management plan in the emergency setting. Includes principles of pharmacology, pharmacokinetics, pharmacodynamics, physiology of pharmacology, calculating medication dosages, and medication profiles. Prerequisites: Current basic life support (BLS) healthcare provider/professional rescuer card and a grade of ‘C’ or better in (EMT/FSC104 or permission of Instructor). MAT082 or higher suggested but not required.

EMT240 Advanced Cardiac Life Support (ACLS)
2 Credits  4 Periods
Designed for the allied healthcare provider who initiates, directs, or participates in the management of cardiopulmonary arrest and other cardiovascular emergencies. Provides the allied healthcare provider with the knowledge and skills to recognize and manage cardiopulmonary arrest, acute arrhythmia, stroke, and Acute Coronary Syndromes (ACS) according to current advanced Emergency Cardiovascular Care (ECC) guidelines. Requires prior knowledge of basic electrocardiograph rhythm interpretation, pharmacologic agents, and other interventions used in Advanced Cardiac Life Support (ACLS). Prerequisites: Current Basic Life Support (BLS) healthcare provider/professional rescuer card and a grade of ‘C’ or better in (EMT235 and EMT236, or permission of Instructor).

EMT242 Pediatric Advanced Life Support (PALS)
1 Credit  2 Periods
Designed for the allied healthcare provider who initiates, directs, or participates in the management of an infant or child in respiratory compromise, circulatory compromise, or cardiopulmonary arrest according to current CPR and Emergency Cardiovascular Care (ECC) guidelines. Requires prior knowledge of basic electrocardiograph rhythm interpretation, pharmacologic agents, and other interventions used in Pediatric Advanced Life Support (PALS). Major factors related to the function of the human body will be examined/introduced with an emphasis on exercise physiology and functional anatomy. A grade of ‘C’ or better required in all Prerequisites. Prerequisites or Corequisites: EXS101 or permission of Instructor.

EXS210 Assessment and Program Design: Muscular Fitness
2 Credits  3 Periods
Principles of muscular fitness training including evaluation of movement patterns, selection and interpretation of assessment techniques and evidence-based program design for healthy and special populations. Prerequisites: A grade of ‘C’ or better in EXS125.

EXS211 Assessment and Program Design: Flexibility and Balance
2 Credits  3 Periods
Principles of flexibility and balance including evaluation of movement patterns, selection and interpretation of assessment techniques and evidence-based program design for healthy and special populations. Prerequisites: A grade of ‘C’ or better in EXS125.

EXS212 Assessment and Program Design: Cardiorespiratory Fitness
2 Credits  3 Periods
Principles of cardiorespiratory fitness training including evaluation of client needs and health, selection and interpretation of safe and effective assessment techniques and evidence-based program design for healthy and special populations. Prerequisites: A grade of ‘C’ or better in EXS125.

EXS213 Assessment and Program Design: Weight Management and Motivation
2 Credits  3 Periods
Principles of weight management including evidence-based program design and interpretation of assessments for various populations as well as explanation of theories of motivation and behavior modification. Prerequisites: A grade of ‘C’ or better in EXS125.

EXS214 Instructional Competency: Flexibility and Mind-Body Exercises
2 Credits  3 Periods
Fundamental methods of instructing and leading fitness activities including flexibility activities. Core competencies identified by professional certification agencies. Prerequisites: A grade of ‘C’ or better in (EXS125 and HES100) or permission of Instructor.

EXS216 Instructional Competency: Muscular Strength and Conditioning
2 Credits  3 Periods
Fundamental methods of instructing and leading fitness activities including strength and conditioning activities. Core competencies identified by professional certification agencies. Prerequisites: A grade of ‘C’ or better in (EXS125 and HES100) or permission of Instructor.
EXS218 Instructional Competency: Cardiorespiratory Exercises and Activities
2 Credits  3 Periods
Fundamental methods of instructing and leading fitness activities including cardiorespiratory exercises and activities. Core competencies identified by professional certification agencies. Prerequisites: A grade of ‘C’ or better in (EXS125 and HES100) or permission of Instructor.

EXS239 Practical Applications of Personal Training Skills and Techniques Internship
3 Credits  5.4 Periods
Work experience in a fitness or health related facility. Eighty (80) hours of designated work per credit. CPR certification must be current through the duration of the internship. EXS239 may be repeated for a maximum of six (6) credits. Prerequisites: Completion of nine (9) credits of EXS courses required for the (AAS in Exercise Science and Personal Training, or CCL in Personal Training Specialist, or CCL in Personal Trainer), current CPR card, and permission of Department or Division.

EXS239AA Practical Applications of Personal Training Skills and Techniques Internship
1 Credit  1.8 Periods
Work experience in a fitness or health related facility. Eighty (80) hours of designated work per credit. CPR certification must be current through the duration of the internship. EXS239AA may be repeated for a maximum of six (6) credits. Prerequisites: Completion of nine (9) credits of EXS courses required for the (AAS in Exercise Science and Personal Training, or CCL in Personal Training Specialist, or CCL in Personal Trainer), current CPR card, and permission of Department or Division.

EXS239AB Practical Applications of Personal Training Skills and Techniques Internship
2 Credits  3.6 Periods
Work experience in a fitness or health related facility. Eighty (80) hours of designated work per credit. CPR certification must be current through the duration of the internship. EXS239AB may be repeated for a maximum of six (6) credits. Prerequisites: Completion of nine (9) credits of EXS courses required for the (AAS in Exercise Science and Personal Training, or CCL in Personal Training Specialist, or CCL in Personal Trainer), current CPR card, and permission of Department or Division.

MKT296WA Cooperative Education
1 Credit  5 Periods
Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. Prerequisites: Completion of 12 college credits, min. 2.6 GPA and obtain a position related to academic or career goals or permission of Instructor. Corequisites: At least 1 class related to major or career interest or with permission of the Instructor.

MKT296WC Cooperative Education
3 Credits  15 Periods
Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. Prerequisites: Completion of 12 college credits, min. 2.6 GPA and obtain a position related to academic or career goals or permission of Instructor. Corequisites: At least 1 class related to major or career interest or with permission of the Instructor.

MKT298AC Special Projects
3 Credits  3 Periods
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

Mass Communication

MCO120 Media and Society
SB
3 Credits  3 Periods
Study of historical and contemporary roles of media and its pervasiveness in society as it relates to culture, politics and education. Prerequisites: A grade of ‘C’ or better in ENG101 or ENG107.

MCO220 Cultural Diversity and the Media
C, L
3 Credits  3 Periods
Images of the diverse cultures and gender issues within the U.S. media. Exploration of racial and gender roles which shape the media as well as media roles which influence U.S. race relations and racial change. Roles, contributions, and challenges of the minority press in the United States. Prerequisites: A grade of ‘C’ or better in ENG101 or ENG107.

Mathematics

MAT081 Basic Arithmetic
4 Credits  4 Periods
Primary emphasis on conceptual understanding of and solving problems involving whole num-
bers, integers, mathematical operations, decimals, decimal operations, fractions, percentages, angles and geometric figures. Use of systems of measure, similarity, proportionality and the Pythagorean theorem. Focus on mathematical language, connections, patterns and reasoning, and additive and multiplicative reasoning. Prerequisites: None. Student may receive credit for only one of the following: (MAT051 and MAT052 and MAT053), OR MAT081, OR MAT082, OR MAT085.

**MAT091 Introductory Algebra**  
4 Credits  4 Periods  
Emphasis on meanings related to variable, equality, inequality, equivalence. The use of additive and multiplicative reasoning in solving linear equations and inequalities in one variable. Validation of solution(s) through a reasonable mathematical defense. Transfer and apply knowledge through a process of sense making and reasonableness in mathematical problems and practical application situations. Recognize patterns and organize data to represent situations where output is related to input. Understand the concept of function and be able to represent functions in multiple ways, including tables, algebraic rules, graphs and contextual situations, and make connections among these representations. Read, represent, and interpret linear function relationships numerically, analytically, graphically and verbally and connect the different representations. Model and solve real world problems involving constant rate of change. Student may receive credit for only one of the following: (MAT055 and MAT056 and MAT057), OR MAT090, OR MAT091, OR MAT092, OR MAT095, OR MAT096. Prerequisites: A grade of ‘C’ or better in each of the following courses: (MAT051, MAT052, and MAT053), OR a grade of C or better in MAT08+, OR an appropriate district placement.

**MAT108 Tutored Mathematics**  
2 Credits  2 Periods  
Structured tutorial assistance and math study skills to help students achieve success in a mathematics course in which they are concurrently enrolled. Mathematics study skills emphasized. MAT108 may be repeated for a total of ten (10) credits. Prerequisites: None. Corequisites: MAT051 or higher OR MAT15+, OR permission of Department or Division Chair.

**MAT112 Mathematical Concepts and Applications**  
3 Credits  3 Periods  
A problem solving approach to mathematics as it applies to real-life situations. Development, use and communication of mathematical concepts and applications that relate to measurement, percentage, practical geometry, statistics, finance, and unit conversions. Prerequisites: None.

**MAT121 Intermediate Algebra**  
4 Credits  4 Periods  
Analysis of rational, radical, quadratic and exponential equations, functions and applications; graphs of radical, quadratic and exponential functions; operations on polynomial, rational, and radical expressions. Students may receive credit for only one of the following: MAT120, OR MAT121, OR MAT122 OR MAT126. Prerequisites: A grade of ‘C’ or better in each of the following courses: (MAT055, MAT056, and MAT057), OR a grade of C or better in MAT09+, OR an appropriate district placement.

**MAT126 Intermediate Algebra with Review**  
6 Credits  6 Periods  
Analysis of rational, radical, quadratic and exponential equations, functions and applications; graphs of radical, quadratic and exponential functions; operations on polynomial, rational, and radical expressions. Prerequisites: None. Students may receive credit for only one of the following: MAT120, OR MAT121, OR MAT122, OR MAT126. This course is designed for students that do not qualify for MAT120, MAT121, or MAT122, but need MAT12+ Intermediate Algebra to fulfill a degree requirement.
OR intend to complete MAT15+ College Algebra for their degree path. Review of MAT08+ Basic Arithmetic and/or MAT09+ Introductory Algebra as needed.

**MAT141 College Mathematics**
**MA**
**4 Credits  4 Periods**
Working knowledge of college-level mathematics and its applications to real-life problems. Emphasis on understanding mathematical concepts and their applications. Topics include proportional reasoning, modeling, finance, probability, and statistics.

MAT141 students may receive credit for only one of the following: MAT140, MAT141, MAT142, MAT145, or MAT146. Prerequisites: An appropriate District placement, or a grade of ‘C’ or better in (MAT052, MAT053, and MAT055), or (MAT055, MAT056, and MAT057), or MAT085, or MAT09+, or MAT103, or MAT114, or MAT115, or MAT12+.

**MAT146 College Mathematics with Review**
**MA**
**6 Credits  6 Periods**
Working knowledge of college-level mathematics and its applications to real-life problems. Emphasis on understanding mathematical concepts and their applications. Topics include proportional reasoning, modeling, finance, probability, and statistics, along with review of arithmetic and introductory algebra, as needed. Prerequisites: None. MAT146 students may receive credit for only one of the following: MAT140, MAT141, MAT142, MAT145, or MAT146. This course is designed for students that do not qualify for MAT141 or MAT142, but intend to complete MAT14+ College Mathematics for their degree path. Review of Basic Arithmetic and Introductory Algebra as needed.

**MAT150 College Algebra/Functions**
**MA**
**5 Credits  5 Periods**
Analysis and interpretation of the behavior and nature of functions including linear, quadratic, higher-order polynomials, rational, exponential, logarithmic, power, absolute value, and piecewise-defined functions; systems of equations, using multiple methods including matrices, and modeling and solving real world problems. MAT150 students may receive credit for only one of the following: MAT150, OR MAT151, OR MAT152, OR MAT155, OR MAT156, OR MAT187. Prerequisites: A grade of ‘C’ or better in MAT095, or MAT096, or MAT114, or MAT115, or MAT12+, OR an appropriate district placement for MAT15+, OR permission of Department/Division Chair.

**MAT151 College Algebra/Functions**
**MA**
**4 Credits  4 Periods**
Analysis and interpretation of the behavior and nature of functions including linear, quadratic, higher-order polynomials, rational, exponential, logarithmic, power, absolute value, and piecewise-defined functions; systems of equations, using multiple methods including matrices, and modeling and solving real world problems. MAT151 students may receive credit for only one of the following: MAT150, OR MAT151, OR MAT152, OR MAT155, OR MAT156, OR MAT187. Prerequisites: A grade of ‘C’ or better in MAT095, or MAT096, or MAT114, or MAT115, or MAT12+, OR an appropriate district placement for MAT15+, OR permission of Department/Division Chair.

**MAT152 College Algebra/Functions**
**MA**
**3 Credits  3 Periods**
Analysis and interpretation of the behavior and nature of functions including linear, quadratic, higher-order polynomials, rational, exponential, logarithmic, power, absolute value, and piecewise-defined functions; systems of equations, using multiple methods including matrices, and modeling and solving real world problems. MAT152 students may
receive credit for only one of the following: MAT150, OR MAT151, OR MAT152, OR MAT155, OR MAT156, OR MAT187. Prerequisites: A grade of ‘C’ or better in MAT095, or MAT096, or MAT114, or MAT115, or MAT12+, OR an appropriate district placement for MAT15+, OR permission of Department/Division Chair.

**MAT156 College Algebra/ Functions with Review**
MA
6 Credits  6 Periods
Analysis and interpretation of the behavior and nature of functions including linear, quadratic, higher-order polynomials, rational, exponential, logarithmic, power, absolute value, and piecewise-defined functions; systems of equations, using multiple methods including matrices, and modeling and solving real world problems, along with review of intermediate algebra, as needed. MAT156 students may receive credit for only one of the following: MAT150, OR MAT151, OR MAT152, OR MAT155, OR MAT156, OR MAT187. This course is designed for students that do not qualify for MAT150 or MAT151 or MAT152, but intend to complete MAT15+ College Algebra for their degree path. Review of MAT12+ Intermediate Algebra as needed. Prerequisites: A grade of ‘C’ or better in MAT055, MAT056, and MAT057), OR a grade of ‘C’ or better in MAT09+ or MAT114 or MAT115, OR an appropriate district placement for MAT120 or MAT121 or MAT122, OR permission of Department or Division Chair.

**MAT182 Plane Trigonometry**
MA
3 Credits  3 Periods
A study of measures of angles, properties of graphs of trigonometric functions, fundamental identities, addition and half-angle formulas, inverse trigonometric functions, solutions of trigonometric equations, complex numbers and properties of triangle solution. May receive credit for only one of the following: MAT182 or MAT187. MAT182 students may receive credit for only one of the following: MAT182 or MAT187. Prerequisites: A grade of ‘C’ or better in MAT15+, OR an appropriate district placement. Corequisites: MAT15+.

**MAT187 Precalculus**
MA
5 Credits  5 Periods
A precalculus course combining topics from college algebra and trigonometry. Preparation for analytic geometry and calculus. Strongly recommended that students have some knowledge of trigonometry. The combination of MAT15+ and MAT187 is equivalent to taking MAT187. Therefore, students should either take MAT15+ AND MAT182 OR just MAT187. Students may receive credit for only one of the following: The combination of MAT15+ and MAT182 OR just MAT187. Prerequisites: A grade of ‘B’ or better in MAT12+, OR an appropriate district placement.

**MAT206 Elements of Statistics**
CS
3 Credits  3 Periods
Basic concepts and applications of statistics, including data description, estimation and hypothesis tests. Prerequisites: A grade of ‘C’ or better in MAT14+, or MAT15+, or MAT187, or equivalent, or an appropriate District placement, or permission of Department/Division Chair.

**MAT213 Brief Calculus**
MA
4 Credits  4 Periods
Introduction to the theory, techniques, and applications of the differential and integral calculus of functions with problems related to business, life, and the social sciences. Students may receive credit for only one of the following: MAT212 or MAT213. Prerequisites: A grade of ‘C’ or better in MAT15+, or MAT187, or an appropriate District placement.
MAT218 Mathematical Analysis for Business
4 Credits  4 Periods
An introduction to the mathematics required for the study of business. Includes multivariable optimization, Lagrange multipliers, linear programming, linear algebra, probability, random variables, discrete and continuous distributions. Students may receive credit for only one of the following: MAT217 or MAT218. Prerequisites: A grade of ‘C’ or better in MAT212, or MAT213, or MAT220, or MAT221.

MAT220 Calculus with Analytic Geometry I
MA
5 Credits  5 Periods
Limits, continuity, differential and integral calculus of functions of one variable. MAT220 students may receive credit for only one of the following: MAT220 or MAT221. Prerequisites: A grade of ‘C’ or better in (MAT182 and MAT15+), or MAT187, or an appropriate District placement.

MAT221 Calculus with Analytic Geometry I
MA
4 Credits  4 Periods
Limits, continuity, differential and integral calculus of functions of one variable. Student may receive credit for only one of the following: MAT220 or MAT221. Prerequisites: A grade of ‘C’ or better in (MAT182 and MAT15+), or MAT187, or an appropriate District placement.

MAT225 Elementary Linear Algebra
3 Credits  3 Periods
Introduction to matrices, systems of linear equations, determinants, vector spaces, linear transformations and eigenvalues. Emphasizes the development of computational skills. Prerequisites: A grade of ‘C’ or better in MAT212 or MAT213 or MAT220 or MAT221, or equivalent.

MAT227 Discrete Mathematical Structures
3 Credits  3 Periods
Course emphasizes discrete mathematics connections to computer science by exposing students to foundational concepts of set theory, logic, counting, induction, proof techniques, graph theory, and algorithms. Prerequisites: A grade of ‘C’ or better in MAT212, or MAT213, or MAT220, or MAT221, or permission of Department or Division Chair.

MAT231 Calculus with Analytic Geometry II
MA
4 Credits  4 Periods
Techniques of integration for both proper and improper integrals with applications to the physical and social sciences, elements of analytic geometry, and the analysis of sequences and series. Student may receive credit for only one of the following: MAT230 or MAT231. Prerequisites: Grade of ‘C’ or better in MAT220, or MAT221, or equivalent.

MAT241 Calculus with Analytic Geometry III
MA
4 Credits  4 Periods
Multivariate calculus including vectors, vector-valued functions, partial differentiation, multiple integration and an introduction to vector fields. Student may receive credit for only one of the following: MAT240 or MAT241. Prerequisites: Grade of ‘C’ or better in MAT230 or MAT231.

MAT256 Investigating Quantity: Number, Operations and Numeration Systems
4 Credits  4 Periods
Explore number, numeration systems and operations on numbers. Techniques of problem solving with an emphasis on exploring a variety of strategies. Use a variety of visualization techniques to develop a conceptual understanding of these topics.
MAT256 is designed to meet requirements for prospective elementary education teachers. Prerequisites: A grade of ‘C’ or better in (MAT15+ or higher), or (MAT12+ and MAT14+), or [MAT14+ and (MAT114 or MAT115)], or (MAT14+ and an appropriate District placement into MAT150, MAT151, or MAT152), or permission of Department/Division Chair.

MAT257 Investigating Geometry, Probability and Statistics
4 Credits 4 Periods
Explores geometry, measurement, probability and statistics. Uses visualization, technologies, problem solving, reasoning and proof to develop a conceptual understanding of these topics. MAT257 is designed to meet the requirements for prospective elementary education teachers. Prerequisites: A grade of ‘C’ or better in MAT256 or permission of Department/Division Chair.

MAT276 Modern Differential Equations
MA
4 Credits 4 Periods
Introduces differential equations, theoretical and practical solution techniques with applications. Problem-solving using MATLAB. Prerequisites: A grade of ‘C’ or better in MAT230 or MAT231 or permission of Department/Division Chair.

MAT282AA Service-Learning Experience in Mathematics
1 Credit 1 Period
Unpaid Service-Learning (SL) experience, completed with approved community partner. MAT282AA may be repeated for a total of six (6) credit hours. Standard grading is available according to procedures outlined in catalog. Prerequisites: Permission of Instructor.

MAT298AA Special Projects
1 Credit 1 Period
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Department/Division Chair.

Microsoft Technology

MST150WT Installing and Configuring Microsoft Windows 10
3 Credits 4 Periods
In-depth exploration of how to effectively install and configure Windows 10. Includes features of Windows 10, virtualization improvements, network connectivity, access to resources, monitor and maintain Windows clients and backup and recovery. Designed to prepare students for the Microsoft Windows 10 certification examination. Prerequisites: None. CIS190 or CNT140AB suggested but not required.

MST155DC Installation, Storage, and Compute with Windows Server
4 Credits 5 Periods
This course focuses primarily on the installation, storage, and compute features and their functionality that is available within Windows Server. As Information Technology pushes towards more cloud based solutions and makes our classic approach obsolete, this course will help students prepare for
a career within an Information Technology enterprise and help distinguish themselves in today's competitive job market. This course covers various topics like Windows Server installation, Hyper-V deployments and storage options in relation to this new cloud based reality. Prerequisites: A grade of ‘C’ or better in MST150++ or permission of Instructor.

**MST157DC Networking with Windows Server**  
4 Credits  5 Periods  
This course focuses on the networking features and their functionality available within Windows Server. It builds upon the skills from the Installation, Storage, and Compute with Windows Server course (MST155DC) and will develop skills related to Software-Defined Networking (SDN) solutions within Hyper-V, remote connectivity with VPN and Direct Access, and providing Internet connectivity with Domain Name System (DNS), Dynamic Host Configuration Protocol (DHCP), and Internet Protocol Address Management (IPAM). This course helps prepare for the 70-741 industry certification test. Prerequisites: A grade of ‘C’ or better in MST155DC or permission of Instructor.

**MST158DC Identity Management with Windows Server 2016**  
4 Credits  5 Periods  
Prepares students to manage Windows Server 2016 tasks. Configure and manage multiple services, such as Identity Management and Active Directory. Learn how to install and configure domain controllers and create and manage users, groups, and computers within Organizational Units. Prepar...
MIS201 Army Leadership and Decision Making
4 Credits  2 Periods
Academically challenging course where students study, practice and apply the fundamentals of Army leadership, officer skills, Army values and ethics, personal development and small-unit tactics at the platoon level. Requires the student to demonstrate writing skills and present information briefings as preparation for development in becoming a successful future officer. Includes reading assignments, homework assignments, small group assignments, briefings, case studies, practical exercises, a mid-term exam and final exam. Also includes physical training assessments, tactical training, as well as lecture-based instruction. Prerequisites: A grade of ‘C’ or better in MIS101 and MIS102.

MIS202 Army Doctrine and Team Development
4 Credits  2 Periods
Academically challenging course where students study, practice and apply the fundamentals of the leadership, officer skills, Army values and ethics, personal development and tactics at the small-unit level. Focuses on cross-cultural competencies as they relate to Army doctrine and how they apply in a combatant commander’s engagement strategies. Stresses Army values, teamwork and warrior ethos and their relationship to the law of land warfare and philosophy of military service. Covers the ability to lead and follow through team building exercises in small units up to squad level. Requires the student to demonstrate writing skills and present information briefings as preparation for development in becoming a successful future officer. Also includes physical training assessment, tactical training, as well as lecture-based instruction. Prerequisites: A grade of ‘C’ or better in MIS101, MIS102, and MIS201.

Music:
Commercial/ Business

MUC109 Music Business: Content Creation and Copyright
3 Credits  3 Periods
Designed to provide an overview of content creation and copyright considerations within the Music Industry. Topics include songwriting and music creation, copyright, publishing and licensing, studio production, media applications of music, business ownership and operations, and emerging technologies. Prerequisites: None.

MUC110 Music Business: Marketing and Monetization
3 Credits  3 Periods
Designed to provide an overview of the marketing and monetization of music. Topics include music label operations; contracts; marketing, promotion, and merchandising; agents, managers, and attorneys; concert promotion and touring; and unions and guilds. Prerequisites: None.

MUC111 Digital Audio Workstation I (DAW I)
3 Credits  5 Periods
Use of digital mixing and automation software in conjunction with editing and recording. Includes computer operation, troubleshooting, and file management. Prerequisites: A grade of ‘C’ or better in MUC195, or MUC195AA, or FMP105, or permission of Instructor.
MUC112 Digital Audio Workstation II (DAW II)  
3 Credits  5 Periods  
Use of digital mixing and automation software in conjunction with editing and recording. Includes computer operation, troubleshooting, and file management. Prerequisites: A grade of 'C' or better in MUC111, and (MUC195 or MUC195AA).

MUC122 Sound Design I  
3 Credits  5 Periods  
Introduction to Sound Design and Audio Post-Production for Multimedia. Includes creating and editing Sound Effects, ADR, Foley, Music, and Ambience, such as Film, TV, Video Gaming, Theatre, and Dance. Emphasis on computer assisted production using Digital Audio Workstations and sound design techniques using industry-standard equipment. Prerequisites: None.

MUC135 Introduction to Disc Jockey Techniques  
3 Credits  3 Periods  
Development of beginning level live-performance disc jockey techniques. Emphasis on understanding the construction of industry-formatted dance songs, cueing, segueing/mixing methods, the relationship of beats per minute to segueing, and programming songs to entertain a live audience. Covers the history of the live performance DJ and strategies for soliciting employment in the field. Prerequisites: None. MUC135 may be repeated for a total of six (6) credits.

MUC138 Disc Jockey Laboratory  
1 Credit  1 Period  
Operation, scope, roles and responsibilities in the commercial music production process. Prerequisites: None. MUC138 may be repeated for a total of six (6) credit hours.

MUC180 Computer Literacy for the Music Business  
CS  
1 Credit  3 Periods  
Basic computer literacy, including business applications used in the Music Industry, with hands-on experience. Prerequisites: A grade of 'C' or better in MUC109, or permission of Instructor or Department or Division Chair.

MUC194 Introduction to Audio Mixing Techniques  
3 Credits  3 Periods  
Approaches in final mixing for different musical genres. Develop critical listening skills, and applying these techniques to students' projects. Professional-type facilities and equipment available for student use. Prerequisites: A grade of 'C' or better in MUC112 and MUC195 or permission of instructor.

MUC195 Studio Music Recording I  
3 Credits  5 Periods  
Basic principles of studio sound recording. Emphasis on musical acoustics, operation of recording equipment, studio setups, and multitrack recording. Includes studio session process and musical production decisions. Prerequisites: None.

MUC195AA Studio Music Recording I  
3 Credits  2 Periods  
Basic principles of studio sound recording. Emphasis on musical acoustics, operation of recording equipment, studio setups, and multitrack recording. Includes studio session process and musical production decisions. Prerequisites: None.

MUC196 Studio Music Recording II  
3 Credits  5 Periods  
Emphasis on signal-processing equipment, mixing consoles, and advanced musical recording session procedures, production, and engineering. Includes mix-down and resultant master tape of a musical
MUC197 Live Sound Reinforcement I
3 Credits  4 Periods
Basic principles of live sound engineering. Emphasis on signal flow, acoustic, sound reinforcement set-ups and installation, signal processing, microphone selections and placement. Includes setting up sound systems and mixing live music. Prerequisites: None.

MUC198 Live Sound Reinforcement II
3 Credits  4 Periods
Emphasis on musical production decisions. Front-of-house and monitor console placement, loudspeaker arrangements, power considerations, program material and sound pressure levels. Includes setting up of sound system and mixing live performances with various styles of music. In addition to mixing at alternate locations. Prerequisites: A grade of ‘C’ or better in MUC197.

MUC209 Music Industry Entrepreneurship
3 Credits  3 Periods
Operation, scope, and career opportunities in the music business. Focuses on music in the areas of entrepreneurship, visionary development and the collaboration process. Prerequisites: A grade of ‘C’ or better in (MUC109 and MUC110) or permission of Instructor.

MUC210 Advanced Industry Topics: Concert Promotion and Touring
3 Credits  3 Periods
Operation, scope, and career opportunities in the music business. Focuses on advanced aspects of concert promotion, touring and festival production. Areas of focus include marketing, planning, operations, talent buying, and budgeting for profitable and successful music-performance stage shows.

MUC211 Advanced Industry Topics: Artist Management and Development
3 Credits  3 Periods
Operation, scope, and career opportunities in the music business. Focus on advanced aspects of artist management and development. Include roles and responsibilities of an Artist Manager, the nature and structure of the relationship between an Artist and Artist Manager, and the development of business, and career management techniques for Artist Managers. Prerequisites: A grade of ‘C’ or better in MUC109, or permission of Instructor or Department or Division Chair.

MUC215 Music Industry Seminar: Innovation in Music Technology
1 Credit  1 Period
Seminar in Music Industry technology with an emphasis on current product and service innovations. Emphasis on marketing and promotional uses of new technology. Prerequisites: None. MUC215 may be repeated for credit.

MUC216 Music Workshop/Seminar
1 Credit  1 Period
Workshop seminar in commercial music disciplines. Prerequisites: None. MUC216 may be repeated for credit.

MUC222 Sound Design II
3 Credits  5 Periods
Intermediate level Sound Design and Audio Post-Production for Multimedia. A grade of ‘C’ or better required in all Prerequisites. Prerequisites: MUC122. Prerequisites or Corequisites: MTC191, or MUC111, or permission of Instructor.
MUC241 Business Principles of Music Production
3 Credits  3 Periods
Operation, scope, roles and responsibilities in the commercial music production process. Focuses on business aspects of commercial music production, including project management, budgeting, production personnel, deal structures, revenue sources, copyright, publishing percentages and career strategies. Prerequisites: A grade of ‘C’ or better in (MUC109 and MUC110) or permission of Instructor.

MUC242 Music Genres and Styles
2 Credits  2 Periods
Operation and development of creative skills in the commercial music production process. Geared towards music producers and emphasizing analysis and comprehension of commercial music styles and genres, including: pop, country, rock, soul, rhythm and blues, funk, and hip-hop. Study of the thematic organization of popular musical styles. Prerequisites: None.

MUC280 Recording Studio Maintenance
3 Credits  3 Periods
Introduction to the techniques, electronics, and tools used to perform basic recording studio, live sound, and electronic musical instrument equipment maintenance. Prerequisites: A grade of ‘C’ or better in MUC195AA, or MUC111, or permission of Instructor.

MUC290AA Music Business Internship
1 Credit  1 Period
Music Business Internship work experience. Perform a variety of activities, to fulfill the routines and responsibilities of the department or business where the internship is served. Eighty (80) hours of designated work per credit. MUC290AA may be repeated for a total of twelve (12) credit hours. Prerequisites: Permission of Department or Division.

MUC292 Sound Design III
3 Credits  6 Periods
Advanced Sound Design Production for Multimedia: Designed to provide an atmosphere of team research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Prerequisites: A grade of ‘C’ or better in MUC222, or permission of Instructor.

MUC293 Self Promotion for Music
1 Credit  1 Period
Designed to provide the skills and knowledge required for effective self-promotion. Focus on career goal development, market analysis, communication and networking skills, and the development of a self-promotional campaign. Prerequisites: None.

MUC295 Studio Music Recording III
3 Credits  6 Periods
Producing and engineering a recording project. Covers how recording studios work and how recording projects are organized from pre-production through delivery of the final mix. Prerequisites: A grade of ‘C’ or better in MUC196 and (MUC111 or permission of Instructor).

MUC296WA Cooperative Education
1 Credit  5 Periods
Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. Prerequisites: Completion of 12 college credits, min. 2.6 GPA and obtain a position related to academic or career goals or permission of Instructor. Corequisites: At least 1 class related to major or career interest or with permission of the Instructor.
MUC297AA Music Internship
1 Credit 1 Period
Music Internship work experience in a business or industry. Eighty (80) hours of designated work per credit. MUC297AA may be repeated for a total of twelve (12) credit hours. Prerequisites: Permission of Department or Division.

MUC298AA Special Projects
1 Credit 1 Period
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

MUC298AC Special Projects
3 Credits 3 Periods
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

MUE107 Woodwinds Methods I
1 Credit 3 Periods
Practical class with emphasis on techniques of playing and teaching woodwind instruments including embouchure, breath control, tone, mouthpiece selection, and literature. Prerequisites: None.

MUE108 Percussion Methods I
2 Credits 3 Periods
Practical class with emphasis on techniques of playing and teaching percussion instruments including hand position, rudiments, stick control, and elements of reading rhythms. Prerequisites: None.

MUE109 Brass Methods I
1 Credit 3 Periods
Practical class with emphasis on techniques of playing and teaching brass instruments including embouchure, breath control, tone, and literature. Prerequisites: None.

MUE110 Strings Methods I
1 Credit 3 Periods
Practical class with emphasis on techniques of playing and teaching string instruments including tone control and literature. Prerequisites: None.

MUE240 Introduction to Choral Methods
1 Credit 3 Periods
Overview of techniques, methods, materials, style characteristics, and repertoire used in directing choral music at the secondary level including simulated teaching, conducting, and the demonstration of vocal and choral performance practices. Prerequisites: None.
MUE250 Vocal Pedagogy/Voice Methods
2 Credits  3 Periods
Study of the anatomy, physiology, and acoustics of singing as applied to healthy vocal function and the teaching of singing. Topics include: overview of techniques, materials, and literature used in teaching singing. Prerequisites: None.

Music: History/Literature

MHL140 Survey of Music History
HU
3 Credits  3 Periods
Study of composers, compositions, styles, and periods in music history. Prerequisites: None.

MHL143 Music in World Cultures
G, HU
3 Credits  3 Periods

3 Credits 2 Periods
Overview of the area of maintenance operations of a manufacturing facility. Preparation to sit for the NIMS Duty Area 1: Maintenance Operations Certification Exam. Prerequisites: None.

AIT110 Mechanical Systems
3 Credits 2 Periods
Overview of the area of basic mechanical systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 2: Basic Mechanical Systems Certification Exam. Prerequisites: None.

AIT115 Hydraulic Systems
3 Credits 2 Periods
Overview of the NIMS areas of hydraulic systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 3: Basic Hydraulic Systems Certification Exam. Prerequisites: None.

AIT120 Pneumatic Systems
3 Credits 2 Periods
Overview of the NIMS areas of pneumatic systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 4: Pneumatic Systems Certification Exam. Prerequisites: None.

AIT123 Electrical Wiring J-STD Soldering Certification
3 Credits 4 Periods
This course will prepare the successful student to receive the “Certified IPC Specialist” (CIS) certification from The Institute for Interconnecting and Packaging Electronic Circuits (IPC) in “Requirements for Soldered Electrical and Electronic Assemblies” (IPC J-STD-001). Topics covered and skills to be demonstrated are: soldered wires and terminals, through hole connections, surface mount components, and inspection. Certification is verified by a certified IPC trainer (CIT). Prerequisites: Permission of Instructor.

AIT125 Electrical Systems 1
3 Credits 2 Periods
Overview of the area of electrical systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 5: Electrical Systems Certification Exam. Prerequisites: None.
AIT128 A-620 Cable and Wire Harness Assembly Certification
3 Credits  4 Periods
This course will prepare the successful student to receive the “Certified IPC Specialist” (CIS) certification from The Institute for Interconnecting and Packaging Electronic Circuits (IPC)/Wire Harness Manufacturer’s Association (WHMA) in “Requirements and Acceptance for Cable and Wire Harness Assemblies” (IPC/WHMA-A-620 Certification). Topics covered and skills to be demonstrated are: soldered terminations, crimp terminations, insulation displacement terminations (IDC), splices, connectorization, marking/labeling, coaxial cable assemblies, electrical shielding, wire marking and labeling, and testing methodologies. Certification is verified by a certified IPC trainer (CIT). Prerequisites: None.

AIT130 Maintenance Piping
3 Credits  2 Periods
Overview of the area of maintenance of piping systems for manufacturing or industrial facilities. Preparation to sit for the NIMS Duty Area 9: Maintenance Piping Certification Exam. Prerequisites: None.

AIT205 Electronic Control Systems 1
3 Credits  2 Periods
Overview of the area of Electronic Control Systems 1 of a manufacturing or industrial facility. Preparation to sit for the NIMS Duty Area 6: Electronic Control Systems Certification Exam. Prerequisites: A grade of ‘C’ or better in AIT125, or permission of Instructor.

AIT210 Electronic Control Systems 2
3 Credits  2 Periods
Overview of the area of Electronic Control Systems 2 of a manufacturing and industrial facility. Preparation to sit for the NIMS Duty Area 6: Electronic Control Systems Certification Exam. Prerequisites: A grade of ‘C’ or better in AIT205, or permission of Instructor or Corequisites: AIT205.

AIT215 Process Control Systems
4 Credits  2 Periods
Overview of the area of Process Control Systems of a manufacturing or industrial facility. Preparation to sit for the NIMS Duty Area 7: Process Control Systems Certification Exam. Prerequisites: A grade of ‘C’ or better in AIT125, or permission of Instructor.

AIT225 Electrical Systems 2
3 Credits  2 Periods
Overview of the area of electrical systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 5: Electrical Systems Certification Exam. Prerequisites: A grade of ‘C’ or better in AIT125, or permission of Instructor.

AIT225 Electrical Systems 2
3 Credits  2 Periods
Overview of the area of electrical systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 5: Electrical Systems Certification Exam. Prerequisites: A grade of ‘C’ or better in AIT125, or permission of Instructor.

AIT270 Robotics I
3 Credits  2 Periods
Fundamental principles of working safely with robots, and applications and trends in industrial robotics. Includes types of robots, axes and coordinate systems, programming and operating robots. Incorporates end effectors and collaborative robots. Prerequisites: A grade of ‘C’ or better in AIT100.

AIT291 Automated Industrial Technology Internship
3 Credits  6 Periods
Supervised work experience in production environments. Includes experiences in maintenance, troubleshooting, repair of production environment and specific manufacturing processes. Also includes experiences in problem solving; working as a team; soft skills; time and resource management; and exposure to specific manufacturing processes. Prerequisites: A grade of ‘C’ or better in AIT225, or permission of Instructor or Corequisites: AIT225.
ALT100 Academic Literacy Through Integrated Reading and Writing

ASE113AU Engine Repair
4 Credits  2 Periods
Diagnosis, disassembly, repair and reassembly of automotive internal combustion engines. Prerequisites: None.

ASE121AU Automatic Transmission and Transaxle
4 Credits  2 Periods
Principles of automotive operation, servicing and repair procedures for automatic transmissions / transaxles; includes diagnostics and testing of mechanical, electrical, and hydraulic components. Prerequisites: None.

ASE131AU Manual Drive Trains and Axles
4 Credits  2 Periods
Operation, diagnosis, service, and repair of the automotive powertrain. Includes manual transmissions/transaxles, clutches, drive axles, driveshafts, differentials, four-wheel drive, and all-wheel drive. Prerequisites: None.

ASE141 Steering, Suspension and Pre-Alignment
2 Credits  4 Periods
Principles and operation of automotive suspension and steering systems. Prerequisites: None.

ASE141AU Steering, Suspension and Pre-Alignment
2 Credits  1 Period
Principles and operation of automotive suspension and steering systems. Prerequisites: None.

ASE151 Introduction to Brake Systems
2 Credits  4 Periods
Fundamentals and operation of automotive braking systems. Includes training in service, testing, and repair of basic brake and brake-related components. Prerequisites: None.

ASE151AU Introduction to Brake Systems
2 Credits  1 Period
Fundamentals and operation of automotive braking systems. Includes training in service, testing, and repair of basic brake and brake-related components. Prerequisites: None.

ASE161 Basic Automotive Electrical/ Electronics
2 Credits  3 Periods
The basic principles of automotive electricity and electrical systems. Prerequisites: None.

ASE161AU Basic Automotive Electrical/ Electronics
2 Credits  1 Period
The basic principles of automotive electricity and electrical systems. Prerequisites: None.
ASE162 Automotive Battery, Starting and Charging Systems  
2 Credits  3 Periods  
The principles of operation, testing and diagnosis of automotive battery, starting and charging systems. Prerequisites: A grade of ‘C’ or better in ASE161, or permission of Instructor.

ASE162AU Automotive Battery, Starting and Charging Systems  
2 Credits  1 Period  
The principles of operation, testing and diagnosis of automotive battery, starting and charging systems. Prerequisites: A grade of ‘C’ or better in ASE161, or permission of Instructor.

ASE171AU Automotive Heating, Ventilation and Air Conditioning Systems  
3 Credits  2 Periods  
The theory and operation of automotive heating, ventilation and air conditioning systems. Training in diagnosis, service and repair of these systems. Prerequisites: None.

ASE181 Introduction to Engine Performance  
2 Credits  4 Periods  
An introductory course in automotive engine performance as it relates to the construction and operating principles of automotive internal combustion engines, fuel systems, ignition systems, and the related lubrication and cooling systems. Prerequisites: None.

ASE181AU Introduction to Engine Performance  
2 Credits  1 Period  
An introductory course in automotive engine performance as it relates to the construction and operating principles of automotive internal combustion engines, fuel systems, ignition systems, and the related lubrication and cooling systems. Prerequisites: None.

ASE182AU Fundamentals of Automotive Fuel/Air and Ignition Systems  
2 Credits  1 Period  
The theory and fundamentals of automotive fuel/air delivery and ignition systems. The proper diagnosis and repair of the fuel/air delivery and ignition systems. Prerequisites: A grade of ‘C’ or better in ASE181, or permission of Instructor.

ASE241AU Advanced Steering, Suspension and Alignment  
2 Credits  1 Period  
Advanced automotive principles of suspension and steering systems. Diagnosis, service and repair procedures, with emphasis on four-wheel alignment. Prerequisites: A grade of ‘C’ or better in ASE141, or permission of Instructor.

ASE251AU Advanced Brake Systems  
2 Credits  1 Period  
The operation, diagnosis, service and repair of advanced automotive brake systems. Prerequisites: A grade of ‘C’ or better in ASE151, or permission of Instructor.

ASE261AU Automotive Electrical Diagnostics and Repair  
2 Credits  1 Period  
Principles of automotive electrical diagnostics and repair. Prerequisites: A grade of ‘C’ or better in ASE162, or permission of Instructor.

ASE262AU Automotive Electronic Control Systems  
2 Credits  1 Period  
Principles and operation of automotive electronics and electronic control systems. Prerequisites: A grade of ‘C’ or better in ASE261, or permission of Instructor.
ASE281AU Computerized Automotive Engine Control Systems
2 Credits  1 Period
The theory of computerized engine control systems as they relate to engine performance and emissions control. Prerequisites: A grade of ‘C’ or better in ASE182, or permission of Instructor.

ASE282AU Advanced Engine Performance Diagnosis
2 Credits  1 Period
Diagnosis and repair of emission and engine control systems. Emphasizes the proper diagnosis, documentation, and repair of systems faults. Prerequisites: A grade of ‘C’ or better in ASE261 and ASE281, or permission of Instructor.

ASE298AC Special Projects
3 Credits  3 Periods
An organized and tailored activity around the interests and needs of the individual student. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

ASL101 American Sign Language I
4 Credits  4 Periods

ASL102 American Sign Language II
4 Credits  4 Periods
Continued development of knowledge and language skills for communicating with deaf people who sign. Includes numbers, fingerspelling, and culture. Emphasis on enhancement of receptive sign skills and continued development of expressive sign skills. Application of rudimentary, syntactical, and grammatical structure stressed with continued development of sign vocabulary. Prerequisites: A grade of ‘C’ or better in ASL101 or permission of Department or Division. Completion of prerequisites within the last three years is required.

ASL103 Introduction to the Deaf Community
1 Credit  1 Period
History and development of American Sign Language (ASL) and English codes. Overview of education for Deaf and Hard of Hearing children. Legal rights and common adaptive devices used by Deaf and Hard of Hearing individuals. Prerequisites: None.

ASL201 American Sign Language III
4 Credits  4 Periods
Linguistics of American Sign Language (A.S.L.) including non-manual behaviors and signing English idioms with conceptual accuracy. Emphasis on practical application of A.S.L. skills, expanded vocabulary, and cross-cultural communication. Prerequisites: A grade of ‘C’ or better in ASL102 or permission of Department or Division. ENG101 or ENG107 and CRE101 or equivalent as indicated by assessment suggested but not required. Completion of prerequisites within the last 3 years is required.
ASL202 American Sign Language IV  
4 Credits  4 Periods  
Advanced American Sign Language skills including continued vocabulary. Emphasis on conversational techniques in a cross-cultural framework. Continued work on conceptual accurate signing of English idioms and words with multiple meanings. Prerequisites: Grade of ‘C’ or better in ASL201 or permission of Department or Division. ENG101 or ENG107, ASL200 and CRE101 or equivalent as indicated by assessment suggested but not required. Completion of prerequisites within the last 3 yrs is required.

ASL298AA Special Projects  
1 Credit  1 Period  
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

ASL298AB Special Projects  
2 Credits  2 Periods  
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

ASL298AC Special Projects  
3 Credits  3 Periods  
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

ATP190 Industrial Robotics  
3 Credits  4 Periods  
Introduction to industrial robotics covering topics such as safety, operation, control technology, and programming. Prerequisites: A grade of ‘C’ or better in GTC108 or higher level math course.

ATP200 Sensors and Measurement  
2 Credits  3 Periods  
Applications of sensors and measurement including correct sizing and application. Prerequisites: A grade of ‘C’ or better in ATP130 and ATP135, or permission of Instructor.

ATP201 Programmable Logic Controller (PLC) Systems  
3 Credits  6 Periods  
Advanced lecture and laboratory course builds upon the foundations covered in introductory course, including development and documentation of advanced ladder logic and function block programming, Programmable Logic Controller (PLC) control of variable frequency devices, PLC Networks and the installation and programming of Human Machine Interfaces (HMI). Prerequisites: A grade of ‘C’ or better in (ATP100 and ATP106) or permission of Instructor.

ATP225 Robotics Operations and Programming  
3 Credits  6 Periods  
This course is intended for an operator, technician, or programmer who must setup, record and/or
troubleshoot programs on a Handling Tool software package. The course covers the Robot Operations intermixed with the tasks required to set up the Handling Tool application, test run, and refine the program and production setup. Prerequisites: A grade of ‘C’ or better in (ATP190, ATP201, and ATP205) or permission of Instructor.

**ATP298AA Special Projects**  
1 Credit 1 Period  
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

**ATP298AB Special Projects**  
2 Credits 2 Periods  
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

**ATP298AC Special Projects**  
3 Credits 3 Periods  
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

**BAW298AC Special Projects**  
3 Credits 3 Periods  
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

**CLD110 Amazon Web Services Academy Cloud Foundations**  
2 Credits 3 Periods  
Provides a detailed overview of cloud concepts, Amazon Web Services (AWS) core services, security, architecture, pricing, and support. Intended for students who seek an overall understanding of cloud computing concepts, independent of specific technical roles. Helps to prepare students for the AWS Certified Cloud Practitioner exam. Prerequisites: None. CIS105 suggested but not required.

**CLD120 Amazon Web Services Cloud Architecting**  
3 Credits 4 Periods  
Fundamentals of building IT infrastructure on Amazon Web Services (AWS). Focus on how to optimize use of the AWS Cloud by understanding AWS services and best practices for the AWS Cloud and how they fit into cloud-based solutions. Covers design patterns for architecting optimal IT solutions on AWS, as well as strategies and services implemented on AWS. Prerequisites: A grade of ‘C’ or better in CLD110 or permission of Instructor.
**CON100 Introduction to Construction**  
2 Credits  2 Periods  
Introduces students to all aspects of the construction industry such as how projects are delivered, reviewing the procurement process and how they are estimated, scheduled, and contracted. Introduces students to the individual roles that constructors fill in the delivery of a construction project. Prerequisites: None.

**CON101 Construction and Culture**  
H, HU  
3 Credits  3 Periods  
The cultural context of construction, emphasizing the evolution and expansion of constructed environments as expressions of ethical and historical value systems. Prerequisites: None.

**CON106 Foundations of Concrete**  
SQ  
4 Credits  2 Periods  
Examines the effects of concrete-making materials (aggregates, cements, admixtures, etc.) on the properties of fresh and hardened concrete. Concrete mixture proportioning is discussed along with the calculations and statistical analysis of strength testing. Prerequisites: None.

**CON181 Cost Estimating**  
3 Credits  3 Periods  
Determining quantities of material, equipment, and labor for a construction project. Includes procedures used to apply unit costs to these items in a minimum of time. Occupational Safety and Health Administration Safety Standards and their impact on construction cost. Prerequisites: None.

**CON221 Applied Statics**  
3 Credits  3 Periods  
Emphasis on response of bodies to the action of forces. Elementary analytical and practical approach to the principles and physical concepts of statics, focuses on mastery of basic principles of trigonometry, application of vectors and forces, and moments, with analysis of basic structures and structural components, trusses, shear and moment diagrams, centroids, and moments of inertia. Prerequisites: None.

**CON223 Strength of Materials**  
3 Credits  3 Periods  
Strength and application of materials of construction, including mechanics of beams, shafts, and bolted and welded connections under various loading conditions. Construction behavior of various materials externally and internally. Prerequisites: None.

**CON241 Surveying**  
3 Credits  2 Periods  
Fundamental surveying principles including theory and field work using the level and transit, horizontal measurement by tape or stadia, benchmark and profile leveling traverse surveys and computations, establishment of line and grade. Designed to develop semi-professional personnel working for private or government engineering agencies. Prerequisites: None.

**CON243 Heavy Construction Equipment, Methods, and Materials**  
3 Credits  3 Periods  
Fundamentals of machine selection and production estimating, using computer-generated data to develop programs that speed the decision process or allow easy analysis of multiple options used in the heavy construction industry. Applications of engineering principles in analyzing economical approaches for heavy construction. Covers fleet operation, methods, maintenance, and programs for construction of dams, tunnels, roads, and excavations of buildings. Prerequisites: None.
CON244 Working Drawing Analysis: Blueprint Reading
3 Credits 3 Periods
Detailed analysis and interpretation of construction drawings (blueprint reading); interpretation of symbols, annotations, conventions, terms of trade; and understanding of drawing, dimensioning, plan organization, and specifications. Prerequisites: None.

CON251 Microcomputers for Constructors
3 Credits 3 Periods
Effective application of computers in support of construction management, administration, and technical aspects of the construction industry. Uses of the computer as a problem-solving tool, including multimedia software, information management, and spreadsheet applications in construction. Prerequisites: None.

CON252 Building Construction Methods, Materials, and Equipment
3 Credits 3 Periods
Comprehensive study of construction methods, materials, codes, and equipment used in building construction. Prerequisites: None.

CON262 Introduction International Residential Code (IRC)
3 Credits 3 Periods
Covers International Residential Code for various trades, including building, mechanical, plumbing and electric, for one and two family residential construction. Preparation for voluntary certification (IRC building inspection). Prerequisites: None.

CON263 Building Codes
3 Credits 3 Periods
Designed specifically to acquaint students with safety principles of building construction under the Uniform Building Code, including structural requirements for wood, masonry and concrete, fire resistance of building construction, fire resistant materials, and ratings and occupancy requirements. Prerequisites: None.

CON271 Construction Safety
3 Credits 3 Periods
Overview of safety methods and procedures for accident prevention and equipment used by construction workers to maximize field safety during various phases of a construction project, including requirements and regulations for construction safety set by Occupational Safety and Health Administration (OSHA) standards along with biological aspects of construction safety. Prerequisites: None.

CON273 Electrical Construction Fundamentals
3 Credits 3 Periods
General knowledge of electrical work related to construction management, administration, and technical aspects of the construction industry. Covers circuits and machinery, power transmission, and electrical distribution with emphasis on secondary distribution systems as well as measurement and instrumentation, Ohm’s Law, low voltage, high voltage, temporary power, generators, service, systems, circuits, motors, transformers, electrical installations, codes, cogeneration, energy conservation, estimating, safety and related blueprint readings. Prerequisites: None.

DIE104 Electrical for Diesel Engines I
3 Credits 4 Periods
Introduces electrical principles and circuit theory through the operation, diagnostics and repair of batteries, starting and charging circuits. Concepts include magnetism, electrical circuits, DC electricity, electrical schematic reading, interpretation, and testing. Prerequisites: None.

DIE106 Mobile Hydraulics and Pneumatics
3 Credits 4 Periods
The transmission of energy through hydraulic and pneumatic systems. Defines the function and oper-
ation of valves, cylinders, pumps, motors, accumulators, reservoirs, coolers, hoses, fluids, filters, seals and contamination control. Basic troubleshooting and schematic interpretation emphasized. Pneumatic functions discussed. Prerequisites: None.

