*Center for Community & Civic Engagement

Mesa, AZ 85202*

The Maricopa County Community College District (MCCCD) is a public education institution with ten colleges: *Chandler-Gilbert, Estrella Mountain, Gateway, Glendale, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain*. Mesa Community College (MCC) is committed to making a difference in the community by encouraging students to learn first-hand about possible educational opportunities and career ventures. Our mission is to also prepare our students to become active citizens, and we would like to ask for your assistance in helping to achieve this.

As part of the curriculum in some college classes, students are asked to participate in a service-learning project. Students may also register for the independent service-learning class. In these field experiences, students select an agency that relates to their career interest, social issue, or theme that is studied in the course. This enables students to learn about these issues firsthand by serving at that agency. You are invited to become one of MCC's service-learning partners and participate in our programs.

In this packet you will find information explaining MCC's Service-Learning programs. If you are interested in becoming one of our service-learning partners, please complete and return **original** copies of these forms:

- MCCCD Experiential Education Partnership Agreement (if not signed already)
- Understanding of Expectations (completed by all agencies)
- Service-Learning Agency Information Form (completed by all agencies)

It is important that the **original** forms, signed by someone with *legal* authority for your agency, be returned as soon as possible in order for students to serve at your agency (please note that individual schools can not enter into this agreement on behalf of their school district). *In addition to the forms listed above, each agency must submit a certificate of insurance* (details listed in the "Needed Documents Checklist" section). Please be as detailed as possible about the experiences your organization can provide to our students. If you need more information about our programs, please visit our website at: www.mesacc.edu/getengaged. Our department functions as a referral agency, not a placement agency, so it is important to know that a student(s) placement is not a guarantee. Once we have the needed documents, your agency may be placed in the district database as well as in our online database

The Maricopa County Community College District and Mesa Community College looks forward to partnering with your agency to provide educational opportunities for our students as well as provide service to the community through your agency. If you have any questions, please call (480) 461-7763 or email at dawn.rhodes@mesacc.edu.

Sincerely,

Dawn M. Rhodes

OUR SERVICE-LEARNING PROGRAM

Our Vision

Working together to inspire individuals to be engaged citizens

Our Mission

To promote excellence in teaching and learning through active service. We collaborate with the community, encourage civic leadership, promote personal growth, and foster social responsibility.

Service-Learning

Service-Learning is a teaching and learning method that connects meaningful community service with academic learning through guided reflection. Areas of focus include:

- Critical Thinking and Problem Solving
- Values Clarification
- Career Exploration
- Social and Personal Development
- Civic and Community Responsibility

The Center for Community & Civic Engagement provides students with educational opportunities in community service through placement in government agencies, educational entities, civic organizations, and advocacy groups. The Center also fulfills community needs, by maintaining and developing partnerships between college, student, and community, as well as provide assistance to faculty who are interested in developing service-learning components in their courses.

The service-learning options offered at MCC include:

- One Shot Modules: Faculty member incorporates a one-day service event into his/her class. Students generally serve between 3-6 hours.
- Group Projects: Integration of service-learning, with a group of 3-6 class members, into existing courses allows students to participate in community service as part of their normal curriculum in lieu of a class assignment, class presentation, research paper, or exams. Grading is typically based on quality of project and not the number of hours completed.
- In-Course Modules: Integration of service-learning into existing courses allows students to participate in community service as part of their normal curriculum in lieu of a class assignment, class presentation, research paper, or exams. Service hours given to the community via these options average more than 15,000 hours per year. Requirements similar to those of the independent modules are adapted at the discretion of the faculty.
- Independent Modules: These have been offered to students since the fall of 1992. Approximately 200 students per year enroll in these classes, representing an average of 25,000 service hours to the community. Students can register for these internship-type courses for one, two, or three credits a semester. The courses are a blend of academic study and community service, under the supervision of a faculty member within the discipline. Core requirements include 50 service contact hours per credit hour, a learning plan, a reflective journal, an analytical paper and attendance to reflective sessions. Credit is given upon completion of the core requirements.

EXPECTATIONS OF PARTICIPATING INSTITUTIONS

These expectations identify the responsibilities of organizations that desire the assistance of college service-learning students to assist paid staff. Revisions can be made by mutual agreement at any time.

I. Agency

- Complete the Understanding of Expectations, Service-Learning Agency Information form, and the MCCCED Experiential Education Partnership Agreement, and send a copy of the agency's certificate of insurance that meets the MCCCED requirements.
- Interview each Service-