**DIE108 Heavy Duty Diesel PowerTrains**  
3 Credits  4 Periods  
Introduction to powertrain concepts and operation of basic components of the powertrain system. Basic powertrain maintenance industry practices and skills that include but not limited to pressure testing and adjustments. Clutch fill calibration and some component disassembly will be covered. Prerequisites: None.

**DIE112 General Diesel Engines**  
3 Credits  4 Periods  
Introduction to diesel engine operation and related systems. Concepts include basic engine maintenance, engine tear-down, inspection, reassembly, and all necessary adjustments. Prerequisites: None.

**FMT107 Career Pathways in the Media**  
HU  
3 Credits  3 Periods  
Emphasis on theories of broadcasting, how the media functions in our society, the business structure of the U.S. media environment, the cultural import and potential impact of the programming and films, and the growth of new communications technologies. Prerequisites: None.

**GIS205 Geographic Information Technologies**  
CS  
3 Credits  3 Periods  
Introduces modern geographic information technologies, including cartography, Geographic Information System (GIS), remote sensing, global positioning systems, and statistical analyses. Prerequisites: None.

**GIS211 Geographic Information Science I**  
CS  
4 Credits  4 Periods  
Introduces students to digital map creation including vector and raster data, map elements, and design, symbology, and the geo database using Environmental Systems Research Institute (ESRI) desktop and online mapping environments. Prerequisites: A grade of ‘C’ or better in GIS205 or permission of Instructor.

**GIS222 Geographic Information Science II**  
3 Credits  3 Periods  
Geographic Information Science (GIS) as a basis for microcomputer spatial analysis and synthesis. Includes digitizing, database organization, spatial retrieval and graphics. Prerequisites: A grade of ‘C’ or better in GIS211 or permission of Instructor.

**GST202 Games, Culture and Aesthetics**  
G, HU  
3 Credits  3 Periods  
Considers games as artifacts and expressions of our basic consciousness, humanity, and potential. Explores through the lens of world cultures such concepts as values, power relations, gender roles, arts, aesthetics, and desire. Compares games across cultural, temporal, geographic, and linguistic divides, for the purpose of examining and appreciating the experiences, contributions, and values of diverse populations, as conveyed through the global phenomenon of games. Prerequisites: A grade of ‘C’ or better in RDG100, or RDG100LL, or (RDG100AA and RDG100AB and RDG100AC), or RDG111, or RDG112, or RDG113, or eligibility for ENG101 as indicated by appropriate writing assessment test score.

**INS100 Insurance Industry Profession**  
3 Credits  3 Periods  
Introduction to the insurance industry profession and environment. Includes identification of per-
sonal career goals, effective workplace behaviors and professionalism in the workplace in addition to strategies for problem solving and conflict management. Also covers the importance of integrity and ethical behavior in the insurance industry. Prerequisites: None.

**INS200 Principles of Property and Liability Insurance**  
*3 Credits  3 Periods*  
Basic principles of insurance. Introduction to insurance contracts. Overview of company functions and operations including ratemaking, underwriting, claims, adjusting, and marketing. Prerequisites: None.

**ITS240 Ethical Hacking and Network Defense**  
*3 Credits  4 Periods*  
Preparation for the EC-Council Certified Ethical Hacking examination. In-depth exploration of how to effectively protect computer networks from risks ranging from malicious infiltration to cyber-warfare. Includes examination of ethical hacking, relevant tools and methodologies, and its importance to network security. Resources to identify new computer network vulnerabilities and counter security strategies will be discussed as well as an overview of relevant computer crime laws and penalties. Prerequisites: A grade of ‘C’ or better in ITS110, or CNT205, or CIS270, or CIS271DB, or CIS272DB, or permission of Instructor.

**MFG102 Machine Processes, Theory and Application**  
*3 Credits  2 Periods*  
Study and application of principles and theory of common metal removal processes including drilling, reaming, boring, milling, turning, and grinding. Cutting tool geometry and materials, cutting speeds and feeds, coolants, and precision measurement. Prerequisites: None.

**MFG113 Geometric Tolerancing and Dimensioning Application**  
*3 Credits  2 Periods*  
This course discusses geometric dimensioning and tolerance (GDT) concepts in blueprints and solid modeling using the current American Society of Mechanical Engineers (ASME) Y14.5 Standard. Using SolidWorks Application this course will demonstrate and evaluate the correctness of GDT applications. Prerequisites: A grade of ‘C’ or better in (MET109 and MET112) or MFG111 or permission of Program Director.

**MFG206 CNC Programming of Word Address Language**  
*3 Credits  3 Periods*  
Computer Numerical Control (CNC) Programming of Word Address Language (G&M Code) for CNC Machine tools. 2, 3 and 4¡ Axis CNC Programming for CNC controlled machines. Computer based tool path verification, CNC controller tool path verification and CNC machine tool program verification. Study of tooling, speeds, feeds and material removal as related to CNC machine tools and CNC controlled machines. Prerequisites: A grade of ‘C’ or better in MFG102 or machine shop experience or permission of Program Director.

**MFG214 CNC: Operator Training**  
*3 Credits  2 Periods*  
Students will learn Computer Numerical Control (CNC) mill and lathe, qualified setup and functioning
programs, milling and turning operations, changing of tool values, replacing and qualifying tooling, CNC operator training including machine controls, tooling and operations and proper machine shop safety. Prerequisites: A grade of ‘C’ or better in MFG102 or permission of Program Director. Corequisites: MFG206 or permission of Department or Division.

MFG215 CNC Operator Training II
3 Credits  2 Periods
The focus of this course is on machine programming, advanced long hand G&M code programming, and set up as it relates to Computer Numerical Control (CNC) machine operations. Prerequisites: A grade of ‘C’ or better in MFG214 or permission of Instructor.

MFG246 Advanced CAD/CAM CNC Programming: MasterCam
3 Credits  1 Period
Computer programming of three-dimensional (3D) (3 and 4 axis simultaneous) Computer Numerical Control (CNC) Machines. Tool path generation for CNC mill, lathe, Wire EDM, router, laser, waterjet and hybrid CNC machine tools. Tool path geometry creation, importation and modification. Cutting parameters selection and control, including tool geometry, speeds, feeds and tool path optimization. Tool path simulation for material removal verification with solid and wireframe graphics. Produce Word Address (Gcode) CNC tool code production and output verification on Fuji Automatic NUMerical Control (FANUC) and Haas Automation based machine tools. Prerequisites: A grade of ‘C’ or better in MFG236.

MFG250 Manual Machining: NIMS Level I Certification Test Preparation
6 Credits  2 Periods

MFG254 Solids Modeling-Solidworks
3 Credits  2 Periods
CAD modeling, solid part generation, assembly of parts, and working drawing creation. Applications of CAD/CAM in Computer Integrated Technology (CIM). Prerequisites: None.

MMT184 Digital Animation I
3 Credits  6 Periods
The art of animation (animated sequences, special effects, titles, etc.) using the computer. Construction characters, background graphics, color, scaling, storyboard, cells, timing, editing, and surface rendering. Screening and discussion of selected animated short films and videos. Prerequisites: A grade of ‘C’ or better in (ART111 or ART116) or permission of Instructor. Corequisites: ART100 or permission of Instructor.

MMT185 3-D Modeling for Animation
3 Credits  6 Periods
Basic concepts of 3-D modeling. Anatomy of computer geometry; basic elements that make computer models-curves, surfaces, nurbs, and polygons. 3-D translation, shading, materials, and rendering. Prerequisites: A grade of ‘C’ or better in ADA/ART/MMT184 or ADA/ART184AC or permission of the Instructor.

MMT186 Modeling for Digital Media
3 Credits  6 Periods
Development of 3-D models for multimedia productions. 3-D logos, objects, and advanced animation projects using special effects. Prerequisites: A grade of ‘C’ or better in ADA/ART/MMT184 or permission of Instructor.
MPT101MP Technical Documentation
3 Credits  1 Period
Analysis and interpretation of technical drawings (prints) common to manufacturing. Mathematical calculations for determining dimensions. Introduction and application of Geometric Dimensioning and Tolerancing (GD&T). Prerequisites: None.

MPT110MP Inspection Techniques
3 Credits  1 Period
Setup and use of inspection tools and equipment per current industry standards. Selection, completion and interpretation of information from inspection forms. Prerequisites: None.

MPT111MP Geometric Dimensioning and Tolerance (GDT)
3 Credits  1 Period
Controls of geometric dimensioning and tolerance (GDT) including the form, orientation, profile and location. Includes qualifying controls per engineering documentation for the American Society of Mechanical Engineers (ASME) Y14.5 2009 Standard. Prerequisites: None.

MPT120MP Introduction to Manual Machining
4 Credits  2 Periods
Introduces manual machining operations related to drilling, grinding, sawing, milling, and lathe processes. Development of fundamental skills, practices and safety applications in working with manual machine tools, hand tools, and related equipment common to manufacturing. Provides theoretical and practical experiences related to the machining of various material types to produce a product to industry standards. A grade of ‘C’ or better required in all Prerequisites. Prerequisites or Corequisites: (MPT101 or MPT101MP) and (MPT111 or MPT-111MP).

MPT130MP CNC Machine Operator
6 Credits  3 Periods
Designed to provide a fast track to fundamental knowledge and skills necessary for entry-level machine operator positions. Introduction to print reading, inspection, and safe start-up and operation of multi-axis Computer Numerical Control (CNC) machines. Topics include two- and three-axis program interpretation and application, qualifying tooling, and tool offsets to produce a product to industry standards. Prerequisites: None.

MPT132MP CNC Machining Level II
3 Credits  2 Periods
Safe setup and operation of multi-axis Computer Numerical Control (CNC) machines. Topics include multi-axis programming, qualifying tooling, and tool offsets to produce a product to industry standards. Prerequisites: A grade of ‘C’ or better in MPT130 or MPT130MP or MPT131 or MPT131MP.

MPT140 Manual CNC Programming
3 Credits  2 Periods
Introduction to Manual Computer Numerical Control (CNC) programming of Word Address Language (G&M Code) for CNC machine tools. Multi-axis CNC programming for CNC controlled machines. Computer based tool path verification, CNC controller tool path verification and CNC machine tool program verification. Prerequisites: A grade of ‘C’ or better in (MPT130 or MPT130MP) or (MPT131 or MPT131MP), or machine shop experience or permission of Program Director.

MPT150 Introduction to SolidWorks
3 Credits  2 Periods
Introduction to CAD modeling, solid part generation, assembly of parts, and working drawing creation. Applications of CAD/CAM in Computer Integrated Technology (CIM). Prerequisites: None. Students interested in taking MPT250 Solid Design II: Advanced Part Modeling: SolidWorks are advised to take MPT151 Solid Design I: SolidWorks.
MPT220 Manual Machining: NIMS Level I Certification
6 Credits  6 Periods
Preparation for latest National Institute for Metalworking Skills (NIMS) Machining Level I certification in Drill Press, Manual Milling, Turning, and Grinding. Prerequisites: A grade of ‘C’ or better in MPT120 or MPT120MP.

MPT260MP Computer Aided Manufacturing (CAM) I
3 Credits  1 Period
Introduction to Computer Aided Manufacturing (CAM) system programming for Computer Numerical Control (CNC) machines using computer graphics for programming and tool path geometry. Computer programming for simultaneous 3-axis CNC machines, fourth and fifth positioning machining centers, and 2-axis turning centers. Prerequisites: A grade of ‘C’ or better in MPT130 or MPT130MP or MPT131 or MPT131MP.

MPT262MP Computer Aided Manufacturing (CAM) II
3 Credits  1 Period
Advanced Computer Aided Manufacturing (CAM) system programming for Computer Numerical Control (CNC) machines using computer graphics for programming and tool path geometry. Computer programming for Mill turns and five axis simultaneous machining centers. Prerequisites: A grade of ‘C’ or better in MPT260 or MPT260MP.

MPT270 Tooling, Fixtures, and Gauges
3 Credits  3 Periods
Various types of tools, fixtures, and gauges and their function as related to manufacturing processes. Clamping and workholding principles as well as use of appropriate hardware. Prerequisites: A grade of ‘C’ or better in (MPT120, or MPT120MP, or 4 NIMS in CNC Machining or Manual Machining) and (MPT150 or MPT151)), or CAD101, or CAD201, or CAD215, or Certified SolidWorks Associate (CSWA).

NSonso New Student Orientation
0 Credits  1 Period
An orientation for new and returning students and in support of academic courses. Information provided on a variety of instructional programs and campus services, may include student success techniques and tours of specific campus facilities.

PME190 Introduction to ECG Rhythm Analysis and Interpretation for EMS Professionals
3 Credits  3 Periods
Designed to provide an overview of the anatomy and physiology of the cardiovascular system and electrophysiology of the cardiac conduction system for Emergency Medical Service (EMS) professionals. Basic electrocardiograph (ECG) multi-lead acquisition, analysis, and interpretation of various dysrhythmias and cardiovascular conditions. Prerequisites: None.

PME191 Introduction to Pharmacology for EMS Professionals
3 Credits  3 Periods
Designed to provide an overview of the principles of pharmacology and pharmacologic agents utilized in patient management plans. Includes pharmacokinetics, pharmacodynamics, physiology of pharmacology, calculating drug dosages, and drug profiles. Prerequisites: None.

PME201 Advanced Cardiac Life Support (ACLS) Initial Provider in Paramedicine
1 Credit  2 Periods
Designed to provide the knowledge and skills needed to recognize and manage cardiopulmonary arrest, acute dysrhythmia, stroke, and acute coronary syndromes according to current emergency cardiovascular care (ECC) guidelines. Integrates
knowledge of basic electrocardiographic rhythm interpretation, pharmacologic agents, and other interventions used in advanced cardiac life support. Prerequisites: Admission into the Paramedic Education Program.

**PME202 Pediatric Advanced Life Support (PALS) Initial Provider in Paramedicine**
1 Credit  1.5 Periods
Designed to provide the knowledge and skills needed to recognize and manage an infant, child or adolescent in respiratory compromise, circulatory compromise, or cardiopulmonary arrest according to current Pediatric Advanced Life Support (PALS) and emergency cardiovascular care (ECC) guidelines. Integrates knowledge of basic electrocardiographic rhythm interpretation, pharmacologic agents, and other interventions used in pediatric emergencies. Prerequisites: Admission into the Paramedic Education Program.

**PME203 Pediatric Emergencies for Prehospital Professionals (PEPP) Initial Provider in Paramedicine**
1 Credit  1.5 Periods
Designed to provide the knowledge and skills needed to recognize and manage an infant, child or adolescent in respiratory compromise, circulatory compromise, or cardiopulmonary arrest according to current Pediatric Emergencies for Prehospital Professionals (PEPP) and emergency cardiovascular care (ECC) guidelines. Integrates knowledge of basic electrocardiographic rhythm interpretation, pharmacologic agents, and other interventions used in pediatric emergencies. Prerequisites: Admission into the Paramedic Education Program.

**PME204 Neonatal Resuscitation Provider (NRP) in Paramedicine**
0.5 Credits  1.5 Periods
Designed to provide the knowledge and skills needed to recognize and manage a neonate with respiratory compromise, circulatory compromise, or cardiopulmonary arrest according to current American Academy of Pediatrics (AAP) and emergency cardiovascular care (ECC) guidelines. Integrates knowledge of basic electrocardiographic rhythm interpretation, pharmacologic agents, and other interventions used in neonatal resuscitation. Prerequisites: Admission into the Paramedic Education Program.

**PME205 Advanced Medical Life Support (AMLS) Initial Provider in Paramedicine**
1 Credit  1.5 Periods
Designed to provide the knowledge and skills needed to recognize and manage various medical conditions according to the National Association of EMTs (NAEMT) Advanced Medical Life Support (AMLS) guidelines. Skills are sequenced and synthesized into simulations. Prerequisites: Admission into the Paramedic Education Program.

**PME240 Pharmacology in Paramedicine**
3 Credits  5 Periods
Designed to provide an overview of the pathophysiological principles of pharmacology, pharmacologic agents in the Paramedic scope of practice, and the practice of medication administration. Develops psychomotor skills in the paramedic scope of practice through sequenced lab simulations. Prepares students to integrate comprehensive knowledge of the pathophysiological principles of pharmacology and pharmacologic agents to formulate a differential diagnosis and to implement a management plan for medical emergencies and trauma. Prerequisites: Admission into the Paramedic Education Program.

**PME245 Airway and Ventilatory Management in Paramedicine**
3 Credits  4 Periods
Designed to prepare students to integrate knowledge of the respiratory system, comprehensive assessment practices, and pharmacologic agents to formulate a differential diagnosis and imple-
ment airway and ventilatory management plans for medical emergencies and trauma. Develops psychomotor skills in the paramedic scope of practice through sequenced lab simulations. Prepares students to perform comprehensive assessment and techniques in the paramedic scope of practice for assuring airway patency, adequate mechanical ventilation, and respiration for all age groups. Prerequisites: Admission into the Paramedic Education Program.

**PME250 Comprehensive Patient Assessment in Paramedicine**  
1 Credit  3 Periods  
Designed to provide an overview of comprehensive patient assessment. Develops psychomotor skills in the paramedic scope of practice. Integrates the pathophysiological significance of comprehensive assessment findings to formulate a differential diagnosis and implement a management plan for medical emergencies and trauma. Prerequisites: Admission into the Paramedic Education Program.

**PME251 Medical Emergencies in Paramedicine I**  
4 Credits  8 Periods  
Designed to provide an overview of pathophysiologic principles, epidemiology, comprehensive assessment, differential diagnosis, and pharmacology for respiratory and cardiovascular emergencies. Develops psychomotor skills in the paramedic scope of practice through sequenced lab simulations. Instruction in theory and practice of gas metal arc welding (GMAW, commonly referred to as MIG), flux cored arc welding (FCAW), and gas tungsten arc welding (GTAW, commonly referred to as TIG). Basic welding procedures on ferrous and nonferrous metals. Setup and operation of welding process equipment. Covers selection of proper filler materials and shielding gas options. Prerequisites: A grade of ‘C’ or better required in WLD106AA or permission of Instructor or Corequisites: WLD106AA.

**WLD206AB Advanced GMAW and FCAW**  
5 Credits  8 Periods  
Instruction and practice of gas metal arc welding (GMAW) and flux cored arc welding (FCAW) in the horizontal, vertical, and overhead positions. Prepare for industry code performance qualification plate tests with both welding processes. Prerequisites: A grade of ‘C’ or better in WLD206AA or permission of Instructor.
WLD206AC Advanced GTAW Non-Ferrous
5 Credits  8 Periods
Instruction and practice of gas tungsten arc welding (GTAW) aluminum sheet in the flat, horizontal, and vertical positions. Prepare for industry code performance qualification tests in any welding position. Prerequisites: A grade of ‘C’ or better in WLD206AA or permission of Instructor.

WLD206AD Advanced GTAW Ferrous
5 Credits  8 Periods
Instruction and practice of gas tungsten arc welding (GTAW) carbon and stainless-steel in any position. Prepare for industry code performance qualification tests in any welding position. Prerequisites: A grade of ‘C’ or better in WLD206AA or permission of Instructor.

WLD208AA SMAW Code Welding
5 Credits  8 Periods
Advanced training in shielded metal arc welding (SMAW) to achieve successful welder performance qualification testing in any position. Focus is on single v-groove weld joints per industry codes and specification requirements. Prerequisites: A grade of ‘C’ or better in WLD106AA or permission of Instructor.

WLD208AB GMAW Code Welding
5 Credits  8 Periods
Advanced training in gas metal arc welding (GMAW) with emphasis on achieving successful welder performance qualification testing in any position. Focus is on groove weld joints per industry codes. Prerequisites: A grade of ‘C’ or better in WLD206AA or permission of Instructor.

WLD208AC FCAW Code Welding
5 Credits  8 Periods
Advanced training in flux cored arc welding (FCAW) with emphasis on achieving successful welder performance qualification testing in any position. Focus is on groove weld joints per industry codes. Prerequisites: A grade of ‘C’ or better in WLD206AA or permission of Instructor.

WLD208AD SMAW Code Welding Pipe
5 Credits  8 Periods
Advanced training in pipe welding using either shielded metal arc welding (SMAW), gas metal arc welding (GMAW), or flux cored arc welding (FCAW) with emphasis on achieving successful welder performance qualification testing in any position. Focus is on groove weld joints per industry codes. Prerequisites: A grade of ‘C’ or better in WLD106AD or WLD208AA, or permission of Instructor.

WLD215 Welding Fabrication
3 Credits  6 Periods
Utilize welding skills to produce a major product. Design, plans, procedure sheet, and selected fabrication processes required. Purchase of necessary materials, and completion of a finished usable product. Prerequisites: A grade of ‘C’ or better in WLD101 and WLD206.

Reporting Concerns, Complaints, Grievances

Instructional Grievance Process for Students

Concerns by students of unfair or unjust treatment by a faculty member with regard to the academic process such as grading, testing or assignments. To report an instructional grievance, the student must first try to resolve the situation with the faculty. If the grievance is not resolved at this level, the student can request to speak to the Department Chair. This request must be done in writing per Administrative Regulation S-6. For further information, please contact the Mesa Community College Office of the Deans of Instruction at 480-461-7145, Dee Vital, Administrative Specialist Sr., delia.vital@mesacc.edu.
Non-Instructional Grievance Process for Students

Concerns by students of unfair or unjust treatment by any employee with regard to student services or administrative services. To report a non-instructional grievance, the student must first try to resolve the situation with the employee. If the grievance is not resolved at this level, the student can request to speak to the employee’s supervisor. This request must be done in writing. For further information, please contact the Mesa Community College Dean of Student Development, Julie Voller at 480-461-7178, julie.voller@mesacc.edu.

State Authorization Reciprocity Agreement (SARA)

Mesa Community College is a State Authorization Reciprocity Agreement (SARA) participating institution. The Arizona SARA Council has jurisdiction over Arizona SARA participating institutions in relation to non-instructional complaints for out-of-state distance education students. Instructional complaints, such as grade grievances, are not reviewed by the Council and should not be submitted for review.

Prior to submitting a non-instructional complaint with the Arizona SARA Council, the student must complete Mesa Community College's internal complaint process. Complaints that comply with SARA requirements may be submitted to the Arizona SARA Council.

Student Code of Conduct

Concerns about student actions or verbal statements that threaten safety and/or disrupt the learning environment. To report an alleged policy violation of the MCCCD Student Code of Conduct, please contact the Mesa Community College Dean of Student Development, Julie Voller at 480-461-7178, julie.voller@mesacc.edu.

Title IX Sexual Harassment Process for Students

Student complaints based on the protected class of sex/gender such as sexual harassment, hostile environment, misconduct, stalking, domestic violence, rape, dating violence, sexual preference, pregnancy. To report a sexual harassment/discrimination complaint please contact the Mesa Community College Title IX Coordinator: Carmen Newland, Senior Associate Vice President of Student Affairs and Title IX/504 Coordinator, 480-461-7479, carmen.newland@mesacc.edu. To report online, use the MCCCD Online Reporting Form and click on “Sexual Harassment Reporting”.

Civil Rights Violations Process for Students

Discrimination/harassment allegations based on protected classes such as disability, race, religion, color, national origin and age. To report civil rights violations that are not based on sex, please contact the Mesa
Community College Title IX Coordinator: Carmen Newland, Senior Associate Vice President of Student Affairs and Title IX/504 Coordinator, 480-461-7479, carmen.newland@mesacc.edu. To report online, use the MCCCD Online Reporting Form and click on “Conduct Incident Reporting”.

**Early Alert Referral System (EARS)**

Personal or academic concerns about students or employees related housing and food insecurity, financial issues, physical and emotional safety and academic concerns such as study skills, tutoring needs, etc. To submit a referral, visit the EARS home page. For further information, please contact the Mesa Community College EARS Coordinator, Melissa Turnbull at 480-461-7212, melissa.turnbull@mesacc.edu.

**General Statement, EEO/Non-Discrimination, and Board Policy (Vision, Mission, Values)**

**2.4.1 General Statement**

The Maricopa Community Colleges are dedicated to providing a healthy, comfortable and educationally productive environment for students, employees and visitors.

**2.4.2 Nondiscrimination**

*(see 5.1.1 Maricopa EEO Policy)*

It is the policy of the Maricopa County Community College District (MCCCD), (consisting of Chandler-Gilbert Community College, the District Office, Estrella Mountain Community College, GateWay Community College, GateWay Community College - Central City, Glendale Community College, Mesa Community College, Paradise Valley Community College, Phoenix College, Rio Salado Community College, Scottsdale Community College, South Mountain Community College, and all affiliated locations) to:

1. Recruit, hire, and promote in all job groups, and to ensure that all Human Resources (HR) employment selection and decision practices do not discriminate, nor tolerate discrimination in employment against any applicant or employee, on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.
2. Administer all HR employment selection and decision practices pertaining to advertising, benefits, compensation, discipline (including probation, suspension, and/or involuntary termination for cause or layoff), employee facilities, performance evaluation, recruitment, social/recreational programs, and training will be administered without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.

3. Hold each level of management responsible for ensuring that all employment policies, procedures, and activities are in full compliance with all applicable federal, state, and local EEO statutes, rules, and regulations.

4. Maintain an educational environment that does not discriminate or tolerate discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, or veteran status in federally funded programs, activities and MCCCD sponsored events.

5. Hold each level of academic and student life management responsible for ensuring that all academic environments and activities are in full compliance with all applicable federal, state, and local non-discrimination laws.

AMENDED by Direct Approval by the Chancellor, April 8, 2020
AMENDED per Administrative Regulation Process, January 2, 2020

2.4.3 Equal Opportunity Statement
(see 5.1.3 EEO Policy Statement)

It is the policy of the Maricopa County Community College District (MCCCD) to promote equal employment opportunities through a positive continuing program. This means that Maricopa will not discriminate, nor tolerate discrimination in employment or education, against any applicant, employee, or student because of race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information. Additionally, it is the policy of Maricopa to provide an environment for each Maricopa job applicant and employee that is free from sexual harassment, as well as harassment and intimidation on account of an individual’s race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.

In addition, lack of English language skills is not a barrier to admission into Career and Technical Education (CTE) programs or skill centers.

AFFIRMATIVE ACTION STATEMENTS

Affirmative Action Policy Statement for Individuals with Disabilities

In conformance with the provisions of Section 503 of the Rehabilitation Act of 1973, as amended, and the implementing regulations, 41 CFR 60-741.5 (a), as amended, Maricopa County Community College District (MCCCD) will not discriminate, nor tolerate discrimination in employment or education, against any applicant, employee, or student because of physical or mental disability in regard to any position for which the known applicant or employee is qualified. MCCCD agrees to take affirmative action to employ, advance in employment, and otherwise treat known qualified individuals with disabilities without regard to their physical or mental disability in all human resources selection and decision practices, such as the following: advertising, benefits, compensation, discipline (including probation, suspension, and/or termination for cause or layoff), employee facilities, performance evaluation, recruitment, social/recreational programs, and training. MCCCD will also continue to administer these practices without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information. Additionally, all applicants and employees are protected from coercion, intimidation, interference, or discrimination for filing a complaint or assisting in an investigation under the Act.

Affirmative Action Policy Statement for Other Eligible Veterans, Special Disabled Veterans, and Vietnam Era Veterans

In conformance with the Vietnam Era Veterans Readjustment Assistance Act of 1974, the Veterans Employment Opportunities Act of 1998, and the implementing regulations, 41 CFR 60-250 (k), Maricopa County Community College District (MCCCD) will not discriminate, nor tolerate discrimination in employment or education, against any applicant, employee, or student because they are a special disabled veteran or Vietnam era veteran in regard to any position for which the known applicant or employee is qualified. MCCCD agrees to take affirmative action to employ, advance in employment, and otherwise treat known qualified special disabled veterans and Vietnam era veterans without discrimination based upon their disabled or veteran status in all human resources selection and decision practices, such as the following: advertising, benefits, compensation, discipline (including probation, suspension, and/or termination for cause or layoff), employee facilities, performance evaluation, recruitment, social/recreational programs, and training. MCCCD will continue to administer these practices without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information. Additionally, MCCCD agrees to post all suitable job openings at the local office of the State employment service where the job opening occurs. This includes full-time, temporary greater than 3 days' duration, and part-time employment. Finally, all applicants and employees are protected from coercion, intimidation, interference, or discrimination for filing a complaint or assisting in an investigation under the Act.

Notice of Americans with Disabilities Act (ADA)/ Section 504 of the Rehabilitation Act/Title IX Coordinator

(see 5.1.7 Notice of Americans with Disabilities Act (ADA)/Section 5004 of the Rehabilitation Act/Title IX Coordinator)
Under the ADA and Section 504, the Maricopa County Community College District (MCCCD) recognizes the obligation to provide overall program accessibility throughout its locations for qualified disabled individuals. Students and employees can raise concerns or make complaints, without retaliation, about matters made unlawful under the ADA.

**EMPLOYEES**

The District Office and each College must post the address and telephone number for the individual responsible for coordinating services and/or activities relating to the Americans with Disabilities Act (42 U.S.C. Chapter 126), Section 504 of the Rehabilitation Act (29 U.S.C. §794(d)), and all other applicable law. The Notice will specify how employees can request reasonable accommodations.

**STUDENTS**

The District Office and each MCCCD location must post the address and telephone number for the individual responsible for coordinating services and/or activities relating to the Americans with Disabilities Act (42 U.S.C. Chapter 126), Section 504 of the Rehabilitation Act (29 U.S.C. §794(d)), and Title IX of the Education Amendments of 1972 (20 U.S.C. §1681), using the format below:

- ADA/504/Title IX Coordinator
- Address
- Phone #
- Email address

Additionally, each college/center must publish electronically or in print the above information in student handbooks and catalogs.

The designated ADA/504/Title IX Coordinator at each college/center will provide information as to the existence and location of services, activities, and facilities that are accessible to and usable by individuals with disabilities. Likewise, under Title IX, there is an obligation to provide services and program accessibility in a gender-neutral manner.

Admissions, Registration, Enrollment

2.1 General Regulation

1. General Statement

Compliance with Policies, Rules and Regulations
Every student is expected to know and comply with all current published policies, rules and regulations as stated in the college catalog, class schedule, and/or student handbook. Documents are available on each college's website.

Policies, courses, programs, fees and requirements may be suspended, deleted, restricted, supplemented or changed through action of the Governing Board of the Maricopa Community Colleges.

The Maricopa Community Colleges reserve the right to change, without notice, any materials, information, curriculum, requirements and regulations.

Note: The regulations that comprise the student section contain language that appears in various sources such as the Catalog Common Pages and the Student Handbook. All areas became Administrative Regulations with the 1996 adoption of the Governance Model. Changes are made annually either through the Administrative Regulations approval process, or by Board approval for those items that fall under its statutory duty, such as Tuition and Fees. In an effort to prevent duplication, topics in this section may be incorporated by reference, as they are featured in other areas of the manual and are noted accordingly.

The Maricopa County Community College District Vision, Mission and Values that are featured in the Common Pages are a part of approved Governing Board policy and are located in the policy section of the manual. As such, the following statement related to Outcomes Assessment that appears in the Common Pages is presented here as a general statement.

2. Outcomes Assessment

The mission of the Maricopa Community Colleges is “to create and continuously improve affordable,
accessible, and effective learning environments for the lifelong educational needs of the diverse communities we serve." In order to evaluate how successfully the Maricopa County Community College District accomplishes this mission, student outcomes will be assessed as part of the continuous improvement process.

Students may be asked to participate in a variety of assessment activities at each college. Assessment results will be used to improve educational programs, services and student learning.

### 2.2.1 Admission Policy

Persons meeting the admissions criteria may attend any Maricopa Community College of their choice. Falsification of any admission materials or official college records may be cause for denial or cancellation of admission. Exceptions to the admissions policies may be requested through the Admissions and Standards Committee. Admission is determined in accordance with state law (ARS §§15-1805.01 and 15-1821) and regulations of the Maricopa Community Colleges Governing Board.

**Admission Classifications**

1. **Admission of Regular Students**

   Admission to the community college in Arizona may be granted to any person who meets at least one of the following criteria:

   A. Is a graduate of a high school, which is accredited by a regional accrediting association as defined by the United States Office of Education or approved by a State Department of Education or other appropriate state educational agency.

   B. Has a high school certificate of equivalency.

   C. Is at least 18 years of age and demonstrates evidence of potential success in the community college.

   D. Is a transfer student in good standing from another college or university.

2. **Admission of Students Under 18 Years of Age**

   A. A community college in this state shall grant admission to any student who is under eighteen years of age and who achieves at least one of the following:

      i. A composite score of 720 or more on the Preliminary Scholastic Aptitude Test (PSAT).

      ii. A composite score of 720 or more on the Scholastic Aptitude Test (SAT).

      iii. A composite score of twelve or more on the American College Test (ACT).

      iv. A passing score on the relevant portions of the statewide assessment.

      v. The completion of a college placement method designated by the community college district that indicates the student is at the appropriate college level for the course.
vi. Is a graduate of a private or public high school or has a high school certificate of equivalency.

B. A community college may limit the number of semester hours in which the student may enroll to not more than six (6) credit hours.

C. Home schooled students are exempt from this sub-section.

D. Students who enroll in vocational courses may be admitted on an individual basis with the approval of college officials if the student meets the established requirements of the courses for which the student enrolls and the college official determines that the student’s admission is in the best interest of the student.

3. Specialized Vocational / Training Program

Students who enroll in vocational courses may be admitted on an individual basis with the approval of college officials if the student meets the established requirements of the courses for which the student enrolls and the college officials determine that the student’s admission is in the best interest of the student.

4. Western Undergraduate Exchange Program

The Western Undergraduate Exchange (WUE) program is a student exchange program coordinated by the Western Interstate Commission for Higher Education (WICHE) and administered by the Arizona Board of Regents. Through WUE, students who reside in western states (Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, and Wyoming), Guam and the Commonwealth of the Northern Marianas Islands (CNIMI) and who meet the eligibility requirements, pay 150 percent of the regular resident tuition plus fees. Students must mark prominently on the Student Information Form that they seek admission as WUE students. Students may not apply as out-of-state students and expect to receive the WUE tuition rate after admitted. Once admitted as WUE students, students may not petition for in-state residency. Further information may be obtained from the Admissions and Records Office/Office of Student Enrollment Services.

5. Admission of F-1 Nonimmigrant Students

Prospective students should contact the Admissions and Records Office/Office of Student Enrollment Services or designated office for the international student application form(s). When completed, the form(s) should be returned to the Admissions and Records Office/Office of Student Enrollment Services or the International Education office with all requested supporting documents. After the file has been reviewed, a notice will be sent to the applicant indicating either acceptance or denial of admission.

To be guaranteed consideration for admission, all application materials must be received by July 1 for the fall semester and November 1 for the spring semester.
Prospective students seeking admission based on F-1 nonimmigrant status must provide proof of secondary school completion with documentation comparable to a United States high school diploma or higher degree. It is recommended that F-1 nonimmigrant students have graduated in the upper 50% of their secondary school (high school or equivalent) in order to ensure success in academic classes at this college. Applicants for admission to the college must have high school and college (if applicable) transcripts sent directly from the high school or college to the Admissions and Records Office/Office of Student Enrollment Services or designated office. In addition, it is the applicant's responsibility to have all transcripts translated into English and evaluated by a foreign credential evaluation service if necessary.

A. Admission to Academic Programs

Applicants who wish to enroll in an academic program at the college must present evidence of English language proficiency. If the Test of English as a Foreign Language (TOEFL) is used to satisfy this requirement, the applicant must attain a score of at least 500 (on the paper-based TOEFL) or 61 (on the internet-based TOEFL, known as the iBT). If the International Language Testing System (IELTS) is used to satisfy this requirement, an IELTS overall Band Score of 5.5 or better is required, and a minimum IELTS individual Band Score of 5.0 on each module is recommended. The dean or director of Admissions and Records Office/Office of Student Enrollment Services of the college may accept other proof of English language proficiency for admission purposes, such as the ASSET, ACCUPLACER, COMPASS or CELSA tests.

B. Admission to an Intensive English Program

Applicants for admission to an Intensive English Program are advised to check with individual colleges for their respective admission requirements. Applicants must provide evidence of at least an intermediate command of English by way of one or more of the following criteria:
   i. At least six years of English language instruction as shown by the applicant's school transcript(s);
   ii. A minimum TOEFL score of 400 (on the paper-based TOEFL) or 23 (on the internet-based test);
   iii. An original letter of recommendation from a teacher, school principal or headmaster/ headmistress, or the director of an English language institute attesting to the applicant's proficiency at the intermediate level;
   iv. Other credentials, test scores, interview results, or evidence accepted by the coordinator of an intensive English program or the college's responsible designee. Students admitted to an Intensive English Program will not be allowed to enroll in courses outside those officially designated as part of the program unless and until they have met all of the prerequisites or other course requirements.
   v. Foreign students under certain types of visas may need special permission to enroll and should contact the appropriate college official.

C. Financial Support

Evidence of financial support will be required prior to issuance of the I-20 form. The colleges have no scholarship or financial aid provisions for foreign students; therefore, students must be fully prepared
to meet the necessary financial obligations for the full time they will be in the United States. The colleges estimate a student’s average expenses for 10 months to be:

<p>| | |</p>

2. Based on estimated living expenses for two (2) semesters (10 months).
3. Based on average new and used textbook prices and Rental Rates. Assumes books are sold at the end of the semester.
4. Based on the 2016-2017 insurance premiums for the mandatory Maricopa Community Colleges’ International Student Health Plan.
5. Applicants must provide evidence of this minimum amount of financial support before an I-20 is issued.

D. Dependent Financial Guarantee

Evidence of financial support for dependents of F-1 and M-1 students (spouse and dependent children) is also required: $5,000 for the first dependent and $2,500 for each additional dependent.

E. Health Insurance

All F-1 and M-1 students who have an I-20 issued by one of the Maricopa Community Colleges are required to purchase the Maricopa Community Colleges’ international student health insurance plan. Health insurance coverage for dependents of F-1 and M-1 students is highly recommended. The Maricopa Community Colleges contracts with an insurance provider annually to offer a health insurance plan for F-1 and M-1 students. For more information contact the college Admissions and Records Office/Office of Student Enrollment Services or designated international student office.

AMENDED by Direct Chancellor Approval, June 4, 2019
AMENDED through the Administrative Regulation Process, June 5, 2017

2.2.2 Admission Information

Students must file a Student Information Form with the Admissions and Records Office/Office of Student Enrollment Services at the college of attendance. There is no charge for this service.
1. Student Status

A. **Freshman** - A student who has completed fewer than 30 credit hours 100-level courses and above.
B. **Sophomore** - A student who has completed 30 credit hours or more in 100-level courses and above.
C. **Unclassified** - A student who has an associate degree or higher.

2. Student Identification Number

Disclosure of the social security number is voluntary (ARS §15-1823). However, students must use social security numbers for reporting information pertaining to potential educational tax credits and for processing federal financial aid applications and Veterans Administration benefits.

3. Residency for Tuition Purposes (See Appendix S-1)

All students are classified for tuition purposes under one of the following residency classifications:

A. **Maricopa County resident**
B. **Out-of-County resident**
C. **Out-of-State resident** (including F-1 non-immigrant students and students on other non-immigrant visas)

Residency for tuition purposes is determined in accordance with state law (ARS §§15-1801 et seq.) and regulations of the Maricopa Community Colleges Governing Board. All of the Maricopa Community Colleges are subject to the above statutes and regulations. Students who have questions about their residency should contact the Admissions and Records Office/Office of Student Enrollment Services for clarification.

A. **Implementation**
   i. An applicant must be eligible to attend post-secondary education in the United States prior to being eligible to register for classes and pay fees.
   ii. Domicile status must be established before the student registers and pays fees. It is the student's responsibility to register under the correct domicile status.
   iii. Enforcement of domicile requirements shall be the responsibility of the Chancellor of the Maricopa Community Colleges. The Chancellor has charged the Director of Admissions and Records or other designee at each college to make the initial domicile classification. In determining a student's classification, the college may consider all evidence, written or oral, presented by the student and any other information received from any source which is relevant to determining classification. The college may request written sworn statements or sworn testimony of the student.
   iv. A request for review of the initial classification may be made to a district review committee. The request must be in writing, signed by the student and accompanied by a sworn statement of all facts relevant to the matter. The request must be filed with the admissions officer of the college within ten (10) days of receipt of notification of classification as a non-resident. **Failure to properly file a**
request for review within the prescribed time limit constitutes a waiver of review for the current enrollment period. The decision of the review committee shall be final.

B. Definitions

i. “Armed forces of the United States” means the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the commissioned corps of the United States Public Health Services, the National Oceanographic and Atmospheric Administration, the National Guard, or any military reserve unit of any branch of the armed forces of the United States.

ii. “Continuous attendance” means enrollment at one of Maricopa Community Colleges as a full-time or part-time student for a normal academic year since the beginning of the period for which continuous attendance is claimed. Students need not attend summer sessions or other such intersession beyond the normal academic year in order to maintain continuous attendance.

iii. “Maricopa County resident” means an individual who lives in Maricopa County and has lived in the state of Arizona for at least one year prior (365 days) to the first day of the semester (as published in the approved MCCCD Academic Calendar posted online at Academic Calendars) and who is a United States citizen or in a lawful status. In-state residency must be established prior to county residency for those moving from other states. Refer to Section C for guidelines.

iv. “Domicile” means a person’s true, fixed, and permanent home and place of habitation. It is the place where he or she intends to remain and to which he or she expects to return when he or she leaves without intending to establish a new domicile elsewhere. Visa status must confer the ability to establish domicile in the United States in order to be classified as an in-state student.

v. “Emancipated person” means a person who is neither under a legal duty of service to his parent nor entitled to the support of such parent under the laws of this state.

vi. “Full-time student” means one who registers for at least twelve (12) credit hours per semester.

vii. “Part-time student” means one who registers for fewer than twelve (12) credit hours per semester.

viii. “Parent” means a person’s father, or mother, or if one parent has custody, that parent, or if there is no surviving parent or the whereabouts of the parents are unknown, then a guardian of an unemancipated person if there are not circumstances indicating that such guardianship was created primarily for the purpose of conferring the status of an in-state student on such unemancipated person.

C. Criteria for Determining Residency

i. In-State Student Status

1. Except as otherwise provided in this article, no person having a domicile elsewhere than in this state is eligible for classification as an in-state student for tuition purposes. Applicants for in-state tuition status and other public benefits must demonstrate lawful presence in the United States by presenting one of the documents listed in this regulation, under the section “Demonstrating Lawful Presence.”

2. A person is not entitled to classification as an in-state student until the person is domiciled in this state for one year preceding the official starting day of the semester, except that a person whose domicile is in this state is entitled to classification as an in-state student if the person meets one of the following requirements:

   a. The person’s parent’s domicile is in this state and the parent is allowed to claim the person as an exemption for state and federal tax purposes.
b. The person is an employee of an employer which transferred the person to this state for employment purposes or the person is the spouse of such an employee.

c. The person is an employee of a school District in this state and is under contract to teach on a full-time basis, or is employed as a full-time non-certified classroom aide, at a school within that school District. For purposes of this paragraph, the person is eligible for classification as an in-state student only for courses necessary to complete the requirements for certification by the state board of education to teach in a school District in this state. No member of the person's family is eligible for classification as an in-state student if the person is eligible for classification as an in-state student pursuant to this paragraph, unless the family member is otherwise eligible for classification as an in-state student pursuant to this section. Eligibility for in-state tuition is subject to verification of intent to domicile in this state. Determination of residency is made by the admissions and records office/office of enrollment services.

d. The person's spouse has established domicile in this state for at least one year and has demonstrated intent and financial independence and is entitled to claim the student as an exemption for state and federal tax purposes or the person's spouse was temporarily out of state for educational purposes, but maintained a domicile in this state. If the person is a non-citizen, the person must be in an eligible visa status pursuant to federal law to classify as an in-state student for tuition purposes.

AMENDMENT TO BE REPEATED IN CORRESPONDING APPENDIX ITEM S-1 – IN-STATE STUDENT STATUS SECTION C

3. The domicile of an unemancipated person is that of such person's parent.

4. An unemancipated person who remains in this state when such person's parent, who had been domiciled in this state, removes from this state is entitled to classification as an in-state student until attainment of the degree for which currently enrolled, as long as such person maintains continuous attendance.

5. A person who is a member of the armed forces of the United States and who is stationed in this state pursuant to military orders or who is the spouse or a dependent child of a person who is a member of the armed forces of the United States and who is stationed in this state pursuant to military orders is entitled to classification as an in-state student. The student does not lose in-state student classification while in continuous attendance toward the degree for which he or she is currently enrolled.

6. A person who is a member of the armed forces of the United States or the spouse or a dependent of a member of the armed forces of the United States is entitled to classification as an in-state student if the member of the armed forces has claimed this state as the person's state of home record for at least twelve consecutive months before the member of the armed forces, spouse or dependent enrolls in a university under the jurisdiction of the Arizona Board of Regents or a community college under jurisdiction of a community college district governing board. For purposes of this subsection, the requirement that a person be domiciled in this state for one year before enrollment to qualify for in-state student classification does not apply.
7. Immediate classification as an in-state student shall be granted to a veteran who meets the provisions of Arizona statute HB 2091, paragraph G, which reads: G. A person holding an honor/able discharge from the uniformed services of the United States from either active duty or reserve or national guard status, or who has retired from active duty or reserve or national guard status, shall be granted immediate classification as an in-state student and, while continuously enrolled, does not lose in-state student classification if the person has demonstrated objective evidence of intent to be a resident of Arizona that, for the purposes of this section, includes at least one of the following:
   1. Registration to vote in this state.
   2. An Arizona driver license.
   3. Arizona motor vehicle registration.
   4. Employment history in Arizona.
   5. Transfer of major banking services to Arizona.
   6. Change of permanent address on all pertinent records.
   7. Other materials of whatever kind or source relevant to domicile or residency status.

8. A veteran using Chapter 30 or 33 benefits who does not otherwise qualify under item 7 above (paragraph G of PL 2091), or a veteran’s dependent or spouse who is using transferred Post-9/11 GI Bill® (Chapter 33) benefits or the Marine Gunnery Sergeant John David Fry Scholarship, may be eligible for immediate classification as an in-state student if he/she meets the provisions of Arizona statute HB 2091, paragraph H: h. A person who, while using educational assistance under 38 United States Code Chapter 30 or Chapter 33, enrolls in a university under the jurisdiction of the Arizona Board of Regents or a community college under the jurisdiction of a community college district governing board within three years after the veteran’s discharge from active duty service of ninety or more days or within three years after the service member’s death in the line of duty following a period of active duty service of ninety or more days or who remains continuously enrolled beyond the three-year period following the discharge of the veteran or the service member’s death shall be granted immediate classification as an in-state student and does not lose in-state student classification if the person has demonstrated objective evidence of intent to be a resident of this state that, for the purposes of this section, includes at least one of the following:

   Students are required to submit the following:
   1. Certificate of eligibility letter from the VA Awarding Chapter 30 or 33 benefits or the Fry scholarship, or the Dept. of Defense document approving the transfer of CH. 33 benefits
   2. DD-214 proving a minimum of 90 days service and no more than 3 years since discharge or since death of veteran
   3. Students must also provide at least one of the following:
      A. Registration to vote in this state.
      B. An Arizona driver license.
      C. Arizona motor vehicle registration.
      D. Employment history in Arizona.
      E. Transfer of major banking services in Arizona.
      F. Change of permanent address on all pertinent records.
G. Other materials of whatever kind or source relevant to domicile or residency status.

Effective August 1, 2021, Section 1005 of the New Public Law 116-315 (Johnny Isakson and David P. Roe, M.D. Veterens Health Care and Benefits Improvement Act of 2020) Removes the Requirement for covered individuals to enroll in a course at a public institution of higher learning within three years of being discharged from the military or within three years after the service member’s death in the line of duty in order to receive In-State Tuition.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at https://www.benefits.va.gov/gibill.

9. Per Arizona state law, a person who is honorably discharged from the armed forces of the United States on either Active Duty or Reserve or National Guard Status, or who has retired from Active Duty or Reserve or National Guard Status, shall be granted immediate classification as an in-state student on honorable discharge from the armed forces and, while in continuous attendance toward the degree for which currently enrolled, does not lose in-state student classification if the person has met the following requirements:
   A. Registered to vote in this state.
   B. Demonstrated objective evidence of intent to be a resident of Arizona which, for the purposes of this section, include at least one of the following:
      1. An Arizona driver license
      2. Arizona motor vehicle registration
      3. Employment history in Arizona
      4. Transfer of major banking services to Arizona
      5. Change of permanent address on all pertinent records
      6. Other materials of whatever kind or source relevant to domicile or residency status

10. A student using any VA educational benefits who does not otherwise qualify under items above shall be granted immediate classification as an in-state student, and while continuously enrolled does not lose in-state student classification if the person has demonstrated objective evidence of intent to be a resident of Arizona that for the purposes of this section, includes at least one of the following:
    1. Registration to vote in this state
    2. An Arizona driver license
    3. Arizona motor vehicle registration
    4. Employment history in Arizona
    5. Transfer of major banking services to Arizona.
    6. Change of permanent address on all pertinent records
    7. Other material of whatever kind or source relevant to domicile or residency status.

11. A person who is a member of an Indian Tribe recognized by the United States Department of the Interior whose reservation land lies in the state and extends into another state and who is a resident of the reservation is entitled to classification as an in-state student.
ii. Alien In-State Student Status

1. An alien is entitled to classification as an in-state refugee student if such person has been granted refugee status in accordance with all applicable laws of the United States and has met all other requirements for domicile.

2. In accordance with the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (P.L. 104-208; 110 Stat. 3009-546), a person who was not a citizen or legal resident of the United States or who is not lawfully present in the United States is not entitled to classification as an in-state student pursuant to ARS §15-1802 or entitled to classification as a county resident pursuant to ARS §15-1802.01. A student will be assessed out-of-state tuition until such time that documentation of lawful presence is received in the Office of Admissions and Records/Enrollment Services and (eligibility for) residency is confirmed. Documentation must be provided prior to the end of the term in which residency classification is being requested. Documentation received after the end of term will be used for residency determination in subsequent terms.

3. In establishing domicile, the alien must not hold a visa that prohibits establishing domicile in the United States and this state. After meeting other domicile requirements, students holding valid, unexpired visas in the following categories may be classified as in-state students (See Appendix S-1A):

- **A** = Foreign Government Official or Adopted Child of a Permanent Resident
- **E** = Treaty Traders
- **G** = Principal Resident Representative of Recognized Foreign Member Government to International Staff H=H1B AND H4
- **K** = Spouse or Child of Spouse of a US Citizen, Fiancé or Child of Fiancé of US Citizen
- **L** = Intracompany Transferee or Spouse or Child
- **N6** = NATO-6
- **U, T** = Victim of Criminal Activity
- **V** = Spouses and Dependent Children of Lawful Permanent Residents

4. Students who hold a current visa and have submitted an I-485 to U.S. Citizenship and Immigration Services (USCIS), may establish residency if other domicile requirements have been met. Residency eligibility for I-485 applicants may be considered one year after the date on the USCIS Notice of Action letter (I-797) confirming application for permanent resident status provided their prior visa status is one that allows the visa holder to establish domicile in the United States. Students must provide required residency documentation in addition to the (I-797) Notice of Action for residency consideration. In establishing domicile, the alien must be in a status that does not prohibit establishing domicile in this state for at least one year immediately preceding the official starting date of the semester. Exception: In the event that an alien student’s parent is allowed to claim the student as an exemption for state or federal tax purposes (3C.1.2.A) (E.G., The student is under 23 and not emancipated), the student’s residence is deemed to the same as the parent’s. If the parent holds a visa that is not listed in section 3 above, he or she would not be eligible to establish residency. In such circumstances, the student would likewise be barred notwithstanding his or her own filing of an I-485.
5. Students who hold a current or expired visa and have applied for a change of status will retain their immigration status based on their prior visa status and not the status or visa for which they are applying.

iii. Proving lawful presence in the United States

All applicants for in-state tuition (and other public benefits) must first show at least one of the following documents in accordance with ARS §1-502 to demonstrate that they are lawfully present in the United States by presenting to the Registrar at least one of the following documents:

H. An Arizona Driver’s license issued after 1996 or an Arizona non-operating identification license or an Arizona Instruction Permit
I. A birth certificate or delayed birth certificate issued in any state, territory, or possession of the United States (A hospital record/certificate and certified Abstract of Birth are not acceptable).
J. A United States certificate of birth abroad.
K. A United States Passport.
L. A Foreign Passport with a United States Visa.
M. An I-94 Form with a Photograph.
O. A United States Permanent Resident Card
P. A United States Certificate of Naturalization.
Q. A United States Certification of Citizenship.
R. A Tribal Certificate of Indian Blood.
S. A Tribal or Bureau of Indian Affairs Affidavit of Birth.

Tribal Members*, the Elderly and “Persons with Disabilities or incapacity of the mind or body,” may submit certain types of documents under Section 1903 of the Federal Social Security Act (42 UNITED STATES CODE 1396B, As Amended By Section 6036 Of The Federal Deficit Reduction Act of 2005)**

*A document issued by a federally recognized Indian tribe evidencing membership or enrollment in, or affiliation with, such tribe.

**If you think that this may apply, please contact the Legal Services Department for assistance.

iv. Presumptions Relating to Student Status

Unless there is evidence to the contrary, the registering authority of the community college or university at which a student is registering will presume that:

1. No emancipated person has established a domicile in this state while attending any educational institution in this state as a full-time student, as such status is defined by the community college district governing board or the Arizona Board of Regents, in the absence of a clear demonstration to the contrary.
2. Once established, a domicile is not lost by mere absence unaccompanied by intention to establish a new domicile.
3. A person who has been domiciled in this state immediately before becoming a member of the armed forces of the United States shall not lose in-state status by reason of such person’s presence in any other state or country while a member of the armed forces of the United States.
v. Proof of Residency
When a student’s residency is questioned, the following proof will be required.

1. In-State Residency
   a. An affidavit signed by the student must be filed with the person responsible for verifying residency.
   b. A combination of the following may be used in determining a student's domicile in Arizona:
      1. Arizona income tax return
      2. Arizona Voter registration
      3. Arizona Motor Vehicle registration
      4. Arizona Driver’s license
      5. Employment history in Arizona
      6. Place of graduation from high school
      7. Source of financial support
      8. Dependency as indicated on federal income tax return
      9. Ownership of real property
      10. Notarized statement of landlord and/or employer
      11. Transfer of major banking services to Arizona
      12. Change of permanent address on all pertinent records
      13. Arizona Department of Children Services documents related to foster care placement
      14. Other relevant information

2. County Residency
   A combination of the following may be used to determine a student’s county residency:
   1. Notarized statements of landlord and/or employer
   2. Source of financial support
   3. Place of graduation from high school
   4. Ownership of real property
   5. Bank accounts
   6. Arizona income tax return
   7. Dependency as indicated on a Federal income tax return
   8. Other relevant information

D. Concurrent Enrollment in Arizona Public Institutions of Higher Education (ARS §15-1807)
(See Appendix S-3)

Under Arizona Revised Statutes §15-1807, it is unlawful for any non-resident student to register concurrently in two or more public institutions of higher education in this state including any university, college or community college for a combined student credit hour enrollment of more than six (6) credit hours without payment of non-resident tuition at one of such institutions. Any non-resident student desiring to enroll concurrently in two or more public institutions of higher education in this state including any university or community college for a combined total of more than six (6) credit hours who is not subject to non-resident tuition at any of such institutions shall pay the non-resident tuition at the institution of his choice in an amount equivalent to non-resident tuition at such institution for the combined total of credit hours for which the non-resident student is concurrently enrolled.
2.2.3 Other Admission Information

1. Veterans

By Arizona statute, any failing grades from any Arizona university or community college that were received prior to military service will not be used to determine admission to the community college for the honorably discharged veterans with two years' service in the armed forces of the United States. Students admitted or readmitted to the community college under this statute are subject to progression, retention, graduation and other academic regulations and standards. (See Withdrawal - Appendix S-7)

2. Ability to Benefit

A. Federal guidelines require that students who are applying for financial aid demonstrate the ability to benefit. Under federal law, a student who enrolls after June 30, 2012, must be a high school graduate, have a GED certificate, or have completed a secondary school education in a home school setting that is treated as a home school or private school under state law, be admitted as a regular student, and be pursuing an eligible degree or certificate to qualify for federal financial assistance under Title IV of the Higher Education Act.

B. For student enrolled prior to July 1, 2012, an evaluation during the admission process resulted in the student being admitted to the college with the status of Regular, Regular with Provisional Requirements or Special.

i. "Regular" status, for the purpose of 2.2.3.2, is granted to an individual admitted to the college who is a high school graduate, has a GED certificate, or has completed a secondary school education in a home school setting that is treated as a home school or private school under state law. A student without a high school diploma or GED certification and beyond the age of compulsory high school attendance may be a regular status student if the student has been assessed to benefit from college instruction by receiving qualifying scores on approved assessment instruments. All regular status students must be pursuing a degree/certificate in an eligible program.

ii. "Regular with Provisional Requirements" status, for the purpose of 2.2.3.2, is granted to a student admitted to the college who is not a high school graduate, does not have a GED certificate, is beyond the age of compulsory high school attendance, or has completed a secondary school education in a
home school setting that is treated as a home school or private school under state law, but has been assessed to benefit from college instruction and is pursuing a degree/certificate in an eligible program.

iii. "Special" status, for the purpose of 2.2.3.2, is granted to a student admitted to the college for concurrent enrollment or pursuing one or more courses of special interest and who meets all the requirements for admission.

3. Transcripts

The Maricopa Community Colleges reserve the right to require an official transcript for admission to specific programs, for verification of course requisites and for determination of academic standing. The official transcript must be sent directly from the source institution to the college Admissions and Records Office/Office of Student Enrollment Services. The official transcripts may be sent via a secured website. Please contact the Admissions Office of The Maricopa College you plan to attend to verify which secure websites may be valid.

It is the student’s responsibility to ensure that official transcripts have been received and are complete.

Students entering as high school graduates may be required to submit high school transcripts. Please contact the Admissions Office of the Maricopa College you plan to attend for more information on preparing a home-schooled official transcript. Students entering as GED recipients may be required to present a copy of the high school equivalency certificate or official report of qualifying GED scores.

4. Educational Assessment

All students are encouraged to undergo an educational assessment to determine course placement. Prospective students who do not possess a high school diploma or GED equivalence certificate are required to complete an educational assessment to determine their ability to benefit from college instruction. See Student Course Placement Process (AR 2.2.7)

5. High Pressure Recruitment Tactics

The Maricopa County Community College District prohibits its employees from engaging in high-pressure recruitment tactics or in providing to any person or entity engaged in student recruitment, admission activity, or in making decisions regarding the award of Title IV, HEA funds, any commissions, bonuses, or other incentive payments based, in any part, directly or indirectly upon successfully securing enrollments or the awarding of financial aid. (34 CFR 668.14(A)(22)(I)).

2.2.4 Transfer Credit and Prior Learning Assessment Policy

TRANSFER CREDIT

A student enrolling at one of the Maricopa Community Colleges after having attended other post-secondary institutions can have coursework evaluated for transfer credit. To be eligible for evaluation, coursework must appear on official transcripts from the source institutions. The official transcripts must be mailed or sent through an approved electronic transfer method directly from the source institutions to the Admissions and Records/Enrollment Services Office of the receiving institutions. Hand-carried and emailed transcripts cannot be accepted for an official evaluation. Students should allow approximately 10 days before confirming with your Maricopa Community College that the transcript(s) was received. The Admissions and Records/Enrollment Services office at the receiving institutions will complete course-by-course evaluations for all submitted transcripts upon student request. The award of transfer credit shall not express or imply that all transfer credit will be fully accepted or applied toward all Maricopa associate's degree and certificate requirements.

The Maricopa Community Colleges will evaluate coursework from institutions listed in the database of institutions and programs accredited by recognized U.S. accrediting organizations at the time the coursework was taken. To be “recognized” means that the accreditors in the database have been reviewed by the Council for Higher Education Accreditation (CHEA) or by the U.S. Department of Education (USDE) or both and meet the quality standards of the respective organizations.

College-level courses completed outside the United States and recorded on official transcripts will be evaluated for transfer credit, provided that the institution where the courses were taken is accredited by the Ministry of Education in that country. It is the student’s responsibility to submit all foreign and international transcripts to an approved international credential evaluation service to be translated into English (when applicable), evaluated on a course-by-course basis, and sent directly to the receiving college(s). Contact your College Admissions and Records/Enrollment Services Office to obtain a list of recommended evaluation services.

CONDITIONS OF TRANSFER CREDIT:

- Credits transferred from outside of MCCCD graded on a plus/minus grading scale are converted based on the grading scale of the transferring institution. Only courses with a grade of ‘C’ (2.0 on a 4.0 scale) or better are transferable. Course credit below 100 level, earned at an MCCCD Institution prior to August 2020 or at a sending institution, cannot be used to calculate grade level.
- Developmental coursework below 100-level is accepted for the purpose of fulfilling course prerequisites. However, the credit does not apply toward a degree or certificate, and it does not transfer to another postsecondary institution. It does, however, get added to the Transfer Credit Report as part of the evaluation.
- Courses with different credit systems (quarter hours, units) are converted to semester hours of credit. The semester conversion of quarter credits is at a rate of .67 semester credit hours for each quarter hour.
• The age of credit may be considered in applying credit toward degrees and certificate programs.

**REVERSE TRANSFER OF CREDIT**

In an effort to assist former Maricopa students who have transferred to a university, the Maricopa Community Colleges offer reverse transfer of credit with participating universities. Former Maricopa students may use this opportunity to fulfill previously incomplete coursework requirements. Interested students at participating universities must meet university criteria to qualify for free transcript exchange when available. Participation in reverse transfer of credit does not guarantee coursework applicability or degree or certificate eligibility. Students participating in reverse transfer of credit must meet all curriculum and college requirements.

**PRIOR LEARNING ASSESSMENT (PLA)**

The Maricopa Community Colleges are committed to the idea that people deserve credit for verifiable college-level learning, no matter how it was acquired. Many people have developed learning outside of the traditional classroom. This evaluation of credit is referred to as Prior Learning Assessment, or PLA. Prior Learning can be identified and assessed in a variety of ways to determine if college credit should be awarded.

Credit is awarded only to certificate or degree seeking students who:

1. Plan to enroll, and
2. Are admitted and matriculated within the college awarding the credit. Exceptions can be made for contractual agreements.

Students may be awarded no more than 45 credit hours credit hours through prior learning assessment, unless required by a specific program of study within the Maricopa Community Colleges. Exceptions include evaluated credit from post-secondary institutions and military credit as indicated on joint service transcripts. Credit awarded for prior learning does not count as hours in residence for graduation requirements. Exceptions to this institutional policy must have prior written approval of the Program Director, Department/Division Chair, or Designee and documentation of rationale and approval included as part of the admission process and/or application to graduate. No more than 20 credit hours may be applied to the Arizona General Education Curriculum (AGEC). Please direct questions about Prior Learning Assessment at the Maricopa Community Colleges to the Admissions and Records/Enrollment Services Office.

CREDIT BY EXAM (COLLEGE-LEVEL EQUIVALENCY EXAMINATIONS)

ACE has published credit recommendations for a number of national standardized examinations such as the ones listed below in the *Guide to Educational Credit by Examination*. The Maricopa Community Colleges use these recommendations as guidelines to award credit for equivalent coursework as well as elective credit. The number of credits listed in the *ACE Guide* are recommendations only. A college is not required to grant a student the number of credits recommended.

Scores must be sent directly to the Admissions and Records/Enrollment Services Office from the specific testing companies before credit is awarded; equivalencies are subject to review and change. Credit received through Prior Learning Assessment is transferable within the Maricopa Community Colleges but is not necessarily transferable to other colleges and universities. Therefore, students are strongly advised to research the credit for Prior Learning Assessment policies at any college or university outside of the Maricopa Community Colleges to which they plan to transfer. Credit by exam is awarded based on equivalencies in effect at the time of evaluation. Changes to exams and scores are determined by the respective Maricopa Instructional Councils (ICS) and/or Statewide Articulation Task Forces (ATFS).

**Maricopa recognizes the following examinations:**

- Advanced Placement (AP)
- American College Testing Proficiency Examination Program (ACT-PEP)
- Cambridge International Exams (CIE), A and AS LEVEL
- College-Level Examination Program (CLEP)
- Departmental Exams (also known as “Challenge Exams”)
- Defense Activity For Non-Traditional Education Support [DANTES] Subject Standardized Tests (DSST)
- GED, College Ready + Scores
- International Baccalaureate (IB) Diploma/Certificate
- Pearson VUE Exams
Fees for standardized exams are the responsibility of the student.

Current list of exams and scores.

ADVANCED PLACEMENT (AP) CREDIT

Students who have taken an advanced placement course of the College Entrance Examination Board (CEEB) in their secondary school and who have taken an advanced placement examination of the CEEB may receive course credit. Scores must be received directly from CEEB to Admissions and Records/Enrollment Services before credit is awarded.

AMERICAN COLLEGE TESTING PROFICIENCY EXAMINATION PROGRAM

The Maricopa Community Colleges may award credit for the American College Testing Proficiency Examination Program (ACT-PEP) based on the scores earned to Admissions and Records/Enrollment Services.

CAMBRIDGE INTERNATIONAL EXAMINATIONS (CIE) A AND AS LEVEL

Students who have taken a Cambridge International Examination may receive college credit. Scores must be received directly from CIE to Admissions and Records/Enrollment Services before credit is awarded.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)

Students who have taken a college level examination of the College Entrance Examination Board (CEEB) may receive college credit. Scores must be received directly to Admissions and Records/Enrollment Services from CEEB before credit is awarded.

Estrella Mountain Community College, Rio Salado College, Paradise Valley Community College, and Mesa Community College are CLEP test sites. For more information on registering for the CLEP examinations, contact the Testing Centers at these colleges.

DEPARTMENTAL EXAMS (ALSO KNOWN AS CHALLENGE EXAMS)

Students may apply for departmental credit by examination in certain courses by obtaining the appropriate form in the Admissions and Records Office, paying the required fee, and completing the examination and other requirements of the college. See fee schedule for appropriate fees. Students may not request:

• To challenge a course a second time;
• To challenge a course while currently enrolled in the course;
• To establish credit in a previously completed course; and
• To establish credit for a lower level of a course in which credit has been received.
ADDITIONALLY:

- Exceptions may be granted at some of the Maricopa Community Colleges for their unique programs of study. Specialized programs may allow courses to be repeated due to the student needing to have recent knowledge of the content in order to progress in the program.
- Academic departments may have additional requirements that must be met before credit may be granted through departmental credit by examination.
- Only grades of A, B, C, D or P earned as a result of this examination will be recorded on the student’s transcript. Fees are not refundable after the examination has been administered, regardless of results.
- When credit is granted as outlined above, a notation of “Credit by Examination,” a grade and the number of credits will appear on the student’s transcript. The grade is used in computing the grade point average.

DSST (FORMERLY DEFENSE ACTIVITY FOR NON-TRADITIONAL EDUCATION SUPPORT OR DANTES)

The Maricopa Community Colleges may award credit for DSST Examination Program to individuals who meet or exceed the ACE recommended scores for awarding credit on the DSST exams. The Maricopa Community Colleges do not award credit for ENG 102 through DSST examination. Credit received through DSST is transferable within the Maricopa Community Colleges, but is not necessarily transferable to other colleges and universities.

The Assessment Center at Rio Salado College is a DSST test site. For additional information on registering for DSST examinations, call (480) 517-8560.

Students who have taken a DSST examination may receive college credit. Scores must be received directly from DSST before credit is awarded.

GED EXAMS

The Maricopa Community Colleges may award credit for GED subject area scores designated as College Ready + in accordance with the ACE recommended scores. The transcript needs to be sent directly by the Department of Education to the Admissions and Records Office / Enrollment Services in order to be awarded credit. DISCLAIMER: TEST SCORES ARE CONTINUALLY REVIEWED AND MAY BE UPDATED AT ANY TIME.

EDUCATIONAL EXPERIENCES IN THE ARMED SERVICES

The Maricopa Community Colleges may award credit for military experiences based on the ACE Guide to the Evaluation of Educational Experiences in the Armed Services. A student may receive college credit if:

- Training parallels a discipline area offered through the Maricopa Community Colleges, and
- Credit meets a program requirement or is used as elective credit.
Upon request, individuals who have successfully completed basic training, four (4) credit hours in physical education will be awarded as indicated in the ACE Guide and the Community College of the Air Force Catalog. Official documentation of military training is required.

INTERNATIONAL BACCALAUREATE (IB) DIPLOMA/CERTIFICATE

Students who present an international baccalaureate diploma/certificate may qualify for college credit. Maricopa grants credit for college-level courses only. Scores must be received directly from the institution where the exams were administered before credit is awarded.

CREDIT BY EVALUATION

COLLEGE CREDIT RECOMMENDATION SERVICE

ACE evaluates training programs offered by business, industry, and government and publishes its credit recommendations in The National Guide. If a student has received training that appears in the guide, he or she may receive college credit if:

- Training parallels a discipline area offered through the Maricopa Community Colleges, and
- Credit meets a program requirement or is used as elective credit.

DEPARTMENTAL CREDIT BY EVALUATION

Students may apply for Departmental Credit by Evaluation in certain courses by obtaining the appropriate form in the Admissions and Records/Enrollment Services Office. The completed Credit by Evaluation form and the required fees are due to the college when the Credit by Evaluation request is submitted.

Some academic departments may have additional requirements that must be met before credit may be granted through Departmental Credit by Evaluation. When credit is granted a notation of "Credit by Evaluation," and the number of credits will appear on the student's transcript. These credits are not used in computing the grade point average. Credit by Evaluation is transferable within the Maricopa Community Colleges, but is not necessarily transferable to other colleges and universities. Students may not request:

- To challenge a course a second time;
- To challenge a course while currently enrolled in the course;
- To establish credit in a previously completed course; and
- To establish credit for a lower level of a course in which credit has been received.

PLA AND TRANSFER DISCLAIMER

If pursuing a transfer degree (AA, ABUS, AS, AAEE, AAFA, or Articulated Academic Degree Program), transfer credit and PLA will be granted for the purpose of satisfying Maricopa graduation requirements. Because credits may not transfer to all colleges or universities, contact your transferring institution to determine their transfer credit and PLA requirements and policies.
2.2.6 Academic Advising, New Student Orientation, and Student Success Course

1. Academic Advising

Students who will be attending college for the first time, and intend to earn an Associate’s degree or to transfer to a college/university to complete a Bachelor’s degree, will be required to meet with an academic advisor prior to the start of their first semester at a MCCCD college.

i. Recent high school students who received MCCCD credits through Dual/Concurrent Enrollment, ACE, Hoop of Learning, or any MCCCD Early Outreach Program are considered first time to college.

2. New Student Orientation

Students who will be attending college for the first time, and intend to earn an Associate’s degree or to transfer to a College/university to complete a Bachelor’s degree, will be required to attend New Student Orientation prior to the start of their first semester at a MCCCD College.

i. Recent High School students who received MCCCD credits through Dual/Concurrent Enrollment, ACE, Hoop of Learning, or any MCCCD Early Outreach Program are considered first time to college.

3. Student Success Course

Students who will be attending college for the first time, and intend to earn and associate’s degree or transfer to a college/university to complete a bachelor’s degree will be required to successfully complete a college success course (CPD150 or CPD115/AAA115) within the first two semesters at a MCCCD college, unless they have completed high school within the last 10 years with a cumulative, unweighted grade point average of 2.6 or above. Colleges have the leeway to determine if a student who is not first-time or enters with a cumulative grade point average of 2.6 or higher should have the college success course (CPD150 or CPD115/AAA115) added to their program requirements.
2.2.7 Student Assessment and Course Placement

1. Course Placement
   
   A. Students who plan to register in English, Reading, or Math will be advised to enroll into courses based on valid District-approved placement methods.
   
   B. Students who place into course(s) that are below college-level (i.e., below 100-level) will be advised to enroll into the course(s) within the first two semesters.
   
   C. A department/division chair or designee may grant a course placement waiver under special circumstances. The signed waiver will be noted on the student's electronic record. The process may also be done electronically without a signature if supported by the attending college.
   
   D. Course placement will be determined utilizing the district placement options under any one of the following conditions:
      
      i. The student is taking his or her first college credit English, reading or math course, or any college course for which English, reading or math is a prerequisite.
      
      ii. The student is pursuing a degree or transfer pathway and does not have current valid District approved course placement on file or does not have previous college credit in English, reading and math.
      
      iii. The student for whom English is not the primary language and who is taking his or her first English as a Second Language class is required to take a test of English proficiency.
   
   E. Students will be exempt from the course placement process if at least one of the following conditions apply:
      
      i. The student has earned an associate or higher degree from a regionally accredited college.
      
      ii. The student has earned college credits from a regionally accredited college in English, reading, and math with a grade of 'C' or higher.
      
      iii. The student has currently valid District approved course placement scores on file.
      
      iv. The student who is exempt from the course placement process must still fulfill the minimum graduation requirements.

2. Determining Course Placement

Maricopa County Community Colleges use multiple placement options. In cases, when a course placement test is given, scores will be valid for two years. Other placement methods will also have limited time validity. For additional information, go to Placement.
A. Reading placement test scores that indicate “exempt from CRE101” do not expire.

B. Students will be permitted one re-test in English, reading, or by math level after at least a 24-hour waiting period. One additional re-test is permitted no sooner than three months from the oldest valid score date at any course placement testing site.

C. The Vice President of Student Affairs or designee may approve re-testing for students with special needs or circumstances. The re-test date will then serve as the date of record.

3. Implementation of Policy

To ensure consistency of the course placement process within the Maricopa Community Colleges:

A. All colleges shall accept the same approved course placement methods.

B. All colleges shall adhere to the same approved placement scores.

C. All colleges shall adhere to the approved limited time validity for each course placement method. For more information, go to: Placement.

D. Reading Placement Scores that Indicated “Exempt from CRE101” Do Not Expire.

4. Evaluation

The Maricopa Community Colleges will provide an ongoing evaluation of the course placement process. An annual report shall be submitted to the Governing Board to indicate the policy’s effectiveness noting the number of students assessed, their placement scores and their success in courses. Every three years a thorough review of the policy and procedures shall be implemented, including recommendations from the English, Reading and Math Instructional Councils regarding cut-off scores, course placement assessment tools and procedures.

AMENDED through the Administrative Regulation Process, June 4, 2019

2.2.8 Registration

Students must register according to the dates indicated, and in the manner described in the college class schedule. To be eligible for registration, students must have completed the appropriate steps listed under the Admissions section. The college may allow early or priority registration. Tuition and fees must be paid or payment arrangements made by the due date to secure class enrollment. Students may not attend a class for which they are not registered.
The colleges reserve the right to enroll students in courses. The final decision for admission to any class for students admitted under section 2 of AR 2.2.1 will be determined by the designated college administrator in consultation with the department chairperson and/or faculty.

Class Registration Deadlines:

1. For classes with published start dates and meeting times, registration in the class must be completed before the first official class meeting date and time. Students may not register for a class once it has started. Self-Service registration for a class through my.maricopa.edu will end at 11:59 PM on the day before the class starts. Registration for a class on the date it starts must be done in person or on the phone, and must be completed before the class start time.

2. For classes without published meeting times (for example, online classes, special projects), registration in the class must be completed by 11:59 PM on the day before the class starts.

3. Exceptions
   a. Exceptions to class registration deadlines require permission of appropriate instructor(s) and approval of the appropriate department/division chair or designee.
   b. Exceptions are limited to:
      i. Courses requiring permission of instructor
      ii. Courses requiring auditions or try-outs
      iii. Courses for Special Populations or Cohorts
      iv. Enrollment in an alternative section of a course taught by the same instructor
      v. Enrollment in an alternative section of a course taught by a different instructor
      vi. Course level changes
      vii. Students dropped for non-payment during the 100% refund period may be reinstated if they attended since the first class meeting.
      viii. Students dropped due to Human or system errors may be reinstated if they attended the first class meeting.
      ix. Other exceptions may be granted after faculty consultation with the student.

2.2.9 Tuition and Fees Policy

Tuition and fees are public monies within the jurisdiction and responsibility of the Maricopa Community Colleges Governing Board under the laws and regulations of the State of Arizona and must be administered by the Governing Board. The Governing Board reserves the right to change tuition and fee charges when necessary without notice. All students are classified for tuition purposes under one of the following residency classifications:
1. Maricopa County resident
2. Out-of-County resident
3. Out-of-State resident (including F-1 non-immigrant students)

Residency for tuition purposes is determined in accordance with state law (ARS §§15-1801 et seq.) and regulations of the Maricopa Community Colleges Governing Board. All of the Maricopa Community Colleges are subject to the above statutes and regulations. Students who have questions about their residency should contact the Admissions and Records Office/Office of Student Enrollment Services for clarification.

Students attending more than one Maricopa Community College will be assessed fees for their enrollment at each of the Maricopa Community colleges/centers. (Students who are considered to be out-of-state residents for tuition and fees purposes should refer to Appendix S-3, Concurrent Enrollment in Arizona Public Institutions of Higher Education.)

1. Time of Payment*

All tuition, fees, assessments and deposits must be paid at the time of registration or by the specified deadline date and in accordance with the fee schedule approved by the Maricopa Community Colleges Governing Board.

2. Tuition and Fees Schedule (Effective July 1, 2018 for fall, spring and summer Sessions)*

Current information can be found at https://district.maricopa.edu/regulations/admin-regs/appendices/students/s-4

The following is a tuition and fees schedule for 2018-2019 and is provided for reference. These tuition and fees are subject to change. Consult the college's Admissions and Records Office/Office of Student Enrollment Services for course fees in effect during the semester/term in which you intend to register. See Appendix S-4.

This rate applies to out-of-state students who are taking distance learning courses or students who are taking classroom-based credit courses through a contract agreement between MCCCD and the company they work for. This rate does not apply to Study Abroad Programs as there is a separately calculated rate for these students. The nonresident tuition rate of $241 per credit hour for distance learning courses applies to students who both reside in the state and as well as out-of-state. Students not qualifying for resident tuition would pay the nonresident rate whether taking the course in Arizona or in their state of residence. If the distance learning non-resident out of state student is an eligible resident of a WICHE state, the lower Western Undergraduate Exchange Program Rate may be charged.

The educational consortium sponsored by Western Interstate Commission for Higher Education (WICHE) allows out-of-state students to take courses offered by MCCCD and pay tuition of 150% of in-state tuition in accordance with state statute. Likewise, Maricopa County residents may attend institutions in other states and pay 150% of the resident tuition rate. This rate also applies to distance learning classes taken by eligible non-resident out of state students.

Various Maricopa Colleges have been offering certificate programs to their business, industry and governmental partners as part of their mission to meet the needs of its communities. Each ESP partner provides, at their own cost, the adjunct faculty, training materials, and the required facilities/equipment. Currently, if the colleges had to pay for these materials and services, the cost would be covered by in-state tuition. Due to these significant in-kind contributions by ESP partners, the instructional costs are avoided, which in turn reduces MCCCD costs. The ESP in-state tuition rate of $71 per credit reflects the significant in-kind contribution that our ESP business, industry, and government partners make to the MCCCD.

NOYCE Fellowship Scholars are awarded a scholarship stipend. Upon their acceptance of the stipend they acknowledge that they are responsible to repay the stipend if they withdraw from the program at any time. Once a student withdraws, Rio Salado creates a repayment amortization which includes a repayment administration fee. On average, the typical NOYCE Scholar pays $10 per month for a 60 month period; $600 over the life of the payment plan.

### III Tuition Waivers

The Maricopa Community College District waves County Resident tuition & student activity fees for employees and their dependents and for legislatively mandated groups. Special fees and fees for Non-credit/Special Interest Community Services courses are not waived.

According to Arizona Revised Statute, 15-1802 F, “A person who is a member of an Indian tribe recognized by the US Department of the Interior whose reservation land lies in this state and extends into another state and who is a resident of the reservation is entitled to classification as an in-state student.” Therefore, unclassified and out of state surcharges do not apply to such students.

Admission criteria to attend a college within the Maricopa County Community College District (MCCCD) is determined in accordance with state law (ARS 15-1805.01 and 15-1821) and regulations of the Maricopa Community Colleges Governing Board and the Chancellor. As such, participants enrolled in courses as part of third party agreements are also subject to the same admissions criteria. This includes the participant resolving any current enrollment or administrative holds that are unrelated to the third party in existing student account, but that otherwise impact his/her eligibility to enroll in courses or participate in programs delivered by MCCCD faculty or staff.

A. Determine Student Residency Status
   Refer to admissions information ([AR 2.2.2](#)) of the college catalog for residency information and to review the requirements for classification as a Maricopa county resident. Contact the Admissions and Records Office/Office of Student Enrollment Services if you have questions about residency requirements.

B. Use the Chart to Locate Tuition Charges
   Determine the correct column based on your residency status and then select the number of credit hours. The general tuition chart is provided for reference only.

C. Add Any Additional Fees
   A one-time, per semester $15 registration fee is due by the official start of the term (semester) or by the specified due date or at time of registration.

D. There may also be additional course fees for classes, please refer to the college schedule for course fees.

E. If you choose to audit a class, add an additional fee of $25 per credit hour.

F. Additional course fees may apply for specific courses. Check with the college’s Admissions and Records Office/Office of Student Enrollment Services for a current listing of course fees.

G. Pay Your Fees
   Payment of fees may be made by cash, check, money order, VISA, MasterCard, Discover or American Express. Payment Plan options are also available.

**NOTE:** If you do not pay your tuition and fees at the time of registration or by the specified due date, you may be dropped from your classes and may be responsible for the tuition and fees based on the refund schedule which outlines the refund deadlines for each course.

#### 3. Outstanding Debts

Any debt or returned check may revoke a student's current enrollment and the student's right to register in subsequent semesters at all Maricopa Community Colleges. Delinquent debts may require penalties, late charges, collection costs, and/or legal fees to be paid before good standing is restored to the student.

The following procedure will be used for the collection of returned checks and other outstanding debts:

**A.** The designated college official or fiscal officer is responsible for:
- Verifying the student's district wide debt,
- Attempting to notify the student of the debt and
- Attempting to collect the debt.

**B.** Maricopa Community College services may be withheld pending payment of debt (at designated college office) with cash, certified check or money order or online with debit or credit card or in person with credit card. Student may be withdrawn from classes.

**C.** If other collection attempts fail, the Maricopa Community Colleges District Office will either collect or use other means available, including:
- Collection agency, requiring payment of collection fees by the student;
- The Tax Refund Setoff Programs as stated in ARS §42-1122;
- Litigation, requiring payment of court costs and legal fees by the student.

**D.** Debt Holds may be lifted only in limited instances by the appropriate College or District business services designee for the extension of services provided that at least one of the following conditions are met:
- MCCCD staff verify that full payment has been made to another College;
- The College can deduct payment from a financial aid award made to the student (referring to student authorization guidelines for regulations on applying federal financial aid to debt balances);
- A third party not related to the student, such as an employer or state agency, makes a verified payment directly to the College;
- It is determined and verified with the appropriate MCCCD office that the hold resulted from a system error and the error is due to an activity that requires correction by the appropriate College or District personnel.
Admission Criteria to Attend a College within the Maricopa Community College District (MCCCD) is determined in accordance with state law (ARS §§15-1805.01 AND 15-1821) and regulations of the Maricopa Community Colleges Governing Board and the Chancellor. As such, participants enrolled in courses as part of third party agreements are also subject to the same admissions criteria. This includes the participants resolving any current enrollment or administrative holds that are unrelated to the Third party in an existing student account, but that otherwise impact his/her eligibility to enroll in courses or participate in programs delivered by MCCCD faculty or staff.

4. Discounted Fees and Waivers

A. Citizens 62 years of age and older shall be issued ID cards that allow them the privilege of attending events at no cost and that allow them to use the library facilities.

B. Employees, Dependents and Mandated Groups
   The Maricopa Community College District waives tuition and student activity fees for credit-hour courses for employees and their dependents, and for legislatively mandated groups. Special fees and fees for Non-credit/Special interest Community Services courses are not waived.

C. Tuition and Registration Fee Waiver for Members of the Pima-Maricopa Indian Community Tuition and fee waivers shall be funded through Auxiliary Fund Monies for college credit courses for the enrolled members of the Pima-Maricopa community who live on the Pima-Maricopa Reservation.

All other guidelines and procedures established for the purpose of administering waivers, affidavits and exemptions are outlined in the Maricopa County Community College District tuition waiver manual.

2.2.10 Refund Policy

1. Refund Policy for Credit/Clock Classes
   Students who officially withdraw from credit/clock classes (in fall, spring, or summer) within the withdrawal deadlines listed below will receive a 100% refund for tuition, class and registration fees. Deadlines that fall on a weekend or a college holiday will advance to the next college workday except for classes fewer than 10 calendar days in length or as specified by the college. Calendar days include weekdays and weekends. Refer to individual colleges for withdrawal and refund processes. Never attending is not an allowable refund exemption or an excuse of the debt incurred through registration.

</tr>
</tbody>
</table>
2. Refund Policy for Non-Credit Classes
   Unless otherwise specified, students must drop non-credit classes prior to the course start date to be eligible for a 100% refund.

3. Canceled Classes
   When a class is canceled by the college, a 100% refund will be made.

4. Refund Exceptions
   Students withdrawing from a college or from courses for one of the following reasons must submit a written request for a refund exception to the Admissions and Records Office/Office of Student Enrollment Services or designated college official:

   A. A student with a serious illness, verifiable by a doctor’s written statement that the illness prevents the student from attending all classes for the semester. The doctor’s statement must be on file with the college before a refund can be given.

   B. Serious illness or death of an immediate family member that prevents the student from attending all classes for the semester. Immediate family members include spouse/partner, father, mother, grandfather, grandmother, child, foster child, grandchild, stepchild, sibling, stepsibling, stepfather, stepmother, or spouse's/partner’s father, mother, grandfather, grandmother, or in-laws in any one incident. Appropriate documentation must be provided before a refund can be given.

   C. Death of a student. Appropriate documentation must be provided before a refund can be given.

   D. A student in the armed forces or the Arizona National Guard who is called to active duty and assigned to a duty station, verifiable by a copy of the orders, will be allowed to withdraw and receive a 100% refund of tuition, provided courses have not been completed.

Requests for a total withdrawal from a college or courses for one of the above reasons may result in a partial prorated refund of tuition, provided courses have not been completed. All decisions made by the college are final.
**Limitation:** Never attending is not an allowable refund exception or an excuse of the debt incurred through registration

5. **Refund Policy for Department of Defense Tuition Assistance Funds**

   Students who receive tuition assistance (TA) funds for a course or courses from the department of defense (DOD) may have a refund processed and returned to the student's DOD branch of service in the following situations. Refer to individual colleges for withdrawal and refund processes.

   A. Per refund exception D, a student who is called to active duty and assigned to a duty station, verifiable by a copy of the orders, will be allowed to withdraw, provided courses have not been completed. A 100% refund of TA funds will be issued to the student’s DOD branch of service.

   B. A student who withdraws for reasons other than those outlined above within the first 60% of the period for which funds were received will have the proportional amount of unearned TA funds returned to the student's DOD branch of service. Refer to individual colleges and DOD branch of service for potential student financial responsibility as a result of withdrawal.

   *Requests for refund should be referred directly to the college of enrollment.*

AMENDED through the Administrative Regulation Process, May 5, 2017

### 2.2.11 Student Financial Assistance

The Maricopa Community Colleges provide students financial assistance to enable access to higher education. Student financial assistance shall be awarded on the basis of demonstrated financial need except where funds are specified for recognition of special talents and achievements. Additional procedural information on financial assistance is available in [Appendix S-5](#).

**Appendix S-5: Student Financial Assistance**

The Maricopa Community Colleges provide students financial assistance to enable access to higher education. Student financial assistance shall be awarded on the basis of demonstrated financial need except where funds are specified for recognition of special talents and achievements. Only those with a lawful presence in the United States may qualify for federal financial aid or Maricopa County Community College District (MCCCD) scholarships. Under Arizona law, any information the student provides about his or her legal status when applying for financial aid or publicly funded scholarships may be subject to mandatory reporting to federal immigration authorities. This does not apply to applications for the private scholarship funds held in and distributed by the Maricopa Community Colleges Foundation.
The office of financial aid may request to have the validity of a student’s high school completion evaluated if either the college or the United States Department of Education has reason to believe that the high school diploma is not valid or was not obtained from an entity that provides secondary school education. An evaluation may be conducted on the basis of any of the following:

- Alerts, bulletins, or similar communications provided by any state, federal, or other governmental agency, another institution, a professional or similar organization, or any other resource that might provide information helpful to the evaluation;
- A transcript or other record received from another institution the student may have attended;
- The contents of the student’s Free Application for Federal Student Aid, student information form, or any other information the student provides to the college;
- The independent professional judgment by any official of the office of student financial aid.

How to Apply for Federal Financial Aid
New students must complete the Free Application for Federal Student Aid (FAFSA) or FAFSA on the Web at [http://www.fafsa.ed.gov/](http://www.fafsa.ed.gov/). Each academic year, continuing students must reapply by completing a FAFSA, Renewal FAFSA, or FAFSA on the Web. Scholarships require separate applications. Specific information regarding financial assistance, including application deadlines or priority dates, may be obtained from the college Office of Student Financial Aid.

Types of Aid
Grants, loans, student employment, and scholarship funds may be available from federal, state, and/or private sources.

The Maricopa Community Colleges Foundation offers a variety of scholarship opportunities. Scholarship opportunities are available year round. However, most scholarships are posted mid-January and most deadlines are the last week of March. Options are available at [https://mcccdf.org/](https://mcccdf.org/) or by calling 480-731-8400.

Distribution of Aid
Criteria by which aid is distributed among eligible financial aid applicants are available on request at the college Office of Student Financial Aid.

Rights and Responsibilities
Students should read all information provided in the process of applying for federal financial aid in order to gain a greater knowledge of all the rights as well as responsibilities involved in receiving that assistance.

Satisfactory Academic Progress
Specific requirements for academic progress for financial aid recipients are applied differently than scholastic standards. In addition to scholastic standards which are explained elsewhere in this catalog, financial aid recipients are also subject to the following [Standards of Satisfactory Academic Progress](#). Specific information is available at the college Office of Student Financial Aid.
Refunds and Repayments
In accordance with federal regulations (CFR 668.22), a student may be required to repay federal financial aid funds if they completely withdraw, are withdrawn, or fail to earn a passing grade from all classes during a semester. Further information is available at the college Office of Student Financial Aid. This could affect a student's ability to receive Financial Aid in the future at any school. For a student receiving Financial Aid, also see Appendix S-7 for Withdrawal procedures.

Verification of Information

1. A Free Application for Federal Student Aid (FAFSA) or a change to that FAFSA may be selected for verification. If a student's FAFSA is selected for verification, the student will be notified via the Student Center in my.maricopa.edu. In most cases, the student will be required to submit documentation as part of the verification process. The earlier the Financial Aid Office receives the required documentation, the earlier the student's eligibility for financial aid can be determined. The verification process must be completed no later than 120 days after the last date of enrollment or August 31, whichever comes first. In addition, the Financial Aid Office must receive a final and valid electronic SAR by the student's last day of enrollment or June 30 of the award year, whichever comes first. The verification process must be completed before the Financial Aid Office can award any federal aid.

2. If an award has already been made and a FAFSA is selected for verification, the student must provide required documentation within thirty days after it has been requested of the student or on June 30, whichever comes first. If documentation is not received within this deadline, the student’s award may be adjusted or canceled.

3. The required forms and documents a student submits for verification will be compared to the information reported on the student’s FAFSA. If the information provided does not match what is shown on the FAFSA, the Financial Aid Office will submit changes to the US Department of Education FAFSA processor. After all changes are made to the FAFSA data, the student’s eligibility for financial aid will be reviewed. If there are any changes to the student's financial aid eligibility as a result of verification, the student will be notified by means of the Student Center in my.maricopa.edu. If, following verification, the institution discovers evidence of student aid fraud (including identity theft), waste or abuse of US Department of Education funds, such evidence may be referred to the Office of Inspector General of the US Department of Education.

Award Amount and Level of Enrollment
Award amount is determined, in part, on the level of enrollment. A reduction in course load after financial aid has been awarded may result in an adjusted financial aid award. Federal student aid recipients are advised to register at the same time for all classes they intend to take during a semester to maximize award. Some federal aid may not be awarded for classes added at a later date. Contact the college Office of Student Financial Aid for more information.

Repeated Coursework and Financial Aid Enrollment Status
Federal regulations regarding repeated coursework may impact your financial aid eligibility and awards. Feder-
al regulations specify that students may receive federal financial aid funding for one repetition of a previously passed course. A passed course is defined as one in which a grade of A, B, C, D, or P is received. If you enroll in a course in which you have previously received passing grades twice, the course will not be counted towards your enrollment level for financial aid purposes. You may repeat a failed course until it is passed. Your enrollment for financial aid purposes will be calculated accordingly.

Maricopa Community Colleges Standards of Satisfactory Academic Progress (SAP) for Financial Aid Eligibility

Federal regulations (CFR 668.32(f) and 668.34) require a student to move toward the completion of a degree or certificate within an eligible program when receiving financial aid. Specific requirements for academic progress for financial aid recipients are applied differently than Scholastic Standards. Federal regulations state that Academic Progress Standards must include a review of all periods of enrollment, regardless of whether or not aid was received. Students will be evaluated using the standards described below. Failure to meet any of these minimum standards will result in loss of title IV, HEA program (federal financial aid) eligibility.

To remain eligible for federal and state aid programs, students must meet ALL of MCCCD’s Satisfactory Academic Progress (SAP) standards regardless of whether a student has received financial aid in the past or not. These standards apply to a student’s entire academic records at any MCCCD college, including transfer credit hours accepted by the college.

1. Definitions and Terminology Pertaining to this Policy

   A. **Summer:** Enrollment in the summer semester includes all courses scheduled within the summer enrollment period with all coursework counted in the SAP evaluation.

   B. **Non-Standard Session / Clock Hour:** Sessions that do not follow the traditional start and end dates for the semester.

   C. **Attempted Credit:** Any credit for which a grade of A, B, C, D, F, I, IP, N, P, W, Y, or Z is received and courses not yet graded.

   D. **CGPA [Cumulative Grade Point Average]:** The MCCCD grading policy is published in the administrative regulations at 2.3.3. The CGPA does not include credits accepted in transfer.

   E. **Financial Aid Warning:** status assigned to an eligible payment period for the next enrolled semester after failing SAP GPA (2.0) and/or Completion Pace (2/3). Students not meeting maximum timeframe evaluation are not eligible for a warning period.

   F. **Appeal:** A process by which a student who is not meeting the institution’s satisfactory academic progress standards is eligible to appeal the institution for reconsideration of the student’s eligibility for title IV, HEA program assistance based on extenuating circumstances.

   G. **Extenuating Circumstance:** A one-time (not on-going) circumstance that is beyond the reasonable control of the student.
H. **Financial Aid Probation:** A status assigned by an institution to a student who fails to make satisfactory academic progress and who has appealed and has had eligibility for aid reinstated. A student in this status may not receive title IV, HEA program funds for the subsequent payment period unless the student makes satisfactory academic progress or the institution determines that the student met the requirements specified by the institution in the academic plan for the student.

I. **Academic Plan:** A plan developed through the SAP Appeal Process which will lead a student to qualify for further title IV, HEA program funds and complete the program within 150% of published program length.

J. **Financial Aid Suspension:** The status assigned upon failing to meet the minimum SAP standards or the terms of probationary status. Students in this status are not eligible to receive title IV, HEA assistance.

2. Federal regulations (CFR 668.32(f) and 668.34) require institutions of higher education to evaluate Satisfactory Academic Progress (SAP) using qualitative (GPA) and quantitative (pace of progression) standards.

3. Qualitative and quantitative measures of SAP are required to ensure students receiving Federal Student Aid are progressing towards the completion of a degree or certificate within an eligible program.

4. Specific requirements for academic progress for Federal Student Aid recipients are applied differently than Scholastic Standards. Federal regulations state that SAP Standards must include a review of all periods of enrollment, regardless of whether or not aid was received. Standards are applicable for all enrolled payment periods, including all levels of enrollment (full-time or part-time enrollment). Students will be evaluated using the standards described below.

5. Failure to meet any of the minimum standards outlined below will result in a student's loss of HEA, Title IV Federal Student Aid.

**Evaluation Period**

1. Standards of Satisfactory Academic Progress (SAP) will be evaluated at the end of each payment period. For credit hour programs, a payment period is a semester (Fall, Spring, and Summer). For clock hour programs, a payment period / evaluation will depend on the hours required in the program.

2. Standards of Satisfactory Academic Progress (SAP) are evaluated based on qualitative (GPA), quantitative (pace of progression), and maximum timeframe. Failure to meet any of these standards may result in the loss of eligibility for financial aid. Grades of F, I, N, W, Y, Z, and courses not yet graded are considered attempted, but not completed in evaluating SAP. Late grades will be recalculated and may change eligibility.

   a. **Grade Point Average Qualitative Measurement:** Students must maintain a 2.0 cumulative Grade Point Average in order to meet SAP GPA requirements.

   b. **Pace of Progression Quantitative Measurement:** Students must successfully complete 2/3 (66.67%) of all attempted course work. For clock hour programs, please refer to program attendance requirements.
c. **Maximum Time Frame Measurement**: Students must be able to complete their program within 150% of the published program length. Once students have attempted 150% of the published program length, they are no longer eligible for Federal Student Aid. For example, a 16 credit certificate program will allow up to 24 credit hours to complete the program. A 60 credit Associate’s degree will allow up to 90 credit hours to complete the program.

3. Courses included in SAP evaluation:
   a. All attempted coursework, regardless of enrollment status
   b. Courses funded through a Consortium Agreement
   c. All attempted remedial credits, including English as a Second Language (ESL) courses.
   d. Repeated course work
   e. All transferred coursework
   f. Grades attempted, but not completed (F, I, N, W, Y, Z)

4. Course work included in the Maximum Time Frame evaluation:
   a. All of those included in the Pace of Progression evaluation
   b. Any Bachelor’s degree (or higher) earned will be considered to have exhausted maximum timeframe eligibility
   c. All coursework forgiven through the Academic Renewal Process

5. Course work not included in SAP evaluation:
   a. Audited courses
   b. Non-credit courses
   c. Credit by examination
   d. Credit for prior learning option (as outlined in the college general catalog)

**Notification**
Students who have applied for Federal Student Aid, but are not meeting Satisfactory Academic Progress requirements, will be notified via email of their FA Warning or ineligibility for financial aid. The notification will direct students to information regarding available college resources during the Warning Period and the appeal process in cases of extenuating circumstances.

**Financial Aid Warning**
Students are allowed a warning period upon failing Qualitative and/or Quantitative SAP standards. The warning
period allows one (1) payment period (semester) of Federal Student Aid eligibility upon failing SAP. The warning period will follow the semester for which SAP was not met, meaning the next semester for which the student registers for classes. In order to receive the Warning period, students must be meeting Maximum Timeframe requirements.

**SAP Appeal**

Any student who has lost federal student aid eligibility due to a resolved, one-time extenuating circumstance may appeal to have their financial aid reinstated by completing a Satisfactory Academic Progress Appeal Form. The form must address:

1. what caused the student’s work to fall below acceptable standards--specific explanations must be provided, including any supporting documentation,

2. each incomplete/failed course

3. how the extenuating circumstance has been resolved, and

4. how the student will maintain good academic standards and progress toward the degree if the appeal is granted.

**The outcome of the appeal will depend upon:**

1. the nature of the extenuating circumstances (if the stated circumstance qualifies as such),

2. the quality of the documentation provided, and

3. how well the student has demonstrated the ability to progress towards degree completion within a reasonable time period.

All documentation submitted is confidential. All decisions are final and cannot be appealed. For assistance in completing the SAP appeal paperwork, including examples of supporting documentation, visit your college Financial Aid Office.

Students will be notified of the results of their appeal within ten (10) days of filing the appeal. Notification will include any restrictions or conditions pertaining to their appeal. The outcome of an appeal may include a probationary period. Appeals granted longer than one (1) payment period must include an academic plan, which must be followed. Failure to follow an approved academic plan will result in immediate suspension of Federal Student Aid. Students are responsible for any and all debt incurred as a result of this adjustment to financial aid.

Failure to successfully complete all conditions during the probationary period (as defined in the academic plan) will result in loss of future financial aid eligibility.
Regaining Eligibility
A student who has lost financial aid eligibility may only regain eligibility by meeting the minimum SAP standards. Transfer coursework taken at other colleges will be considered for reinstatement purposes.

If you are receiving federal financial aid it is important to read the information below prior to making a decision to withdraw.

Treatment of Title IV Aid When a Student Withdraws
The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, National SMART grants, TEACH Grants, Stafford Loans, PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs), and Federal Perkins Loans.

When you withdraw during your payment period or period of enrollment (you may contact the Financial Aid office to define these for you and tell you which one applies) the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a pro-rata basis. For example, if you completed 30% of your payment period or period of enrollment, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the payment period or period of enrollment, you earn all the assistance that you were scheduled to receive for that period.

If you did not receive all of the funds that you earned, you may be due a post-withdrawal disbursement. If your post-withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don’t incur additional debt. Your school may automatically use all or a portion of your post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school). The school needs your permission to use the post-withdrawal grant disbursement for all other school charges. If you do not give your permission, you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program before you withdraw, you will not receive any FFEL or Direct loan funds that you would have received had you remained enrolled past the 30th day.

If you receive (or your school or parent receives on your behalf) excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of:
1. your institutional charges multiplied by the unearned percentage of your funds, OR

2. the entire amount of excess funds. The school must return this amount even if it didn't keep this amount of your Title IV program funds.

If your school is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time. Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with your school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return. You can view the tuition refund policy and requirements and procedures for withdrawing from school at https://district.maricopa.edu/regulations/admin-regs/section-2/2-2

2.2.12 Vaccinations (As Required By 20 USC §1092(a)(1)(V))

The Maricopa County Community Colleges District does not require that students receive vaccinations prior to enrollment. Certain professional or occupational programs do require particular vaccinations for participation in those programs. More information about these programs can be found on college websites.

2.2.13 University Transfer

UNIVERSITY TRANSFER
The Maricopa Community Colleges have developed formal agreements to facilitate the transfer of credit to four-year colleges and universities. This is accomplished through the development of course and program articulation agreements. The Maricopa Community Colleges articulate with accredited private, public, and international baccalaureate granting institutions. Maricopa transfer agreements are on behalf of the district as a whole and not with individual colleges within the District. Courses taken at any of the Maricopa Community Colleges are equally transferable by institutions wishing to articulate. Students planning to transfer to a university may be required to submit official transcripts.
Articulated transfer programs and pathways between the Maricopa Community Colleges and baccalaureate-granting institutions [such as the Maricopa-ASU Pathway Program (MAPP), the UA Bridge Program, 2NAU and 90/30 Transfer Agreements] are official, recognized programs of study that fulfill both associate degree and bachelor’s degree requirements. These articulated programs and pathways are designed to aid in a smooth transition for a student planning to transfer to a four-year college or university by identifying the required, transferable, and applicable coursework for that student’s specific program of study. A complete list of Maricopa-ASU Pathway Program requirements by major and catalog year is maintained on ASU'S website, at Transfer.

ARIZONA PUBLIC COMMUNITY COLLEGES AND UNIVERSITIES
Maricopa is a participant in the Arizona statewide transfer system. AZTRANSFER.COM is the official source of information for the statewide articulation agreements between the Arizona public community colleges and universities (Arizona State University, Northern Arizona University, and University of Arizona). Included on AZTRANSFER.COM is the Course Equivalency Guide (CEG), which shows transfer course equivalencies between Arizona's public community colleges and tribal institutions to Arizona State University, Northern Arizona University, and the University Of Arizona. The transferability of a course does not indicate directly how the course will apply to meet requirements for specific bachelor's degrees. AZ Transfer Course Equivalency Guide

(U.S.) AND INTERNATIONAL INSTITUTIONS
The Maricopa Community Colleges have transfer agreements with accredited U.S. universities and colleges as well as international institutions that have been approved by the Ministry of Education. These partnerships are formalized through District-Wide memorandums of understanding and articulation agreements, and are designed to help students maximize the applicability of transfer credit toward a bachelor's degree. To access a list of institutions with which Maricopa has established articulation agreements, visit: Maricopa University Partner List.

TIME LIMIT FOR TRANSFER COURSEWORK
Students should be aware other colleges and universities may have age of credit limits on certain coursework to be used in transfer. Students should refer to the policy of their intended transfer institution regarding time limits for transfer coursework.

SHARED UNIQUE NUMBERING (SUN) SYSTEM COURSE INFORMATION
Senate Bill 1186, which passed into law in 2010, mandated the creation of a shared numbering system for public college and university courses in Arizona to identify courses that transfer from community colleges to universities toward a baccalaureate degree. The Shared Unique Number (SUN) system is a college course numbering system designed to help students locate and enroll in courses that have direct equivalents for transfer among Arizona's public community colleges and three state universities. However, even if a course at the Maricopa Community Colleges is not designated as a SUN course, it may still transfer to other Arizona public institutions with a direct equivalent as per the Course Equivalency Guide on AZTRANSFER.COM. The SUN system does not address the applicability of courses. Students are encouraged to work with an academic advisor on course selections. To access a list of SUN courses, visit SUN.

ADOPTED through the Administrative Regulation Process, June 4, 2019
2.9 Veterans Services

The Maricopa Community Colleges' veterans' services offices act as liaisons with the Department of Veterans Affairs (VA) and the state approving agency. Each program must be approved by the state approving agency. Students may be eligible to receive educational benefits if they are registered in courses that apply to the student's approved programs. Application forms, counseling, advisement, tutoring, and priority enrollment are available for students who are eligible for veteran's educational benefits. Students applying for veteran's educational benefits should allow eight to ten weeks before receiving benefits. The amount of benefits awarded is determined by the Department of Veterans Affairs, and is based on the number of credit hours or clock hours for which a student is enrolled and the length of the enrollment period for each course.

Veteran's benefits available:

- Chapter 30 - Montgomery GI Bill®
- Chapter 31 - Veteran Readiness and Employment (VR&E)
- Chapter 32 - VEAP Program
- Chapter 33 - Post 9/11 GI Bill® & Transfer of Eligibility to Dependents (TOE)
- Chapter 35 - Survivors and dependents of deceased/100% disabled veterans
- Chapter 1606 - Montgomery GI Bill®, Selected Reserve
- Chapter 1607 - REAP Reserve Educational Assistance Program

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at https://www.benefits.va.gov/gibill.

Covered individuals (as defined in 38 U.S.C. § 3679) utilizing Chapter 33 or Chapter 31 VA education benefits may attend or participate in a program of study during the period beginning on the date the individual provides the educational institution a Certificate Of Eligibility (COE), a statement of benefits obtained from EBENEFITS, or a purchase order for Chapter 31, and ending on the earlier of the following dates:

1. The date upon which payment from the VA is made to the institution;
2. 90 days after the date the institution certified tuition and fees following the receipt of the Certificate of Eligibility.

No penalty, including the assessment of late fees, and/or the denial of access to classes or other institutional facilities will be imposed on the individual due to the delayed disbursement funding from VA under Chapter 31 or 33.

It is the student’s responsibility to notify the office that serves veterans at their campus regarding any change in enrollment, address, program of study, enrollment at another institution, or any other change that may impact their veteran’s educational benefits.
Those students receiving benefits must follow the VA academic progress policy to continue to receive benefits.

Department of Veterans Affairs regulations require that all persons using any type of veteran educational assistance program make satisfactory academic progress toward achievement of their educational objective (program of study). A student who does not meet the minimum standards of 2.0 upon completion of 12 or more credit hours will be placed on probation, at which point the student will have no more than two semesters in which to improve academic standing to acceptable. At this point, if satisfactory academic progress has not been demonstrated, veteran educational benefits will be terminated. Benefits may be resumed when the student raises the cumulative grade point average to the required minimum standards or demonstrates the ability to meet these standards through the approval of a written appeal. For appeal procedures, contact the office that serves veterans at your campus.

For additional details and information regarding veteran's educational benefits, contact the office that serves veterans at your campus.

**Distance Learning:**
The course content and competencies for distance learning classes are the same as courses offered in-person or in a hybrid format. The courses offered in this format lead to completion of MCCCD degrees and/or certificates of completion.

Colleges use Learning Management Systems (LMS) like Canvas and RioLearn for online offerings. These portals are used for both hybrid and online classes. Students must use their Maricopa Enterprise ID and password to access the portal. The link to the portal is provided on the college home page and on my.maricopa.edu, the district's website for student access to Maricopa tools. Maricopa-assigned student email addresses are used for communicating with students within the tools. Students are also able to communicate with the instructor through the LMS, via Maricopa e-mail or by phone.

**Externship Programs:**
The Maricopa Community College's official District course descriptions for credited experiential learning opportunities (Internships, Externships, Practicums, and Clinicals) state the amount of hours required in order for a student to receive college credit. The descriptions also indicate if a maximum amount of credit is allowable for any given experiential learning opportunity. Each course that includes an experiential learning opportunity is assigned a Maricopa Instructor of Record who is responsible for ensuring that the student completes the required hours and assignments in order to receive credit. Additionally, the instructor works extensively with a site supervisor to ensure that the student is making satisfactory progress and meeting the time requirements. The experiential credit process for the student includes the specific course details and learning outcomes, how hours will be tracked, and what is required for grading and course completion. The instructor submits the final grade for the experience. Maricopa's experiential learning process is in compliance with CFR 38 21.4265

A complete list of internship courses, along with course objectives, can be found on the Maricopa Community College's District – Center for Curriculum and Transfer Articulation website, located at: https://curriculum.maricopa.edu/transfer-and-articulation
Prior Credit Evaluation:
Department of Veterans Affairs requires that all persons using any type of veteran’s educational assistance must have all prior education and training evaluated. Students will be required to request transcripts from all prior institutions, including military training. Without all prior institutions and military training, veteran educational assistance may not be certified. Transcripts will be evaluated and credit will be granted, as appropriate.

Scholastic Standards

2.3.1 Academic Load

A credit hour is defined as an amount of work represented in course competencies and verified by evidence of student achievement that reasonably approximates not less than one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester hour of credit, or the equivalent amount of work over a different amount of time, or at least an equivalent amount of work for other academic activities, including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours. In accordance with common practice in higher education, instruction representing a credit hour is typically delivered in a 50 minute class period.

Students carrying at least twelve (12) credit hours will be considered full-time students for the fall and spring semesters. Three-quarter-time is 9 - 11.9 credit hours. Half-time is 6 - 8.9 credit hours. Fewer than six (6) credit hours is considered less than half-time. Academic load for summer and special terms may be defined differently. Contact the Admissions and Records Office/Office of Student Enrollment Services for clarification. As provided in the Reduced Course Load administrative regulation, a student may be deemed a full-time student carrying fewer than twelve credit hours pursuant to an accommodation of a disability.

Courses may vary in length, and begin and end throughout the year. A credit hour indicates the value of an academic credit. Standards for the awarding of credit hours may be time based or competency based. To obtain credit, a student must be properly registered and must pay fees for the course. The fall and spring semesters are typically sixteen (16) weeks in length. Summer sessions are typically five or eight weeks in length.
Students desiring to take more than eighteen (18) credit hours must obtain approval from the designated college official. Ordinarily, only students with a grade point average of 3.0 or higher for the preceding semester or first semester students who were in the upper quarter of their high school graduating class are permitted to carry more than eighteen (18) credit hours.

Students participating in extra-curricular or co-curricular activities or receiving financial assistance may be required to maintain a specified minimum academic load.

Students who are working, have considerable extra-curricular or co-curricular activities, or have been reinstated from academic suspension/probation should plan their academic load accordingly.

**Schedule Changes**

Students may change their schedule by following the designated procedures at their college of enrollment. It is the student’s responsibility to notify the college if he/she will no longer be attending the class (see Appendix S-7 for Withdrawal Procedures).

**2.3.2 Attendance**

- Only persons who are registered for a class at any of the Maricopa Community Colleges may attend that class. Attendance requirements are determined by the course instructor. Students who do not meet the attendance requirement as determined by the course instructor may be withdrawn.
- Students who fail to attend the first scheduled class meeting, or to contact the instructor regarding absence before the first scheduled class meeting may, at the option of the instructor, be withdrawn.
- At the beginning of each course, each faculty member will provide students with written attendance requirements. It is the student’s responsibility to consult with the instructor regarding official or unofficial absences. Absences begin to accumulate with the first scheduled class meeting.
- Students bear the responsibility of notifying the Admissions and Records Office/Office of Student Enrollment Services when they discontinue studies in a course or at the college. Please refer to Appendix S-7 for Withdrawal Procedures.

**1. Official Absences**

A. Official absences are those that occur when students are involved in an official activity of the college, i.e., field trips, tournaments, athletic events, and present an official absence excuse form. Absences for such events shall not count against the number of absences allowed by an instructor or department. Students who must miss a class for an official reason must obtain an official absence verification card from the appropriate vice president or designee and present it to the appropriate instructor(s) before the absence. Prior arrangements must be made with each instructor for make-up work. If prior arrangements have been made, the student will not be penalized.
B. Other official absences include jury duty and subpoenas. Appropriate documentation will be required. Prior arrangements must be made with each instructor for makeup work. If prior arrangements have been made, the student will not be penalized.

C. In the event of military commitments. Absences for periods of up to one week will not be counted against the number of absences allowed by an instructor or department. The student is required to provide appropriate documentation of the specific orders, length of assignment and location. Prior notification must be initiated with each instructor to discuss make-up work. If the length of the absence will be longer than one week, the instructor and the student will determine whether there is sufficient opportunity for the student to make up the work. If it is determined that the length of absence for the military commitment provides an undue hardship on the student’s ability to make up the assignments, he or she will be provided an opportunity to request an incomplete grade or drop the class or, in the case of open-entry classes, the opportunity to request an extension.

D. In the event of the death of an immediate family member, absences for periods of up to one week will not be counted against the number of absences allowed by an instructor or department. Students should contact instructor(s) as soon as possible to arrange for make-up work. Appropriate documentation will be required (for example, a copy of the obituary or funeral program). In specialized programs that require clinical rotations, this regulation may not apply.

2. Religious Holidays

Students shall have the right to observe major religious holidays without penalty or reprisal by any administrator, faculty member or employee of the Maricopa Community Colleges. Absences for such holidays shall not count against the number of absences allowed by an instructor or department, provided the student has utilized the Religious Accommodation Procedure outlined in ND-4 of the Administrative Regulations Appendices. The Procedure and Religious Accommodation form may be found at ND-4. As outlined in the ND-4 Religious Accommodation Procedure, to the extent possible, requests must be made at least two (2) weeks before the requested absence from class due to religious holiday or day of observance by providing the faculty member with the Religious Accommodation Request Form. Once a religious accommodation is granted, the student must make arrangements with each instructor for make-up work.

AMENDED through the Administrative Regulation Process, November 5, 2019

2.3.3 Grading

1. Policy

It is the policy of the Maricopa Community Colleges that a grade will be assigned at the conclusion of the course. Official grades are available on designated college web sites.

* A "P" is judged to be equivalent to a grade of C or higher.

NOTE: Grading errors discovered after the sixty (60) day expiration date can be corrected if they have been researched by the Director of A&R/Enrollment Services and the Instructor of Record or the Department/Division Chair.

2. Incomplete Grade

A. Students who are doing acceptable work may request an incomplete grade "I" if they are unable to complete the course requirements by the end of the term because of illness or other extenuating circumstances. If the request is approved by the instructor, he or she shall define, in a written/electronic contract, how the course will be completed.

B. Students must complete the requirements within the time period agreed to--maximum time allowed is seven (7) months from the last date of class in which the grade of incomplete was assigned. Students who do not complete the requirements within the approved time period will have their grade recorded in accordance with the written contract. Students should NOT reregister for the course to complete the contract.

C. A student's eligibility for financial aid may be jeopardized by an incomplete grade. Refer to the Standards of Satisfactory Academic Progress for details.

3. Repeating a Course/Improving a Grade

Students who wish to improve their GPA may repeat a course within the Maricopa Community Colleges up to three times after the initial attempt. (A 'W' is not considered an attempt.) Students planning to repeat a course should seek advisement prior to enrolling. The lower grade(s) and credit for repeated courses taken at the same college will automatically be excluded from the grade point calculation.
However, if the course(s) were taken at a different Maricopa Community College, the student must submit a request for the lower-graded course to be excluded from the GPA. The request can be submitted to the Admissions and Records Office at any of the Maricopa Community Colleges that the student attended.

Students receiving federal financial assistance and/or benefits should follow up with the Office of Financial Aid and/or Veterans' Services regarding their policies for repeated courses. An official student transcript is a permanent academic record issued by the college registrar. It displays all courses taken for credit within the Maricopa Community Colleges District and includes all grades received. Unlike an unofficial transcript, it is signed and dated by the college registrar and displays the college seal of the Maricopa College issuing the official transcript.

Check individual courses and programs for exceptions.

4. Credit/No Credit Courses (P/Z)

A. Some courses may be taken under a credit/no credit grading system. These courses carry grades of P (credit, equivalent to a grade of ‘C’ or higher) or Z (no credit) and are not computed in the student’s grade point average. Credits earned with a grade of P may be counted toward graduation with the exception of AGEC (Arizona General Education Curriculum).

B. The prescribed time limits are for full-semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly. See "Important Deadlines for Students".

C. In courses with credit/no credit (P/Z) grading, the student may request standard grading (A, B, C, D, F) within fourteen (14) days including the date of the first class meeting. The instructor must immediately notify the Admissions and Records Office/Office of Student Enrollment Services.

D. In courses with standard grading (A, B, C, D, F), the instructor determines if the credit/no credit option is available. If the option is available, the student must obtain the permission of the instructor. The instructor must notify the Admissions and Records Office/Office of Student Enrollment Services within fourteen (14) days including the day of the first class meeting.

E. It is the student's responsibility to verify the transferability of credit/no credit courses. Some universities place a limitation on the number of credit/no credit courses that can be transferred.

Advisory note: Some institutions outside the Maricopa Community Colleges may translate the Z grade as failing.

5. Audit Courses

A. Auditors are those who enroll in a course for the sole purpose of obtaining information; they receive no credit, grades, homework, or tests. If an auditor wishes to earn credit, he or she must change from audit status to credit status within the first week. If a student wishes to audit a course for which he or she is enrolled for credit, the change must be made within the first five (5) weeks of a semester. Auditors are subject to the same attendance policies as other students and must meet the same prerequisite
requirements or obtain approval of the instructor. See the fee schedule for charges. Financial aid is not available for audited courses.

B. The prescribed time limits are for full-semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly and appear in the "Important Deadlines for Students."

2.3.4 Academic Probation (Progress)

1. Probation
   A student will be placed on academic probation if, after completion of twelve (12) or more credit hours, the student’s cumulative grade point average is less than 2.0:

   Students on academic probation may take no more than twelve (12) credit hours per semester unless approved by the Admissions and Standards Committee.

2. Continued Probation
   A student on academic probation who fails to raise the cumulative grade point average to 2.0 will be placed on continued probation and may be limited to taking six (6) credit hours. Academic probation and continued probation are calculated at the conclusion of every term including summer.

2.3.5 Instructional Grievance Process

A student who feels that he or she has been treated unfairly or unjustly by a faculty member with regard to an academic process such as grading, testing, or assignments, has the right to appeal according to the approved procedures.

The appeal process for grades must be initiated no later than sixty (60) calendar days from the date the grade was issued. Steps outlining the process are available in Appendix S-6.

Appendix S-6: Instructional Grievance Process

A student who feels that he/she has been treated unfairly or unjustly by a faculty member (full-time or part-time) with regard to an academic process such as grading, testing or assignments, shall discuss the issue first with the faculty member involved. This conference shall be requested by the student within fifteen (15) working days from the time the student knew or reasonably should have known about the unfair or unjust treatment.

This instructional grievance process should not be utilized in a case in which a student feels he/she has experienced discrimination. If the student feels that he/she has experienced discrimination on the basis of race, color, religion, sex, gender identity, national origin, citizenship status (including document abuse), gender, age,
disability, veteran status, genetic information, or sexual orientation, the student should refer to the Discrimination Complaint Procedures for Students as administered by the Vice President for Student Affairs.

Steps for students to follow:

1. If, within ten (10) working days of the request for the conference with faculty member, the problem is not resolved or the faculty member has been unable to meet with the student, the student may continue the process by filing a written grievance with the Department/Division Chairperson and appropriate administrative officer at the college/center. This written grievance must be filed within ten working days following the previous deadline. The written grievance will be given to the faculty member five days before any official meetings are convened.

2. Upon receipt of a written grievance, the Department/Division Chair or appropriate college administrative officer will work with the parties in an attempt to resolve the conflict. The faculty may ask that the College Faculty Senate President be in attendance. Every attempt will be made to maintain confidentiality during this process. A faculty member will not be required to respond to a grievance which is not in writing and which, when appropriate, did not have specific documentation including dates, times, materials, etc. The written grievance will be made available to the faculty member.

3. If the grievance is not resolved at this level within ten working days, the student should forward to vice president of academic affairs or designee, a copy of the original written grievance with an explanation regarding action taken at each prior level. The dean of instruction or appropriate college/center administrative officer will meet with the student, faculty member, the College Faculty Senate President if requested by the faculty member, and Department/Division Chair and attempt to resolve the issues. This level will be the final step in any grievance process regarding grades.

4. If the grievance, other than those concerning grades, is not resolved by the vice president of academic affairs or designee, it may be forwarded in writing by the student to the college president for final resolution. The college president or designee will issue a final written determination in the grievance process.

5. Instructional grievances are resolved at the college level. The district office is not an avenue of appeal for the instructional grievance process.

*Note: The grievance process for grades must be initiated no later than sixty (60) calendar days from the date the grade was issued.*

### 2.3.6 Withdrawal

To withdraw from a course or courses from the college, students must follow approved procedures (See Appendix S-7). The Office of Admissions and Records provides information about the withdrawal process. The official date of withdrawal is the date the withdrawal is received in the Admissions and Records Office/Office of Student Enrollment Services.
Never attending is not an allowable refund exception or an excuse of the debt incurred through registration. Please see the refund policy.

Appendix S-7: Student and Faculty Withdrawal Procedures

Student Withdrawal Procedures

1. Withdrawal from Specific Courses
   A student may officially withdraw from specific courses in the following ways:
   
   A. Through the 7th week*, a student may initiate an official withdrawal from any course by completing the withdrawal process online using the student self service system or by submitting a course withdrawal form to the Admissions and Records Office/Office of Student Enrollment Services in accordance with the published deadlines. A grade of 'W' (withdrawn, passing – not computed in the grade point average) will be assigned.
   
   B. After the 7th week*, a student must initiate a withdrawal request with the faculty member. If, after consultation with the student, the faculty member approves the request, a grade of 'W' (withdrawn, passing -- not computed in the grade point average) or 'Y' (withdrawn, failing -- computed in the grade point average as a failing grade) will be assigned. If the request is not approved, the student will remain in the course.
   
   C. A student has the right to appeal a withdrawal decision according to the approved procedures. Steps outlining the process are available in Appendix S-6.

* The prescribed time limits are for full semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly. See Important Deadlines for Students. Failure to file an official withdrawal form may result in failing grades and responsibility for course tuition and fees. Refunds will only be processed within the refund period.

2. Complete Withdrawal from College

Students electing to withdraw from the college must contact the Admissions and Records Office/Office of Enrollment Services no later than two weeks* before the end of the last class meeting and may be required to file a written request.

A grade of 'W' will be assigned in all courses for students who withdraw by the end of the 7th week* of classes. Withdrawals completed after this time will result in a grade of W (withdrawn, passing – not computed in the grade point average) or 'Y' (withdrawn, failing – computed in the GPA as a failing grade).

* The prescribed time limits are for full semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly. See Important Deadlines for Students. Failure to file an official withdrawal form may result in failing grades and responsibility for course tuition and fees. Refunds will only be processed within the refund period.
3. Withdrawal of Financial Aid Students

In accordance with federal regulations (34CFR 668.22), a student may be required to repay federal financial aid funds if they completely withdraw or are withdrawn, or fail to earn a passing grade from all classes during a semester. Further information is available at the college Office of Student Financial Aid. This could affect a student’s ability to receive Financial Aid in the future at any school.

Faculty Withdrawal Procedures

A faculty member has the option of withdrawing a student who has accumulated unofficial absences in excess of the number of times indicated in that faculty member’s attendance policy in the course syllabus (see AR 2.3.2). A grade of ‘W’ (withdrawn passing, not computed in GPA) or a grade of ‘Y’ (withdrawn failing, 0 grade points per credit hour) may be assigned in accordance with the course syllabus. Faculty members electing to withdraw students must record the withdrawal through the online system, including last date of attendance and withdrawal code. Students withdrawn for excessive absences may be reinstated only with the approval of the faculty member. Any impact on attendance that is protected by the exercise of students’ rights under ADA/504, Title IX, Title VI, or other recognized law or policy do not count as unexcused absences for the purposes of instructor-initiated withdrawals for lack of attendance/participation.

Requests for withdrawals should be referred directly to the College of Enrollment.

2.3.7 Academic Renewal

Students who are returning to this college after a separation of five (5) years or more from the Maricopa Community College District, may petition for academic renewal. The request must be in writing and submitted to the Admissions and Records Office/Office of Student Enrollment Services at the college where the grades were earned.

Academic renewal at one of the Maricopa Community Colleges does not guarantee that colleges outside the Maricopa Colleges will accept this action. Acceptance of academic renewal is at the discretion of the receiving institution.

1. Prior to petitioning for academic renewal, the student must demonstrate a renewed academic performance by earning a minimum of twelve (12) credit hours and a cumulative grade point average of 2.5 or higher within Maricopa Colleges after reenrollment.
2. Upon approval, all courses taken prior to reenrollment with a grade of 'A,' 'B,' 'C,' 'D,' 'F,' and 'Y' will be annotated as academic renewal on the student's permanent record. All course work affected by academic renewal will not be computed in the grade point average. Courses with grades 'A,' 'B,' or 'C' will have the associated credit hours counted in the total credit hours earned. Such credit will not be computed in the grade point average.

3. All course work will remain on the student's permanent academic record, ensuring a true and accurate academic history.

4. The academic renewal policy may be used only once at each college and cannot be revoked once approved.

5. Students who have been granted Academic Renewal must also meet the Financial Aid Standards of Academic Progress if they wish to receive financial aid.

2.3.8 Honors Program

Each of the Maricopa Community Colleges has an honors program. Interested students should contact the college honors coordinator for information about the program and available scholarships, including the Chancellor's, Foundation's, and President's Scholarships.

President's Honor List

The President's Honor List for each college consists of all students who complete twelve (12) or more credit hours in residence in courses numbered 100 or higher in a given semester with a college semester grade point average of 3.75 or higher.

2.3.9 General Graduation Requirements

Earning a Certificate or Degree

The Maricopa Community Colleges offers certificates and degrees in a variety of areas. Each certificate and degree has specified program requirements for graduation. See certificate and degree information for specific program requirements. It is the student's responsibility to be aware of these requirements.

Candidates for graduation must satisfy the following requirements:

- Complete the minimum number of credits required for the certificate or degree. For degrees, at least 15 credits must be completed at the awarding college. For certificates that are 15 or more credits, at least 6
credits must be completed at the awarding college. For certificates that are 14 or more credits, at least half of the credits must be completed at the awarding college. Exceptions to this institutional residency policy must have prior written approval of the Program Director, Department/Division Chair, or Designee and documentation of rationale and approval included as part of application to graduate.

- Meet the general education, program requirements, and electives for the certificate or degree required. Requirements can be satisfied by MCCCD coursework, prior learning assessment, and transfer credit. No more than 45 credit hours can be accepted and applied to a degree using transfer credit and/or prior learning assessment. Transfer credit and prior learning assessment does not count as hours in residence for graduation requirements. Exceptions to this institutional policy must have prior written approval of the Program Director, Department/Division Chair, or Designee and documentation of rationale and approval included as part of application to graduate.

- Earn a minimum cumulative grade point average (GPA) of 2.0 on a four-point grading scale in all letter-graded courses (100-level and above) (completed in residence and accepted in transfer) used to fulfill requirements at the college granting the degree or certificate. Some awards map specify additional GPA requirements.

- Remove all deficiencies (e.g., incomplete grades, missing transcripts, national test results, etc.) on the record to use those courses toward program completion.

- Fulfill any financial obligations with the college.

- File a petition for graduation with the admissions & records/enrollment services office.

AUTOAWARD POLICY: MCCCD has an Auto-Award program that identifies some students who have completed a degree or certificate and have never submitted a petition for graduation (e.g., reverse transfer). However, this program is limited and students should not depend on it for graduation. The petition for graduation should always be submitted when a student is intending to graduate.

MARICOPA NURSING PROGRAM

For the Maricopa Nursing Program, the cumulative GPA for awarding purposes is calculated based on courses required for the degree or certificate taken at any Maricopa Campus and includes pre-requisites, co-requisites, and nursing blocks. Students must apply for graduation from the college where they have successfully completed block 4 of the Associate in Applied Science in Nursing.

Graduation with Honors

All courses used to fulfill graduation and degree requirements, including courses from other institutions, are used in the grade point average calculation (GPA) at graduation.

Degree-seeking students who have distinguished themselves with GPAs 3.50 and higher are recognized with the following graduation honors:

- 3.50 to 3.69 “with distinction”
3.70 to 3.89 “with high distinction”
3.90 to 4.0 “with highest distinction”

Certificate programs are not eligible for institutional honors.

2.3.10 Transcripts for Transfer

An official student transcript is a permanent academic record issued by the college registrar. It displays all courses taken for credit within the Maricopa Community College District and includes all grades received. Unlike an unofficial transcript, it is signed and dated by the College Registrar and displays the college seal of the Maricopa College ISSUING the official transcript.

The transcript is issued upon written request only. Those students who want to transfer to other institutions of higher education, including other Maricopa Community Colleges, must request their transcript be sent from the Admissions and Records Office/Office of Student Enrollment Services. However, transcripts may be shared within the Maricopa Community College District without the written request of the student in compliance with FERPA.

Official transcripts will not be issued to students having outstanding debts to any of the Maricopa Community Colleges. The release of transcripts is governed by the guidance of the Family Education Rights and Privacy Act of 1974 (see Records Policy in the Disciplinary Standards section of this manual). There is no charge for unofficial transcripts, or for official transcripts sent between Maricopa Community Colleges. See the Tuition and Fee Schedule for charges for other official transcripts.

2.3.12 Non-Instructional Complaint Resolution Process

A student who feels that he or she has been treated unfairly or unjustly by any employee with regard to a non-instructional process such as a student or administrative services has the right to file a formal and written complaint according to the approved procedures. See Appendix S-8.
Appendix S-8: Non-Instructional Complaint Resolution Process

A student who feels that he or she has been treated unfairly or unjustly by any employee with regard to a non-instructional process such as a student or administrative services has the right to file a formal and written complaint according to the approved procedures. Steps for students to follow:

1. Discuss the issue with the employee involved. The student should request this conference within fifteen (15) working days from the time the student knew or reasonably should have known about the unfair or unjust treatment.

2. If, within ten (10) working days of the request for the conference with the employee, the problem is not resolved or the employee has been unable to meet with the student, the student may continue the process by filing a written complaint with the appropriate supervisor of the employee where authority exists to take corrective action. This written complaint must be filed within ten (10) working days following the previous deadline. The written complaint will be given to the employee five (5) working days before any official meetings are convened.

3. Upon receipt of a written complaint, the appropriate supervisor will work with the parties in an attempt to resolve the conflict. Every attempt will be made to maintain confidentiality during this process. An employee will not be required to respond to a complaint which is not in writing and which, when appropriate, does not have specific documentation including dates, times, actions, supporting documents, etc. The written complaint will be made available to the employee.

4. If the complaint is not resolved at this level within ten (10) working days, the student should forward to the Vice President of Student Affairs or Designee, a copy of the original written complaint with an explanation regarding action taken at each prior level. The dean and/or associate dean will meet with the student, the employee, and the relevant supervisor and attempt to resolve the issues.

5. If the associate dean and/or dean do not resolve the complaint, the student may forward it in writing to the college president for final resolution. The college president or designee will issue a final written determination in the complaint process.

2.3.13 Course Substitutions

Course substitutions should only be made in a consistent and transparent manner according to Administrative Regulation 2.2.4 (Transfer Credit and Prior Learning Assessment Policy), Academic Policies, and the following guidelines:

Students may seek to have course(s) requirements (including required courses, restricted electives, and prescribed general education requirements) in their declared Associate in Applied Science or Certificate program substituted.
Because a substituted course may not be accepted by a transfer institution or meet transfer degree requirements, no course substitutions are allowed in any of the required course areas of the Associate in Arts or Associate in Science Degrees with Emphasis, Associate in Business - GR, Associate of Business - SR, Associate in Arts, Elementary Education, or the Associate in Arts, Fine Arts.

The course being used as a substitution must meet the content and/or spirit of the substituted course in the student’s pathway plan (or for date status petitions by reason of disibility). If the pathway course satisfies an Arizona General Education Curriculum (AGEC-A, B, or S) requirement, the course substitution must meet that same requirement. Considerations for substitutions should also include impact to satisfying transfer pathway, industry requirements. Substituted courses should provide the skills and knowledge specified by the pathway learning outcomes.

Course substitutions should not be processed for students who have earned fewer than 15 credits (at Maricopa or elsewhere).

To pursue a course substitution, students must obtain a course substitution petition from the Admissions and Records Office or Academic Advisor. Substitutions must be approved by the Program Department Chair, Program Division Chair, Academic/Occupational Program Director, or Designee and the appropriate Instructional Dean. The Department Chair, Division Chair, or Academic/Occupational Program Director will work with other departments as needed for courses outside of the discipline.

If the credits of a substituted course are fewer than the original requirement, the missing credit hours are not granted by a substitution. Students must complete the minimum credit hours required by the award.

Students are encouraged to seek substitutions prior to enrollment in an intended substitute course. Requests for course substitutions and supporting documentation should be submitted as soon as possible when transcripts are reviewed. For assistance, students should meet with an Academic Advisor specific to the declared transfer emphasis. Students seeking Title IV Financial Aid and Veteran benefits for a course substitution must have the substitution approved and processed prior to registering for the substitute course.

2.4.4 Sexual Harassment Policy
(replaced with Administrative Regulation 5.1.16).

Administrative Regulation 2.4.4 is rescinded effective August 14, 2020. For cases made prior to August 14, 2020, 2.4.4 applies. Administrative Regulation 2.4.4 has been archived for transitional purposes.

Rescinded through Direct Approval from the Chancellor, August 2, 2020.

5.1.8 Policy Prohibiting Harassment

A. Policy

The policy of the Maricopa County Community College District (MCCCD) is to provide an educational, employment, and business environment free of harassment that is based on race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse) age, disability, pregnancy, veteran status or genetic information. Such prohibited harassment includes but is not limited to sexual violence, unwelcome sexual advances, requests for sexual favors, and other verbal and/or physical conduct or communications constituting harassment with regards to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse) age, disability, pregnancy, veteran status or genetic information as defined and otherwise prohibited by state and federal law.

Employee complaints of harassment must be reported to the District Office of Equal Employment and Opportunity.

Harassment based on race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse) age, disability, pregnancy, veteran status or genetic information violates MCCCD Policy when the conduct is unwelcome, verbal, or physical conduct that is sufficiently severe, or pervasive that it alters working conditions and creates a hostile environment for employees. The unwelcome behavior may be based on power differentials, the creation of a hostile environment, or retaliation for harassment complaints. Harassment by and between any student or employee (paid, unpaid, or contract), is prohibited by this policy.

Due process is afforded any employee accused of harassment. Upon receipt of a complaint, an immediate preliminary review will be conducted to determine if there is a reasonable cause to believe the nondiscrimina-
tion policy may have been violated. If so, then a prompt, thorough, impartial investigation will be conducted by
the authorized administrator, or designee. If the final decision is that harassment occurred, the college will take
immediate action to eliminate the hostile environment, prevent its recurrence, and address its effects. Remes-
dies for the complainant will also be sought. Violations of this policy may result in the disciplinary action up to
and including termination for employees, sanctions up to and including suspension or expulsion for students,
and appropriate sanctions against campus visitors. This policy applies to prohibited conduct that occurs both
on and off campus and covers employees, and visitors.

MCCCD affirms its commitment to supporting the academic and personal freedown of all members of the
community. In particular, the policy against harassment shall not be applied in a manner that contradicts the
principle of academic freedom: Faculty and other members of the community are entitled to freedom in re-
search, and faculty members are entitled to freedom in the classroom to pursue controversial matters related
to their disciplines. However, this right to teach controversial material entails the responsibility that it be carried
out in a way that would be judged by peers as not violating the District's non-discrimination policy.

Questions about this policy may be directed to the MCCCD EEO/Affirmative Action Office.

B. Examples of Policy Violations

It shall be a violation of MCCCD’s Sexual Harassment Policy for any employee (paid, unpaid, or contract), stu-
dent or campus visitor to engage in any unwelcome conduct that is based on race, color, religion, sex, sexual
orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, preg-
nancy, veteran stats or genetic information, Such as to:

1. Engage in offensive conduct that is sufficiently severe or pervasive to create a work or academic environ-
ment that a reasonable person would consider intimidating, hostile, or abusive. Such conduct must be
based on race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status
(including document abuse), age disability, pregnancy, veteran status or genetic information.

2. Engage in unwelcome verbal or physical conduct, including intimidation, ridicule, insult, or comments, when
the behavior can reasonably be considered to adversely affect the work or academic environment, or an
employment decision based upon the employee's acceptance or rejection of such conduct. Such verbal or
physical conduct must be based on race, color, religion, sex, sexual orientation, gender identity, national origin,
citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information or on their protected activities under applicable non-discrimination laws and policies,

3. Engage in Sexual Harassment, which includes, but is not limited to:

   A. Make unwelcome sexual advances to another employee (paid, unpaid, or contract), student or campus
      visitor;

   B. Make unwelcome requests for sexual favors, whether or not accompanied by promises or threats with
      regard to the employment or academic relationship;
C. Engage in verbal or physical conduct of a sexual nature with another employee, student or campus visitor, that may threaten or insinuate, either explicitly or implicitly, that the individual's submission to, or rejection of, the sexual advances will in any way:
   1. Influence any personnel decision regarding that person's employment, evaluation, wages, advancement, assigned duties, shifts or any other condition of employment or career development; or
   2. Influence his or her grades, participation in or access to academic programs, class standing or other educational opportunities;

D. Engage in verbal or physical conduct of a sexual nature that:
   1. Has the purpose or effect of substantially interfering with an employee's ability to do his or her job; or with a student's ability to learn or participate in a class; or
   2. Which creates an intimidating, hostile or offensive work or academic environment;

E. Commit any act of sexual assault or public sexual indecency against any employee or student whether on MCCCD property or in connection with any MCCCD-sponsored activity;

F. Continue to express sexual interest in another employee, student or campus visitor after being informed or on notice that the interest is unwelcome (reciprocal attraction is not considered sexual harassment);

4. Engage in other harassing conduct in the workplace or academic environment, whether physical or verbal, including, but not limited to, commentary about an individual's body (or body parts), degrading words to describe an individual, offensive comments, suggestive language or jokes, innuendoes, and suggestive objects, print or digital media. Misconduct may include exploitation, stalking, bullying. Such conduct must be based on an individual's race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.

5. Treat a complainant or witness of harassment in a manner that could dissuade a reasonable person from pursuing or participating in the complaint and investigation. Such treatment must be based on an individual's race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.

6. Engage in sexual misconduct, including but not limited to:
   A. The use or display in the classroom, including electronic, of pornographic or sexually harassing materials such as posters, photos, cartoons or graffiti without pedagogical justification.
   B. Explicit sexual comments by one or more employees about another employee or student, or circulating drawings or other images depicting an employee or student in a sexual manner.
   C. Unwelcome sexual advances, repeated propositions or requests for a sexual relationship to an individual who has previously indicated that such conduct is unwelcome, or sexual gestures, noises, remarks, jokes, questions, or comments by a student about another person's sexuality or sexual experience.
D. Harassment based on sex, pregnancy, gender identity, gender expression, or sexual orientation that creates a hostile environment. A hostile environment exists when the conduct is sufficiently severe, or pervasive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefiting from the district’s education programs and/or activities, including employment. The existence of a hostile environment is to be judged both objectively (meaning a reasonable person would find the environment hostile) and subjectively (meaning the impacted individual felt the environment was hostile).

E. Sexual exploitation, which means taking non-consensual or abusive sexual advantage of another for anyone’s advantage or benefit other than the person being exploited. Examples of behavior that could rise to the level of sexual exploitation include:

1. Recruiting, harboring, transporting, providing, or obtaining another person for the purpose of sexual exploitation;
2. Non-consensual visual (e.g., video, photograph) or audio-recording of sexual activity;
3. Non-consensual distribution of photos, other images, or information of an individual’s sexual activity, intimate body parts, or nakedness, with the intent to or having the effect of embarrassing an individual who is the subject of such images or information;
4. Going beyond the bounds of consent (such as attempting to kiss an employee or student without their consent);
5. Engaging in non-consensual voyeurism;
6. Knowingly transmitting an STI (sexually transmitted infection), such as HIV, to another without disclosing one’s STI status;
7. Exposing one’s genitals in non-consensual circumstances, or inducing another to expose their genitals;
8. Possessing, distributing, viewing or forcing others to view obscenity.

7. All complaints of sexual harassment or sexual misconduct shall be referred promptly to the college Title IX Coordinator (or the District Title IX Coordinator, if the allegations concern a District office employee), for initial review in determining the appropriate investigation channel.

8. Matters pertaining to sexual harassment/misconduct that do not meet the definition of sexual harassment as outlined in Administrative Regulation 5.1.16 or otherwise do not meet the definition of an educational program or activity and do not occur against a person within the United States will be referred by the Title IX Coordinator to the college or District’s respective Human Resources department for investigation and adjudication under this conduct policy.

5.1.9 Additional Policy Violations

Mandatory Reporters (as defined in Administrative Regulation 5.1.16) must report allegations of sexual harassment/assault (whether reported by the person who is the subject of the sexual harassment or a witness) to an official with authority or the Title IX Coordinator (as defined in Administrative Regulation 5.1.16). Failure to report to an official with authority or the Title IX Coordinator is a policy violation subject to discipline up to and including dismissal. Campus Security Authority (CSAs) are mandatory reporters under the Cleary Act. Failure to report is a policy violation subject to discipline up to and including dismissal. Mandatory reporters are expected to report harassment/discrimination (whether reported by the person who is the subject of the sexual harassment or a witness) based on an individual’s race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information. Failure to report may be a policy violation subject to discipline up to and including dismissal.

AMENDED by Direct Approval from the Chancellor, November 16, 2020
AMENDED by Direct Approval from the Chancellor, January 2, 2020

5.1.10 Responsibility for Policy Enforcement

Employees and students must avoid offensive or inappropriate harassing behavior based on an individual’s race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information at work or in the academic environment (in and out of the classroom).

Employees and students are encouraged (but not required) to inform perceived offenders of this policy and that the commentary/conduct is offensive and unwelcome.

5.1.11 Complaints

1. Employees

Employees who experience harassment at work (by a supervisor, co-employee, student or visitor) are urged to report such conduct to the direct attention of their supervisor, their college president or to the Maricopa County Community College District (MCCCD) Equal Employment Opportunity/Affirmative Action Office. If the complaint involves the employee’s supervisor or someone in the direct line of supervision, or if the employee for any reason is uncomfortable in dealing with their immediate supervisor, the employee may go directly to the MCCCD EEO/AA Office.
2. Students

Students who experience sexual harassment or sexual assault in a school's education program and activities (by a faculty member, administrator, staff, campus visitor or other student) are urged to report such conduct to the designated Title IX Coordinator, of which there is one for each MCCCD college. A student may also contact the MCCCD EEO/AA Office to obtain the name and phone number of the college official designated to respond to harassment complaints based on an individual's race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information.

3. General

A. Complaints by employees will be investigated according to procedures established by the MCCCD EEO/AA Office. Copies of these procedures may be obtained on the District website and the MCCCD EEO/AA Office.

B. Complaints by students will be investigated according to the procedures established in the College Environment section of the Administrative Regulations (AR 2.4). Copies of these procedures are posted on the District website.

C. All complaints will be investigated in a prompt, thorough, and impartial manner.

D. Where investigation confirms the allegations, appropriate, responsive action will be taken by the college/center/MCCCD.

AMENDED by the Administrative Regulations Approval Process, January 2, 2020

5.1.12 Confidentiality

Records will be maintained in a confidential manner to the extent permitted by law and insofar as they do not interfere with the Maricopa County Community College District's (MCCCD) legal obligation to investigate and resolve issues of discrimination and harassment based on one's protected class status as outlined in law and in MCCCD policy. The MCCCD cannot promise complete confidentiality.

AMENDED by the Administrative Regulations Approval Process, January 2, 2020
5.1.13 Violations of Law

An employee or student may be accountable for sexual harassment under applicable local, state, and/or federal law, as well as under Maricopa County Community College District (MCCCD) policy. Disciplinary action by MCCCD may proceed while criminal proceedings are pending and will not be subject to challenge on the grounds that criminal charges involving the same incident have been dismissed or reduced.

AMENDED by the Administrative Regulations Approval Process, January 2, 2020

5.1.14 False Statements Prohibited

Any individual who knowingly provides false information pursuant to filing a discrimination charge or during the investigation of a discrimination charge, will be subject to appropriate disciplinary action, up to and including, employment termination or academic dismissal.

AMENDED by the Administrative Regulations Approval Process, January 2, 2020

5.1.15 Retaliation Prohibited

Retaliation against an employee or student for engaging in protected activity is strictly prohibited. The Maricopa County Community College District (MCCCD) strictly prohibits taking an adverse action that might deter a reasonable person from participating in activity protected by antidiscrimination laws. Protected activity consists of:

(a) opposing conduct reasonably believed to constitute discrimination, including harassment which violates a nondiscrimination statute or which MCCCD policy prohibits;

(b) filing a complaint about such practice; or

(c) testifying, assisting, or participating in any manner in an investigation or other proceeding related to a discrimination complaint.

Retaliatory actions are not limited to formal personnel actions such as termination, demotion, non-promotion, or non-selection. Retaliatory actions are broadly defined as harassing behavior, significant changes to job duties or working conditions, and even threats to take personnel actions based on engaging in protected activity. MCCCD will take appropriate disciplinary action, up to and including employment termination or academic dismissal if retaliation occurs.

AMENDED by the Administrative Regulations Approval Process, January 2, 2020
5.1.16 Title IX Sexual Harassment Policy

i. Definitions

1. **Actual Knowledge** means that an employee, student, or third-party informs the title ix coordinator or other official with authority of the alleged occurrence of alleged harassing, discriminatory, and/or retaliatory conduct. Actual knowledge compels the Maricopa County Community College District (MCCCD) to initiate action.

2. **Advisor** means a person chosen by a party or appointed by the institution to accompany the party to meetings related to the resolution process, to advise the party on that process, and to conduct cross-examination for the party at the hearing, if a hearing is held. This individual may be an MCCCD employee, a member of the community, or attorney (hired and paid for by a party).

3. **Complainant** means an individual who is alleged to be the victim of conduct that could constitute sexual harassment or retaliation for engaging in a protected activity.

4. **Formal Complaint** means a document filed with the title ix coordinator/signed by a complainant or signed by the Title IX Coordinator alleging against sexual harassment or retaliation for engaging in a protected activity against a respondent and requesting that the MCCCD investigate the allegation.

5. **Confidential Resource** means an employee who is not a mandatory reporter or an official with authority (irrespective of clery act campus security authority status). at MCCCD, there is only one confidential resource. This confidential resource is the Ombudsman, who is located in the MCCCD Office of Public Stewardship.

6. **Day(s)** means a business day when the MCCCD is in normal operation.

7. **Education Program or Activity** means locations, events, or circumstances where MCCCD exercises substantial control over both the respondent and the context in which the sexual harassment or discrimination occurs and also includes any building owned or controlled by a student organization that is officially recognized by the MCCCD.

8. **Final Determination of Responsibility** means a conclusion by preponderance of the evidence that the alleged conduct occurred, or did not occur, and whether it did, or did not, violate policy.

9. **Formal Grievance Process** means a method of formal resolution designated by MCCCD to address conduct that falls within the policies included below, and which complies with the requirements of 34 CFR part 106.45.

10. **Grievance Process Pool** means any investigators, appeal officers, hearing administrators, and advisors who may perform any or all of these roles (though not at the same time or with respect to the same case).
11. **Hearing Decision-Maker** means a person who has decision-making and sanctioning authority within the MCCCD's formal Title IX grievance process.

12. **Investigator** means the person or persons charged by MCCCD with gathering facts about an alleged violation of this policy, assessing relevance and credibility, synthesizing the evidence, and compiling this information into an investigation report and file of directly related evidence.

13. **Mandatory Reporter** means an employee of mcccd who is obligated by policy to share knowledge, notice, and/or reports of harassment, discrimination, and/or retaliation with the Title IX Coordinator. Mandatory reporters do not convey actual knowledge to the MCCCD. Mandatory Reporter under this policy does not diminish the requirement under Arizona state law to report alleged or suspected child abuse, elder abuse, and/or abuse of individuals with disabilities to appropriate officials, though these responsibilities may overlap with those who have mandatory reporter responsibility in this policy.

14. **Official With Authority (OWA)** means an employee of the MCCCD explicitly vested with the responsibility to implement corrective measures for harassment and/or retaliation on behalf of the MCCCD. Notice to an OWA of an allegation of sexual harassment as defined in this policy conveys actual knowledge to the MCCCD and triggers a responsibility to act.

15. **Parties** include the complainant(s) and respondent(s), collectively.

16. **Promptness** means the time period in which allegations are acted upon once MCCCD has received notice or a formal complaint. Typically, complaints can take 60-90 business days to resolve. There are always exceptions and extenuating circumstances that can cause a resolution to take longer, but MCCCD will avoid all undue delays within its control.

17. **Remedies** means post-finding actions directed to the complainant and/or the community as mechanisms to address safety, prevent recurrence, and restore access to MCCCD's educational program.

18. **Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute harassment or discrimination based on a protected class; or retaliation for engaging in a protected activity, when the respondent is a member of the MCCCD community, a grievance process may be available regardless of the status of the complainant, who may or may not be a member of the MCCCD community.

19. **Resolution** means the result of an informal or formal grievance process.

20. **Sanction** means a consequence imposed by mcccd on a respondent who is found to have violated this policy.

21. **Sexual Harassment** means the umbrella category including the offenses of sexual harassment, sexual assault, stalking, and dating violence and domestic violence.

22. **Title IX Coordinator** is at least one official designated by MCCCD to ensure compliance with Title IX and the MCCCD's Title IX Program. References to the coordinator throughout this policy may also encompass a designee of the coordinator for specific tasks.
23. **Student** means any individual who is registered or enrolled for credit or non-credit bearing coursework, camps and other district-sponsored programs or activities, and who maintains an ongoing relationship with the MCCCD, which means the student is on leave (medical, administrative, or other documented leave of absence), but is not registered or taking classes at the time of the complaint being filed.

24. **Title IX Team** refers to the title ix coordinator, any deputy coordinators, and any member(s) of the grievance process pool.

ii. **Rationale for Policy**

MCCCD is committed to providing a workplace and educational environment, as well as other benefits, programs, and activities, that are free from sexual harassment, discrimination on the basis of sex, and retaliation. To ensure compliance with federal and state civil rights laws and regulations, and to affirm its commitment to promoting the goals of fairness and equity in all aspects of the educational program or activity, MCCCD has developed internal policies and procedures that provide a prompt, fair, and impartial process for those involved in an allegation of sexual harassment, and for allegations of retaliation. MCCCD values and upholds the equal dignity of all members of its community and strives to balance the rights of the parties in the grievance process during what is often a difficult time for all those involved.

iii. **Title IX Coordinator**

Each MCCCD college has a designated Title IX Coordinator who oversees implementation of this policy. The Title IX Coordinator has the primary responsibility for coordinating MCCCD's efforts related to the intake, investigation, resolution, and implementation of supportive measures to stop, remediate, and prevent discrimination, harassment, and retaliation prohibited under this policy.

The names and contact information for each college Title IX Coordinator can be found on the following page: [https://district.maricopa.edu/consumer-information/title-ix/title-ix-coordinators](https://district.maricopa.edu/consumer-information/title-ix/title-ix-coordinators). It is the responsibility of each of the MCCCD colleges’ Vice Presidents of Student Affairs to ensure this list is up-to-date with correct information. The college Title IX Coordinators must act with independence and authority free from bias and conflicts of interest.

To raise any concern involving bias or conflict of interest by the college Title IX Coordinator, contact the Compliance office in the Office of General Counsel by emailing compliance@domail.maricopa.edu. Concerns of bias or a potential conflict of interest by any other Title IX team member should be raised with the respective college Title IX coordinator.

Reports of misconduct or discrimination committed by the college Title IX Coordinator should be reported to the college Human Resources department. Reports of misconduct or discrimination committed by any other title ix team member should be reported to the respective college Title IX Coordinator.
iv. Officials with Authority and Mandatory Reporters

MCCCD has determined that the following administrators are officials with authority to address and correct sexual harassment and/or retaliation. In addition to the Title IX team members listed in section 1. Definitions, these officials with authority listed below may also accept notice or complaints on behalf of the MCCCD. Knowledge on the part of an official with authority conveys actual knowledge to the MCCCD.

1. College/District Title IX Coordinator
2. Chancellor
3. Provost
4. General Counsel and Associate General Counsels
5. Chief Human Resources Officer
6. Chief Executive Officer
7. College Presidents
8. College Vice Presidents (at all levels)
9. Associate Vice Chancellors
10. Law Enforcement
11. Athletic Directors
12. Directors (in any administrative area of a college or the District)

Mandatory Reporters

The following classification of employees are mandatory reporters and are required to report actual or suspected discrimination or harassment to the respective college Title IX Coordinator or to the District Compliance office for district employees. A complainant who expects formal action in response to their allegations, but does not wish to contact the Title IX Coordinator should report their allegations to any mandatory reporter who can connect them with resources to report crimes and/or policy violations. Mandatory reporters will, within twenty-four (24) hours, refer reports to the Title IX Coordinator (and/or police, if desired by the complainant), who will take action. Mandatory reporters must promptly (within twenty-four (24) hours) share with the Title IX Coordinator all known details of a report made to them in the course of their employment. The persons occupying the following positions are mandatory reporters. Knowledge to a mandatory reporter does not convey actual knowledge to the MCCCD.

1. Chancellor
2. Provost
3. General Counsel
4. Chief Human Resources Officer
5. Chief Workforce and Economic Development Officer
6. Chief Executive Officer
7. College Presidents
8. Associate Vice Chancellors
9. Director Of Communications
10. Associate General Counsels
11. Supervisors/Managers/Directors (but not including Division or Department Chairs)
12. College Vice Presidents, at all levels
13. Deans, at all levels
14. Athletic Directors/Coaches/Trainers
15. Law Enforcement

Anonymous Notice to Mandated Reporters

A complainant may request that the mandatory reporter provide notice to the Title IX Coordinator anonymously, without identification of the complainant. A mandatory reporter cannot remain anonymous themselves. The MCCCD will investigate matters in which anonymous notice has been given to the extent possible, both to assess the underlying allegation(s) and to determine if supportive measures or remedies can be provided. However, anonymous notice typically limits the MCCCD’s ability to investigate, respond, and provide remedies, depending on what information is shared. When a complainant has made a request for anonymity, the complainant’s personally identifiable information may be withheld by a mandatory reporter, but all other details of the alleged incident(s) must be shared with the Title IX Coordinator. Supportive measures may be offered to the complainant as the result of such disclosures without formal MCCCD action.

Failure of a mandatory reporter to report an incident of harassment or discrimination of which they become aware is a violation of MCCCD policy and the mandatory reporter may be subject to disciplinary action, up to and including termination, for failure to comply.

v. Confidential Resources and Federal Resources

A complainant who wants to keep the details of an incident confidential may speak with:

- On-campus (maricopa community colleges district office) office of public stewardship
• Off-campus (non-employees):
• Licensed professional counselors and other medical providers
• Local rape crisis counselors
• Domestic violence resources
• Local or state assistance agencies
• Clergy/Chaplains
• Attorneys

The Office of Public Stewardship will timely submit anonymous statistical information for clery act purposes unless they believe it would be harmful to their client.

External inquiries may also be made to:

vi. Notice/Complaints of Discrimination, Harassment, and/or Retaliation

Notice or complaints of discrimination, harassment, and/or retaliation in violation of this policy may be made using any of the following options:

1. File a complaint with, or give verbal notice to, a college Title IX Coordinator or an official with authority. Such a report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for the Title IX Coordinator or any other official listed. Title IX Coordinators can be found on the following page: https://district.maricopa.edu/consumer-information/title-ix/title-ix-coordinators. It is the responsibility of each of the MCCCD college’s Vice President of Student Affairs to ensure this list is up to date with correct information.

2. Report online, using the reporting form posted at https://district.maricopa.edu/consumer-information/reporting. Anonymous reports are accepted, but can give rise to a need to investigate. The MCCCD tries to provide supportive measures to all complainants, which is impossible with an anonymous report when the name of the complainant is not shared in the report. Since anonymous reporting carries no obligation to initiate a formal response and since the MCCCD respects a complainant’s requests to
dismiss complaints, unless there is a compelling threat to health and/or safety, the matter will be dismissed.

A formal complaint is a document filed and signed by the complainant or signed by the Title IX Coordinator alleging a policy violation by a respondent and requesting that the MCCCD investigate the allegation(s). A complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information in the section immediately above, or as described in this section. As used in this paragraph, the phrase “document filed by a complainant” means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the MCCCD) that contains the complainant’s physical or digital signature, which can include the complainant’s name on the email, or otherwise indicates that the complainant is the person filing the complaint.

The Title IX Coordinator will contact the complainant regarding any notice that is submitted in a form that does not comply with these requirements to ensure that it is filed correctly.

**vii. Supportive Measures**

MCCCD will offer and implement appropriate and reasonable supportive measures to the parties upon notice of alleged harassment, discrimination, and/or retaliation.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the parties to restore or preserve access to the MCCCD’s education program or activity, including measures designed to protect the safety of all parties, the MCCCD’s educational environment, and/or deter sexual harassment, discrimination on the basis of sex, and/or retaliation.

The Title IX Coordinator shall make supportive measures available to the parties upon receiving notice of allegations or a formal complaint. There is no statute of limitations for filing a Title IX complaint. The Title IX Coordinator works with the complainant to ensure their wishes are considered with respect to the planned and implemented supportive measures.

The MCCCD will maintain the privacy of the supportive measures, provided that maintaining privacy does not impair the MCCCD’s ability to provide the supportive measures. MCCCD will act to ensure as minimal an academic impact on the parties as possible. The MCCCD will implement measures in a way that does not unreasonably burden the other party.

These actions may include, but are not limited to:

1. Referral to counseling, medical, and/or other healthcare services
2. Referral to the employee assistance program
3. Referral to community-based service providers
4. In-house visa and immigration assistance
5. Student financial aid counseling
6. Education to the community or community subgroup(s)
7. Altering work arrangements for employees or student-employees
8. Safety planning
9. Providing campus safety escorts
10. Implementing contact limitations (no contact orders) between the parties
11. Academic support, extensions of deadlines, or other course/program-related adjustments
12. Trespass orders, when applicable
13. Timely warnings under the clery act
14. Class schedule modifications, withdrawals, or leaves of absence
15. Increased security and monitoring of certain areas of the campus
16. Any other actions deemed appropriate by the Title IX Coordinator

Violations of no contact orders will be referred to appropriate student or employee conduct processes for enforcement and further discipline, as is necessary.

viii. Emergency Removal

MCCCD can act to remove a respondent entirely or partially from its education program/activities or MCCCD employment on an emergency basis when an individualized safety and risk analysis has determined that an immediate threat to the physical health or safety of any student or other individual justifies removal. This risk analysis is performed by the Title IX Coordinator in conjunction with the college or District Behavioral Intervention Team (also known as BIT/BAT/TAT/CARE, etc.) using its standard objective violence risk assessment procedures.

The Title IX Coordinator has sole discretion under this policy to implement or stay an emergency removal and to determine the conditions and duration. Violation of an emergency removal under this policy will be grounds for discipline, which may include expulsion from the MCCCD or termination from employment.

IN ALL CASES WHERE AN EMERGENCY REMOVAL IS IMPOSED:

1. The respondent will be given written notice of the action. In the written notice will be the option to request to meet with the Title IX Coordinator as soon as reasonably possible, to show cause as to why the action/removal should not be implemented or should be modified. This meeting is not a hearing on the merits of the underlying Title IX allegations, but rather an administrative process intended to determine solely whether the emergency removal is appropriate.

2. The respondent has three (3) days after the receipt of the emergency removal to request a meeting with the Title IX Coordinator. If the respondent does not make such a request within the three (3) day time period, objection to the emergency removal is deemed waived.

3. The respondent may be accompanied by an advisor of their choosing in the show cause administrative meeting with the Title IX Coordinator.

4. The respondent will be given access to a written summary of the basis for the emergency removal prior to the meeting to allow for adequate preparation. Such summary will be included in the notification letter regarding the emergency removal.
5. The Title IX Coordinator will issue a show cause meeting determination letter to the respondent within two (2) days of the meeting taking place.

6. There is no appeal process for emergency removal decisions.

7. A complainant and their advisor may be permitted to participate in this meeting, as it is equitable to do so.

8. MCCCD will implement the least restrictive emergency actions possible in light of the circumstances and safety concerns.

For additional information regarding emergency removals, please see EMERGENCY REMOVALS.

ix. Privacy

Every effort is made by the mcccd to preserve the privacy of a report under this policy.

For additional information regarding privacy and confidentiality under this policy, please see PRIVACY AND CONFIDENTIALITY.

x. Jurisdiction

This policy applies to all MCCCD educational programs and activities, and to conduct that takes place on the campus or on property owned or controlled by the MCCCD, at MCCCD-sponsored events, or in buildings owned or controlled by MCCCD’s recognized student organizations. The respondent must be a member of MCCCD’s community in order for its policies to apply. Nevertheless, even when the respondent is not a member of the MCCCD’s community, supportive measures, remedies, and resources may be accessible to the complainant by contacting the Title IX Coordinator.

This policy applies to the effects of off-campus misconduct that effectively deprive someone of access to MCCCD’s educational programs. The MCCCD may also extend jurisdiction to off-campus and/or to online conduct when the Title IX coordinator determines that the conduct affects a substantial MCCCD interest.

Regardless of where the conduct occurred, the MCCCD will address notice/complaints to determine whether the conduct occurred in the context of its employment or educational program or activity and/or has continuing effects on campus or in an off-campus sponsored program or activity.

A Title IX Coordinator may be able to provide guidance for a student or employee complainant who experiences sexual harassment/discrimination in an externship, study abroad program, or other environment external to the MCCCD under the MCCCD’s student conduct code or employee conduct or nondiscrimination policies.

For additional information regarding the MCCCD jurisdiction over Title IX matters, please see JURISDICTION.
xi. Time Limits on Reporting

There is no time limitation on providing notice/complaints to the Title IX Coordinator. However, if the respondent is no longer subject to the MCCCD’s jurisdiction and/or significant time has passed, the ability to investigate, respond, and provide remedies may be more limited or impossible.

Acting on notice/complaints significantly impacted by the passage of time (including, but not limited to, the rescission or revision of policy) is at the discretion of the Title IX Coordinator (except in cases where mandatory dismissal is required), who may document allegations for future reference, offer supportive measures and/or remedies, and/or engage in informal or formal action, as appropriate.

The MCCCD will apply the policy in place at the time of the alleged misconduct and the procedures in place at the time of the notice of alleged misconduct or complaint of sexual harassment.

xii. Online Harassment and Misconduct

This policy is written and should be interpreted broadly to include online and cyber manifestations of any of the behaviors prohibited below, when those behaviors occur in or have an effect on the MCCCD’s education programs and activities or use MCCCD networks, technology, or equipment.

When harassing communications made on websites, social media, and other venues not controlled by the MCCCD are reported to the MCCCD pursuant to this policy the MCCCD will attempt to address and mitigate the effects of such communications. Any online postings or other electronic communication by students and employees, including cyber-bullying, cyber-stalking, cyber-harassment, etc., occurring completely outside of the MCCCD’s control (e.g., not on MCCCD networks, websites, or between MCCCD email accounts) will only be subject to this policy when such online conduct can be shown to cause a substantial in-program disruption to the student’s educational pursuit of MCCCD’s educational programs and/or activities.

Off-campus harassing speech by employees, whether online or in person, may be regulated by the MCCCD only when such speech is made in an employee’s official or work-related capacity, including where the speaker holds themselves out as employees of an MCCCD college or District office. Otherwise, such communications are considered speech protected by the first amendment. Supportive measures for complainants will be provided, but protected speech will not be subjected to discipline.

xiii. Title IX Sexual Harassment

MCCCD has adopted the following definition of title IX sexual harassment in order to address the unique environment of an academic community, which consists not only of employer and employees, but of students as well.

Acts of sexual harassment may be committed by any person upon any other person, regardless of the sex, sexual orientation, and/or gender identity of those involved.
Sexual harassment, as an umbrella category, includes the offenses of sexual harassment/discrimination, sexual assault, domestic violence, dating violence, and stalking, and is defined as:

Conduct on the basis of sex that satisfies one or more of the following:

1. **Quid Pro Quo**:
   a. An employee of the MCCCD,
   b. Conditions the provision of an aid, benefit, or service of the MCCCD,
   c. On an individual's participation in unwelcome sexual conduct; and/or

2. **Sexual Harassment**:
   a. Unwelcome conduct,
   b. Determined by a reasonable person,
   c. To be so severe, and
   d. Pervasive, and,
   e. Objectively offensive,
   f. That it effectively denies a person equal access to the MCCCD's education program or activity.

   Severity, pervasiveness, and objective offensiveness are evaluated based on the totality of the circumstances from the perspective of a reasonable person in the same or similar circumstances ("in the shoes of the complainant"), including the context in which the alleged incident occurred and any similar, previous patterns that may be evidenced.

3. **Sexual Assault**, defined as:
   a. **Sex Offenses, forcible**:
      i. any sexual act directed against another person,
      ii. without the consent of the complainant,
      iii. including instances in which the complainant is incapable of giving consent.
   b. **Forcible Rape**:
      i. penetration,
      ii. no matter how slight,
      iii. of the vagina or anus with any body part or object, or
      iv. oral penetration by a sex organ of another person,
      v. without the consent of the complainant.
   c. **Forcible Sodomy**:
      i. oral or anal sexual intercourse with another person,
      ii. forcibly,
      iii. and/or against that person's will (non-consensually), or
      iv. Not forcibly or against the person's will in instances in which the complainant is incapable of giving consent because of age (under the age of 18) or because of temporary or permanent mental or physical incapacity.
   d. **Sexual Assault with an object**:
      i. the use of an object or instrument to penetrate,
      ii. however slightly,
      iii. the genital or anal opening of the body of another person,
      iv. forcibly,
      v. and/or against that person's will (non-consensually),
vi. or not forcibly or against the person's will in instances in which the complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

e. Forcible Fondling:
   i. the touching of the private body parts of another person (buttocks, groin, breasts),
   ii. for the purpose of sexual gratification,
   iii. forcibly,
   iv. and/or against that person's will (non-consensually),
   v. or not forcibly or against the person's will in instances in which the complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

f. Sex Offenses, non-forcible:
   i. incest:
      1. non-forcible sexual intercourse,
      2. between persons who are related to each other,
      3. within the degrees wherein marriage is prohibited by Arizona law.
   ii. statutory rape:
      1. non-forcible sexual intercourse,
      2. with a person who is under the Arizona statutory age of consent, which is the age of 18 years old.

4. Dating Violence, defined as:
   a. violence,
   b. on the basis of sex,
   c. committed by a person,
   d. who is in or has been in a social relationship of a romantic or intimate nature with the complainant.
      i. the existence of such a relationship shall be determined based on the complainant's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. for the purposes of this definition
      ii. dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
      iii. dating violence does not include acts covered under the definition of domestic violence.

5. Domestic Violence, defined as:
   a. violence,
   b. on the basis of sex,
   c. committed by a current or former spouse or intimate partner of the complainant,
   d. by a person with whom the complainant shares a child in common, or
   e. by a person who is cohabitating with, or has cohabitated with, the complainant as a spouse or intimate partner, or
   f. by a person similarly situated to a spouse of the complainant under the domestic or family violence laws of the state of Arizona or
g. by any other person against an adult or youth complainant who is protected from that person’s acts under the domestic or family violence laws of the state of Arizona.

To categorize an incident as domestic violence, the relationship between the respondent and the complainant must be more than just two people living together as roommates. The people cohabitating must be current or former spouses or have an intimate relationship.

6. Stalking, defined as:
   a. engaging in a course of conduct,
   b. on the basis of sex,
   c. directed at a specific person, that would cause a reasonable person to fear for the person’s safety, or the safety of others; or suffer substantial emotional distress.

for the purposes of this definition—
   i. course of conduct means two or more acts, including, but not limited to, acts in which the respondent directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.
   ii. reasonable person means a reasonable person under similar circumstances and with similar identities to the complainant.
   iii. substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

MCCCD reserves the right to impose any level of sanction, ranging from a reprimand up to and including suspension or expulsion/termination, for any offense under this policy.

**Force, Coercion, Consent, And Incapacitation:**

as used in the offenses above, the following definitions apply:

**Force:** force is the use of physical violence and/or physical imposition to gain sexual access. Force also includes threats, intimidation (implied threats), and coercion that is intended to overcome resistance or produce consent.

Sexual activity that is forced is, by definition, non-consensual, but non-consensual sexual activity is not necessarily forced. Silence or the absence of resistance alone is not consent. Consent is not demonstrated by the absence of resistance. While resistance is not required or necessary, it is a clear demonstration of non-consent.

**Coercion:** coercion is unreasonable pressure for sexual activity. Coercive conduct differs from seductive conduct based on factors such as the type and/or extent of the pressure used to obtain consent. When someone makes clear that they do not want to engage in certain sexual activity, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point may be coercive.

**Consent is:**

- Knowing, and
- Voluntary, and
• Clear Permission
• By word or action
• To engage in sexual activity.

Since individuals may experience the same interaction in different ways, it is the responsibility of each party to determine that the other has consented before engaging in the activity. No one under the age of consent in Arizona, specifically, 18 years old, can consent to sexual activity.

If consent is not clearly provided prior to engaging in the activity, consent may be ratified by word or action at some point during the interaction or thereafter, but clear communication from the outset is strongly encouraged.

For consent to be valid, there must be a clear expression in words or actions that the other individual consented to that specific sexual conduct. Reasonable reciprocation can be implied. For example, if someone kisses you, you can kiss them back (if you want to) without the need to explicitly obtain their consent to being kissed back.

Consent can also be withdrawn once given, as long as the withdrawal is reasonably and clearly communicated. If consent is withdrawn, that sexual activity should cease within a reasonable time.

Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse), a current or previous intimate relationship is not sufficient to constitute consent.

Proof of consent or non-consent is not a burden placed on either party involved in an incident. Instead, the burden remains on the mcccd to determine whether its policy has been violated. The existence of consent is based on the totality of the circumstances evaluated from the perspective of a reasonable person in the same or similar circumstances, including the context in which the alleged incident occurred and any similar, previous patterns that may be evidenced.

**Incapacitation:** Incapacitation occurs when someone cannot make rational, reasonable decisions because they lack the capacity to give knowing/informed consent (e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction).

Incapacitation is determined through consideration of all relevant indicators of an individual’s state and is not synonymous with intoxication, impairment, blackout, and/or being drunk.

A person cannot consent if they are unable to understand what is happening or are disoriented, helpless, asleep, or unconscious, for any reason, including by alcohol or other drugs. As stated above, a respondent violates this policy if they engage in sexual activity with someone who is incapable of giving consent.

It is a defense to a sexual assault policy violation that the respondent neither knew nor should have known the complainant to be physically or mentally incapacitated. “should have known” is an objective, reasonable person standard which assumes that a reasonable person is both sober and exercising sound judgment.
This policy also covers a person whose incapacity results from a temporary or permanent physical or mental health condition, involuntary physical restraint, and/or the consumption of incapacitating drugs.

xiv. Retaliation

Protected activity under this policy includes reporting an incident that may implicate this policy, participating in the grievance process, supporting a complainant or respondent, assisting in providing information relevant to an investigation, and/or acting in good faith to oppose conduct that constitutes a violation of this policy.

Acts of alleged retaliation should be reported immediately to the Title IX Coordinator and will be promptly investigated. The MCCCD is prepared to take appropriate steps to protect individuals who fear that they may be subjected to retaliation.

it is prohibited for the MCCCD or any member of MCCCD's community to take materially adverse action by intimidating, threatening, coercing, harassing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by law or policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy and procedure.

Charges against an individual for student conduct code violations that do not involve sex discrimination or sexual harassment but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation.

The following do not constitute retaliation under this policy:

1. The exercise of rights protected under the first amendment.

2. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy and procedure. a determination regarding responsibility, alone, is not sufficient to conclude that any party has made a materially false statement in bad faith.

For additional information on prohibited retaliation, please see RETALIATION.

xv. When a Complainant Does Not Wish to Proceed

If a complainant does not wish for their name to be shared, does not wish for an investigation to take place, or does not want a formal complaint to be pursued, they may make such a request to the Title IX Coordinator, who will evaluate that request in light of the duty to ensure the safety of the campus and to comply with state or federal law.

The Title IX Coordinator has ultimate discretion over whether the MCCCD proceeds when the complainant does not wish to do so. The Title IX Coordinator may sign a formal complaint to initiate a grievance process
upon completion of an appropriate violence risk assessment. The Title IX Coordinator's decision to sign a formal complaint should be based on results of the violence risk assessment that show a compelling risk to health and/or safety that requires the MCCCD to pursue formal action to protect the community.

When the Title IX Coordinator executes the written complaint, they do not become the complainant. The complainant is the individual who is alleged to be the victim of conduct that could constitute a violation of this policy. The complainant (or their advisor) may have as much or as little involvement in the process as they wish. The complainant retains all rights of a complainant under this policy irrespective of their level of participation. Typically, when the complainant chooses not to participate, the advisor may be appointed as proxy for the complainant throughout the process, acting to ensure and protect the rights of the complainant.

In cases in which the complainant requests confidentiality/no formal action and the circumstances allow the MCCCD to honor that request, the MCCCD will offer supportive measures, and remedies to the complainant and the community, but will not otherwise pursue formal action.

If the complainant elects to take no action, they can change that decision if they decide to pursue a formal complaint at a later date. Upon making a formal complaint, a complainant has the right, and can expect, to have allegations taken seriously by the MCCCD, and to have the incidents investigated and properly resolved through these procedures.

xvi. Federal Timely Warning Obligations

Parties reporting sexual assault, domestic violence, dating violence, and/or stalking should be aware that under the Clery Act, MCCCD must issue timely warnings for incidents reported to them that pose a serious or continuing threat of bodily harm or danger to members of the campus community.

MCCCD will ensure that a complainant's name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the potential danger.

xvii. False Allegations and Evidence

Deliberately false and/or malicious accusations under this policy, as opposed to allegations which, even if erroneous, are made in good faith, are a serious offense and will be referred to either the student conduct code or employee conduct policies for appropriate disciplinary action.

Additionally, witnesses and parties knowingly providing false evidence, tampering with or destroying evidence after being directed to preserve such evidence, or deliberately misleading an investigator or hearing decision-maker will be subject to discipline under the appropriate student or employee policy as well as under this policy for providing false testimony.
Amnesty for Complainants and Witnesses

The MCCCD community encourages the reporting of misconduct and crimes by complainants and witnesses. Sometimes, complainants or witnesses are hesitant to report to MCCCD officials or participate in grievance processes because they fear that they themselves may be in violation of certain policies, such as underage drinking or use of illicit drugs at the time of the incident. Respondents may hesitate to be forthcoming during the process for the same reasons.

It is in the best interests of the MCCCD community that complainants choose to report misconduct to MCCCD officials, that witnesses come forward to share what they know, and that all parties be forthcoming during the process. To encourage reporting and participation in the process, MCCCD maintains a policy of offering parties and witnesses amnesty from minor policy violations, such as underage consumption of alcohol or the use of illicit drugs related to the incident being reported.

Amnesty does not apply to more serious allegations such as physical abuse of another or illicit drug distribution. A decision not to offer amnesty to a respondent should not be based on sex nor gender, but should take into account the rationale for amnesty. The incentive to report serious misconduct is rarely applicable to respondents with respect to a complainant.

MCCCD maintains a policy of amnesty for students who offer help to others in need via bystander intervention. While policy violations cannot be overlooked, MCCCD may provide purely educational options with no official disciplinary finding, rather than punitive sanctions, to those who offer their assistance to others in need.

Federal Statistical Reporting Obligations

Certain campus officials – those deemed campus security authorities – have a duty to report the following for federal statistical reporting purposes (Clery Act):
   a) All “primary crimes,” which include homicide, sexual assault, robbery, aggravated assault, burglary, motor vehicle theft, and arson;
   b) Hate crimes, which include any bias motivated primary crime as well as any bias motivated larceny or theft, simple assault, intimidation, or destruction/damage/vandalism of property;
   c) VAWA based crimes, which include sexual assault, domestic violence, dating violence, and stalking (VAWA is the Violence Against Women Act, enacted in 1994 codified in part at 42 U.S.C. sections 13701 through 14040); and
   d) Arrests and referrals for disciplinary action for weapons-related law violations, liquor-related law violations, and drug abuse-related law violations.

All personally identifiable information is kept private, but statistical information must be passed along to campus law enforcement regarding the type of incident and its general location (on or off-campus or in the surrounding area, but no addresses are given) for publication in the annual security report and daily campus crime log.
Campus security authorities include: presidents, vice-presidents, student affairs/student conduct staff, campus law enforcement/public safety, local police, coaches, athletic directors, student activities staff, human resources staff, advisors to student organizations, and any other official with significant responsibility for student and campus activities.

xx. Alleged Violations of the Title IX Policy

1. OVERVIEW

MCCCD will act on any formal or informal notice/complaint of violation of the Title IX Sexual Harassment Policy ("The Policy") that is received by the Title IX Coordinator or any other official with authority by applying these procedures.

The procedures below apply only to qualifying allegations of sexual harassment (including sexual assault, dating violence, domestic violence, and stalking, as defined in section xiii) involving mcccd students, staff, administrator, or faculty members.

Unionized/other categorized employees are subject to the terms of their agreements/employees' rights to the extent those agreements do not conflict with this policy.

2. NOTICE/COMPLAINT

Upon receipt of a complaint or notice to the Title IX Coordinator of an alleged violation of this policy, MCCCD will initiate a prompt initial assessment to determine the next steps. The Title IX Coordinator will initiate at least one of three responses:

1. Offering supportive measures because the complainant does not want to proceed formally;
2. Offering supportive measures and initiating an informal resolution; or
3. Offering supportive measures and initiating a formal grievance process including an investigation and a hearing to determine whether or not the policy has been violated.

3. INITIAL ASSESSMENT

Following receipt of notice or a complaint of an alleged violation of this policy, the Title IX Coordinator (or designee) will engage in an initial assessment, which is typically one (1) to five (5) business days in duration.

For more information related to the initial assessment, please see the INVESTIGATIVE PROCESS.
4. **EMERGENCY REMOVAL**

In the event an emergency removal is considered, the Title IX Coordinator will follow the procedures outlined in section VIII of this policy.

5. **DISMISSAL (MANDATORY AND DISCRETIONARY)**

Mandatory dismissal: the Title IX Coordinator must dismiss a formal complaint or any allegations therein if, at any time during the investigation or hearing, it is determined that:

1. The conduct alleged in the formal complaint would not constitute sexual harassment as defined in the policy hereinabove, even if proved; and/or
2. The conduct did not occur in an educational program or activity controlled by MCCCD (including buildings or property controlled by recognized student organizations), and/or MCCCD does not have control of the respondent; and/or
3. The conduct did not occur against a person in the United States.

Any conduct alleged in the formal complaint that is dismissed under the first (1st) provision above will be referred by the Title IX Coordinator to the student code of conduct administrator (for student respondents) or the college or District Human Resources Administrator (for employee/third party respondents). Referrals shall take place within three (3) days of the date of the dismissal letter being mailed to the parties.

Discretionary dismissal: the Title IX Coordinator may choose to dismiss a formal complaint or any allegations therein if, at any time during the investigation or hearing:

1. A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein. A complainant who decides to withdraw a complaint may later request to reinstate it or refile it; or
2. The respondent is no longer enrolled in or employed by the MCCCD; or
3. Specific circumstances prevent MCCCD from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon any dismissal, MCCCD will promptly send written notice of the dismissal and the rationale for doing so simultaneously to the parties.

Both mandatory and discretionary dismissal decisions are appealable by any party under the procedures for appeal below.
6. COUNTERCLAIMS

MCCCD is obligated to ensure that the grievance process is not abused for retaliatory purposes. MCCCD permits the filing of counterclaims but uses an initial assessment, described above, to assess whether the allegations in the counterclaim are made in good faith. Counterclaims made with retaliatory intent will not be permitted and may constitute a violation of this policy.

Counterclaims determined to have been reported in good faith will be processed using the grievance procedures below. Investigation of such claims may take place after resolution of the underlying initial allegation, in which case a delay may occur.

Counterclaims may also be resolved through the same investigation as the underlying allegation, at the discretion of the Title IX Coordinator.

7. RIGHT TO AN ADVISOR

The parties may each have an advisor of their choice. The advisor may be a friend, mentor, family member, attorney, or any other individual a party chooses to advise, support, and/or consult with them throughout the resolution process. The parties may choose advisors from inside or outside of the MCCCD community. The advisor may be present with the complainant or respondent for all of their meetings and interviews within the resolution process, if they so choose.

The parties may select whoever they wish to serve as their advisor as long as the advisor is eligible and available. “Available” means the party agrees to act as advisor and has no conflict of interest in doing so. Also, the advisor cannot have institutionally conflicting roles, such as being a Title IX Administrator who has an active role in the matter, or a supervisor who must monitor and implement sanctions.

Choosing an advisor who is also a witness in the process creates potential for bias and conflict-of-interest. A party who chooses an advisor who is also a witness can anticipate that issues of potential bias will be explored by the hearing decision-maker.

If the parties choose an advisor from the pool available from the MCCCD, the advisor will be trained by the MCCCD and be familiar with the MCCCD's resolution process. If the parties choose an advisor from outside the pool of those identified by the MCCCD, the advisor may not have been trained by the mcccd and may not be familiar with MCCCD policies and procedures.

Parties also have the right to choose not to have an advisor in the initial stages of the resolution process, prior to a hearing. If either party chooses not to have an advisor present in the initial stages of the resolution process, this choice will be documented in the record of the case.

For more information regarding the training received by an advisor, please see ADVISORS FAQ.
A. Advisors in Hearings/MCCCD-Appointed Advisor

Under U.S. Department of Education Regulations Applicable to Title IX, cross-examination is required during the hearing, but must be conducted by the parties' advisors. The parties are not permitted to directly cross-examine each other or any witnesses. If a party does not have an advisor for a hearing, MCCCD will appoint a trained advisor for the limited purpose of conducting cross-examination.

A party may reject this appointment and choose their own advisor, but they may not proceed with the hearing without an advisor. If the party's advisor will not conduct cross-examination, MCCCD will appoint an advisor who will do so thoroughly, regardless of the participation or non-participation of the advised party in the hearing itself. extensive questioning of the parties and witnesses may also be conducted by the decision-maker during the hearing.

B. Pre-Interview Meetings

Advisors may request to meet with the administrative officials conducting interviews/meetings in advance of these interviews or meetings. In order for a pre-interview meeting to be held it must be requested by the advisor. This pre-meeting allows advisors to clarify and understand their role and MCCCD's policies and procedures. a pre-interview meeting is not mandatory.

C. Advisor Violations of MCCCD Policy

All advisors are subject to the same MCCCD policies and procedures, whether they are attorneys or not. Advisors are expected to advise without disrupting proceedings. Advisors may not address MCCCD officials in a meeting or interview unless invited to do so (e.g., asking procedural questions). The advisor may not speak on behalf of their advisee during any meeting or proceeding and may not speak on behalf of the advisee to the investigator(s) or other decision-maker except during a hearing proceeding, during cross-examination.

The parties are expected to respond to questions on their own behalf throughout the investigation phase of the resolution process. Although the advisor generally may not speak on behalf of their advisee, the advisor may consult with their advisee, either privately as needed, or by conferring or passing notes during any resolution process meeting or interview. For longer or more involved discussions, the parties and their advisors should ask for breaks to allow for private consultation.

Any advisor who oversteps their role as defined by this policy will be warned only once. If an advisor continues to disrupt or otherwise fails to respect the limits of the advisor role, the meeting will be ended, or other appropriate measures implemented. Subsequently, the Title IX Coordinator will determine how to address the advisor's non-compliance and future role.

D. Sharing Information with the Advisor

Parties may share documentation and evidentiary information directly with their advisor or other individuals if they wish. doing so may help the parties participate more meaningfully in the resolution process.
MCCCD also provides a consent form (FERPA authorization to release) that authorizes the MCCCD to share such information directly with a party’s advisor. The parties must either complete and submit this form to the Title IX Coordinator or provide similar documentation demonstrating consent to a release of information to the advisor before MCCCD is able to share records with an advisor.

The MCCCD will not comply with any party’s request that all communications be made through their attorney advisor.

E. Privacy of Records Shared with Advisor

Advisors are expected to maintain the privacy of the records shared with them. These records may not be shared with third parties, disclosed publicly, or used for purposes not explicitly authorized by MCCCD. MCCCD may seek to restrict the role of any advisor who does not respect the sensitive nature of the process or who fails to abide by the MCCCD’s privacy expectations.

F. Expectations of an Advisor

The MCCCD expects an advisor to adjust their schedule to allow them to attend MCCCD meetings when planned. At the sole discretion of the Title IX Coordinator, scheduled meetings may be changed to accommodate an advisor’s inability to attend, if doing so does not cause an unreasonable delay. A Title IX Coordinator’s decision as to whether to change meeting dates and times is final.

MCCCD may also make reasonable provisions to allow an advisor who cannot attend in person to attend a meeting by telephone, video conferencing, or other similar technologies as may be convenient and available.

G. Expectations of the Parties with Respect to Advisors

A party may elect to change advisors during the process and is not obligated to use the same advisor throughout. The parties are expected to inform the investigator(s) of the identity of their advisor at least two (2) business days before the date of their first meeting with investigators (or as soon as possible if a more expeditious meeting is necessary or desired).

The parties are expected to provide timely notice to the Title IX Coordinator if they change advisors at any time. It is assumed that if a party changes advisors, consent to share information with the previous advisor is terminated, and a release for the new advisor must be secured. parties are expected to inform the Title IX Coordinator of the identity of their hearing advisor at least two (2) business days before the hearing.

8. RESOLUTION PROCESSES

Resolution proceedings are private. All persons present at any time during the resolution process are expected to maintain the privacy of the proceedings in accordance with MCCCD policy. While there is an expectation of privacy around what investigators share with parties during interviews, the parties have discre-
tion to share their own knowledge and evidence with others if they so choose. MCCCD encourages parties to discuss this topic with their advisors before doing so.

9. FORMAL GRIEVANCE PROCESS

The formal grievance process relies on a pool of administrators (“the pool”) to carry out the process. Members of the pool are announced in an annual distribution of this policy to all students, parents/guardians of students, employees, prospective students, and prospective employees. They are also listed in the annual Title IX report published by the Title IX office.

For more information regarding the formal grievance pool—including selection, training, and responsibilities—please see FORMAL GRIEVANCE POOL.

10. FORMAL GRIEVANCE PROCESS: NOTICE OF INVESTIGATION AND ALLEGATIONS

The Title IX Coordinator will provide written notice of allegations (the “NOA”) to the respondent upon commencement of the formal grievance process. This facilitates the respondent’s ability to prepare for the interview and to identify and choose an advisor to accompany them. The NOA is also copied to the complainant, who is to be given advance notice of when the NOA will be delivered to the respondent.

The NOA will include:

- A meaningful summary of all of allegations,
- The identity of the involved parties (if known),
- The precise misconduct being alleged,
- The date and location of the alleged incident(s) (if known),
- The specific policies implicated,
- A statement of the potential sanctions/responsive actions that could result,
- A statement that the MCCCD presumes the respondent is not responsible for the reported misconduct unless and until the evidence supports a different determination,
- A statement that determinations of responsibility are made at the conclusion of the process and that the parties will be given an opportunity to inspect and review all directly related and/or relevant evidence obtained during the review and comment period,
- A statement about the MCCCD’s policy on retaliation,
- Information on the need for each party to have an advisor of their choosing and suggestions for ways to identify an advisor,
- A statement informing the parties that the MCCCD’s policy prohibits knowingly making false statements, including knowingly submitting false information during the resolution process,
- Detail on how the party may request disability accommodations during the interview process,
• A suggested date and time for an initial meeting (proper time will be given to allow for the selection of an advisor)
• The name(s) of the investigator(s), along with a process to identify, in advance of the interview process, to the Title IX Coordinator any conflict of interest that the investigator(s) may have, and
• An instruction to preserve any evidence that is directly related to the allegations.

Amendments and updates to the NOA may be made as the investigation progresses and more information becomes available regarding the addition or dismissal of various charges.

Notice will be made in writing and will be sent via electronic mail to the MCCCD-issued email account and mailed via regular mail to the local or permanent address as indicated in official mcccd records. Notice is presumed to have been given upon emailing the NOA to the respondent’s MCCCD-owned email address. The NOA will also be placed in regular mail, postage pre-paid.

11. RESOLUTION TIMELINE

The MCCCD will make a good faith effort to complete the resolution process within a sixty-to-ninety (60-90) business day time period, including appeal, which can be extended as necessary for appropriate cause by the Title IX Coordinator, who will provide notice and rationale for any extensions or delays to the parties as appropriate, as well as an estimate of how much additional time will be needed to complete the process.

12. APPOINTMENT OF INVESTIGATORS

Once the decision to commence a formal investigation is made, the Title IX Coordinator shall appoint a team of two (2) investigators to investigate the allegations. Appointment of investigators typically occurs within two (2) business days of determining that an investigation should proceed.

13. ENSURING IMPARTIALITY

Any individual materially involved in the administration of the resolution process may neither have nor demonstrate a conflict of interest or bias for a party generally, or for a specific complainant or respondent. The Title IX Coordinator will vet the assigned investigator(s) to ensure impartiality by ensuring there are no actual or apparent conflicts of interest or disqualifying biases. The parties may, at any time during the resolution process, raise a concern regarding bias or conflict of interest, and the Title IX Coordinator will determine whether the concern is reasonable and supportable. The Title IX Coordinator’s decision allegations of bias or conflict of interest is final.

The formal grievance process involves an objective evaluation of all relevant inculpatory and exculpatory evidence obtained. Credibility determinations may not be based solely on an individual’s status or participation as a complainant, respondent, or witness.
A respondent is presumed not to be responsible for the reported misconduct unless and until the respondent is determined to be responsible for a policy violation by the applicable preponderance of the evidence standard.

14. DELAYS IN THE INVESTIGATION PROCESS AND INTERACTIONS WITH LAW ENFORCEMENT

The MCCCD may undertake a short delay in its investigation (several days) if the following circumstances require: a request from law enforcement to temporarily delay the investigation, the need for language assistance, the absence of parties and/or witnesses, and/or accommodations for disabilities or health conditions, or such circumstances as determined by the Title IX Coordinator in their sole discretion.

The MCCCD will communicate in writing the anticipated duration of the delay and reason to the parties and provide the parties with status updates if necessary. The MCCCD will promptly resume its investigation and resolution process as soon as feasible. During such a delay, MCCCD will implement supportive measures, as deemed appropriate.

The MCCCD’s action(s) are not typically altered or precluded on the grounds that civil or criminal charges involving the underlying incident(s) have been filed or that criminal charges have been dismissed or reduced.

15. THE INVESTIGATION PROCESS

All investigations should be thorough, reliable, impartial, prompt, and fair. Investigations involve interviews with all relevant parties and witnesses; obtaining available, relevant evidence; and identifying sources of expert information, as necessary. Either party may submit a written statement to the Title IX Coordinator outlining their position on the allegations.

All parties have a full and fair opportunity, through the investigation process, to suggest witnesses and questions, to provide evidence and expert witnesses (at their own expense), and to fully review and respond to all evidence on the record.

For additional information regarding steps in the investigative process, please see INVESTIGATIVE PROCESS.

16. ROLE AND PARTICIPATION OF WITNESSES IN THE INVESTIGATION

Witnesses (as distinguished from the parties) who are employees or students of the MCCCD are expected to cooperate with and participate in the MCCCD’s investigation and resolution process. Failure of such witnesses to cooperate with and/or participate in the investigation or resolution process constitutes a violation of this policy and may warrant discipline.

While in-person interviews for parties and all potential witnesses are ideal, circumstances (e.g., study abroad, summer break) may require individuals to be interviewed remotely. skype, zoom, facetime, webex,
or similar technologies may be used for interviews if the investigator(s) determine that timeliness or efficiency dictate a need for remote interviewing. MCCCD will take appropriate steps to reasonably ensure the security/privacy of remote interviews.

Witnesses may also provide written statements in addition to being interviewed. If a witness submits a written statement but does not intend to be and is not present for cross examination at a hearing, their written statement may not be used as evidence.

17. RECORDING OF INTERVIEWS

No audio or video recording of any kind is permitted during investigation meetings.

18. EVIDENTIARY CONSIDERATIONS IN THE INVESTIGATION

The investigation does not consider:

1. Incidents not directly related to the possible violation, unless they evidence a pattern;
2. The character of the parties; or
3. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent.

19. REFERRAL FOR HEARING

The Title IX Coordinator will refer the matter for a hearing, once the final investigative report is shared with the parties.

The hearing cannot be less than ten (10) business days from the conclusion of the investigation, when the final investigation report is made available to the parties and the decision-maker for review and comment, unless all parties, and the decision-maker agrees to an expedited timeline. This agreement must be in writing.

The Title IX Coordinator will select a decision-maker that is hired from a list of approved attorneys for any hearing held under the Title IX policy.

20. HEARING DECISION-MAKER COMPOSITION

The MCCCD will designate a single decision-maker. The single decision-maker will also be the chair of the hearing, the decision-maker will not have had any previous involvement with the investigation. The de-
cision-maker is an out-sourced position. the decision-maker will not be an MCCCD employee. The decision-maker will have had no previous involvement in the matter at hand.

21. EVIDENTIARY CONSIDERATIONS IN THE HEARING

Any evidence that the decision-maker determines is relevant and credible may be considered. The hearing does not consider:

1. Incidents not directly related to the possible violation, unless they evidence a pattern;
2. The character of the parties; or
3. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Previous disciplinary action of any kind involving the respondent may be considered in determining an appropriate sanction upon a determination of responsibility. This information is only considered at the sanction stage of the process.

The parties, if they so choose, may submit a written impact statement prior to the hearing for the consideration of the decision-maker at the sanction stage of the process when a determination of responsibility is reached.

After post-hearing deliberation, the decision-maker renders a determination based on the preponderance of the evidence—whether it is more likely than not that the respondent violated the policy as alleged.

22. NOTICE OF HEARING

No less than ten (10) business days prior to the hearing, the Title IX Coordinator will send notice of the hearing to the parties via email to the individual mcccd-issued email address. Once emailed, notice will be presumptively delivered.

The notice will contain:

1. A description of the alleged violation(s), a list of all policies allegedly violated, a description of the applicable procedures, and a statement of the potential sanctions/responsive actions that could result.
2. The time, date, and location of the hearing and a reminder that attendance is mandatory, superseding all other campus activities. thoroughness and fairness are the primary foci of any title ix hearing process. hearings are generally scheduled for two (2) hours, but can be extended, as needed at the discretion of the decision-maker, to ensure that both parties are able to present the information relevant to their position. (e.g., complicated fact pattern, numerous witnesses, etc.).
3. Any technology that will be used to facilitate the hearing.

4. A list of all those who will attend the hearing, along with an invitation to object to the decision-maker on the basis of demonstrated bias. This must be raised with the Title IX Coordinator at least two (2) business days prior to the hearing.

5. Information on how the hearing will be recorded and on access to the recording for the parties after the hearing.

6. A statement that if any party or witness does not appear at the scheduled hearing, the hearing may be held in their absence, and the party's or witness's testimony and any statements given prior to the hearing will not be considered by the decision-maker. For compelling reasons, the decision-maker may reschedule the hearing.

7. Notification that the parties may have the assistance of an advisor of their choosing at the hearing and will be required to have one present for any questions they may desire to ask. The party must notify the Title IX Coordinator if they do not have an advisor, and the MCCCD will appoint one. Each party must have an advisor present. There are no exceptions.

8. An invitation to each party to submit to the decision-maker an impact statement. Pre-hearing that the decision-maker will review during any sanction determination.

9. An invitation to contact the Title IX Coordinator to arrange any disability accommodations, language assistance, and/or interpretation services that may be needed at the hearing, at least seven (7) business days prior to the hearing.

10. Direction that the parties may not bring mobile phones/devices into the hearing.

Hearings for possible violations that occur near or after the end of an academic term (assuming the respondent is still subject to this policy) and are unable to be resolved prior to the end of term will typically be held immediately after the end of the term or during the summer, as needed, to meet the resolution timeline followed by the MCCCD and remain within the 60-90 business day goal for resolution.

In these cases, if the respondent is a graduating student, a hold may be placed on graduation and/or official transcripts until the matter is fully resolved (including any appeal). A student facing charges under this policy is not in good standing to graduate.

23. VIRTUAL HEARINGS

All hearings will occur virtually by use of technology, specifically webex or zoom technology. Each party will be located in a separate room from the decision-maker, but will be able to see and hear each other. Witnesses will testify in the same room as the decision-maker, but not the room where the parties and their advisors sit. The Title IX Coordinator will arrange to use technology to allow remote testimony without compromising the fairness of the hearing.
24. PRE-HEARING PREPARATION

The decision-maker, or designee, after any necessary consultation with the parties, investigator(s) and/or Title IX Coordinator, will provide the names of persons who will be participating in the hearing, all pertinent documentary evidence, and the final investigation report to the parties at least ten (10) business days prior to the hearing. During the ten (10) business day period prior to the hearing, the parties have the opportunity to review and comment on the final investigation report and available evidence.

The decision-maker, or designee will also provide the parties a copy of the pre-hearing preparation checklist/document. A copy of the pre-hearing preparation checklist/document may be found on the MCCCD's Title IX webpage: HTTPS://DISTRICT.MARICOPA.EDU/CONSUMER-INFORMATION/TITLE-IX/

25. HEARING PROCEDURES

At the hearing, the decision-maker has the authority to hear and make determinations on all allegations of sexual harassment and/or retaliation and may also hear and make determinations on any additional alleged policy violations that have occurred in concert with the discrimination, harassment, and/or retaliation, even though those collateral allegations may not specifically fall within the Title IX policy.

Participants at the hearing will include the decision-maker, the hearing facilitator, the investigator(s) who conducted the investigation, the parties, advisors to the parties, any called witnesses, the Title IX Coordinator and anyone providing authorized accommodations or assistive services.

The decision-maker will answer all questions of procedure. Anyone appearing at the hearing to provide information will respond to questions on their own behalf.

The decision-maker will allow witnesses who have relevant information to appear at a portion of the hearing in order to respond to specific questions from the decision-maker and the parties and will then be excused from attendance.

26. HEARING PROCEDURES

In hearings involving more than one respondent or in which two (2) or more complainants have accused the same individual of substantially similar conduct, the parties may agree to hear the allegations jointly. All parties must agree to a joint hearing. If one party does not agree, the default will be to hold the hearings separately.

In joint hearings, separate determinations of responsibility will be made for each respondent with respect to each alleged policy violation.
27. REFUSAL TO SUBMIT TO CROSS-EXAMINATION AND INFERENCES

The decision-maker may not rely on any prior statement made by any party or witness at the hearing (including those contained in the investigation report) in the ultimate determination of responsibility, if that party or witness chooses not to submit to cross-examination at the hearing, by either failing to attend the hearing or by attending but refusing to participate in questioning. The decision-maker may consider evidence provided that is something other than a statement by such a party or witness.

If the party or witness attends the hearing and answers some, but not all, cross-examination questions, the decision-maker may rely only on those statements related to the cross-examination questions that they answered. The decision-maker cannot rely on any portion of a statement related to cross-examination questions that a party or witness refused to answer. Except that, a decision-maker can rely on statements that are the subject of the allegation itself (e.g., the case is about verbal harassment or a quid pro quo offer), even if the party who allegedly made the statements refuses to attend the hearing or submit to cross-examination.

The decision-maker may not draw any inference solely from a party’s or witness’s absence from the hearing or refusal to answer cross-examination or other questions.

If charges of policy violations other than sexual harassment are considered at the same hearing, the decision-maker may consider all evidence it deems relevant, may rely on any relevant statement as long as the opportunity for cross-examination is afforded to all parties through their advisors, and may draw reasonable inferences from any decision by any party or witness not to participate or respond to questions.

If a party’s advisor of choice refuses to comply with MCCCD’s established rules of decorum for the hearing, MCCCD may require the party to use a different advisor. If a MCCCD-provided advisor refuses to comply with the rules of decorum, the Title IX Coordinator may provide that party with a different advisor to conduct cross-examination on behalf of that party.

28. RECORDING HEARINGS

Hearings (but not deliberations) are recorded by MCCCD for purposes of review in the event of an appeal. The parties may not record the proceedings and no other unauthorized recordings are permitted.

The decision-maker, the parties, their advisors, and appropriate administrators of the mcccd will be permitted to listen to the recording in a controlled environment determined by the Title IX Coordinator. No person will be given a copy or be allowed to make a copy of the recording.

29. DELIBERATION, DECISION-MAKING, AND STANDARD OF PROOF

The decision-maker will deliberate alone to determine, by a preponderance of the evidence, whether the respondent is responsible or not responsible for the policy violation(s) in question. The deliberation period
is not to exceed five (5) days. The decision-maker may consider the previously submitted party impact state-
ments in determining appropriate sanction(s), when there is a finding of responsibility as to one or more of
the allegations.

The decision-maker will ensure that each of the parties has an opportunity to review any impact statement
submitted by the other party(ies). The decision-maker may—at their discretion—consider the statements, but
they are not binding.

The decision-maker will then prepare a written deliberation statement and deliver it to the title ix coordina-
tor, detailing the determination, rationale, the evidence used in support of its determination, the evidence
disregarded, credibility assessments, and any sanctions. This report typically should not exceed three (3) to
five (5) pages in length and must be submitted electronically to the Title IX Coordinator within two (2) busi-
ness days of the end of deliberations, unless the Title IX Coordinator grants an extension. If an extension is
granted, the Title IX Coordinator will notify the parties in writing of the extension.

30. NOTICE OF OUTCOME

Using the deliberation statement, the Title IX Coordinator will prepare a notice of outcome, which shall
include the final determination, rationale, and any applicable sanction(s). The Title IX Coordinator will then
provide the notice of outcome to the parties and their advisors within five (5) business days of receiving the
decision-maker’s deliberation statement. The notice of outcome must be shared with the parties simultane-
ously.

Notification will be made in writing and will be mailed to the local or permanent address of the parties as
indicated in official MCCCD records, or emailed to the parties’ MCCCD-issued email or otherwise approved
account. Once mailed, emailed, and/or received in-person, notice will be presumptively delivered.

31. SANCTIONS

Factors considered when determining a sanction/responsive action may include, but are not limited to:

1. The nature, severity of, and circumstances surrounding the violation(s)

2. The respondent’s disciplinary history

3. Previous allegations or allegations involving similar conduct

4. The need for sanctions/responsive actions to bring an end to the discrimination, harassment, and/or
retaliation

5. The need for sanctions/responsive actions to prevent the future recurrence of discrimination, harass-
ment, and/or retaliation
6. The need to remedy the effects of the discrimination, harassment, and/or retaliation on the complainant and the community

7. Any other information deemed relevant by the decision-maker

The sanctions will be implemented as soon as is feasible, either upon the outcome of any appeal or the expiration of the window to appeal without an appeal being requested.

The sanctions described in this policy are not exclusive of, and may be in addition to, other actions taken or sanctions imposed by external authorities.

A. STUDENT SANCTIONS

THE FOLLOWING ARE THE USUAL SANCTIONS THAT MAY BE IMPOSED UPON STUDENTS OR ORGANIZATIONS SINGLY OR IN COMBINATION:

1. **WARNING**: a formal statement that the conduct was unacceptable and a warning that further violation of any MCCCD policy, procedure, or directive will result in more severe sanctions/responsive actions.

2. **REQUIRED COUNSELING**: a mandate to meet with and engage in external counseling to better comprehend the misconduct and its effects.

3. **PROBATION**: a written reprimand for violation of institutional policy, providing for more severe disciplinary sanctions in the event that the student is found in violation of any institutional policy, procedure, or directive within a specified period of time. Terms of the probation will be articulated and may include denial of specified social privileges, exclusion from co-curricular activities, exclusion from designated areas of campus, no-contact orders, and/or other measures deemed appropriate.

4. **SUSPENSION**: termination of student status for a definite period of time not to exceed two years and/or until specific criteria are met. Students who return from suspension are automatically placed on probation through the remainder of their tenure as a student at MCCCD.

5. **EXPULSION**: permanent termination of student status and revocation of rights to be on any MCCCD campus for any reason or to attend MCCCD-sponsored events.

6. **WITHHOLDING DIPLOMA**: MCCCD may withhold a student’s diploma for a specified period of time and/or deny a student participation in commencement activities if the student has an allegation pending or as a sanction if the student is found responsible for an alleged violation.

7. **REVOCATION OF DEGREE**: MCCCD reserves the right to revoke a degree previously awarded from MCCCD for fraud, misrepresentation, and/or other violation of MCCCD policies, procedures, or directives in obtaining the degree, or for other serious violations committed by a student prior to graduation.

8. **ORGANIZATIONAL SANCTIONS**: deactivation, loss of recognition, loss of some or all privileges (including MCCCD registration) for a specified period of time.

9. **OTHER ACTIONS**: in addition to or in place of the above sanctions, MCCCD may assign any other sanctions as deemed appropriate.
B. EMPLOYEE SANCTIONS

Responsive actions for an employee who has engaged in harassment, discrimination, and/or retaliation include:
1. Warning – verbal or written
2. Performance improvement/management process
3. Required counseling
4. Required training or education
5. Probation
6. Loss of annual pay increase
7. Loss of oversight or supervisory responsibility
8. Demotion
9. Suspension with pay
10. Suspension without pay
11. Termination
12. Other actions: in addition to or in place of the above sanctions, the MCCCD may assign any other sanctions as deemed appropriate.

32. WITHDRAWAL OR RESIGNATION WHILE CHARGES PENDING

Students: if a student is a respondent in a pending matter alleging a violation of the Title IX policy, the MCCCD may place a hold on a student’s ability to graduate and/or to receive an official transcript/diploma.

Should a student decide to not participate in the resolution process, the process proceeds absent their participation to a reasonable resolution. Should a student respondent permanently withdraw from the MCCCD, the resolution process ends, as the MCCCD no longer has disciplinary jurisdiction over the withdrawn student. A student who withdraws or leaves while the process is pending may not return to any MCCCD college. Such exclusion applies to all campuses of MCCCD. A hold will be placed on their ability to be re-admitted. They may also be barred from MCCCD property and/or events.

However, MCCCD will continue to address and remedy any systemic issues, variables that may have contributed to the alleged violation(s), and any ongoing effects of the alleged harassment, discrimination, and/or retaliation.

During the resolution process, MCCCD may put a hold on a responding student’s educational record that a disciplinary matter is pending.

Employees: should an employee respondent resign with unresolved allegations pending, the resolution process ends, as MCCCD no longer has disciplinary jurisdiction over the resigned employee. The employee who resigns with unresolved allegations pending is not eligible for rehire with any MCCCD or any campus of the MCCCD, and the records retained by the Title IX Coordinator will reflect that status. Human resources should also be notified and make the appropriate notation on its list of people who are not permitted to be rehired.
However, MCCCD will continue to address and remedy any systemic issues, variables that contributed to the alleged violation(s), and any ongoing effects of the alleged harassment or discrimination.

All MCCCD responses to future inquiries regarding employment references for that individual will include that the former employee resigned during a pending disciplinary matter.

33. APPEALS

Any party may file a request for appeal by submitting such a request in writing to the Title IX Coordinator within five (5) days of the delivery of the notice of outcome letter. Once the five (5) days have passed, the matter will be deemed closed.

The request for appeal will be forwarded to the Provost or Chief Academic Officer for the MCCCD, acting as the appeal chair, for consideration to determine if the request meets the grounds for appeal.

A. GROUNDS FOR APPEAL

Appeals are limited to the following grounds:

A. Procedural irregularity that affected the outcome of the matter;
B. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
C. An allegation that the Title IX Coordinator, investigators, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the specific complainant or respondent that affected the outcome of the matter.

The Appeal Chair will deny any request for appeal that does not meet the grounds in this policy and will notify the parties and their advisors in writing of the denial and the rationale. Denials based on lack of grounds shall be communicated to the requesting party within five (5) days of the request for appeal being received by the Appeal Chair.

If any of the grounds in the request for appeal meet the grounds in this policy, then the Appeal Chair will:

1. Notify the other party(ies) and their advisors, the Title IX Coordinator, and, when appropriate, the investigators and/or the original decision-maker.
2. Provide the other party(ies) and their advisors, the Title IX Coordinator, and, when appropriate, the investigators and/or the original decision-maker a copy of the appeal request with the approved grounds outlined.
3. Provide the other party(ies) and their advisors, the Title IX Coordinator, and, when appropriate, the investigators and/or the original decision-maker five (5) days to submit a response to the portion of the appeal that was approved and involves them.
4. Collect any additional information needed and all documentation regarding the approved grounds and the subsequent responses and render a decision in no more than fifteen (15) days from the date the request for appeal was filed, barring exigent circumstances. All decisions apply the preponderance of the evidence.
5. Prepare a notice of appeal outcome letter and send it to all parties simultaneously, which includes the decision on each approved ground and rationale for each decision. The notice of appeal outcome letter will also outline specific instructions for remand or reconsideration of any sanction imposed by the decision-maker, which MCCCD is permitted to share according to state or federal law.

The notice of appeal outcome letter will be mailed to the local or permanent address of the parties as indicated in official institutional records and emailed to the parties’ MCCCD-issued email or otherwise approved account. Notice is presumed to have been made once the letter is emailed.

B. SANCTIONS STATUS DURING THE APPEAL

Any sanctions imposed as a result of the hearing are stayed during the appeal process. Supportive measures may be continued or reinstated, subject to the supportive measures procedure in section VII of this policy.

MCCCD may still place holds on official transcripts, diplomas, graduations, and course registration pending the outcome of an appeal when the original sanctions included separation.

34. LONG-TERM REMEDIES/OTHER ACTIONS

Following the conclusion of the resolution process, and in addition to any sanctions implemented, the Title IX Coordinator may implement additional long-term remedies or actions with respect to the parties and/or the campus community that are intended to stop the harassment, and/or retaliation, remedy the effects, and prevent reoccurrence.

These remedies/actions may include, but are not limited to:

1. Referral to community services including counseling and health services
2. Referral to the employee assistance program
3. Education to the individual and/or the community
4. Permanent alteration of work arrangements for employees
5. Provision of campus safety escorts
6. Climate surveys
7. Policy modification and/or training
8. Implementation of long-term contact limitations between the parties
9. Implementation of adjustments to academic deadlines, course schedules, etc.
At the discretion of the Title IX Coordinator, certain long-term support or measures may also be provided to the parties even if no policy violation is found.

When no policy violation is found, the Title IX Coordinator will address any remedies owed by the MCCCD to the respondent to ensure that the respondent did not experience effective denial of educational access.

The MCCCD will maintain the privacy of any party subject to any long-term remedies/actions/measures, provided doing so does not impair the MCCCD’s ability to provide these services.

35. FAILURE TO COMPLY WITH SANCTIONS AND/OR INTERIM AND LONG-TERM REMEDIES AND/OR RESPONSIVE ACTIONS

All parties are expected to comply with the assigned sanctions, responsive actions, and/or corrective actions within the timeframe specified by the final decision-maker (including the Appeal Chair).

Failure to abide by the sanction(s)/action(s) imposed by the date specified, whether by refusal, neglect, or any other reason, may result in additional sanction(s)/action(s), including suspension, expulsion, and/or termination from the MCCCD.

A suspension will only be lifted when compliance is achieved to the satisfaction of the Title IX Coordinator.

36. RECORDKEEPING

MCCCD training materials publicly available on mcccd’s website. (note: if the MCCCD does not maintain a website, MCCCD must make these materials available upon request for inspection by members of the public.); and

1. Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, including:
   a. The basis for all conclusions that the response was not deliberately indifferent;
   b. Any measures designed to restore or preserve equal access to the mcccd’s education program or activity; and
   c. If no supportive measures were provided to the complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

The MCCCD will also maintain any and all records in accordance with state and federal laws. The MCCCD will follow the destruction of records policy as outlined by the state of Arizona.

37. DISABILITIES ACCOMMODATIONS IN THE RESOLUTION PROCESS

MCCCD is committed to providing reasonable accommodations and support to qualified students, employees, or others with disabilities to ensure equal access to the MCCCD's resolution process. Anyone needing
such accommodation should contact the Title IX Coordinator and request the accommodation. The Title IX Coordinator shall seek consultation from the college Disability Resource Services Manager (for students) or Human Resources (for employees).

38. DISABILITIES ACCOMMODATIONS IN THE RESOLUTION PROCESS

This policy requires that annual training for the Title IX Coordinators, Investigators, decision-makers, and any person who facilitates an informal resolution process will include:

1. The definition of sexual harassment under this policy,
2. The scope of the MCCCD’s education program or activity,
3. How to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable, and
4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

Decision-makers will receive annual training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant.

Investigators will receive annual training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

Any materials used to train Title IX Coordinators, Investigators, decision-makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

39. REVISION OF THIS POLICY AND PROCEDURES

This policy and procedures supersede any previous policy(ies) addressing Title IX sexual harassment and discrimination. The policy (administrative regulation) will be reviewed and updated as needed by the Title IX Coordinator, in consultation with any other stakeholders deemed necessary by the Title IX Coordinator and upon approval by the Chancellor. MCCCD reserves the right to make changes to this document as necessary, and once those changes are posted online, they are in effect.

During the resolution process, the Title IX Coordinator may make minor modifications to procedures that do not materially jeopardize the fairness owed to any party, such as to accommodate summer schedules. District Legal may also vary procedures materially with notice (on the institutional website, with the appropriate effective date identified) upon determining that changes to law or regulation require policy or procedural alterations not reflected in this policy and procedures.

If government laws or regulations change – or court decisions alter – the requirements in a way that impacts this document, this document will be construed to comply with the most recent government regulations or holdings.
This document does not create legally enforceable protections beyond the protection of the background state and federal laws which frame such policies and codes, generally.

This policy and procedures are effective August 14, 2020.

Discrimination Complaint Procedures for Students

This procedure provides a means for resolving complaints by students who believe they have been adversely affected by illegal or prohibited discrimination by the Maricopa County Community College District (MCCCD), a member college or center, or their students or employees.

Complaints may be brought under this procedure for discrimination based on race, color, religion, national origin, citizenship status (including document abuse), sex (including pregnancy and sexual harassment), sexual orientation, gender identity, age, veteran status, physical or mental disability, or genetic information. The entire college community should act promptly upon receipt of an allegation of conduct that might constitute discrimination. Any member of the college community should refer a person who might be a victim of such conduct to these procedures, as well as to the college officials responsible for conducting an investigation pursuant to these procedures.

Students who believe they are experiencing sexual harassment may submit a complaint under the Sexual Harassment Policy for Students 2.4.4. If a student has been a victim of sexual assault, a complaint may also be filed with College Public Safety (CPS).

All deadlines prescribed for Report, Informal Resolution and Formal Resolution processes may be extended by the Vice President of Student Affairs for good reason, such as (but not limited to) when classes are not in session or upon mutual agreement by the parties. Notwithstanding any deadline extension, college officials should take all necessary steps to ensure prompt and equitable resolution of any complaint of discrimination.

Information related to MCCCD’s Discrimination Complaint Procedure for Students is also available from the Office of General Counsel’s Office of Public Stewardship at 480-731-8880.
Informal Resolution of Discrimination Complaints

Before filing a formal complaint under this procedure, a student may attempt to resolve the problem through informal discussions with the person claimed to have engaged in discriminatory conduct and that person's supervisor or department head. The supervisor or department head will notify the Vice President of Student Affairs who may designate an employee to provide such assistance. If a student alleges discrimination based upon physical or mental disability, the Vice President of Student Affairs, who is designated at each college as the ADA/504 Coordinator or the Associate Vice Chancellor of Student Affairs who is designated as the District ADA/504 Coordinator, will assist directly in the informal resolution process. Each Vice President and the Associate Vice Chancellor has knowledge of the ADA/504 regulations applicable to students with disabilities. The Vice President of Student Affairs may modify or reject an informal resolution of a complaint of discriminatory conduct under this process if, in the judgment of the Vice President, the resolution that is proposed is not in the best interests of both the student and the institution. The Vice President shall take such action no later than fifteen (15) calendar days after receiving notice of the informal resolution.

Attempts to informally resolve alleged discrimination should occur within ninety (90) calendar days of the most recent alleged discriminatory act. The college official responsible for this informal resolution process should ensure that the process is concluded promptly. For complaints dealing with alleged discrimination beyond the 90-day timeframe, a student must submit a complaint under the formal resolution procedure of this policy.

If the complaint cannot be informally resolved to the satisfaction of the student, the student has the right to file a complaint and to proceed under formal resolution procedures.

Formal Resolution of Discrimination Complaints

A student who contends that unlawful or MCCCD-prohibited discrimination has occurred may file a formal complaint by contacting the Vice President of Student Affairs at each respective college or center. If a student alleges discrimination based upon physical or mental disability, he or she may submit a formal complaint with the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs or designee. The Vice President of Student Affairs or District Associate Vice Chancellor of Student Affairs or designee will accept.

A complaint may be submitted by the student verbally or in writing. A student may also contact the Office of General Counsel to obtain the name and phone number of the college or center official designated to respond to discrimination complaints.

The complaint must identify the action, decision, conduct, or other basis that the student believes is unlawful or MCCCD prohibited discrimination.

Upon receipt of a complaint, the Vice President of Student Affairs or the Associate Vice Chancellor will notify the college president or provost and the Office of General Counsel.
A copy of the complaint will be shared with the respondent within five (5) working days of receipt by the Vice President of Student Affairs. Respondent will be put on notice that retaliation against the complainant or potential witnesses will not be tolerated and that an investigation will be conducted. If the student submits a written complaint, the Vice President or the District Associate Vice Chancellor need not share with the respondent the actual form submitted by the student, but may paraphrase the allegations sufficiently to allow the respondent to draft a response.

Respondent must provide a written response to allegations within fifteen (15) calendar days of his or her receipt of the complaint.

After accepting a complaint, the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs will designate a complaint investigator to conduct a fact-finding investigation, which will include, at a minimum, a review of written evidence (including the complaint and response), and interviews with appropriate employees and students. The interviews will include all witnesses identified by all parties. If the complaint alleges discrimination based upon mental or physical disability the investigator designated by the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs must have knowledge of ADA/504 regulations applicable to students with disabilities. 34 C.F.R. §104.4 et.seq.; 28 C.F.R. §35.130 et. seq.

The Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs may serve as complaint investigator. The complaint investigator shall promptly complete the investigation and deliver to the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs the investigator’s written findings and the results of the investigation, including summaries of all interviews and all documents received as part of the investigation. In no event shall this occur later than ninety (90) calendar days following receipt of the complaint. Within ten (10) working days following receipt of the results of the investigation from the complaint investigator, the Vice President of Student Affairs or the District Vice Chancellor of Student Affairs will submit to the President or Provost the investigator’s written findings and the Vice President’s recommendations as to the disposition of the complaint.

The president or provost will accept, reject, or modify the recommendations and will provide a written notification of his or her action to the student and respondent along with a copy of the investigator’s written findings and the vice president’s or District Associate Vice Chancellor’s recommendations within fifteen (15) calendar days of receiving the written findings and recommendations from the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs.

When the investigation confirms the allegations, appropriate corrective action will be taken. Evidence which is collateral to the allegations of discrimination and/or sexual harassment and which was obtained during an investigation may be used in subsequent grievance or disciplinary procedures. Both complainant and respondent receive notice of the outcome. The institution will take appropriate steps to prevent further occurrences.

**Interim Measures**

If a student alleges discrimination based upon physical or mental disability, the District may take interim mea-
sures to assist or protect the student during an investigation. Such measures may include academic adjustments, arranging for changes in class schedules, or other appropriate temporary measures.

MCCCD Administrative Review Process

Request for Reconsideration
A student or respondent who is not satisfied with the decision of the president or provost has ten (10) working days to request, verbally or in writing, administrative review of the decision by his or her college president or provost. The request for administrative review must state reasons why the complainant or respondent believes the finding was improper. The president or provost will review the results of the investigation and written findings and respond to the request within ten (10) working days from receipt of the request. If the president or provost determines that the decision is not supported by the evidence, the case file will be reopened and assigned for further investigation. If the president or provost determines that the investigation was thorough and complete and that the decision is supported by the evidence, he or she will deny the request for administrative review. At this point, the student has exhausted the Internal Discrimination Complaint Procedure.

Complaint Process
Faculty, staff and all other college officials should refer any student seeking to make a complaint of discrimination to the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs. Every student complaint of discrimination shall be investigated under the authority of the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs in accordance with these Procedures. The Vice President of Student Affairs and any complaint investigator who participates in a complaint resolution pursuant to these Procedures shall administer every resolution process in an impartial manner, and shall fully consider all facts discovered in the course of any investigation before a resolution is reached. Each party in any complaint resolution shall have full opportunity to present all information and documentation the party feels is germane to the complaint. At no time shall a student who has made an allegation of discrimination under these Procedures be asked or required in any way by a college official to engage in any direct confrontation with any person alleged to have committed an act of discrimination. The Vice President shall ensure that every effort is made to obtain information from each witness to every act of alleged discrimination or from any other person possessed of information that is relevant and material to the complaint resolution. The Vice President of Student Affairs shall ensure that all appropriate corrective action that is warranted as a result of any complaint resolution will be taken, and shall employ best efforts to ensure that the college prevents recurrence of discrimination in the future.

Maintenance of Documentation
Documentation resulting from each level in the Formal Resolution Process (including witness statements, investigative notes, etc.) will be forwarded to and maintained by the Office of General Counsel. Investigative records are not to be maintained with or considered as a part of a student record. Documentation regarding corrective action is considered part of the student’s record.
Right to Assistance
A student or respondent may receive the assistance of an attorney or other person at any stage of a complaint filed under this Internal Discrimination Complaint Procedure. Such person may attend any investigative interview and advise the complainant or respondent but shall not otherwise participate in the interview. The complaint investigator shall direct communications directly to the complainant and respondent, and not through such individual’s attorney or other person providing assistance.

Confidentiality of Proceedings
Every effort will be made by the college and MCCCD to protect the confidentiality of the parties during the processing of complaints under this procedure. Records will be maintained in a confidential manner to the extent permitted by law and insofar as they do not interfere with MCCCD's legal obligation to investigate and resolve issues of discrimination.

Retaliation Prohibited
Retaliation against a person who has filed a complaint or against any witness questioned during an investigation is strictly prohibited. Any retaliatory action by instructors, supervisors, managers, academic professionals, administrators, or other employees who have the authority to take adverse action against a complainant or witness is prohibited and may be grounds for disciplinary action.

False Statements Prohibited
Any individual who knowingly provides false information pursuant to filing a discrimination charge or during the investigation of a discrimination charge will be subject to appropriate discipline.

External Filing of Discrimination Complaint
MCCCD encourages students to use the MCCCD Discrimination Complaint Procedure for students to resolve discrimination concerns. Students also have the right to file civil rights complaints with appropriate external agencies. No retaliation will be taken against a person for filing a complaint with an external agency. The following agency accepts discrimination charges filed by, or on behalf of, students:

AMENDED by Direct Chancellor Approval, April 1, 2015
2.4.6 Emissions Control Compliance

Pursuant to ARS §15-1444 C. no vehicle shall be allowed to park in any college parking lot unless it complies with ARS §49-542 (the annual vehicle emissions inspection program). At the time of course registration, every out-of-county and out-of-state student will be required to sign an affidavit stating that the student’s vehicle meets the requirements of ARS §49-542. Vehicles that are not in compliance are subject to being towed at the owner’s expense.

2.4.8 Petition Signature Solicitation

1. This regulation shall govern access to college premises by representatives who wish to solicit signatures on petitions for the purpose of submission of a ballot proposition to voters, or nomination of a candidate for elective office, in a city-, county-, or state-wide election.

2. Each college president shall designate general hours of accessibility for solicitation and a location on college premises where all representatives on behalf of any candidate or ballot proposition may solicit signatures. The location shall be in a common area where the solicitation will not serve as an obstruction to student activities or otherwise disrupt the college environment.

3. All solicitation must take place in designated areas. Standard space may include one or two tables and chairs. Campus restrictions regarding amplification will apply. Representatives may not distribute or make available to students, employees, or college visitors any tangible item, except for informational literature about the proposed candidate or ballot initiative.

4. Representatives shall notify the designated official at each college or center for their intent to be present on college premises no fewer than three working days prior to soliciting signatures. Upon obtaining authorization, representatives shall be provided a written version of this regulation.

Specific procedures on how to implement the Petition Signature regulation can be found in Appendix S-14.

2.4.9 Use of College Grounds by Non-MCCCD-Affiliated Users

In contrast to traditional public forums such as a public square, park, or right of way, Maricopa’s campuses are dedicated by law to the purpose of formal education. They are, and have been since their creation, for the use and benefit of prospective and enrolled students, the Maricopa employees who serve them, and those who are invited to campus by members of the College community to attend or participate in sponsored events. The Maricopa County Community College District (MCCCD) has a long history of regulating the time, place, and man-
ner in which expressive activities are conducted on campuses, for the purposes of avoiding disruption or interference with its educational activities, and protecting the rights of the members of the campus community and their invited guests to express themselves and access information. While members of the general community always have been welcome to share their ideas with the campus community, they are subject to reasonable, content-neutral regulation of the time, place and manner of the event and to the institution’s mission-based priorities – including but not limited to the need to provide an environment conducive to teaching and learning.

POLICY

This administrative regulation governs use of the college grounds, defined as the open areas and walkways of the campus by non-MCCCD-affiliated users. Use of college facilities is governed by a separate administrative regulation. Parking lots are not available for events and activities other than those sponsored and authorized by the College president.

Camping is not permitted anywhere on the campuses. Camping is defined as the use of college grounds or facilities for living accommodations or housing purposes such as overnight sleeping or making preparations for overnight sleeping (including the laying down of bedding for the purpose of sleeping), the making of any fire for cooking, lighting or warmth, or the erection or use of tents, motor vehicles, or other structures for living or shelter. These activities constitute camping when it reasonably appears, in light of all the circumstances, the participants conducting these activities intend to use or are using the facilities or grounds for living accommodations or housing, regardless of the duration or other purpose of the use.

Lawful use of college grounds for events or expressive activities by individuals, groups, and organizations may be authorized by college officials when the events and activities are lawful and consistent with the non-profit, educational nature of the campus, authorized and conducted in accordance with MCCCD policies, administrative regulations and priorities, and compliant with reasonable restrictions as to time, place, and manner. The content of the expression will not be a factor in authorizing, locating, or scheduling decisions. However, events and activities will not be permitted to disrupt or obstruct the teaching, research, or administrative functioning of the College by means of physical obstacles and crowds, by the creation of sound or noise that would interfere with teaching, learning, and the conduct of College business, or by any other means. Each College president will designate a Responsible College Official with delegable authority to approve, locate, and schedule use of college grounds.

Permit Application:
Any non-MCCCD-affiliated organization, group, or individual desiring to use campus grounds for an event or activity must submit a request form to the Responsible College Official in advance of the use date.

If the activities proposed in the application are limited to low-impact, non-commercial activities the request form shall be submitted at least two business days in advance of the expected use date. For purposes of this administrative regulation, “low-impact, non-commercial activities” are defined as: (1) activities that do not seek to sell or promote a product or service for direct or indirect financial gain; (2) activities that are limited to gath-
erings of five people or less at any given time; and (3) activities that do not involve machinery, temporary structures, tables, chairs, displays or electronic equipment, including amplifiers, or the distribution of food products.

For events that are not low-impact, non-commercial activities, the request form shall be submitted at least seven business days before the expected use. The additional advance time is required to allow the College to prepare for conditions that may affect the flow of foot traffic, involve signs and displays, create crowds, involve significant numbers of participants, or require the use of significant amounts of space and/or use of equipment and resources.

**Designated Areas:**
Because each College has a limited amount of outdoor space, activities and events sponsored by non-MCCCD-affiliated users, including speech and literature distribution, shall be restricted to designated areas. For each College, the Responsible College Official shall establish specific designated areas for such activities. A written description of these areas shall be maintained at the office of Student Life and Leadership for each College. Consistent with the goal of providing a healthy, comfortable, and educationally productive environment, the Responsible College Official should attempt to locate the designated areas in prominent locations on campus where there is a likelihood of significant pedestrian traffic. The designated areas shall not be located in building stairways and entryways, parking lots, or congested areas. The Responsible College Official will make every effort to assign users to their requested space when a specific space is desired. However, in order to ensure the potential success of all scheduled events, the College reserves the right to assign an event or activity to the area the College deems most appropriate in light of the campus capacity, other activities scheduled, and the type of event or activity being planned.

**Use Fees and Proof of Insurance:**
To offset the costs associated with the use of college grounds, non-MCCCD-affiliated users shall be required to pay a fee of $50 per day or $125 per week. In order to protect the health and safety of College students, faculty and staff and to protect MCCCD resources, non-MCCCD-affiliated users shall also be required to provide proof of insurance that indicates at least $1 million in general liability coverage and names the MCCCD as an additional insured for the anticipated use date.

The fee and proof-of-insurance provisions of this Administrative Regulation shall not be applied to low-impact, non-commercial users. A user may request designation as a low-impact, non-commercial user from the applicable College’s Responsible College Official. Any questions or comments about the criteria for approval or denial of such request shall be directed to the District Ombudsman.

**Permits:**
The approved request form will describe the location of the authorized activity and any other restrictions specific to the event. Violation of the terms of the permit, District policy, administrative regulation or law shall be grounds for immediate revocation of the permit, and the individual violators and their organizations may be banned from the campus.
Priorities and Criteria for Approval of Permits:
The content or subject of the proposed expressive activity or event will not affect approval of the application. Availability of space is not guaranteed. Reservations shall be approved on a space-available basis and will be addressed on a first come-first served basis, subject to the following priorities and criteria for the use and scheduling of space on campus grounds:

Scheduling Priorities (in order)

1. The use of facilities and grounds for the operations of the College. For example, there are times when the college is unusually crowded by members of the campus community, such as registration and orientation at the beginning of the semester. Other uses may reasonably be precluded during those times.

2. Activities and events sponsored by the College administration.

3. Activities and events sponsored by MCCCD student organizations or employee groups.

4. Activities of non-MCCCD-affiliated individuals and organizations.

5. Commercial advertising or activities.

Criteria

1. Capacity of college grounds to accommodate the number of participants at the scheduled time and proposed location.

2. Capacity of College Safety staff to provide security for all events and activities scheduled at the time.

3. Possible interference or conflict with College operations or other scheduled activities and events on the grounds.

4. General feasibility of hosting the event as proposed.

Other Policies:
This administrative regulation will be applied in conjunction and coordination with all other MCCCD policies and administrative regulations and College processes and procedures, including but not limited to regulations on facilities use, signage, sales of alcohol and/or food, and solicitation of donations.

Specific procedures on how to implement the Use of College Grounds regulation can be found in Appendix S-15.
2.4.10 Children on Campus

Children (younger than 18) may not attend any class unless they are officially registered for the class.

Children will not be allowed on campus unless participating in an authorized college program or under the supervision of an adult.

2.4.11 Crime Awareness and Campus Security Act

Federal legislation requires the college to maintain data on the types and number of crimes on college property as well as policies dealing with campus security. To obtain additional information on this subject, contact the college Safety and Security Department.

2.4.12 Workplace Violence Prevention

Purpose

It is the policy of the Maricopa County Community College District to promote a safe environment for its employees, students, contractors, and visitors. MCCCD is committed to working with its employees to maintain an environment free from violence, threats of violence, harassment, intimidation, and other disruptive behavior.

Policy

Violence, threats, harassment, intimidation, and other disruptive behavior in our facilities is prohibited and will not be tolerated. It is the responsibility of all employees, students, contractors, and visitors of MCCCD to report any occurrence of such conduct to MCCCD Public Safety. Every employee, student, contractor, and visitor on MCCCD property should report threats or acts of physical violence and acts of harassment, intimidation, and other disruptive behavior of which he/she is aware. All reports will be taken seriously and will be investigated by public safety immediately in order to protect everyone from danger. Such behavior can include oral or written statements, gestures, or expressions that communicate a direct or indirect threat of physical harm.

Prohibited Behavior

For example, and without limiting the generality of the foregoing statement, this policy prohibits:

- direct threats or physical intimidation
• implications or suggestions of violence
• stalking
• assault of any form
• physical restraint, confinement
• dangerous or threatening horseplay
• loud, disruptive, or angry behavior or language that is clearly not part of the typical work environment
• blatant or intentional disregard for the safety or well-being of others
• commission of a violent felony or misdemeanor on MCCCD property
• abuse
• violation of a protective order or restraining order
• any other act that a reasonable person would perceive as constituting a threat of violence

This list is illustrative only and not exhaustive.

**Future Violence**

Employees, students, and visitors who have reason to believe they, or others, may be victimized by a violent act or sometime in the future, at the workplace or as a direct result of their relationship with MCCCD, shall inform a supervisor or manager as soon as possible. The supervisor or manager shall inform the Public Safety Department. Students, contractors, and visitors shall contact the Public Safety Department as soon as possible.

Employees who have signed and filed a restraining order, temporary or permanent, against an individual due to a potential act of violence, who would be in violation of the order by coming near them at work, shall immediately supply a copy to the Department Director, Human Resources, and Public Safety. Students shall supply a copy of the signed order to the Public Safety Department.

This policy applies to employees and students, as well as independent contractors and other non-employees doing business with the MCCCD. Individuals who commit such acts may be removed from the premises and may be subject to disciplinary action, criminal penalties, or both. The Chancellor is hereby instructed to enact all administrative regulations necessary to implement this policy.

**2.4.13 Student Right to Know**

Under the terms of the Student Right To Know Act, the college must maintain and report statistics on the number of students receiving athletically related student aid reported by race and sex, the graduation rate for athletes participating in specific sports reported by race and sex, the graduation rate for students in general,
reported by race and sex and other similar statistics. To obtain copies of these reports, contact the Office of Admissions and Records.

2.4.14 Use of College Grounds by Affiliated Users

Introduction

The colleges of the Maricopa County Community College District ("MCCCD") are dedicated by law to the purpose of formal education. They are, and have been since their creation, for the educational use and benefit of prospective and enrolled students, the MCCCD employees who serve them, and those who are invited on location by members of the college community to attend or participate in sponsored events. The MCCCD has a long history of supporting expressive activities that are conducted on campuses. For the purposes of avoiding disruption or interference with its educational activities, while protecting the rights of the members of the campus community and their invited guests to express themselves and access information, this administrative regulation governs the use of college grounds by Affiliated Users (as defined in Section 1) for Expressive Activity. Expressive Activity is defined as:

- Meetings and other group activities by registered students and student organizations
- Non-commercial speeches, performances, demonstrations, rallies, vigils and other events that are organized by students or student clubs and organizations.
- Non-commercial leafleting and pamphleting
- Any other student expression that is protected by the First Amendment to the U.S. Constitution

Outdoor campus areas are venues for free expression by Affiliated Users, including speeches, demonstrations, and the distribution of literature, subject to the reasonable time, place and manner restrictions set forth in this regulation.

This regulation will be administered in a manner that is content and viewpoint neutral and seeks to protect the free expression of ideas.

1. Definitions

   a. MCCCD Affiliated Users

      Affiliated Users are: 1) individuals employed by MCCCD except when engaging in a commercial activity; 2) individuals contracted by MCCCD who are acting on behalf of or for MCCCD purposes; 3) individuals enrolled via the registrar as students within the MCCCD system; and 4) external entities and/or individuals invited by student clubs and organizations to participate on behalf of the club or organization in an event that is related to the club or organization's purpose.
b. Non-Affiliated Users

Non-Affiliated Users are organizations, groups or individuals that are not Affiliated Users. Use of MCCCD grounds or facilities by Non-Affiliated Users is governed by Administrative Regulations 1.5 and 2.4.9.

c. Substantial Interference

Substantial Interference includes, but is not limited to, activity that: 1) disrupts instruction, lecture, studying or other academic pursuits; 2) disrupts MCCCD administrative activities; 3) blocks access to buildings or structures; 4) obstructs passageways for vehicles or pedestrians; 5) disrupts previously scheduled events; 6) impairs the health and safety of the college community; 7) is unlawful; and/or 8) otherwise presents a threat to public safety.

The mere potential for Substantial Interference is not sufficient to prohibit or limit Expressive Activity. Instead, it must be reasonably determined that the activity presents a significant likelihood of creating Substantial Interference before Expressive Activity may be prohibited or limited in accordance with this regulation.

d. Planned Expressive Activity

Planned Expressive Activity is when participants seek to reserve space for an established point in time and/or use tables, chairs, amplification or other audio-visual equipment and/or temporary structures such as tents or awnings.

2. Reservation of Campus Space for Planned Expressive Activity

Affiliated Users may reserve outdoor and indoor campus space, as defined below, for Planned Expressive Activity. Reservations are to be made through the respective college’s Office of Student Life and Leadership no less than one business day before the activity is intended to occur. Such reservations will be approved on a first come, first served basis unless the Office of Student Life and Leadership determines, without regard to the content of the proposed Expressive Activity, that the activity constitutes Substantial Interference. If the Office of Student Life and Leadership determines an Expressive Activity constitutes Substantial Interference it will work with the Affiliated User in an effort to find an alternative, if any exists, that allows the Expressive Activity to occur without such interference.

a. Outdoor Space – outdoor space available for reservation by Affiliated Users does not include: parking lots, athletic facilities, meditation or peace gardens, areas designated as outdoor study zones, and child care facilities.

b. Indoor Space – indoor space is available for reservation by Affiliated Users if the space is determined by the college to be a common area that is publically accessible. Buildings housing classrooms and/or administrative offices are not available for reservation.
3. Spontaneous Expression

MCCCD recognizes that Expressive Activity may occur in both structured and organic forms. Spontaneous expression by Affiliated Users may be undertaken in outdoor or indoor space, as defined above, without prior reservation as long as the activity does not constitute Substantial Interference.

Direct Approval by the Chancellor, August 24, 2016

2.4.15 Campus Sex Crimes Prevention Act

Federal legislation requires that the MCCCD establish notification procedures concerning the presence of registered sex offenders enrolled either as students or those working for the institution. The Registered Sex Offender Notification Procedure is outlined in Appendix item S-18.

ADOPTED by Direct Chancellor Approval, March 6, 2019

Appendix Item S-18: Maricopa County Community College District Registered Sex Offender Notification Procedure

The Campus Sex Crime Prevention Act (CSCPA), (section 1601 of Public Law 106-386), is a Federal Law enacted on October 28, 2000. In compliance with this law, the Maricopa County Community College District (MCCCD) will work in collaboration with the Sheriff's Department to identify convicted registered sex offenders enrolled as students at one of MCCCD's colleges or working at the District office or at any of the MCCCD colleges (in paid or unpaid positions).

GENERAL INFORMATION

I. In accordance with the CSCPA, the MCCCD will provide on its Sex Offender Information Website, found Sex Offender Information and Notification website, a link to the Arizona Sex Offender Registry website and instructions on how to access it.

II. Arizona Revised Statutes require persons convicted of any of the following 21 different offenses to register as sex offenders: 1) unlawful imprisonment if the victim is under 18 years of age; 2) kidnapping if the victim is under 18 years of age; 3) sexual abuse if the victim is under 18 years of age; 4) sexual conduct with a minor; 5) sexual assault; 6) sexual assault of a spouse; 7) molestation of a child; 8) continuous sexual abuse of a child; 9) taking a child for the purpose of prostitution; 10) child prostitution; 11) commercial sexual exploitation of a minor; 12) sexual exploitation of a minor; 13) luring a minor for sexual exploitation; 14) aggravated luring a minor for sexual exploitation; 15) unlawful age misrepresentation for the purpose of
committing a sexual offense; 16) sex trafficking of a minor; 17) a second or subsequent violation of indecent exposure to a person under 15 years of age; 18) a second or subsequent violation of public sexual indecency to a minor under the age of 15; 19) a third or subsequent violation of indecent exposure; 20) a third or subsequent violation of public sexual indecency; and 21) violations relating to the failure to register as a sex offender. (See, A.R.S. §13-3821).

III. The Arizona Department of Public Safety classifies sex offenders according to levels. The levels consist of Level 1: Low risk to the community, Level 2: Intermediate risk to the community, and Level 3: High risk to the community.

IV. By law, Registered Sex Offenders (RSO) are required to contact the Maricopa County Sheriff's office or local police agency when they enroll in or are employed at a college—in either paid or unpaid status. (A.R.S. § 13-3821).

a. Level Two and Level Three Offender's Obligation to Notify the College:

   STUDENTS
   i. Current Students who are enrolled and receive their final classification or a change in classification as a Level 2 or Level 3 sex offender during their period of enrollment must notify the Campus Public Safety Officer within five (5) business days of the start of the semester. Campus Public Safety Officers for each college and for the district office can be found at the MCCCD Police website. The Campus safety officer will schedule a meeting with the Dean of Students (or designee) and the Registered Sex Offender student to take place within ten (10) days of the notification to Public Safety.
   1. Failure to comply with this procedure may lead to discipline under the Student Code of Conduct as well as possible criminal penalty as outlined in Arizona state law.
   ii. Potential Students who have been designated as a Level 2 or Level 3 sex offender must notify the Campus Public Safety Officer to arrange a meeting when they intend to enroll at a College. Campus Public Safety Officers for each college and for the district office can be found at the MCCCD Police website. This meeting must take place at least ten (10) calendar days prior to the start of classes. The meeting shall include the RSO, the Dean of Students (or designee), and the Campus Public Safety Officer.
   1. A person who is classified as a Level Two or Three sex offender has been admitted to MCCCD and who has failed to timely to register pursuant to these procedures may be subject to discipline under the Student Code of Conduct as well as possible criminal penalties as outlined in Arizona state law.

EMPLOYEES
iii. Current Employees who receive their final classification or a change in classification as a Level 2 or Level 3 sex offender during their period of employment must immediately notify the Campus Public Safety Officer. The campus public safety officer will arrange meeting with the Human Resources Manager (or designee) at the individual campus and the Registered Sex Offender employee. Campus Public Safety Officers for each college and for the district office can be found at the MCCCD Police website. The meeting with the college human resources manager and the Campus Public Safety Officer must take place within ten (10) days of the original notification to Public Safety.
iv. **Potential Employees** who have been classified as a Level 2 or Level 3 sex offender must notify the Campus Public Safety Officer to arrange a meeting when they are offered employment at the College. Campus Public Safety Officers for each college and for the district office can be found at the MCCCD Police website. This meeting must take place at least ten (10) calendar days prior to the start of employment. The meeting shall include the RSO, the college human resources manager and the Campus Public Safety Officer (or their designees).

V. **COLLEGE OFFICIALS’ MEETING WITH LEVEL 2 OR LEVEL 3 SEX OFFENDER**

a. After notification that a student or employee has been classified as a Level Two or Three Sex Offender, MCCCD Public Safety will collect information from the RSO student or employee, probation/parole officer, Sheriff’s Office, and/or arresting agency regarding the type of crime, conditions for probation, and/or level of risk.

b. **For Students:** MCCCD Public Safety will notify the Dean of Student Affairs (or designee) when a RSO has enrolled or expressed a desire to enroll at a MCCCD college. A representative from the Student Affairs office shall participate in the required meeting with the RSO.
   i. An RSO identification must be placed in the Advocate online system. The identification should include a summary of the offense/court-ordered conditions in place upon release, information from the parole/probation officer, and possible interventions needed at the college/District level.

c. **For Employees:** MCCCD Public Safety will notify District and college Human Resources (or designee) when an RSO has registered due to being offered employment with the MCCCD or is a current employee who has been classified as a Level Two or Three Sex Offender. A representative from District and the identified college’s Human Resources department shall participate in the required meeting with the RSO.
   i. An RSO identification must be placed in the employee’s personnel file. The identification should include a summary of the offense/court-ordered conditions in place upon release, information from the parole/probation officer, and possible interventions needed at the college/District level.

d. At the meeting referred to above, the student or employee who is classified as a Level Two or Three sex offender will be advised of the following information:
   i. The College’s knowledge of his/her final classification.
   ii. The College’s obligation to provide public access to Level 2 & 3 sex offender information through its Department of Public Safety.
   iii. Any restrictions that will be imposed on the sex offender—based on any Court restrictions, restraining orders, or orders of protection that may be in place—and the duration of such restrictions.
   iv. If the offender is classified at Level 3, he/she is further informed of:
      1. The College’s policy of posting notice at each college campus within two (2) days of receipt of the RSO’s information, regardless of when the meeting occurs.
      2. The Level 3 RSO will receive a copy of the community notification the College intends to post.
      3. The functional areas of the College which will be provided with the public notification that will be posted.
v. At any time, the Department of Public Safety can communicate with the offender’s parole/probation officer.

VI. FERPA
The CSCPA further amends the Family Educational Rights and Privacy Act of 1974 (FERPA) to clarify that nothing in the Act can prohibit an educational institution from disclosing information provided to the institution concerning the presence of registered sex offenders.

VII. ANNUAL AND OFF-CYCLE REVIEWS
Public Safety and the Student Affairs Dean (or designee) or Human Resources representative, depending on the status of the RSO, shall meet on an annual basis to review the conditions of enrollment, employment, and campus engagement. Additional, off cycle, reviews should be conducted when an RSO student or employee transfers within MCCCD or new information about criminal conduct has been received. District imposed conditions may be removed, added, or altered based on changes in enrollment location(s), legal case status, new criminal activity, and/or disciplinary standing. Both Public Safety and Dean of Students or Human Resources professionals, for students and employees, respectively, shall maintain documentation regarding all initial, annual, and off-cycle meetings and reviews.

VIII. FAILURE TO NOTIFY CAMPUS ADMINISTRATION
Failure to notify campus administration, as outlined in this procedure, of one's status as a RSO may lead to discipline up to and including removal from classes and/or suspension from participation in academic or extra-curricular programs, termination from employment as well as possible criminal penalty as outlined in Arizona state law.

IX. CAMPUS AND COMMUNITY NOTIFICATION OF RSO STATUS
Pursuant to Arizona law, the MCCCD shall make campus notifications of RSO status, as follows:

a. For level two and level three offenders, the MCCCD Public Safety Office, in conjunction with the Public Safety office at each college will coordinate with the local law enforcement agency responsible for the individual community notifications to ensure the sex offender notification is provided to the individual campus community.

b. The Sex Offender Information and Notification website will host the notification of RSO's employed by or attending a MCCCD college, including employment with the District office.

c. For Colleges with facilities off-site from the main campuses that receive a registered sex offender community notification flyer from a local law enforcement agency, building managers are advised to post the flyer the building's common area easily accessed by students, staff, and faculty for at least thirty (30) days. Specific information and instructions related to the community notification will be contained in the flyer and such instructions should be followed.

d. Any criminal activity involving a registered sex offender should be reported to police.
X. ADMINISTRATIVE OVERSIGHT

a. **Students:** A campus administrator has the right to, at her or his discretion, require currently enrolled RSOs to attend regular meetings. The meetings will serve as a way to monitor compliance with conditions for enrollment and assist with student success. The frequency, duration, attendees to the meeting, and location of the meetings will vary based upon the needs of the RSO.

b. **Employees:** A supervisor, in conjunction with a Human Resources representative, at her or his discretion, may require currently employed RSOs to attend regular meetings. The meetings will serve as a way to monitor compliance with conditions for employment and assist with student success. The frequency, duration, attendees to the meeting, and location of the meetings will vary based upon the needs of the RSO.

ADOPTED by Direct Chancellor Approval, March 6, 2019

**Student Rights and Responsibilities**

2.4.5 Copyright Act Compliance

Students are expected to comply with the provisions of the Copyright Act of 1976 pertaining to photocopying of printed materials, copying of computer software and videotaping. In order to assist students in complying with the Copyright Law, appropriate notices shall be placed on or near all equipment capable of duplicating copyrighted materials.

3.2 Copyright Regulation

1. It is the intent of the Governing Board of the Maricopa County Community College District to adhere to the provisions of the U.S. Copyright Law (Title 17, United States Code Section 101 et seq.). Though there continues to be controversy regarding interpretation of the Copyright Law, this policy represents a sincere effort by the Board to operate legally within the District.

2. The Governing Board directs the Chancellor or his designee(s) to develop and distribute to employees guidelines that (1) clearly discourage violation of the Copyright Law and (2) inform employees of their rights and responsibilities under the Copyright Law.

3. Each college president or provost and the Chancellor shall name an individual(s) at each district location who will assume the responsibilities of distributing copyright guidelines, act as a resource person regarding
copyright matter and provide training programs on current copyright laws.

4. Employees are prohibited from copying materials not specifically allowed by the (1) copyright Law, (2) fair use guidelines, (3) Licenses or contractual agreements, or (4) other permission.

5. The Governing Board disapproves of unauthorized duplication in any form. Employees who willfully disregard this Board policy and/or the aforementioned copyright guidelines do so at their own risk and assume all liability for their actions.

6. In order to assist employees and students in complying with the Copyright Law, appropriate notices shall be placed on or near all equipment capable of duplicating copyrighted materials.

What Students Should Know About Copyright

What is copyright?

Copyright is a protection afforded under federal law for various types of creative works. A work is copyrightable if it is an original work of authorship fixed in a tangible medium of expression. Copyrightable works include literary, musical or dramatic works; motion pictures and other audiovisual works; choreographic works and pantomimes; sound recordings; and architectural works.

The owner of a copyright in a particular work has the exclusive right to copy, display, perform, distribute, and create a derivative version of the work. Generally, then, this means that you may not do things like duplicate, show or perform a copyrighted work unless it is expressly allowed under the Copyright Act or you have the prior permission of the copyright holder.

A copyright exists in a work at the time it becomes fixed in some tangible medium of expression. Neither registration of the copyright with the federal government nor a copyright notice on the work itself is required for copyright protection.

What is copyright infringement?

Generally, copyright infringement occurs when you copy, display, perform, distribute or create a derivative version of a copyrightable work either without the permission of the copyright holder or when such activity is not otherwise allowed under an exception provided by federal copyright law. The penalties for infringement include significant damages- potentially in excess of $100,000 for each work infringed as well as criminal penalties, which may include fines and even incarceration.
How does copyright law affect information I obtain off the Internet?

Copyright law covers works in both traditional and new media, including digital media. Copyrightable materials are often available on the Internet without any indication of their copyrighted status. As a rule of thumb, you should assume that everything you find on the Internet is copyrighted, unless otherwise labeled. Even popular activities, such as file swapping or copying software or pictures from the Internet, may be copyright infringement and should be avoided.

The Digital Millennium Copyright Act, which Congress enacted in 2000, affords greater protection for copyright holders of digital works. Generally, then, even if a work appears solely in a digital form, it is likely subject to copyright law protections.

New technology has made many creative works widely available through the Internet. For example, the technology known as Peer to Peer (P2P) allows for the transmission of music, videos, movies, software, video games and other materials-most of which is subject to copyright protection.

Remember that a copyright exists in a work at the time it becomes fixed in some tangible medium of expression. That means that an image you have downloaded from the Internet, as well as a video or musical performance is almost certainly subject to copyright protection. When you download these works, transfer them to a disk or other medium, or send them to a friend, you are infringing on the rights of the copyright holder. Trafficking in such material without the permission of the copyright holder, then, violates copyright law. This includes unauthorized music file sharing over the Internet.

According to a statement recently issued by representatives of the motion picture, recording and songwriting industries, uploading and downloading copyrighted works over the Internet is theft: "It is no different from walking into the campus bookstore and in a clandestine manner walking out with a textbook without paying for it."

Why is it important for a student to be aware of copyright law?

Copyright infringement is expressly prohibited by the US Copyright Act. Anyone who infringes another's copyright in a creative work is subject to liability, and could be required to pay large sums in damages.

In addition, as the law clearly prohibits copyright infringement, using any college resources—such as photocopiers, desktop and laptop computers, printers, central computing facilities, local-area or college-wide networks, Internet access, or electronic mail—for the purpose of infringing a copyright in any work may be grounds for student discipline. According to Maricopa Community College District administrative regulation, "students are expected to comply with the provisions of the Copyright Act of 1976 pertaining to photocopying of printed materials, copying of computer software and videotaping."

Moreover, under the Maricopa Community Colleges Computing Resource Standards, a student is prohibited from the "use of software, graphics, photographs, or any other tangible form of expression that would violate
or infringe any copyright or similar legally-recognized protection of intellectual property rights." The Standards also prohibit "transmitting, storing, or receiving data, or otherwise using computing resources in a manner that would constitute a violation of state or federal law . . . ."

A student who violates these policies, then, can be disciplined at any of the Maricopa Community Colleges. This discipline could include suspension or even expulsion.

**Does copyright law allow me to download files from a college web site?**

Thanks to recent changes to copyright law, colleges and universities are allowed to transmit copyrighted images, recordings, and other materials over the Internet in connection with distance learning offerings. These changes allow for the performance of non-dramatic literary works or musical works, as well as the display of "reasonable and limited portions" of any work in an amount comparable to that typically displayed in a live classroom setting. Use of the works must, however, be "an integral part" of the distance-learning class session, and available solely to students enrolled in the class. In addition, the transmission of the copyrighted works must be under the direction or actual supervision of an instructor.

Even though the college does not hold the copyright to these works, or even have the express permission of the copyright holder, they may be delivered over the Internet to students in distance learning classes.

The fact that the law authorizes such use of copyrighted materials, though, does not allow a student in these classes to freely download, copy, or re-transmit the works. They are intended solely for use by the institution in connection with distance instruction; any other use would likely constitute a violation of copyright law.

### 3.4 Taping of Faculty Lectures

1. MCCCD acknowledges that faculty members are, by law, afforded copyright protection in their classroom lectures and, therefore, may limit the circumstances under which students may record (audio/visual) their classes.

2. Each faculty member shall inform their students in the course syllabus or other course introductory material of their policy with regard to recording of class lectures. Failure to do so will accord students the right to record lectures. A lecture is defined as anything upon which a student is tested or that is part of the curriculum or course content whether in person, virtual, or pre-recorded. A restriction on recording does not apply if the recording is allowed under another policy.

   a. Students, regardless of whether they have permission or not from the faculty member to record class lectures, may not reproduce or otherwise share and/or distribute all or part of recorded class lectures and/or activities taking place during class time, without the written consent of the faculty member. (Reproducing includes, but is not limited to, posting any pre-recorded or real time recording of a class
lecture—in whole or in part—to any social media platform (TikTok, Twitter, Facebook, Instagram, YouTube, etc.)).

b. Any violation of AR 3.4 (2)(a) may constitute "academic misconduct" prohibited by AR 2.3.11 Academic Misconduct.

3. Students with disabilities that render them unable to take adequate lecture notes are entitled to reasonable accommodation – subject to engagement in the interactive process and a determination of functional limitation as outlined in AR 2.8 Students with Disabilities – to remedy this inability. Approved accommodation may require a faculty member to modify their recording policy for the affected student.

In accordance with Subpart E of Section 504 of the Rehabilitation Act of 1973, a student with a qualifying disability which adversely affects the student’s ability to take or read notes may be permitted to audio record class lectures as a reasonable academic accommodation.

In an effort to address faculty concerns for privacy and protection of copyright while still assuring the availability of recording classroom lectures as a reasonable accommodation for students, use of this accommodation is subject to the following conditions:

a. The faculty member must have received the Disability Resource Services (DRS) Faculty Notification Letter specifying the recording of classroom lectures as a granted reasonable accommodation.

b. Such recordings of class lectures are only for the student’s personal use in study and preparation related to class.

c. The student must comply with a faculty request to stop recording during discussions, demonstrations, presentations, guest speakers, and situations of a sensitive nature. The faculty member should provide as much notice of these situations as possible in order for the student to coordinate with the faculty member and DRS to have notes taken on the substantive parts of the lecture.

d. The student may not share classroom lecture, or any other recordings made during class time with any other person or in any media or on a public or private platform without the written consent of the faculty member.

e. Information contained in the authorized audio recorded lectures, and any other recordings whether authorized or unauthorized, may be protected under federal copyright laws and may not be published or quoted without the written consent of the faculty and without giving proper identity and credit to speakers, this includes publication via any social media platform, emails, or text messages.

f. The student may not use the authorized recorded lectures, and any other recordings whether authorized or unauthorized, against the faculty member, other instructors, or students whose classroom comments are recorded as part of the class activity. This provision is subject to the protections under policy and the law.
g. The student will erase all recorded class lectures when they are no longer needed for academic work. Upon written request from the faculty member, the student will return all class recordings to the faculty member for erasure. Faculty members should provide DRS with a copy of the aforementioned written request. Likewise, students are not permitted to post the lectures on any social media platform, website, or learning management system without the instructor's written consent except for communications to the instructor of record.

h. Students who wish to keep recordings beyond the end of the course for future review must obtain written permission from the faculty member.

i. Audio, or any other recordings outside of the aforementioned lectures (including fieldwork, internships, etc.) may be discussed on a case-by-case basis in collaboration with the faculty member, program of study, site manager, and DRS. In clinical/experiential learning placements, the recording of any discussions, lectures, or conversations are never permitted.

j. Students, regardless of whether they have permission or not from the faculty member to record class lectures or any other part of the classroom/class time experience, may not post all or part of recorded class lectures or any other recordings made during class time to any social media platform (TikTok, Twitter, Facebook, Instagram, YouTube, etc.), or otherwise reproduce, share and/or distribute to any other person or party.

k. Any violation of AR 3.4(3) may constitute "academic misconduct" prohibited under AR 2.3.11 Academic Misconduct.

AMENDED through the Administrative Regulations approval process, April 20, 2021

4.4 Technology Resource Standards

Introduction

The Maricopa County Community College District (MCCCD) provides its students, employees, Governing Board members and the public with access to information resources and technologies. MCCCD recognizes that the free exchange of opinions and ideas is essential to academic freedom, and the advancement of educational, research, service, operational, and management purposes, is furthered by making these resources accessible.

Arizona constitutional and statutory mandates require that MCCCD resources, including technology, be used only for the public's business, and not for private purposes. Those mandates apply to all MCCCD public officials--employees of every kind and the Governing Board. The aim of those laws is to safeguard the use of resources, including technology resources, acquired and maintained with public funds. Compliance with other laws--both federal and state--also dictates the need for standards for the use of MCCCD technology resources.
In some cases, the Governing Board policies emphasize the importance of compliance with the law such as the requirement to adhere to copyright laws. Governing Board policies also establish MCCCD's own standards, such as the directive that all persons within the MCCCD community be treated in a manner that is humane, fair and dignified.

This administrative regulations established standards for the use of MCCCD technology resources. They should be seen as supplementing, and not in lieu of, Governing Board policy, applicable law and other applicable administrative regulations such as Administrative Regulation 4.3 “Electronic Communications.”

**General Responsibilities**

Technology resources (including, but not limited to, desktop and laptop systems, printers, central computing facilities, MCCCD-wide or college-wide networks, local-area networks, telephones, facsimile machines, scanners, access to the Internet, electronic mail and similar electronic devices and information) of the MCCCD are available to MCCCD Governing Board members, employees, students and, in a limited number of cases, MCCCD contractors and the public. Use of all those resources is subject to the standards set forth in this regulation (Standards).

The first screen that each MCCCD computer exhibits on starting up advises users of these Standards and requires an acknowledgment before the user may proceed to the next screen. Additionally, all MCCCD employees are responsible for annually acknowledging receipt of the Blue Book, which contains this regulation. So all users of MCCCD technology resources are presumed to have read and understood the Standards. While the Standards govern use of technology resources MCCCD-wide, an individual community college or center may establish guidelines for technology resource usage that supplement, but do not replace or waive, these Standards.

**Use of Non-MCCCD Technology**

Under Arizona's public records law, MCCCD is required to transact business so that its records are accessible and retrievable. The policy underlying the law is that work done in the name of the public be transparent. Thus, any member of the public may request public records and, except in a few specific instances, are entitled to get copies of them.

Each individual employee or Governing Board member is responsible for ensuring that MCCCD records that he or she initiates or receives are retained for the period of time required by and disposed of according to mandates established by Arizona State Library, Archives and Public Records—the state agency tasked with setting standards for record retention. Therefore, an employee’s or Governing Board member’s use of non-MCCCD technology resources for communication of any type of MCCCD business is heavily discouraged because those records are less capable of being managed according to MCCCD’s process for ensuring retention, retrieval and disclosure set forth in Administrative Regulation 4.15 “Retrieval, Disclosure and Retention of Records.”
Additionally, an MCCCD employee who receives a communication allegedly from another MCCCD employee using a non-MCCCD e-mail address is not required to respond substantively to that e-mail. The employee receiving the e-mail is entitled to verify that the sender is whom he or she says that he or she is. The employee receiving the e-mail may request that the sender provide the information or inquiry set forth in the e-mail via hard-copy form.

**Acceptable Use**

Use of MCCCD's technology resources, including websites created by MCCCD employees and students, is limited to educational, research, service, operational and management purposes of the MCCCD and its member institutions. Likewise, data, voice, images and links to external sites posted on or transmitted via MCCCD's technology resources are limited to the same purposes.

Frequently, access to MCCCD's technology resources can be obtained only through use of a password known exclusively to the MCCCD employees, Governing Board members or students. It is those users' responsibility to keep a password confidential. While MCCCD takes reasonable measures to ensure network security, it cannot be held accountable for unauthorized access to its technology resources by other persons, both within and outside the MCCCD community. Moreover, it cannot guarantee employees, Governing Board members and students protection against reasonable failures. Finally, under certain limited circumstances defined in Administrative Regulation 4.15 “Retrieval, Disclosure and Retention of Records,” certain MCCCD employees are authorized to access information on an MCCCD technology device.

It is not Maricopa's practice to monitor the content of electronic mail transmissions, files, images, links or other data stored on or transmitted through Maricopa's technology resources. The maintenance, operation and security of Maricopa's technology resources, however, require that network administrators and other authorized personnel have access to those resources and, on occasion, review the content of data and communications stored on or transmitted through those resources. Any other review may be performed exclusively by persons expressly authorized for such purpose and only for cause. To the extent possible in the electronic environment and in a public setting, a user's privacy will be honored. Nevertheless, that privacy is subject to Arizona's public records laws and other applicable state and federal laws, as well as policies of Maricopa’s Governing Board all of which may supersede a user's interests in maintaining privacy in information contained in Maricopa’s technology resources.

**Incidental Computer and Technology Usage**

Limited incidental personal use of MCCCD technology resources including through use of personal e-mail systems is permitted, except as described in item 16 under “Prohibited Conduct.” MCCCD employees are responsible for exercising good judgment about personal use in accordance with this regulation, Colleges’ consistent local guidelines and MCCCD ethical standards. Personal use refers to activities which only affect the individual and that are not related to an employee’s outside business. MCCCD employees are required to conduct themselves in a manner which will not raise concern that they are or might be engaged in acts in violations of
the public trust. Refer to the Guidelines for Incidental Computer Usage for the Maricopa Community Colleges (Appendix AS-8) and Guidelines for Incidental Telephone Usage for the Maricopa Community Colleges (Appendix AS-9).

Prohibited Conduct

The following is prohibited conduct in the use of MCCCD’s technology resources:

1. Posting to the network, downloading or transporting any material that would constitute a violation of MCCCD contracts.

2. Unauthorized attempts to monitor another user's password protected data or electronic communication, or delete another user’s password protected data, electronic communications or software, without that person’s permission.

3. Installing or running on any system a program that is intended to or is likely to result in eventual damage to a file or computer system.

4. Performing acts that would unfairly monopolize technology resources to the exclusion of other users, including (but not limited to) unauthorized installation of server system software.

5. Hosting an unauthorized website that violates the .EDU domain request.

6. Use of technology resources for non-MCCCD commercial purposes, including to advertise personal services, whether or not for financial gain.

7. Use of software, graphics, photographs, or any other tangible form of expression that would violate or infringe any copyright or similar legally-recognized protection of intellectual property rights.

8. Activities that would constitute a violation of any policy of MCCCD’s Governing Board, including, but not limited to, MCCCD's non-discrimination policy and its policy against sexual harassment.

9. Transmitting, storing, or receiving data, or otherwise using technology resources in a manner that would constitute a violation of state or federal law, or MCCCD policy or administrative regulation including, but not limited to, obscenity, defamation, threats, harassment, and theft.

10. Attempting to gain unauthorized access to a remote network or remote computer system.

11. Exploiting any technology resources by attempting to prevent or circumvent access, or using unauthorized data protection schemes.

12. Performing any act that would disrupt normal operations of computers, workstations, terminals, peripherals, or networks.

13. Using technology resources in such a way as to wrongfully hide the identity of the user or pose as another person.
14. Allowing any unauthorized access to MCCCD’s technology and non-technology resources.

15. Making personal long distance or other toll calls, except where the charges for the calls are incurred directly by the caller or arrangements are otherwise made at the time of the call to directly bill the caller.

16. Intermittent use of technology resources that interferes with the performance of an employee’s main responsibilities.

17. Use of technology resources to market or conduct other activities on behalf of a third-party regarding the “hosting” of an event that is prohibited under MCCCD’s Use of College Facilities administrative regulation.

18. Conducting District or college-related business using any electronic mail account other than one hosted or provided by MCCCD, and approved by the Vice Chancellor of Information Technology Services, even when the e-mail account copies all outgoing and incoming messages to the MCCCD hosted account.

19. Deleting or altering a technology public record in violation of public records retention requirements, or in anticipation of receiving or after receipt of a public records request, subpoena or a complaint filed as part of an MCCCD grievance, investigation or review, or other lawful request for the record.

20. Deleting or altering a technology record on an MCCCD device in anticipation or after receipt of a public records request, subpoena or a complaint filed as part of an MCCCD grievance, investigation or review, or other lawful request for the records where the record may demonstrate a misuse of technology resources under this regulation.

Review and Approval of Alternate E-Mail Account Systems

The prior review and approval by the Vice Chancellor of Information Technology is required for the implementation of alternate College electronic mail account systems. Requests will be evaluated based upon the following considerations:

1. The system must be compatible and interoperable with the MCCCD e-mail system. All information within the e-mail system must meet the standards and authorize District Office access as specified in Administrative Regulation 4.15, “Retrieval, Disclosure and Retention of Records.”

2. Any proposed changes to an MCCCD’s entity’s e-mail system with e-discovery implications must be approved in advance during the planning stages as specified in Administrative Regulation 4.15, “Retrieval, Disclosure and Retention of Records.”

Information Accuracy and Marketing Standards

In order to help ensure that the most accurate information sources are reflected on web pages, information should be cited, sourced or linked from the website of the official District or college custodian responsible for the particular subject. In addition, the design of web pages shall reflect established marketing standards with respect to the imaging and using of MCCCD marks as outlined in the marketing standards handbook and Use of Marks administrative regulation.

Complaints and Violations

Complaints or allegations of a violation of these standards will be processed through Maricopa’s articulated grievance procedures or resolution of controversy.

Upon determination of a violation of these standards, MCCCD may unilaterally delete any violative content and terminate the user’s access to MCCCD’s technology resources. It is the user’s responsibility to demonstrate and/or establish the relevance of content in the event that a content complaint is made official. Users retain the right to appeal actions through MCCCD’s grievance procedures or resolution of controversy.

2.6 Hazing Prevention Regulation

The Maricopa County Community College District (MCCCD) strives to exceed the changing expectations of our many communities for effective, innovative, student-centered, flexible and lifelong educational opportunities. Our employees are committed to respecting diversity, continuous quality improvement and the efficient use of resources. We are a learning organization guided by our shared values of: education, students, employees, excellence, diversity, honesty and integrity, freedom, fairness, responsibility and public trust.

Central to the vitality and dignity of our community of learners is an environment that produces broadly educated responsible citizens, who are prepared to serve and lead in a free society. Academic instruction, co-curricular activities and community involvement come together to meet this goal. All members of the MCCCD
community, through the best of their abilities, must be provided the opportunity to contribute in a safe, orderly, civil and positive learning environment. One factor that inhibits the achievement of the above stated purpose is the practice of hazing.

1. Hazing by any student, employee or other person affiliated with MCCC is prohibited.

2. "Hazing" is defined as any intentional, knowing or reckless act committed by a student or other person in any MCCC college or affiliated educational setting, whether individually or in concert with other persons, against another student, and in which both of the following apply:

   A. The act was committed in connection with an initiation into, an affiliation with or the maintenance of membership in any club/organization that is affiliated with MCCC; and

   B. The act contributes to a substantial risk of potential physical injury, mental harm or personal degradation, or causes physical injury, mental harm or personal degradation.

3. Any solicitation to engage in hazing is prohibited.

4. Aiding and abetting another person who is engaged in hazing is prohibited.

5. Victim consent is not a defense for violation of the Maricopa Community Colleges Hazing Prevention Regulation.

6. All students, faculty and staff must take reasonable measures within the scope of their individual authority to prevent violations of the MCCC Hazing Prevention Regulation.

7. Hazing activities and situations include, but are not limited to, the following:

   A. Pre-pledging, illegal pledging or underground activities.

   B. Acts of mental and physical abuse, including, but not limited to: paddling, slapping, kicking, pushing, yelling, biting, duck-walking, line-ups, tuck-ins, belittling, excessive exercise, beating or physical abuse of any kind, and the potentially forced consumption of any food or beverage that contributes to or causes physical injury, mental harm or personal degradation.

   C. Sleep deprivation (activities that deprive prospective and/or current students and/or members of the opportunity of a minimum of six hours sufficient sleep each day).

   D. Encouraging or forcing use of alcohol or drugs.

   E. Any type of student club/organization scavenger hunt, quest, road trip or other activity that would physically or psychologically endanger prospective and/or current students and/or members or others.

   F. Stroking or physically touching in an indecent or inappropriate manner. See Sexual Harassment Policy 5.1.8
G. Student club/organization activities that subject prospective and/or current students and/or members or others to public nuisance or spectacle.

H. Aiding or abetting theft, fraud, embezzlement of funds, destruction of public, personal or private property, or academic misconduct.

I. Being required to wear odd or look-alike apparel that contributes to or causes physical injury, mental harm or personal degradation.

J. Personal services that contribute to or cause physical injury, mental harm or personal degradation.

8. Alleged violations of this regulation by students or student organizations can be reported to the vice president of student affairs’ office for investigation by any member of the college community. The vice president of student affairs’ office will investigate the complaint in accordance with the student disciplinary code, all other college and MCCCD policies, and local and state laws.

Alleged violations of the MCCCD hazing prevention regulation or interference with an investigation under this regulation by students or student organizations are subject to sanctions under the student disciplinary code.

The student disciplinary code shall govern all proceedings involving such a complaint. Decisions arrived at as outcomes of the proceedings shall be final, pending the normal appeal process.

9. Alleged violations of the MCCCD hazing prevention regulation by any faculty or staff member can be reported to the vice president of student affairs’ office for investigation by any member of the college community. The vice president of student affairs’ office will investigate the complaint in accordance with college and MCCCD policies, and local and state laws.

Any MCCCD faculty or staff member who knowingly permitted, authorized or condoned the alleged hazing activity is subject to disciplinary action in accordance with college and MCCCD policies, and local and state laws.

10. If the vice president of student affairs’ office receives a report or complaint of an alleged hazing activity involving physical injury, threats of physical injury, intimidation, harassment or property damage, or any other conduct that appears to violate Arizona state law, the college will report such conduct to the appropriate college safety office. The said college safety office will investigate, respond to and report on the alleged hazing activity in accordance with all college, district, local, state and federal guidelines, policies and laws.

11. Should the proceedings outlined above substantiate an occurrence of hazing activity—where students or student organizations knowingly permitted, authorized or condoned the hazing activity—the college can recommend the following sanctions against student clubs/organizations:

   A. **Censure**: Censure can include the required completion of a program designed with the intent of elim-
inating the hazing activity. The programs will be devised with the cooperation of all involved parties and monitored by the vice president of student affairs’ office.

B. **PROBATION:** The student club(s)/organization(s) will be placed on probation for a specified period of time. Conditions of probation will be determined by the vice president of student affairs’ office and outlined in writing to the student club(s)/organization(s). The probationary term will be monitored by the vice president of student affairs.

C. **SUSPENSION:** The student club(s)/organization(s) will be suspended. The terms of the suspension can be defined in the sanction, including criteria the student club(s)/organization(s) must meet within a specified time to be considered for admission or renewal of college recognition status.

D. **REVOCATION:** The student club(s)/organization(s) will have its status revoked, with the loss of all college associations, recognitions and privileges. The national or international office of an organization, if so affiliated, will be requested to revoke the charter of an organization.

12. The MCCCD hazing prevention regulation is not intended to prohibit or sanction the following conduct:

A. Customary athletic events, contests or competitions that are sponsored by the college or MCCCD.

B. Any activity or conduct that furthers the goals of a legitimate educational curriculum, a legitimate co-curricular experience or a legitimate military training program.

13. For the purposes of the MCCCD hazing prevention regulation:

"**Organization**" is defined as an athletic team, association, order, society, corps, cooperative, club or other similar group that is affiliated with MCCCD, whose membership consists primarily of students enrolled at MCCCD and that may also be classroom-related or co-curricular in nature.

### 2.4.7 Abuse-Free Environment

See also the Auxiliary Services section for Tobacco-Free Environment and the Appendices/Student Section Medical Marijuana Act of the Administrative Regulations.

1. **Substance Abuse/Misuse Statement**

Drug abuse and misuse has become a national issue and is receiving national attention, particularly in the academic community. The insidious effects of the abuse of these agents are also felt by all walks of life and economic levels. Therefore, as an education providing institution, we are responsible to provide knowledge and guidelines about prevention, control, and treatment of the abuse/misuse of alcohol, illegal and legal drug uses and misuses. Annual Acknowledgements for students and employees are provided through the online messaging accounts.
Students who experiment with drugs, alcohol, and illegal substances or use them recreationally may develop a pattern of use that leads to abuse and addiction. Maricopa Community Colleges recognized drug and alcohol abuse as an illness and a major health problem as well as a potential safety and security issue.

Part of the educational mission of the Maricopa Community Colleges is to educate students about positive self-development, the benefits of a healthy lifestyle and the health risks associated with substance abuse. This mission closely aligns with the Drug-Free School and Communities Act of 1989, and other relevant substance abuse laws.

2. Student Program to Prevent Illicit Use of Drugs and Abuse of Alcohol

The Maricopa Community College District fully supports disciplinary action for misconduct and the enforcement of state laws governing the use of alcohol and the use, abuse, possession or distribution of controlled substances or illegal drugs.

A. Introduction and Purpose

The Federal Drug-Free Schools and Communities Act of 1989 (Public Law 101-226) requires federal contractors and grantees to certify that they will provide a drug-free school. As a recipient of federal grants, the District must adopt a program toward accomplishing this goal. While federal legislation has been the impetus for creation of the program, the administration and Governing Board recognize that substance abuse is a problem of national proportions that also affect students at the Maricopa Community Colleges.

The Maricopa Community Colleges are committed to maintaining learning environments that enhance the full benefits of a student’s educational experience. The Maricopa County Community College District will make every effort to provide students with optimal conditions for learning that are free of the problems associated with the unauthorized use and abuse of alcohol and drugs.

B. Standards of Conduct

In the student handbooks of the Maricopa Community Colleges under codes of conduct, the following are examples of behavior that is prohibited by law and/or college rules and policies:

i. Drinking or possession of alcoholic beverages on the college campus.
ii. Misuse of narcotics or drugs.

C. Sanctions for Violation of Standards of Conduct Disciplinary actions include, but are not limited to:

i. Warning,
ii. Loss of privileges,
iii. Suspension, or
iv. Expulsion.
D. Legal Sanctions

Local, state, and federal law prohibit the unlawful possession, use or distribution of illicit drugs and alcohol. Conviction for violating these laws can lead to imprisonment, fines, probation, and/or assigned community service. Persons convicted of a drug-and/or alcohol related offense will be ineligible to receive federally funded or subsidized grants, loans, scholarships, or employment.

Any employee is subject to disciplinary action, up to and including employment termination, for any of the following: reporting to work under the influence of alcohol and/or illegal drugs or narcotics; the use, sale, dispensing, or possession of alcohol and/or illegal drugs or narcotics on MCCCD premises, while conducting MCCCD business, or at any time which would interfere with the effective conduct of the employee’s work for the MCCCD; and use of illegal drugs.

3. MCCCD Program Standards

The Maricopa Community College District is committed to establishing a preventative substance abuse program at each college designed to affect positively the problems of irresponsible use of alcohol and the use and abuse of illegal substances. A main focus of the program will be on education of the campus community and assistance to individuals.

A. Identify a key individual, at each college, to provide emergency services and/or to contact and work with outside agencies that provide drug and alcohol counseling, treatment or rehabilitation programs that may be available to students and employees.

B. Support disciplinary action for misconduct and the enforcement of state laws governing the use of alcohol and the use, abuse, possession or distribution of controlled substances or illegal drugs.

C. Establish a preventative substance abuse program at each college designed to affect positively the problems of irresponsible use of alcohol and the use and abuse of illegal substances.

4. Alcoholic Beverages—Usage Regulation (AR 4.13)

This Administrative Regulation prohibits the use of District funds to purchase alcoholic beverages or services related to them except in small amounts to be used in cooking for the District’s culinary programs. Additionally, it generally prohibits the presence of alcoholic beverages on premises owned by the District, or those leased or rented by the institution. It permits a few, narrow exceptions to that latter prohibition. The exceptions are not available to the general population of District employees or officials. More importantly, they are established to ensure that the District’s actions stay within the boundaries of state law and the District’s insurance coverage. Therefore, strict compliance with this regulation is essential.

A. No Funds. No funds under the jurisdiction of the governing board of the District may be used to purchase alcoholic beverages, except for the limited purposes of purchasing small amounts of them for use solely as ingredients in food preparation for classes and at the District’s culinary institutes. Alcoholic
beverages may not be stored on premises owned, leased, or rented by MCCCD except as provided in Paragraph H.

B. **No Service or Sale of Alcoholic Beverages.** The law of the state of Arizona strictly regulates the service, sale, distribution and consumption of alcoholic beverages. In light of that law, the District does not permit alcoholic beverages to be served, sold or distributed on or in the premises owned by the District or leased or rented by the Maricopa Community Colleges for District-approved educational, fund-raising or other community purposes, except as provided in Paragraphs C and G.

C. **Service at District Events on District-owned Property.** The Chancellor has the sole authority to approve the service, but not the sale or other distribution, of wine or beer at District events on district-owned property that the Chancellor either sponsors or approves. The only District employees authorized to request the Chancellor’s approval are the College Presidents and the Vice Chancellors. Additionally, the law strictly limits the service of wine or beer by the District on District-owned property, and those restrictions are specified in Paragraph E. Unless approved by the Chancellor in compliance with the law and this regulation, alcoholic beverages may not be served on District-owned property.

D. **Event Form Required.** A College President or Vice Chancellor who wishes to obtain the Chancellor’s approval for the service of wine or beer at a District-sponsored event on District-owned property shall forward a completed written request to the Chancellor no later than 30 days before the event. The request form is available at: [AS-6 Notice of Intent to Serve Beer and Wine Form](#). On signing the form, the Chancellor will provide a copy of it to the requestor and to the MCCCD Risk Manager. For events that the Chancellor sponsors, he or she will complete the form, sign it and provide it to the MCCCD Risk Manager no later than 10 business days before the event.

E. **Service restrictions required by law.** An event approved under Paragraph D must, by law, comply with the all of the following restrictions:
   i. The only alcoholic beverages that may be served and consumed are wine and beer. Wine consumption is limited to 6 oz. per person, and beer consumption is limited to 24 oz;
   ii. The gathering must be by invitation only, and not open to the public;
   iii. The gathering may not exceed 300;
   iv. Invitees may not be charged any fee for either the event or the beer or wine; and
   v. The consumption may only take place between noon and 10:00 p.m.

Additionally, beer and wine may only be served by a beverage service contractor whose liquor license with the state of Arizona is in good standing, except as provided in Paragraph F. The contractor must provide all of the beverages served and well as the servers or bartender. Before the event, the contractor must provide a certificate of insurance that meets the requirements of the District’s Risk Manager and that adds the District as an additional insured. The contractor must also agree in writing to indemnify the District regarding the service of the beverages.

F. **Culinary Institutes.** The Chancellor may sponsor or approve an event at one of the District’s culinary institutes. Students may serve wine and beer at the event as part of their class requirements, subject to the limitations of Paragraph E. Any student serving those beverages must, by law, be 19 years or older.
G. **Third-Party Event.** The Maricopa County Community College District Foundation and the Friends of Public Radio Arizona may, with the approval of the Chancellor, sponsor an event on District-owned property under this regulation. The City of Phoenix and the Friends of the Phoenix Public Library may also do so, with the approval of the Chancellor, at the joint library on the campus of South Mountain Community College. These third-party, non-district entities are solely responsible for determining the steps that they are required to take to comply with Arizona’s alcoholic beverages laws. Additionally, they must comply with the following steps:

i. The entity obtains a liquor license, if required by law, from the Arizona Department of Liquor Licenses and control for each event and fully complies with the laws, rules and other requirements applicable to that license;

ii. The entity completes the form available at [AS-7 Request to Serve Beer and Wine](#) — Third Party Form. And provides it to the Chancellor for approval along with a copy of the liquor license no later than 30 days before the event, unless the Chancellor approves a shorter period of time in a particular case;

iii. The entity provides or currently has on file with the District a certificate of insurance demonstrating that it has liquor liability coverage and that adds the District as an additional insured;

iv. The entity agrees in writing to indemnify the District from any claims of any kind arising out of the event;

v. Beer and wine are the only alcoholic beverages served and only served through a beverage service contractor whose liquor license with the state of Arizona is in good standing;

vi. The contractor provides all of the beverages served and well as the servers or bartenders;

vii. Before the event, the contractor provides a certificate of insurance that meets the requirements of the District’s Risk Manager and that adds the District as an additional insured; and

viii. The contractor agrees in writing to indemnify the District regarding the service of the beverages.

H. **Receipt of beverages; storage.** It is not permissible to store wine or beer on premises owned, leased or rented by MCCCD, except as provided in this paragraph. Alcoholic beverages purchased for use in cooking in District culinary courses must be stored in such a way that it is inaccessible to anyone except the Director or designee of the culinary program. For wine and beer to be used for receptions at the district’s culinary institutes, as authorized by this administrative regulation, the following storage requirements apply:

i. Wine and beer to be served may only be brought to MCCCD property no sooner than four hours prior to the event, and remain there no longer than four hours after the event; and

ii. Once the wine and beer arrives on MCCCD property, the Director the culinary program shall assign an MCCCD employee to ensure that it is not stolen or that it is not opened until ready to be served.

I. **Compliance with law.** In compliance with applicable law, any persons planning an event under this administrative regulation are required to familiarize themselves with the pertinent laws and other requirements established by the state of Arizona for the service of alcoholic beverages, particularly those in Arizona Revised Statutes Title 4 (Alcoholic Beverages) Chapters 1 (General Provisions), 2 (Regulations...
and Prohibitions) and 3 (Civil Liability of Licensees and Other Persons) as well as Arizona Administrative Code Title 19, Articles 1 (State Liquor Board) and 3 (Unlicensed Premises Definitions and Licensing Time-Frames).

J. **Residential Housing.** Lawful occupants of residential housing under the jurisdiction of the Governing Board, if over the age of 21 years and not otherwise lawfully barred from such practice, may possess and consume alcoholic beverages in the privacy of their respective leased housing facility. Guests of such occupants over the age of 21 years shall have the same privilege. No alcohol is permitted in public areas (nor common areas of a dormitory) at any time.

K. **Personal Responsibility.** The personal or individual purchase of alcoholic beverages by individuals attending District-approved functions held in places serving alcoholic beverages is a personal and individual responsibility. Administrative discretion shall be exercised in the approval of the location of such activities, as such decision pertains to the nature of the group involved.

L. **Miscellaneous Usage Issues.** Any issues that are not specifically addressed within this regulation require the review and determination by the Chancellor or Executive Vice Chancellor and Provost on matters related to culinary programs, academic or student affairs.

5. **Other Health Concerns**

**General Guidelines Concerning AIDS**

Neither a diagnosis of AIDS nor a positive HIV antibody test will be part of the initial admission decision for those applying to attend any of the Maricopa Community Colleges. The Maricopa Community Colleges will not require screening of students for antibody to HIV.

Students with AIDS or a positive HIV antibody test will not be restricted from access to student unions, theaters, cafeterias, snack bars, gymnasiums, swimming pools, recreational facilities, restrooms, or other common areas, as there is not current medical justification for doing so.

Where academically and logistically feasible, students who have medical conditions, including AIDS, may seek accommodation in order to remain enrolled. Medical documentation will be needed to support requests for accommodation through the Office of Disabled Resources and Services or the Office of Vice President of Student Affairs.

The Maricopa Community Colleges acknowledge the importance of privacy considerations with regard to persons with AIDS. The number of people who are aware of the existence and/or identity of students who have AIDS or a positive HIV antibody test should be kept to a minimum. When a student confides in an faculty member, knowledge of the condition should be transmitted to the appropriate vice president or designee who will make the determination if the information should be further disseminated. It should be remembered that mere exposure to the person in a classroom does not constitute a need to know the diagnosis. It is, therefore, unnecessary to document in a student’s file the fact that he or she has AIDS unless
the information is to be used for accommodation reasons. Sharing confidential information without consent may create legal liability.

Students are encouraged to contact the Office of Disabled Resources and Services and/or the vice president of student affairs or designee for the types of services available in the district or community on matters regarding AIDS or the HIV virus.

4.12 Smoke-Free/Tobacco-Free Environment

The Maricopa County Community College District is dedicated to providing a healthy, comfortable, and educationally productive environment for students, employees, and visitors. In order to promote a healthy learning and work environment, the Chancellor has directed that the Maricopa County Community College District serve as a total smoke free and tobacco free environment, effective July 1, 2012. Smoking (including the use of “e-cigs”) and all uses of tobacco shall be prohibited from all District owned and leased property and facilities, including but not limited to parking lots, rooftops, courtyards, plazas, entrance and exit ways, vehicles, sidewalks, common areas, grounds, athletic facilities, and libraries.

Support signage prohibiting the use of smoking instruments and tobacco shall be placed throughout all college and District locations.

Continued violations by an employee or student shall be handled through the respective conduct procedures established for employees and students.

Appendix S-16: Statement on the Arizona Medical Marijuana Act (Proposition 203)

In 2010, Arizona voters approved the Arizona Medical Marijuana Act (Propositions 203), a state law permitting individuals to possess and use limited quantities of marijuana for medical purposes. Because of its obligations under federal law, however, the Maricopa Community Colleges will continue to prohibit marijuana possession and use on campus for any purpose.

Under the Drug Free Workplace Act of 1988, and the Drug Free Schools and Communities Act of 1989, “...no institution of higher education shall be eligible to receive funds or any other form of financial assistance under any federal program, including participation in any federally funded or guaranteed student loan program, unless it has adopted and has implemented a program to prevent the use of illicit drugs and abuse of alcohol by students and employees.” Another federal law, the Controlled Substances Act, prohibits the possession, use, production, and distribution of marijuana for any and all uses, including medicinal use. This law is not affected by the passage of the Arizona Medical Marijuana Act. Because Maricopa Community Colleges could lose its
eligibility for federal funds if it fails to prohibit marijuana, it is exempt from the requirements of the Arizona Medical Marijuana Act. Therefore, Maricopa Community Colleges will continue to enforce its current policies prohibiting the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance on its property or as part of any of its activities.

Employees and students who violate Maricopa Community Colleges policy prohibiting the use or possession of illegal drugs on campus will continue to be subject to disciplinary action, up to and including expulsion from school and termination of employment.

2.8 Students with Disabilities

2.8.1 Eligibility for Accommodations & Required Disability Documentation

This policy is intended to specify the disability documentation required that will qualify Maricopa County Community College District (MCCCD) students for reasonable and appropriate academic adjustments through each college's Disability Resources and Services (DRS) office.

Only accommodations granted by the respective college DRS office and communicated to faculty through a Faculty Notification Letter (FNL) will be recognized by the District as approved accommodations for students with disabilities.

Faculty are not required to provide reasonable accommodation/academic adjustments to students with disabilities unless the student has registered with DRS and engages in the interactive process.

I. General Eligibility Requirements

1. To receive services from the DRS, a student must be admitted and enrolled as an MCCCD student.

2. The student must provide the DRS office with documentation of a qualifying disability that verifies the nature and extent of the disability prior to receiving any accommodation or academic adjustment.
   a. If a student does not have documentation, they are still required to follow the application and intake process, which includes meeting with a DRS representative and participating in the interactive process.
   b. Provisional accommodations may be granted to a student by DRS to assist students while they collect appropriate documentation to support their eligibility for accommodations/academic adjustments. Such provisional accommodations must not exceed thirty (3) days, unless such extensions are granted due to extenuating circumstances. In these cases, an additional thirty (3) days of provi-
sional accommodations may be granted. Any extension beyond the additional thirty (30) days must be reviewed by the District ADA/504 coordinator. Such extension must be based on extenuating circumstances beyond the control of the requisition student, and is not guaranteed.

II. Who Is Eligible For Services

1. To be eligible for DRS support services, a student must have a disability as defined by federal law (Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and the Americans with Disabilities Act Amendments Act of 2008 (ADAAA)).

2. An individual with a disability is a person who has a physical or mental impairment which substantially limits one or more major life activities. These persons are protected by section504 of the Rehabilitation Act and the Americans with Disabilities Act. Individuals with a record of such an impairment and individuals who are regarded as having such an impairment are also protected by these federal laws.

3. The definition of “disability” in Section 504 and the ADA should be interpreted to allow for broad coverage.

III. Definitions

1. **Academic Adjustment** means: A modification of a non-essential academic requirement, an examination, or an institutional rule that is necessary to provide access to the academic and educational environment.

2. **Accommodation** means: An alteration of environment, curriculum format, or equipment that allows a student with a disability to gain access to content and/or complete assigned tasks. Accommodations allow students with disabilities to pursue a regular course of study. Since accommodations do not alter what is being taught, instructors should be able to implement the same grading scale for students with disabilities as they do for students without disabilities.

Examples of accommodations include, but are not limited to, sign language interpreters for students who are hearing impaired, computer text-to-speech, computer-based systems for students with visual impairments or dyslexia; extended time for students with fine motor limitations, visual impairments, or learning disabilities, and large-print books and worksheets for students with visual impairments.

3. **Current Documentation** means: Documentation of a diagnosed physical or mental impairment that is dated within 5-7 years. Adult norms must be used for all testing provided as documentation.

4. **Major Life Activities** include, but are not limited to: functions such as caring for one’s self, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating and working. Major Life Activities also include major bodily functions such as functions of the immune system, normal cell growth, and digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive function.
5. **Mental Impairment** means: Any mental or psychological disorder, including but not limited to, intellectual disabilities (intellectual developmental disorder), organic brain syndrome, emotional or mental illness, specific learning disabilities, post-traumatic stress disorder, depression and bipolar disorder. The phrase substantially limits must be interpreted without regard to the ameliorative effects of mitigating measures, other than ordinary eyeglasses or contact lenses. Mitigating measures are things like medications, prosthetic devices, assistive devices, or learned behavioral or adaptive neurological modifications that an individual may use to eliminate or reduce the effects of an impairment. These measures cannot be considered when determining whether a person has a substantially limiting impairment. An impairment that is episodic or in remission is a disability if, when in an active phase, it would substantially limit a major life activity. For example, a student with bipolar disorder would be covered if, during manic or depressive episodes, the student is substantially limited in a major life activity (e.g., thinking concentrating, neurological function, or brain function).

6. **Physical Impairment** means: A physiological disorder or condition, a cosmetic disfigurement, or an anatomical loss, that affects one or more of the following body systems: neurological; musculoskeletal; special sense organs (which would include speech organs that are not respiratory such as vocal cords, soft palate, tongue, etc.); respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin; and endocrine. Examples include, but are not limited to, orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, HIV (symptomatic or asymptomatic), tuberculosis, drug addiction, and alcoholism.

### IV. Procedures

1. **General Procedures**
   a. The DRS Office alone is responsible for evaluating documentation and determining eligibility and reasonable academic adjustments/accommodations.
   b. Any instructor, academic staff member, or support staff (I.E., Admissions or Financial Aid employees) who receives a request from a student for accommodations/academic adjustments due to a disability must refer the student to the college’s DRS office.
   c. All request for academic adjustments/accommodations shall be considered on an individual, case-by-case basis and all reasonable and appropriate requests for academic adjustments/accommodations from eligible students shall be considered by DRS. DRS may exercise its right to require additional documentation in support of a request for academic adjustment/accommodation.
   d. Academic adjustments/accommodations are determined by the DRS office through an interactive exchange (the interactive process) with the eligible student. The interactive exchange may continue during the course of the year and may involve faculty members’ input regarding the terms and conditions of the course or program of study. Accommodations/academic adjustments in the classroom environment shall require participation of course faculty.
   e. MCCCD is not required to provide “best” or “most desired” accommodations, but rather a reasonable accommodation sufficient to provide the eligible student equal access to the educational environment/activities.
2. **Material Alteration of Class or Certification Requirement**

   a. If a faculty member believes the DRS approved academic adjustment/accommodation would alter an essential academic course competencies, curriculum, or a licensing requirement, the instructor shall meet with the DRS office as part of the interactive process. Since the faculty member will have been part of the discussion regarding requested accommodations.academic adjustments involving a course or course curriculum, issues of material alteration should have already been addressed. In the event such was not addressed, a conversation with DRS should take place within five (5) days of the faculty member’s receipt of the faculty notification letter outlining the approved academic adjustment/accommodation. The parties will attempt to resolve the concern.

   b. If the faculty member’s concerns are not resolved after the meeting with the DRS manager, the faculty member and the DRS manager will meet with the chief academic officer, or designee, and the District ADA/504 Coordinator to resolve the concern. This meeting should take place within three (3) days of the meeting between the DRS manager and the faculty member. The Chief Academic Officer’s decision is final.

   c. Any change in the DRS Office’s initial recommendation resulting from the meeting with the Chief Academic Officer will be communicated to the student by the DRS Office and the interactive process will continue in an effort to provide reasonable and appropriate academic adjustments/accommodations.

V. **Rights and Responsibilities**

1. Students served by Disability Resources and Services have the right:

   a. To an equal opportunity to access course information and materials
   b. To an equal opportunity to participate in and benefit from the college community
   c. To choose whether or not to disclose the nature of their disability to their professor(s). The information the student provides to DRS is protected by FERPA.
   d. To file a grievance if the student believes they have been discriminated against.

2. Students served by Disability Resources and Services responsibilities:

   a. Self-identify to DRS as having a disability and provide accurate, recent, and timely documentation.
   b. Check MCCCD email and/or DRS Connect Portal for updates and announcements.
   c. Request accommodations each semester in a timely manner and understand that a late request does not constitute retroactive adjustments.
   d. Notify DRS if classes are dropped or added.
   e. Ensure that instructors have received the faculty notification letter once it has been issued through DRS Connect.
   f. Communicate directly with DRS regarding exam accommodations, such as taking exams in the Testing Center, and stay in communication about the time and place for such exams.
   g. Contact DRS in a timely manner if having any difficulty securing or arranging accommodations.
   h. Promptly return any borrowed or assigned equipment (as an accommodation) to DRS when it is no longer needed.
   i. If approved for not taking or audio recording services, understand that these services are for per-
sonal use only and may not be shared. In addition, the student must understand that you must be present in class to receive these services.
j. Understand that requesting accommodations does not mean that the student’s request will be approved.
k. Meet the same standards - Academic, Technical, Performance, and Behavioral - expected of all Maricopa County Community College students.
l. Accommodations may be granted on a provisional basis (30 days). This may be based on the need for additional documentation. In these cases, the student will need to update their documentation to receive accommodations beyond the 30 days. The student must understand that approval will be based on a review of the new documentation and there is no guarantee that the provisional (or any) accommodations will be approved.
m. Understand that faculty are not required to provide any accommodation that fundamentally alters the nature of their course or lowers the academic standards.

VI. Grievance Procedure

1. If a student is not satisfied with either the academic adjustments/accommodations granted by the DRS Office or the denial of academic adjustments/accommodations, the student may file a complaint under the Discrimination Complaint Procedures For Students.

2. The determination generated from the discrimination complaint procedure is final.

VII. General Disability Documentation Guidelines

Physical Disabilities

Maricopa County Community College District, Disability Resources and Services will accept current diagnoses of physical disabilities that are based on appropriate diagnostic evaluations administered by trained and qualified (i.e., certified and/or licensed) professionals (e.g., medical doctors, ophthalmologists, psychologists, neuropsychologists, audiologists).

Learning Disabilities

Maricopa County Community College District, Disability Resources and Services will accept diagnoses of specific learning disabilities that are based on comprehensive, age-appropriate, psychoeducational evaluations that demonstrate current functional limitations of the disability.

The assessment must be administered by a trained and qualified (i.e., certified and/or licensed) professional (e.g., psychologist, school psychologist, neuropsychologist, educational diagnostician) who has had direct experience with adolescents and adults with learning disabilities, including all battery scores in addition to evaluative notes.
Attention Deficit Hyperactivity Disorder (ADHD)/Attention Deficit Disorder (ADD)

Maricopa County Community College District, Disability Resources and Services will accept current diagnoses of ADHD that are based on age-appropriate, diagnostic evaluations, administered by trained and qualified (i.e., certified or licensed) professional (e.g., psychiatrist, psychologists, or neuropsychologists). Submitted documentation must demonstrate current functional limitations of the disability.

Psychiatric Disabilities

Maricopa County Community College District, Disability Resources and Services can provide a “Disability Verification Form” that can be completed by a trained and qualified professional, or the professional may choose to submit a letter. The letter must be on letterhead, with date and signature (including license number, if applicable), and must include the following:

a. A diagnostic statement identifying the disability (including the date of the diagnosis)

b. Current severity/impact of the disability (mild/moderate/severe)

c. An assessment of major life activities that are impacted by the disability (e.g., learning concentration, class attendance, social interactions, reading walking, etc.) and

d. Specific recommendations for accommodations. The DRS Office alone is responsible for evaluating documentation and determining eligibility and reasonable academic adjustments/accommodations.

2.8.2 Eligibility of Students Taking Reduced Course Loads

Although any student may register for fewer than twelve credit hours, a student with a disability may request a reduced academic load as a reasonable and appropriate accommodation. A college Disability Resource Services (DRS) professional may certify that a student who is afforded a reduced academic load as an accommodation for a disability shall nevertheless be deemed a full-time student. Such certification shall be solely to enable the student to seek eligibility for health insurance benefits and to seek eligibility to comply with mandates of the National Junior College Athletic Association. The college DRS professional will certify that a student may be deemed a full-time student as provided under this regulation only on a semester-by-semester basis.

The appropriate college offices will receive documentation of the DRS professional's certification from the professional or the student. An incoming student may apply for such certification upon acceptance to the college. Requests for certification must be made prior to the beginning of each semester. Every attempt will be made to accommodate these requests.
The following criteria also apply:

1. Students taking a reduced course load must register for at least 6 credit hours (based on DRS approval) during the regular fall and spring semesters. It is recommended that students register for at least three (3) credit hours during the summer to offset the impact of academic eligibility.

2. Students taking a reduced course load must maintain satisfactory academic progress standards as defined by the College catalog.

3. The reduced credit load may result in an adjusted financial aid package. There may be additional ramifications including, but not limited to, extra time to complete college, insurance coverage, Vocational Rehabilitation funding, etc.

4. Eligibility for Federal Stafford Loans may be reduced according to the total number of credit hours taken in the full academic year. A student, taking a reduced course load, must be at least half time in a semester (6 credits) in order to receive a Stafford Loan.

5. The amount of Federal Financial Aid (Title IV) awarded is based on the actual number of credit hours taken.

6. Requirements for continuation of funding through Vocational Rehabilitation may differ. The student must contact his/her VR counselor to determine how a reduced course load will impact their funding.

7. The National Junior College Athletic Association (NJCAA) has published standards in regard to the designation of Certified Disabled Student-Athlete in Article V Section J of the NJCAA bylaws. This procedure addresses the NJCAA criteria for reduced course loads.

**Application Process**

1. Applications for reduced course loads must be submitted to the Disability & Services professional with supporting documentation. Requests must be made prior to the beginning of each semester.

2. Supporting documentation must include a diagnostic evaluation from an appropriate professional. The documentation must meet the guidelines set forth by the Maricopa Community College District’s Documentation Policy in order to evaluate the current impact of the disability in regards to the request. Students are required to complete an application form for this status every semester, but do not need to re-submit their documentation. Continuation of this status is not automatic. Each case will be re-evaluated at the end of the semester to determine if this accommodation is still appropriate.

3. Students requesting a reduced course load should consult with their academic advisor regarding the consequences of this status for making progress toward graduation requirements and eligibility for various academic distinctions and designations.
4. Students registered in occupational and/or academic programs that have specific block formats will not be considered for reduced course loads.

5. Students who are approved for a reduced course load will be required to sign the Reduced Course Load Approval Form (see Appendix S-10), which includes a statement acknowledging that he or she has reviewed the consequences that go with reduced load status and accepts them.

6. When a reduced course load status is granted by the Disability Resources & Services professional, a copy of the Reduced Course Load Approval Form will be sent to the appropriate individuals.

2.8.3 Technology Accessibility

The Maricopa Community College District is committed to ensuring equal access to information, programs, services and activities through its technologies, Web pages, and resources both in the academic and work environments. This regulation establishes that Electronic and Information Technology (EIT) that are used to conduct the business of the Maricopa Community Colleges shall adhere to established accessibility standards and guidelines.

ADOPTED by Direct Chancellor Approval, April 1, 2015

2.3.11 Academic Misconduct

1. Definitions

A. Academic Misconduct - includes any conduct associated with the classroom, laboratory, or clinical learning process that is inconsistent with the published course competencies/objectives and/or academic standards for the course, program, department, or institution. Examples of academic misconduct include, but are not limited to: (a) cheating and plagiarism (including any assistance or collusion in such activities, or requests or offers to do so); (b) excessive absences; (c) use of abusive or profane language; and (d) disruptive behavior.

B. Cheating is any form of dishonesty in an academic exercise. It includes, but is not limited to, (a) use of any unauthorized assistance in taking quizzes, tests, examinations, or any other form of assessment whether or not the items are graded; (b) dependence upon the aid of sources beyond those authorized by the faculty member in writing papers, preparing reports, solving problems, or carrying out other assignments; (c) the acquisition, without permission, of tests or other academic material belonging to or administered by the college or a member of the college faculty or staff; and (d) fabrication of data, facts, or information.
C. Plagiarism is a form of cheating in which a student falsely represents another person's work as his or her own – it includes, but is not limited to: (a) the use of paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgment; (b) unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials; and (c) information gathered from the internet and not properly identified.

2. Academic Consequences

Any student found by a faculty member to have committed academic misconduct may be subject to the following academic consequences, based on the faculty member's judgment of the student's academic performance.

- **Warning** - A notice in writing to the student that the student has violated the academic standards as defined in 1.A.
- **Grade Adjustment** - Lowering of a grade on a test, assignment, or course.
- **Discretionary assignments** - Additional academic assignments determined by the faculty member.
- **Course Failure** - Failure of a student from a course where academic misconduct occurs.

3. Disciplinary Sanctions

If the misconduct is sufficiently serious to warrant course failure, and if either (a) the failure results in a student being removed from an instructional program or (b) the student refuses to accept responsibility for the misconduct and its academic consequences, the faculty member will, in addition to awarding the course grade, consult the department chair and the vice president of academic affairs as to whether institutional sanctions set forth below should be sought under AR 2.5. Regardless whether the student has accepted responsibility for academic consequences, in all cases of academic misconduct the faculty member may make recommendations for sanctions and may file a written complaint of misconduct. The vice president of academic affairs will serve as the student conduct administrator in all academic misconduct cases, and will follow the procedure established in AR 2.5.2 to evaluate whether disciplinary sanctions are warranted. College probation, suspension, or expulsion will be imposed only by the vice president of academic affairs or designee, and only after the student has received the procedural rights provided in AR 2.5.2.

- **Disciplinary Probation** - Disciplinary probation is for a designated period of time and includes the probability of more severe sanctions if the student commits additional acts of academic misconduct.
- **College Suspension** - Separation of the student from the college for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified. (A suspension from one Maricopa Community College will apply to all other colleges/centers in the District.)
- **College Expulsion** - Permanent separation of the student from the college. (Expulsion from one Maricopa Community College will apply to all colleges/centers in the District.)
4. Appeal of Sanctions for Academic Misconduct

Students can appeal academic consequences by following the instructional grievance procedure (AR 2.3.5; Appendix S-6). Students can appeal disciplinary sanctions as provided in AR 2.5.2. If the student appeals through both processes, the instructional grievance process will be suspended until a final decision is reached in the student discipline procedure. In all cases in which financial aid has been adversely affected by academic consequences or disciplinary sanctions that are the subject of ongoing hearings or appeal proceedings, the student may appeal the financial aid determination on the grounds that a final decision has not been made. In such an event, a final decision on financial aid will not be made until after the final decision on consequences and/or sanctions.

Amended through Direct Approval by the Chancellor and Executive Vice Chancellor & Provost on August 7, 2013

Disciplinary Standards

2.5.1 Disciplinary Standards

1. Disciplinary Probation and Suspension

According to the laws of the State of Arizona, jurisdiction and control over the Maricopa County Community College District (MCCCD) are vested in the MCCCD Governing Board. The Governing Board and its agents—the Chancellor, administration and employees are granted broad legal authority to regulate student life subject to basic standards of reasonableness.

In developing responsible student conduct, the MCCCD prefers mediation, guidance, admonition and example. However, when these means fail to resolve problems of student conduct and responsibility, appropriate disciplinary procedures will be followed. The MCCCD reserves the right to levy discipline rather than attempt mediation and guidance, based on the severity of the conduct.

Misconduct for which students are subject to disciplinary action falls into the general areas of:

A. Cheating on an examination, assessment tests, laboratory work, written work (plagiarism), falsifying, forging or altering college records

B. Actions or verbal statements which threaten the personal safety of any faculty, staff, students, or others lawfully assembled on the campus, or any conduct which is harmful, obstructive, disruptive to, or interferes with the educational process or institutional functions
C. Violation of Arizona statutes, and/or college regulations and policies

D. Use of college computer resources such as the Internet in violation of Technology Resource Standards (AR 4.4) which may result in notification of law enforcement authorities.

2. Disciplinary Removal from Class

A faculty member may remove a student from class meetings for disciplinary reasons. If an instructor removes a student for more than one (1) class meeting, the faculty member shall notify the department/division chair and the appropriate vice president, or designee, in writing of the problem, action taken by the faculty member, and the faculty member's recommendation moving forward. If a resolution to the problem is not reached between the faculty member and the student, the student may be removed permanently pursuant to due process procedures.

AMENDED by Direct Approval from the Chancellor, August 11, 2020

2.5.2 Student Conduct Code

The purpose of this Code is to help ensure a healthy, comfortable and educationally productive environment for students, employees and visitors.

Article I: Definitions

The following are definitions of terms or phrases contained within this Code:

1. "Appellate boards" means any person or persons authorized by the college president to consider an appeal from a Student Conduct Board's determination that a student has violated MCCCD's Student Conduct Code or from the sanctions imposed by the Student Conduct Administrator. The College President, or designee, may act as the appellate board.

2. "College" means a Maricopa County Community College or center/site.

3. "College premises" means all land, buildings, facilities and other property in the possession of or owned, used or substantially controlled by the college or MCCCD.

4. "College official" means any person employed by the college or MCCCD, performing assigned administrative or professional responsibilities pursuant to this Student Conduct Code. The college president shall designate the college or center official to be responsible for the administration of the Student Conduct Code.
5. “Complainant” means any person who submits a charge alleging that a student violated this Student Conduct Code. When a student believes that they have been a victim of another student’s misconduct, the student who believes they have been a victim will have the same rights under this Student Conduct Code as are provided to the complainant, even if another member of the college community submitted the charge itself.

6. “Day” means business calendar day when college is in session, and shall exclude weekends and holidays.

7. “Disruptive behavior” means conduct that materially and substantially interferes with or obstructs the teaching or learning process in the context of a classroom or educational setting / facility.

8. “District” means the Maricopa County Community College District (MCCCD).

9. “Faculty member” means any person hired by the college or District to conduct classroom or teaching activities or who is otherwise considered by the college to be a member of faculty.

10. “May” is used in the permissive sense.

11. “Member of the college community” means any person who is a student, faculty member, college official or any other person employed by the college or center. A person's status in a particular situation shall be determined by the College President.

12. “Organization” means any number of persons who have complied with the formal requirements for college recognition.

13. “Policy” is defined as the written regulations of the college and/or District as found in, but not limited to, this Student Conduct Code and Governing Board policy.

15. “Shall” is used in the imperative sense.

16. “Student” means any individual who is registered or enrolled for credit or non-credit bearing coursework, full or part-time, camps, and other district-sponsored programs or activities, and who maintains an ongoing relationship with the MCCCDD, which means the student is on an approved leave (medical, administrative, or other documented leave of absence), but is not registered or taking classes at the time of the complaint being filed.

17. “Student Conduct Administrator” means a college official authorized on a case-by-case basis by the college official responsible for administration of the Student Conduct Code to impose sanctions upon students found to have violated this Student Conduct Code. A Student Conduct Administrator may serve simultaneously as a Student Conduct Administrator and the sole member or one of the members of a Student Con-
duct Board. The college official responsible for administration of the Student Conduct Code may authorize the same Student Conduct Administrator to impose sanctions in all cases.

18. **“Student Conduct Board”** means any person or persons authorized by the college president to determine whether a student has violated this Student Conduct Code and to recommend sanctions that may be imposed when a violation has been committed. A student conduct board may constitute one person, if designated as such.

19. **“Threatening behavior”** means any written or oral statement, communication, conduct or gesture directed toward any member of the college community, which causes a reasonable apprehension of physical harm to self, others or property. It does not matter whether the person communicating the threat has the ability to carry it out, or whether the threat is made on a present, conditional or future basis.

**Article II: Judicial Authority**

1. The college official responsible for administration of the Student Conduct Code shall determine the composition of Student Conduct Board and determine which Student Conduct Administrator, Student Conduct Board, and appellate board shall be authorized to hear each case. A student conduct board may constitute one person, if designated as such.

2. The college official responsible for administration of the Student Conduct Code shall develop procedures for the administration of the judicial program and rules for the conduct of hearings that are consistent with provisions of this Student Conduct Code.

3. Decisions made by a Student Conduct Board and/or Student Conduct Administrator shall be final, pending the normal appeal process.

4. Matters pertaining to sexual harassment/misconduct that do not meet the definition of sexual harassment as outlined in administrative regulation 5.1.16 or otherwise do not meet the definition of an educational program or activity and do not occur against a person within the United States will be referred by the Title IX Coordinator to the college’s respective student conduct administrator for investigation and adjudication under the student conduct code.

**Article III: Prohibited Conduct**

1. **Jurisdiction of the College**

The Student Conduct Code shall apply to conduct that occurs on any college or District premises, or at any college- or District-sponsored activities that adversely affects the college community and/or the pursuit of its objectives. Jurisdiction under this policy applies to students who are registered or enrolled for credit or non-credit bearing coursework, full or part-time, camps, and other district-sponsored programs or activi-
ties, and those who maintain an ongoing relationship with the MCCCD, which means the student is on an approved leave (medical, administrative, or other documented leave of absence), but is not registered or taking classes at the time of the complaint being filed.

The Student Conduct Code shall apply to a student's conduct even if the student withdraws from school while a disciplinary matter is pending.

2. **TITLE IX SEXUAL HARASSMENT**

Matters pertaining to sexual harassment/misconduct that do not meet the definition of sexual harassment as outlined in administrative regulation 5.1.16 or otherwise do not meet the definition of an educational program or activity and do not occur against a person within the United States will be referred by the Title IX Coordinator to the college's respective student conduct administrator for investigation and adjudication under the student conduct code.

The Student Conduct Code shall apply to a student's conduct even if the student withdraws from school while a disciplinary matter is pending.

3. **Temporary Removal of Student**

Disruptive behavior includes conduct that distracts or intimidates others in a manner that interferes with instructional activities, fails to adhere to a faculty member's appropriate classroom rules or instructions, or interferes with the normal operations of the college. Students who engage in disruptive behavior or threatening behavior may be directed by the faculty member to leave the classroom or by the college official responsible for administration of the Student Conduct Code to leave the college premises. If the student refuses to leave after being requested to do so, college police may be summoned to provide assistance. For involuntary removal from more than one class period, the faculty member should invoke the procedures outlined in 2.5.1(2) above.

4. **Conduct - Rules and Regulations**

Any student found to have committed the following misconduct is subject to the disciplinary sanctions outlined in Article IV:

A. Acts of dishonesty, including but not limited to the following:
   i. Knowingly furnishing false information to any college official or officer, including during an official investigation (i.e., Title IX, conduct, or campus police investigation).
   ii. Forgery, alteration or misuse of any college document, record or instrument of identification, even if there is no reliance on the forged or altered document in the posting of grades or other academic/financial benefit.
   iii. Tampering with the election of any college-recognized student organization.
B. Obstruction of teaching, research, administration, disciplinary proceedings or other college activities, including its public service functions on campus, in clinical settings or other authorized non-college activities, when the conduct occurs on college premises a faculty member may remove a student from a class meeting for disciplinary reasons. If a faculty member removes a student for more than one class period, the faculty member shall follow the procedures as outlined in 2.5.1(2) above.

C. Physical abuse, verbal abuse, threats, intimidation, harassment, coercion, conduct which threatens or endangers the health or safety of any person, and/or disruptive behavior.

D. Attempted or actual theft of and/or damage to property of the college or property of a member of the college community or other personal or public property.

E. Failure to comply with direction of college officials or law enforcement officers in the performance of their duties and/or failure to properly identify oneself to these persons when requested to do so.

F. Unauthorized possession, duplication or use of keys to any college premises, or unauthorized entry to or use of college premises.

G. Violation of any college or District policy, rule or regulation published in hard copy or online, such as a college catalog, handbook, etc. or available electronically on the college's or District's website.

H. Violation of federal, state or local law.

I. Use, possession, manufacturing or distribution of illegal or other controlled substances except as expressly permitted by law.

J. Illegal use, possession, manufacturing or distribution of alcoholic beverages or public intoxication.

K. Illegal or unauthorized possession of firearms, explosives, other weapons, or dangerous chemicals on college premises, or use of any such item, even if legally possessed, in a manner that harms, threatens, or causes fear to others, or property damage.

L. Participation in a demonstration, riot or activity that disrupts the normal operations of the college and infringes on the rights of other members of the college community; leading or inciting others to disrupt scheduled and/or normal activities within any college building or area.

M. Obstruction of the free flow of pedestrian or vehicular traffic on college premises or at college-sponsored or supervised functions.

N. Conduct that is disorderly, lewd or indecent; breach of the peace; or aiding, abetting or procuring another person to breach the peace on college premises or at functions sponsored by or participated in by the college or members of the academic community. Disorderly conduct includes but is not limited to: any unauthorized use of electronic or other devices or to make an audio or video record of any person while on college or District premises without their prior knowledge, or without their effective consent or when such a recording is likely to cause injury or distress. This includes, but is not limited to, secretly taking pictures of another person in a gym, locker room, or restroom.
O. Attempted or actual theft or other abuse of technology facilities or resources, including but not limited to:
   i. Unauthorized entry into a file, to use, read or change the contents or for any other purpose
   ii. Unauthorized transfer of a file
   iii. Unauthorized use of another individual's identification and/or password
   iv. Use of technology facilities or resources to interfere with the work of another student, faculty member or college official
   v. Use of technology facilities or resources to send obscene or abusive messages
   vi. Use of technology facilities or resources to interfere with normal operation of the college technology system or network
   vii. Use of technology facilities or resources in violation of copyright laws
   viii. Any violation of the District's technology resource standards
   ix. Use of technology facilities or resources to illegally download files

P. Abuse of the Student Conduct system, including but not limited to:
   i. Falsification, distortion or misrepresentation of information before a Student Conduct Board.
   ii. Disruption or interference with the orderly conduct of a Student Conduct Board proceeding.
   iii. Invoking a Student Conduct Code proceeding with malicious intent or under false pretenses
   iv. Attempting to discourage an individual's proper participation in, or use of, the Student Conduct system
   v. Attempting to influence the impartiality of the member of a judicial body prior to, and/or during the course of, the Student Conduct Board proceeding
   vi. Harassment, either verbal or physical, and/or intimidation of a member of a Student Conduct Board prior to, during and/or after a Student Conduct Board proceeding
   vii. Failure to comply with the sanctions imposed under this Student Conduct Code
   viii. Influence or attempting to influence another person to commit an abuse of the Student Conduct Code system
   ix. Failure to obey the notice from a Student Conduct Board or college official to appear for a meeting or hearing as part of the Student Conduct system.

Q. Engaging in irresponsible social media conduct. All student conduct policies apply to social networking platforms.

R. Attempt to bribe a college or District employee.

S. Stalking behavior, which occurs if a student intentionally or knowingly maintains visual or physical proximity toward another person on two or more occasions over a period of time and such conduct would cause a reasonable person to fear for their safety.

T. Sexual misconduct, including but not limited to:
   i. The use or display in the classroom, including electronic, of pornographic or sexually harassing materials such as posters, photos, cartoons or graffiti without pedagogical justification.
   ii. Explicit sexual comments by one or more students about another student, or circulating drawings or other images depicting a student in a sexual manner.
iii. Unwelcome sexual advances, repeated propositions or requests for a sexual relationship to an individual who has previously indicated that such conduct is unwelcome, or sexual gestures, noises, remarks, jokes, questions, or comments by a student about another student’s sexuality or sexual experience.

iv. Harassment based on sex, pregnancy, gender identity, gender expression, or sexual orientation that creates a hostile environment. A hostile environment exists when the conduct is sufficiently severe, persistent, or pervasive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefitting from the District’s education programs and/or activities. The existence of a hostile environment is to be judged both objectively (meaning a reasonable person would find the environment hostile) and subjectively (meaning the impacted individual felt the environment was hostile).

V. Sexual Exploitation

   a. Taking non-consensual or abusive sexual advantage of another for anyone’s advantage or benefit other than the person being exploited. Examples of behavior that could rise to the level of sexual exploitation include:

   1. Recruiting, harboring, transporting, providing, or obtaining another person for the purpose of sexual exploitation;

   2. Non-consensual visual (e.g., video, photograph) or audio-recording of sexual activity;

   3. Non-consensual distribution of photos, other images, or information of an individual’s sexual activity, intimate body parts, or nakedness, with the intent to or having the effect of embarrassing an individual who is the subject of such images or information;

   4. Going beyond the bounds of consent (such as letting your friends hide in the closet to watch you having consensual sex);

   5. Engaging in non-consensual voyeurism;

   6. Knowingly transmitting an STI (sexually transmitted infection), such as HIV, to another without disclosing one’s STI status;

   7. Exposing one’s genitals in non-consensual circumstances, or inducing another to expose their genitals;

   8. Possessing, distributing, viewing or forcing others to view obscenity.

5. Violation of Law and College Discipline

   A. Disciplinary proceedings may be instituted against a student charged with conduct that potentially violates both the criminal law and this Student Conduct Code (that is, if both possible violations result from the same factual situation) without regard to pending of civil or criminal litigation. If a criminal investigation and/or prosecution results from the same factual situation, proceedings under this Student Conduct Code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the college official responsible for administration of the Student Conduct Code. Determinations made or sanctions imposed under this Student Conduct Code shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of college rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.
B. When a student is charged by federal, state or local authorities with a violation of law, the college will not request or agree to special consideration for that individual because of their status as a student. If the alleged offense is also being processed under this Student Conduct Code, however, the college may advise off campus authorities of the existence of this Student Conduct Code and of how such matters will be handled internally within the college community. The college will cooperate fully with the law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students and faculty members, acting within their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

**Article IV: Student Conduct Code Procedures**

**1. Charges and Student Conduct Board Hearings**

A. Any member of the college community may file charges against a student for violations of this Student Conduct Code. A charge shall be prepared in writing and directed to the Student Conduct Administrator. Any charge should be submitted as soon as possible after the event takes place, preferably within thirty (30) days following the incident.

B. Both the complainant and the respondent (the accused) shall have the right to be assisted by an advisor of their choosing. A party who elects to be assisted by an advisor must notify the Student Conduct Administrator of the name and contact information of the advisor not less than two (2) days before the scheduled hearing. The advisor must be a member of the college community and may not be an attorney. Both the complainant and the respondent (accused) are responsible for presenting their own information. Therefore, advisors are not permitted to speak or participate directly in any Student Conduct Board hearing before a Student Conduct Board.

C. Misconduct that would fall under the jurisdiction of 5.1.16, meaning it alleges sexual harassment, discrimination, sexual assault, dating/domestic violence, or stalking should be forwarded to the Title IX Coordinator for a jurisdictional review. In such cases where the conduct alleged does not meet the definition of sexual harassment, as outlined in the Title IX regulations (and MCCCD policy 5.1.16) or is otherwise subject to mandatory or discretionary dismissal, the alleged conduct will be referred back to the student conduct code for investigation and adjudication.

D. The Student Conduct Administrator shall conduct a prompt, thorough, and impartial investigation to determine if the charges have merit after the investigation, but prior to the convening of a Student Conduct Board hearing, the Student Conduct Administrator will determine whether the parties mutually agree to dispose of the matter in a way that is acceptable to the Student Conduct Administrator. If there is mutual consent to resolve the matter, such disposition shall be final and there shall be no appeal afforded either party. If the charges cannot be disposed of by mutual consent, the Student Conduct Administrator will convene the student conduct board. If the student admits violating institutional rules, but sanctions are not agreed to, the hearing shall be limited to determining the appropriate sanction(s).
E. All charges shall be presented to the accused student in written form. The Student Conduct Administrator will provide written notice of the time, date, and location of the student conduct hearing. The notice will describe the evidence of alleged misconduct, the code provisions violated, and the possible sanctions. The student conduct hearing notice, plus a copy of this code, shall be provided to the student accused of misconduct no less than five (5) workdays before the hearing date. The hearing will be held no more than fifteen (15) workdays after the student has been notified unless the Student Conduct Administrator extends the deadline for good cause in their sole discretion.

F. Hearings shall be conducted by a Student Conduct Board according to the following guidelines, except as provided by Article IV 1.1 below:
   i. Student Conduct Board hearings normally shall be conducted in private.
   ii. The Complainant, Respondent (Accused), and their Advisors, if any, shall be allowed to attend the entire portion of the Student Conduct Board hearing at which information is received (excluding deliberations). Admission of any person (beyond the parties and their Advisors) to the hearing shall be at the discretion of the Student Conduct Board and/or its Student Conduct Administrator.
   iii. In Student Conduct Board hearings involving more than one accused student, the Student Conduct Administrator, in their discretion, may permit the Student Conduct Board hearing concerning each student to be conducted either separately or jointly.
   iv. The Complainant, Respondent (accused), and the Student Conduct Board may arrange for witnesses to present pertinent information to the Student Conduct Board. The Student Conduct Administrator will try to arrange the attendance of possible witnesses who are members of the college community, if reasonably possible, and who are identified by the Complainant and/or the Respondent (accused) at least two (2) days prior to the Student Conduct Board hearing. Witnesses will provide information to and answer questions from the Student Conduct Board. Questions may be suggested by the Respondent (accused) and/or Complainant to be answered by each other or by other witnesses. This will be conducted by the Student Conduct Board with such questions directed to the Chair, rather than to the witness directly. This method is used to preserve the educational tone of the hearing and to avoid creation of an adversarial environment. Questions of whether potential information will be received shall be resolved in the discretion of the Chair of the Student Conduct Board.
   v. The Student Conduct Administrator will present the information they received.
   vi. Pertinent records, exhibits, and written statements may be accepted as information for consideration by a Student Conduct Board at the discretion of the Chair.
   vii. All procedural questions are subject to the final decision of the Chair of the Student Conduct Board.
   viii. After the portion of the Student Conduct Board hearing concludes in which all pertinent information has been received, the Student Conduct Board shall determine (by majority vote if the Student Conduct Board consists of more than one person) whether the accused student violated the section of this Student Conduct Code which the student is charged with violating.
   ix. The Student Conduct Board's determination shall be made on the basis of whether it is more likely than not that the accused student violated this Student Conduct Code (Preponderance Of The Evidence).
G. There shall be a single verbatim record, such as a tape recording, of all Student Conduct Board hearings before a Student Conduct Board (not including deliberations). The record shall be the property of the District.

H. No student may be found to have violated this Student Conduct Code simply because the student failed to appear before a Student Conduct Board. In all cases, the evidence and support of the charges shall be presented and considered.

I. The Student Conduct Board may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the Complainant, Respondent (accused), and/or other witness during the hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, videotape, audio tape, written statement, or other means, where and as determined in the sole judgment of the college official responsible for administration of the Student Conduct Code.

2. Sanctions

A. The following sanctions may be imposed upon any student found to have violated the Student Conduct Code:
   i. **Warning** - a written notice to the student that the student is violating or has violated institutional rules or regulations.
   ii. **Probation** - a written reprimand for violation of specified rules or regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to violate any institutional rules or regulation(s) during the probationary period.
   iii. **Loss of Privileges** - denial of specified privileges for a designated period of time.
   iv. **Restitution** - compensation for loss, damage or injury. This may take the form of appropriate service and/or monetary or material replacement.
   v. **Discretionary Sanctions** - work assignments, essays, service to the college, or other related discretionary assignments. (Such assignments must have the prior approval of the Student Conduct Administrator.)
   vi. **College Suspension** - separation of the student from all the colleges in the District for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified. Suspension from one college means a suspension from all colleges in the District.
   vii. **College Expulsion** - permanent separation of the student from all the colleges in the District.

B. More than one of the sanctions listed above may be imposed for any single violation.

C. Disciplinary sanctions are part of a student’s educational record. Cases involving the imposition of sanctions other than suspension or expulsion shall be expunged from the student’s confidential record seven (7) years after final disposition of the case.

In situations involving both a Respondent Student(s) (or group or organization) and a student(s) Complainant, the records of the process and of the sanctions imposed, if any, shall be considered to be the education records of both the Respondent (Accused(s)) and the Complainant(s).
D. The following sanctions may be imposed upon groups or organizations:
   i. Those sanctions listed above in Article IV 2. A. 1 through 4.
   ii. Loss of selected rights and privileges for a specified period of time.
   iii. Deactivation - loss of all privileges, including college recognition for a designated period of time.

E. In each case in which a Student Conduct Board determines that a student and/or group or organization has violated the Student Conduct Code, the sanction(s) shall be determined and imposed by the Student Conduct Administrator. In cases in which persons other than, or in addition to, the Student Conduct Administrator have been authorized to serve as the Student Conduct Board, the recommendation of the Student Conduct Board shall be considered by the Student Conduct Administrator in determining and imposing sanctions. The Student Conduct Administrator is not limited to sanctions recommended by members of the Student Conduct Board. Following the Student Conduct Board hearing, the Student Conduct Board and the Student Conduct Administrator shall advise the accused student, group and/or organization (and a complaining student who believes they were the victim of another student’s conduct) in writing of its determination and of the sanction(s) imposed, if any.

3. Emergency Suspension

If a student’s actions pose an immediate threat or danger to any member of the college community or the educational processes, a college official responsible for administering the Student Conduct Code may immediately suspend or alter the rights of a student pending the outcome of the investigation and the Student Conduct Board hearing. Scheduling the hearing shall not preclude resolution of the matter through mediation or any other dispute resolution process as long as such resolution occurs before the Student Conduct Board hearing commences. The decision will be based on whether the continued presence of the student on the college campus reasonably poses a threat to the physical or emotional condition and well-being of any individual, including the student, or for reasons relating to the safety and welfare of any college property, or any college function. When an emergency suspension is imposed, the Student Conduct Administrator will seek to resolve the complaint at the earliest possible date. This suspension is not a sanction, but an effort to protect people and property and prevent disruption of college operations.

In imposing an emergency suspension, the college official responsible for administration of the Student Conduct Code may direct that the student immediately leave the college premises and may further direct the student not to return until contacted by that official. An accused student shall be in violation of this policy regardless of whether the person who is the object of the threat observes or receives it, as long as a reasonable person would interpret the communication, conduct or gesture as a serious expression of intent to harm.

4. Administrative Hold

The Student Conduct Administrator may place a temporary administrative hold preventing an accused student’s registration, transcript release, or graduation if it is necessary to secure the student’s cooperation in the investigation or compliance with a direction. This hold is not a sanction but a necessary step to resolve the complaint promptly.
5. Academic Consequences

Violations of the student conduct code can have academic consequences if the violation also constitutes failure to meet standards of performance or professionalism set by the instructor or the program, or if it constitutes cheating, plagiarism, falsification of data, or other forms of academic dishonesty. The instructor may award a failing grade for the assignment or the course in such cases, and the program faculty may decide that the student is ineligible to continue in the program. Academic consequences are determined by the faculty and academic administration, and are not dependent on the decisions of the Student Conduct Board, the Appeals Board, or the Student Conduct Administrator.

6. Appeals Regarding Student Code of Conduct

A. A decision reached by the Student Conduct Board judicial body or a sanction imposed by the Student Conduct Administrator may be appealed by accused students or complainants to an Appellate Board within five (5) days of receipt of the decision. Such appeals shall be in writing and shall be delivered to the Student Conduct Administrator.

B. Except as required to explain on the basis of new information, an appeal shall be limited to the review of the verbatim record of the Student Conduct Board hearing and supporting documents for one or more of the following purposes:
   i. To determine whether the Student Conduct Board hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures giving the complainant a reasonable opportunity to prepare and present information that the Student Conduct Code was violated, and giving the accused student a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results.
   ii. To consider new information, sufficient to alter a decision or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original Student Conduct Board hearing.

C. If an appeal is upheld by the Appellate Board, the matter shall be returned to the original Student Conduct Board and Student Conduct Administrator for reopening of the Student Conduct Board hearing to allow reconsideration of the original determination and/or sanction(s). If an appeal is not upheld, the matter shall be considered final and binding upon all concerned.

Article V: Interpretation and Revision

Any question of interpretation regarding the Student Conduct Code shall be referred to the college official responsible for administration of the Student Conduct Code for final determination.

2.5.3 Student Records

1. Definitions

For the purposes of this policy, the Maricopa County Community College District has used the following definition of terms.

A. "College" includes all colleges, educational centers, skill centers and District office.

B. "Educational Records" are any record (in handwriting, print, tapes, film, or other media) maintained by the college or an agent of the college which is directly related to a student, except:
   i. A personal record kept by a staff member, if it is kept in the personal possession of the individual who made the record, and information contained in the record has never been revealed or made available to any other person except the maker’s temporary substitute
   ii. An employment record of an individual whose employment is not contingent on the fact that he or she is a student, provided the record is used only in relation to the individual’s employment
   iii. Records maintained by the college’s security unit, if the record is maintained solely for law enforcement purposes, is revealed only to law enforcement agencies of the same jurisdiction and the security unit does not have access to education records maintained by the community college.
   iv. Records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional, if the records are used only for treatment of a student or made available only to those persons providing treatment.
   v. Alumni records which contain information about a student after he or she is no longer an attendant of the community college and the records do not relate to the person as a student.

2. Records Request

Official verification of educational records is issued by the Admissions and Records Office/Office of Student Enrollment Services.

3. Fees

If a copy(ies) of a portion or all of the records in a student’s file is requested, the custodian of the records may charge a fee for copies made. However, the willingness or ability to pay the fee will not effectively prevent students from exercising their right to inspect and review (under supervision of a college employee) their records. A fee will not be charged to search for or to retrieve records. Standard fees for printing and duplication services will apply.
4. Annual Notification (SEE ALSO FERPA EXPLANATION)

Students will be notified of their rights annually by electronic mail in a FERPA Annual Notification. Students rights may also be provided via the following means: FERPA Annual Notification placement on the college website, publication in the college catalog and/or the student handbook.

Individuals requesting admission or enrollment at any of the Maricopa County Community Colleges are asked to provide certain contact information that is collected and used for the purpose of responding to the request. The information collected may include your name, address, telephone number or email address. Maricopa county community colleges and/or its agents, including attorneys and/or collection agencies, may use this information to contact you through various means, including phone calls, text messages, e-mail and postal mail. Communication may include, but is not limited to, information regarding account balances, programs and services that MCCCD offers.

5. Rights of Access to Educational Records

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (FERPA defines an “eligible student” as a student who has reached 18 years of age or is attending a postsecondary institution at any age). These rights include:

A. The right to inspect and review the student’s education records within 45 days after the day the college receives a request for access.

1. Students should submit to the Admissions & Records Office/Enrollment Services written requests that identify the record(s) they wish to inspect. The form to do so may be found HERE. The college official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the college official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. There may be occasions when a record may not be copied, especially if doing so may compromise another student or faculty member’s privacy. The college or district may deny access to the following records:
   a. Parents’ financial statements;
   b. Letters of recommendation, if the student has waived his or her right of access;
   c. Records filed before January 1, 1975; or
   d. Records not included in the FERPA definition of educational records.

3. The Maricopa County Community College District and its associated colleges reserve the right to deny copies of records, including transcripts, in any of the following situations:
   a. The student has an unpaid financial obligation to the college or District;
   b. There is an unresolved disciplinary action against the student; or
   c. The educational record requested is an exam or set of standardized test questions.
B. **The right to request the amendment of the student’s education records that the student believes is inaccurate, or misleading.**

1. Students may ask the college to amend a record that they believe is inaccurate or misleading. They should write the college official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

2. A proper request to correct a student education record must:
   a. Be written to the College Registrar;
   b. Clearly identify the part of the record they want to be changed; and
   c. Specify why the record is inaccurate or misleading.

3. Any written request which does not include the required information will not be considered. The requestor will be notified in writing that their request was not properly submitted and they will receive directions on how to resubmit it.

4. If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing. The FERPA Appeal Process is also outlined in the student handbook and in Appendix S-17 of the MCCCD Administrative Regulations.

C. **The right to provide written consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.**

1. With the exception of directory information and the various FERPA authorized disclosures without consent, the Maricopa County Community College District or its associated colleges must receive written consent from students before disclosing any personally identifiable information from educational records. The FERPA Release of Information Consent MAY BE FOUND HERE.

**CONDITIONS OF DISCLOSURE WITHOUT CONSENT**

FERPA permits the disclosure of personally identifiable information (PII) from students’ education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA Regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student:

1. To other school officials, including instructions, administrators, supervisors, Governing Board members, academic or support staff, law enforcement and health staff, within the MCCCD whom the college or District has determined to have legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities. This includes contractors, attorneys, auditors, collection agents, consultants, volunteers, or other parties to whom the college has outsourced institutional services or functions, provided that the conditions listed in §99.31(A)(1)(I)(B)(1) – (A)(1)(I)(B)(2) are met. (§99.31(A) (1))
2. To officials of another school where the student seeks to or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(A) (2))

3. To authorized representatives of the US Comptroller General, the US Attorney General, and the US Secretary of Education, or State and Local Educational Authorities, such as a state postsecondary authority that is responsible for supervising the college's state supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of federal-or state-supported education programs, or for the enforcement of or compliance with federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement, or compliance activity on their behalf (§§99.31(A) (3) AND 99.35)

4. In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(A) (4))

5. To organizations conducting studies for, or on behalf of, the college, in order to: (A) Develop, Validate, or Administer Predictive Tests; (B) Administer student aid programs; or (C) Improve instruction (§99.31(A) (6))

6. To accrediting organizations to carry out their accrediting functions. (§99.31(A) (7))

7. To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(A) (8))

8. To comply with a judicial order or lawfully issued subpoena. (§99.31(A) (9))

9. To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(A) (10))

10. Information the college has designated as “Directory Information” under §99.37. (§99.31(A) (11))

11. To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of §99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§99.31(A) (13))

12. To the general public, the final results of a disciplinary proceeding, subject to the requirements of §99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the college's rules or polices with respect to the allegation made against him or her. (§99.31(A) (14))

13. To parents of a student regarding the student's violation of any federal, state, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(A) (15))
Students who believe that MCCCD or an agent of the college has disclosed information contrary to the provisions outlined in this section may submit a grievance via the non-instructional complaint resolution process. The process is posted at: S-8 Non-Instructional Complaint Resolution

D. The right to file a complaint with the US Department to Education concerning alleged failures by the college to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
US Department of Education
400 Maryland Avenue SW
Washington, DC 20202-5920

E. 2012 FERPA AMENDMENT: As of January 3, 2012, the U.S. Department of Education's FERPA Regulations expand the circumstances under which your education records and Personally Identifiable Information (PII) contained in such records—including social security number, grades, or other private information—may be accessed without student consent. For more information on this amendment, please see: FERPA HTTPS://DISTRICT.MARICOPA.EDU/CONSUMER-INFORMATION/FAMILY-EDUCATIONAL-RIGHTS-PRIVACY-ACT- FERPA

F. Student Directory Information
1. A Maricopa County Community College may release directory information about any student who has not specifically requested the withholding of such information. Students who do not want directory information released may so indicate during the admissions process or notify the Admission & Records Office/Enrollment Services.
   A. Students should consider very carefully the consequences of a decision to withhold directory information. A privacy block will call for the college or District to not release this directory information. Therefore, any future requests for such information from non-institutional persons or organizations will be refused.
2. Students may request their college to withhold the sharing of directory information by filing out a Request To Withhold Directory Information form and submitting that form to the college Admission & Records Office/Enrollment Services.
3. Directory information is considered public information. At any Maricopa County Community College, directory information is defined as a student's:
   A. Name
   B. Address
   C. Phone Number
   D. MCCCD Email Address
   E. Photograph/Electronic Image
   F. Place of Birth
   G. Major Field of Study
   H. Current Enrollment Status
I. Participation in Officially Recognized Activities

J. Dates of Attendance

K. Degrees Awarded

L. Awards and Academic Honors Received/Dean's List Selection

M. Previous Institutions Attended

N. Program and promotional materials on participants in various sports and similar public activities, including weight and height of athletic team members.

G. Disclosure to Parents

In accordance with federal law, college officials may disclose educational records to parents of a student who have established the student's status as a dependent according to the Internal Revenue Code of 1986, section 152, without the written consent of the student.

RELEASE OF DIRECTORY (PUBLIC) INFORMATION

At its discretion, the college or District may provide Directory Information in accordance with the provisions of FERPA. Types of information considered as Directory Information are listed below. Additional information may be found at: DISTRICT.MARICOPA.EDU under Consumer Information.

DIRECTORY (PUBLIC) INFORMATION AT MARICOPA COUNTY COMMUNITY COLLEGE DISTRICT AND ITS ASSOCIATED COLLEGES

Name
Address
Phone Number
MCCCD Email Address
Photographs
Electronic Images
Date and Place of Birth
Major Fields of Study
Current Enrollment Status
Participation in Officially Recognized Activities
Dates of Attendance
Degrees
Awards and Academic Honors Received
Dean's List Selection
Previous Institutions Attended
Program and promotional materials on participants in various sports and similar public activities, including weights and heights of athletic team members
Directory Information is Considered Public Information.
PRIVACY OF DIRECTORY (PUBLIC) INFORMATION

BLOCKING THE RELEASE OF DIRECTORY (PUBLIC) INFORMATION

By default, a college or District may release a student's directory information. Students may prohibit (or block) the public disclosure of directory information by completing a PRIVACY BLOCK form.

Students should consider very carefully the consequences of a decision to withhold directory information. A privacy block will call for the college or District to not release this directory information. Therefore, any future requests for such information from non-institutional persons or organizations will be refused.

Although the college or District will honor a student's request to withhold directory information, it cannot assume responsibility to contact the student for subsequent permission to release this information. Regardless of the effect upon the student, the college or District assumes no liability as a result of honoring a student's instructions to withhold such information.

ADDITIONAL INFORMATION:

- If a student blocks directory information, it still may be inspected by those MCCCD officials authorized by law to inspect education records without consent.
- If a student chooses to block directory information, it cannot be released to friends, family, prospective employers, the news media, advisors, student activities, and honors societies.
- Some reasons for considering a privacy block on directory information include harassment or the advice of a legal or medical professional.
- If a student wishes to keep public data private but release information so it can be published in commencement programs and honors lists, contact the office of Admissions & Records/Enrollment Services at the appropriate college(s).

If a student wishes to remove the privacy block, he or she must rescind the previous block. The college and District cannot assume responsibility to contact students for subsequent permission to release this information. It is the sole responsibility of the student to initiate the release of blocked information.

USING SOCIAL SECURITY NUMBERS

Due to identity theft concerns and privacy issues, students will no longer be asked to provide a social security number as a personal identifier. Instead, students will be assigned a student id number upon enrollment that can be used to access education records, as needed.

Appendix S-17: FERPA Appeal Process
FERPA Appeal Process

In instances where the college decides not to amend an education record as requested by the student, the college will notify the student of the decision and advise him/her of the right to an appeal hearing according to the following process:

- The student must have first presented the issue in writing to the college’s Admissions/Enrollment Office or designee identifying the records that he/she wishes to have amended and provided any supporting documentation. Note: With the exception of clerical errors, requests that are expressly related to grade disputes are not subject to this process and must be vetted through the Instructional Grievance Process.
- If the request to change the record was deemed unsubstantiated by the college designee and the institution was able to demonstrate that the record was accurate, the student will be informed of the right to a formal appeal hearing.
- Students must request a formal hearing within 10 business days from the date they are informed of the right to an appeal hearing.
- The request for a formal hearing must be in writing and delivered to the [Dean of Admissions/Enrollment Services, Vice President of Student Affairs] or designee.
- The college official who receives the formal hearing request will either review the case personally or designate a hearing committee if the issue involves a matter not clearly established by current policy or administrative regulation.
- A written decision will be delivered to all parties summarizing the evidence and stating the reason(s) for the decision. If the decision is in favor of the student, the education record will be amended. If the decision is for the record to remain the same, the student may place a statement commenting on or disagreeing with the decision in the education record.

Student Handbook

2.5.4 Student Employment

1. District Student Employees
   A. Introduction
      Students may be employed by the college as student help. District regulations require that students be hired in essential jobs and that they be properly trained and supervised.
   B. Philosophy and Workload for Student Employees
      i. It shall be the philosophy of Maricopa Community College District that a student may work to aug-
ment college and living expenses, however, the scholastic endeavor should be foremost. Sufficient time should be allotted for classroom attendance, homework, out-of-class study and participation in activities.

ii. A workload of twenty (20) hours per week should be established as the maximum number of hours a student employee may work on campus. All student employees shall be enrolled in a minimum of three (3) semester credit hours. Any combination of day and evening hours would meet this requirement. Any student employee having special reasons to work over 20 hours per week or having dropped below three (3) credit hours should request his/her immediate supervisor to obtain approval from the College president or his/her designee.

iii. During the summer sessions, students may be eligible for employment if they were enrolled for a minimum of three (3) semester credit hours at the end of the spring semester, or if they have been accepted for admission for the fall semester. Exceptions to the three (3) semester credit hours may be made by the president or his/her designee. Summer shall be designated as the time from the official end of the spring semester to the beginning of classes for the fall semester.

C. **Student Employee Benefits**
   As student employees, there are no entitlements to employee benefits; i.e., vacation, retirement, sick leave, health and life, or disability insurance. Students will, however, be covered under Worker’s Compensation Insurance.

D. **Student Employment Records**
   Student employee records will be maintained at the Financial Aid office, the office of the fiscal agent or the Career/Placement Office and will be reviewed periodically by the Vice President of Students Affairs.

E. **Student Compensation**
   The hourly rate of pay for student employees shall coincide with the policies of the District Salary Schedule.

F. **Employee Contracts and Forms** ([See Appendix FM-3](#))

G. **Student Employee Grievance Procedure**
   Part-time student employees working for one of the Maricopa Community Colleges may wish to file a grievance relating to certain working conditions or violation of student employment regulation. Please refer to the Non-Instructional Complaint Resolution Process ([AR 2.3.12](#)).

2. **Student Security Guards**

   A. **Introduction and Philosophy**
      Students may be employed by the college as student help. If student guards do not come from the ranks of Administration of Justice classes, they must undergo appropriate training to qualify them as student guards. This training program is outlined in the regulation.
B. Workload of Student Security Guards
   i. Student security guards shall be enrolled for a minimum of three (3) semester hours.
   ii. Student security guards shall be limited to 20 hours per week when the workweek starts at 7:00 a.m. on Monday and concludes at 11:00 p.m. on Friday. Additional hours may be worked if guards are assigned special duty at games or activities held on campus during the weekend, or if guards are assigned a shift on Saturday and Sunday, between 7:00 a.m. and 11:00 p.m.

C. Students not in Administration of Justice Program
   i. Use of student other than those in Administration of Justice Program:
      1. Selection of the student must be personally approved by the vice president of students affairs and chief of security.
      2. Selection of a student should not extend beyond one semester without the approval of the vice president of students affairs.
      3. Selected student must undergo a special training program directed by the chief of security and approved by the vice president of student affairs.
   ii. Recommended program for students other than those in Administration of Justice programs:
      Students employed by campus security who are not majors in the Administration of Justice program should be given at least twenty (20) hours of training with pay before being allowed to function independently as a campus security guard. This training should include, but not be limited to instruction in:
      1. Wearing of the uniform, general appearance, and demeanor
      2. The use of the various security report forms and how to properly complete them to provide requested information; General report writing methods
      3. Public relations methods used on the campus
      4. Crime prevention methods used on the campus; Patrol methods used in buildings and grounds.
      5. Basic techniques for interviewing students, faculty and visitors relative to the incidents
      6. Laws and regulations governing the actions of campus security personnel concerning rendering of assistance to students, faculty and visitors on the campus
      7. Basic first aid

D. Student Security Guards Employee Benefits
   As student employees there are not entitlements to employee benefits; i.e., vacation retirement, sick leave, health and life, or disability insurance. Students will, however, be covered under Worker’s Compensation Insurance.

E. Student Employment Records
   The student security guard’s employment records will be maintained at the office of the chief of security and reviewed periodically by the Vice President of Student Affairs.
2.5.5 Student Governance

Student governing bodies derive their authority from the Maricopa County Community College District Governing Board that exists in accordance with Arizona Revised Statutes. The administration of the District is vested in the Chancellor who delegates responsibility for each college to the College President who serves in a management and policy implementation capacity having the ultimate responsibility for all activities of the college. The President shall designate the administrator(s) (i.e., directors of student leadership) at each college who will be charged with the responsibility for working with the college student governing body(ies) in the development of college student activities and programs.

A representative form of student governance may exist at each college/center as well as district wide to provide an effective means of communication among students, faculty, staff and administration and to provide student input in college and District matters. Eligibility requirements are to be met and spelled out in detail in each student governance constitution. These constitutions shall establish the minimum requirements for the elective/appointive officers. All student government constitutions shall be submitted to the Governing Board General Counsel to ensure compliance with federal and state laws, the Maricopa Community Colleges Governing Board Policies and the Chancellor’s Administrative Regulations. Since Rio Salado Community College is a countywide non-campus college, the president shall ensure that opportunities exist for student involvement.

College student constitutions should be reviewed annually by student governance. The appropriate vice president or designee of each college shall be responsible for submitting any changes to the president of the college for transmittal to the Governing Board General Counsel.

1. Officers/Members

All reference in this document to positions will designate whether the position is an officer position or a member position.

Each student governance constitution shall define which of its elected positions (maximum of 5) within its structure shall be designated as officers. The persons filling those positions shall be referred to, in this document, as officers. Persons filling all other positions, elected or appointed, shall be referred to as members (excluding non-voting committee members).

All positions filled by election shall be considered as elected positions, even though the person filling the position may have been appointed to fill an unexpired term of another individual.

2. Designation

Colleges with two (2) student governments shall designate the governments as “day” or “evening.” Colleges with one (1) government shall be considered day students, for the purposes of this document.
3. **Eligibility for Office**

All student governance constitutions shall prescribe that all persons elected or appointed as officers shall be enrolled in and maintain a minimum of six (6) credit hours for day student governments, three (3) credit hours for evening student governments. Officers shall have and maintain a minimum cumulative grade point average of 2.50 and be in good standing (not on probation) according to the written district policy. Convicted felons shall be ineligible for office (ARS § 13-904). The constitution may, however, set more rigid requirements, if so desired by college student governance.

4. **Tenure of Position**

Tenure in any student governance position shall be determined by the respective student governance constitutions. In no case shall any student be allowed to serve in any combination of officer/member positions beyond a total of ten (10) semesters. Tenure in any combination of officer positions shall be limited to four (4) semesters.

5. **Removal from Office**

Provisions shall be made in all student governance constitutions for removal for cause of individuals from elected or appointed student governance positions.

6. **Remuneration Limitations**

A. Student body officers may receive financial support and/or a letter grade in a leadership class during their terms of office as authorized in their respective student governance constitutions. Student body officers (maximum 5) may receive up to twenty (20) hours per week in financial support and/or up to six (6) credit hours in leadership classes per semester. Remuneration shall be for services rendered and not for merely holding the office.

B. For qualifying students, Federal Work Study (FWS) funds may be used in accordance with Federal guidelines.

C. The allowance for awarding honorariums or scholarships for executive student officers is a maximum of $200.00.

D. Compensation may be received for both honorariums/scholarships and college employment in the same semester.

7. **Amending Student Constitutions**

College student constitutions should be reviewed annually by student governance. The appropriate vice president or designee of each college shall be responsible for submitting any constitutional changes to the President of the college for transmittal to the Governing Board General Counsel.
8. Student Governance Advisors

College organization advisors will be provided for in each student governance constitutions. Such advisors shall be full-time or part-time employees of the Maricopa Community Colleges.

Recommendations for appointment of an advisor may be submitted to the appropriate vice president or college president. Recommendations for dismissal of an advisor with just cause may be submitted to the appropriate vice president or college president.

9. Legal/Fiscal/Financial Matters

Authority and responsibility beyond the scope specifically covered in student policies, or interpretation of such matters within laws, board policies, etc. shall rest with the offices of General Counsel and Chancellor, respectively.

10. Final Authority

In the event of a complete breakdown of the governance body, the college president will serve as the final authority.

Student Clubs and Organizations

In addition to student governing bodies, student clubs and organizations may be formed that fall under the operational direction of the Office of Student Life and Leadership and the administrative direction of the Vice President of Student Affairs at each college. Student clubs and organizations are generally interest-based in nature (such as for a particular program, discipline, or college activity) and are considered to be an important part of the total college experience. Each college shall outline the requirements necessary to establish the formation of an interest-based student club and organization (i.e., mission/purpose, size, structure, advisors). Club advisors shall be employees of the Maricopa County Community College District.

In most instances, student clubs and organizations shall be open to all students who are enrolled in credit courses at a Maricopa Community College. Pursuant to ARS §15-1863, religious or political student organizations may determine that the organization’s internal affairs, selecting the organization’s leaders and members, defining the organization’s doctrines, and resolving the organization’s disputes are part of the organization’s religious or political mission and that only persons committed to that mission should conduct such activities. For religious and political organizations, state statute recognizes the role that viewpoint serves in the mission and purpose of the organization’s operations. Thus, such groups may elect to select members based upon organizational doctrine. The MCCCD may not deny recognition or any privilege or benefit to a religious or political student organization or group that exercises its rights pursuant to the statute.

Whereas ARS §15-1863 allows religious and political organizations to determine their internal affairs and the selection of their leaders and members, the MCCCD non-discrimination policy is applicable to all other aspects of these student clubs and organizations.
Appendix S-13: The Maricopa Community College Allied Health or Nursing Program

Allied Health or Nursing Assumption of Risk/Release of Liability

Most of the allied health or nursing program pathways include a program of study in a clinical training environment that may contain exposures to risks inherent in patient-oriented educational experiences (such as but not limited to bodily injury or communicable and infectious diseases). Students enrolling in clinical educational courses will be asked to sign a statement assuming all risks inherent in their coursework.

Use of Confidential Information

Students enrolled in allied health or nursing program pathways will have learning experiences in a health care setting where they will have access to confidential information. Prior to beginning any clinical studies, the students will be asked to sign an agreement to adhere to the requirements of those clinical sites and applicable law, including the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

MCCCD Required Background Checks

Students enrolled in an MCCCD allied health or nursing program are required to complete and pass clinical learning experiences, working with children, elderly persons, and other vulnerable populations. MCCCD’s major clinical agency partners now mandate that any college students assigned to them for clinical experiences submit to a comprehensive background clearance prior to entering such learning experiences. Because the clinical experience portion of the programs is critical to completing a program of study, MCCCD has instituted two specific background check requirements in order for a student to enroll in a program. First, the student must obtain, at his or her own cost, a Level I Fingerprint Clearance Card from the Arizona Department of Public Safety. Precluding offenses for a Level I card can be found in Arizona Revised Statute § 41-1758.07 (https://www.azleg.gov/viewdocument/?docName=https://www.azleg.gov/ars/41/01758-07.htm). Additionally, students must also obtain a “pass” status on a MCCCD supplemental background check from MCCCD’s authorized background check contractor. The student must also pay for this background check. The supplemental check will be based on the most stringent standards of MCCCD’s clinical experience partners.

The sole program for which the background check requirements are different is the Emergency Medical Technician program. For that program, students must have obtained a Level 1 Fingerprint Clearance Card from the Arizona Department of Public Safety. They are also required, at the time of their clinical assignments, to submit to, pay for and pass any additional background check requirements of the clinical agencies to which their EMT program places students.
Certain licensing boards may require a separate background check or clearance card upon application for licensure or certification.

The MCCCD supplemental background check review may include searches of the following databases and information but MCCCD reserves the right to change the search criteria and the program background check requirements at any time without notice:

1. National Federal Health Care and Abuse Databases
2. Social Security Verification
3. Residency History
4. Arizona Statewide Criminal Records
5. Nationwide Criminal Databases
6. Nationwide Sexual Offender Registry
7. Homeland Security Search

Examples of background information that will result in a “fail” status on the supplemental background check include:

1. Social Security number does not belong to the applicant
2. Any inclusion on any registered sex offender database
3. Any inclusion on any of the Federal exclusion lists or Homeland Security watch lists
4. Any conviction of a felony no matter what age of the convictions
5. Any warrant any state
6. Any misdemeanor conviction for the following no matter how long ago:
   A. Violent crimes
   B. Sex crime of any kind including non consensual sexual crimes and sexual assault
   C. Murder, attempted murder
   D. Abduction
   E. Assault
   F. Robbery
   G. Arson
   H. Extortion
   I. Burglary
   J. Pandering
   K. Any crime against minors, children, vulnerable adults including abuse, neglect, exploitation
   L. Any abuse or neglect
M. Any fraud
N. Illegal drugs
O. Aggravated DUI

7. Any misdemeanor controlled substance conviction in last 7 years

8. Any other misdemeanor conviction within last 3 years
   [EXCEPTIONS: Any misdemeanor traffic (DUI is not considered traffic).]

The information that MCCCD uses for the “pass/fail” background check is subject to change at any time without notice.

MCCCD recommends that students carry proof of the background clearance at all times during any clinical agency learning experience.

**Duty to Report Changes; Removal**

Students have an obligation to immediately report to the director of their program any change in the information that they supplied on forms submitted to initiate background checks relating to the allied health or nursing program. That includes information provided to the Arizona Department of Public Safety and MCCCD's supplemental background check vendor, as well as that related to the background check required by a clinical agency. Failure to do so will result in removal from the program. Additionally, any change in background check status that would affect the student's clearance under either MCCCD's or a clinical agency's standards will result in removal from a program.

**Additional Clinical Agency Background Check**

Some clinical agencies require that students assigned to their sites submit to a criminal background check covering other offenses, as well as to a drug screening. Students are required to pay for the additional agency clinical background check. A clinical agency that requires this additional background check may refuse to place a student due to information the clinical agency obtains in its background check even though that student possesses a valid Level I Fingerprint Clearance Card and has obtained a “pass” status on the MCCCD supplemental background check.

Some conditions that have resulted in students being denied placement at clinical agencies include pending criminal charges, outstanding warrants, unfinished terms of a sentence (such as unpaid fines), pattern of repeated types of arrests/convictions, and failure to disclose all past arrests/convictions when asked to do so on any background check application.
Inability to Place

MCCCD has no obligation to make repeated attempts to place a student when the reason for MCCCD’s inability to place the student is due to background check issues. Since clinical agency assignments are mandatory requirements for completion of a program, a student’s inability to complete required clinical experience due to his or her background check issues will result in removal from the program.

Changes to Admission or Background Check Requirements

MCCCD may change its program admission requirements or background check requirements without notice at any time.

No Guarantee of Receipt of Licensure/Certificate

Many of the nursing and allied health programs prepare graduates for application for State or National certificates or licenses. In some professions, such licensure and certification is required prior to employment or practice in the profession. Graduation from a nursing and allied health program does not guarantee the receipt of a license or certificate to practice in the field of study.

AMENDED by Direct Chancellor Approval, June 1, 2017

4.18 Consensual Relationships

1. General

The existing Governing Board Policy on Hiring of Relatives prohibits employees from being involved in any employment or key decision that involves a relative. This would include work performance, job assignments, or pay related matters. In that such relationships can create a conflict with the interests of the Maricopa Community Colleges, and the increased potential for nepotism and favoritism, the same principles also apply in the case of consensual amorous, romantic and/or sexual relationships that occur between employees or between employees and students.

In the work and academic environment, such a relationship that might be appropriate in other circumstances is inappropriate if one of the individuals in the relationship has a professional responsibility toward, or is in a position of authority with respect to, the other, such as in the context of supervision, instruction, coaching, counseling or advisement. An element of power is present in such a context and it is incumbent upon those with authority not to abuse that power. In addition, consensual relationships may yield to third parties the appearance that unfair bias or favoritism towards the student or supervisee is taking place.
A. Definitions
   i. **Consensual relationships** are defined as romantic, amorous and/or sexual relationships between consenting employees or between employees and adult (18 years or older) college students currently enrolled at one of the community colleges.
   
   ii. An **employee** is any individual who is employed by the Maricopa County Community College District (MCCCD). An employee includes an individual who is subject to an established employee job group policy manual, whether regular, full-time board approved, at-will, part-time, and/or temporary. An employee also includes a contract worker (special services employment, request for personnel services) working or serving as an agent or designee on behalf of the MCCCD.
   
   iii. A **student** is considered to be any person currently enrolled in a credit or non-credit class at one of the colleges or centers within the Maricopa County Community College District.
   
   iv. A **vendor** is someone who sells or can sell products or services to the Maricopa County Community College District.
   
   v. A **recent** consensual relationship is considered to be one that has taken place within the past 24 months.

B. Prohibited Conduct
   i. An employee shall not maintain, engage in or be involved in a consensual relationship with another employee who is subject to that individual's supervision or with a student that is currently enrolled in the individual's class, or a student whom the individual otherwise instructs, coaches, counsels or advises, or with a vendor if the employee manages that contract or otherwise exerts influence over the contract.
   
   ii. The Governing Board recognizes that the personal life of its employees is not a concern of the institution, and therefore, this regulation does not seek to prohibit romantic relationships that exist between parties where the context of power-authority between employees or between employees and students is not present; and provided that the relationship does not affect the employee's effectiveness in fulfilling his or her professional obligation. For these instances, appropriate measures should still be taken in order to avoid conflicts of interest from occurring. For relationships that may exist prior to the time that either a student or employee is placed in a situation of instruction or supervision that is considered to be a conflict of interest, the employee(s) involved shall disclose and take immediate measures to avoid the conflict or appearance of conflict.

2. Procedures for Disclosure

Employees should first avoid allowing an inappropriate consensual, amorous or sexual relationship to develop with a supervisee or student.

A. Where the employee is already in or has had a recent consensual relationship with a supervisee, the following procedures shall be followed:

   i. Immediate disclosure by the employee of the relationship to their supervisor and to the appropriate Vice President or Vice Chancellor in order to ensure that any conflicts of interest have been adequately addressed.
ii. The respective administrator responsible for the department or division shall place the subordinate under alternate supervision when a supervisor under his/her direction has or has had a recent consensual relationship with the employee.

iii. The supervisor shall recuse himself or herself from any discussions or involvement with decisions related to evaluations, promotion, hiring, determination of salary, or continuation of contract or employment.

iv. The respective Vice President or Vice Chancellor shall prepare and retain a report that specifies the appropriate alternate arrangements that have been made to eliminate the conflict of interest. The EEO/AA Office shall be provided a copy of the report along with the employees involved in the relationship.

B. Where the employee is already in or has had a recent consensual relationship with a student prior to enrollment in his or her class, the following procedures shall be followed:

i. The faculty member shall counsel and advise the student not to enroll in his or her course.

ii. The Consensual Relationships Policy will be made available to students via the student handbook and other appropriate communications vehicles.

iii. If it is not possible for a student to enroll in another course, section, or course and section at another college due to a requirement for completion of a degree or certificate and no other academic option is available, disclosure of the relationship will be made to the appropriate Department Chair, Dean and Vice President of Academic Affairs or Vice President for Student Affairs as appropriate for review. The Vice President will refer the matter to the Vice Chancellor for Academic and Student Affairs for consideration. The Chancellor or his/her designee may allow a student to enroll in the class only upon a showing by the student that the enrollment is necessary to avoid an extreme hardship, and upon a showing by the college President or designee that the academic integrity of the student’s enrollment in the class will nevertheless be maintained.

3. Persons who are married, or were married, are included within the definition of persons that have or who have had a consensual amorous relationship. Disclosure in this instance may be made via the Maricopa Disclosure process [The Annual Acknowledgement and Disclosures form may be found in the Employee Learn Center. Employee credentials are needed to enter secure site].

4. An employee who fails to follow the requirements established in this policy and who does not withdraw from participation in activities or decisions that may reward or penalize a supervisee or student with whom the employee has or has had a recent consensual amorous relationship, will be considered in violation of policy and will be addressed in accordance with established processes in job group policy manuals.

Disclaimer
At Maricopa, we strive to provide you with accurate and current information about our degree and certificate offerings. Due to the dynamic nature of the curriculum process, course and program information is subject to change. As a result, the course list in this catalog does not represent a contract, nor does it guarantee course availability. If you are interested in pursuing this degree or certificate, we encourage you to meet with an advisor to discuss the requirements at your college for the appropriate catalog year.
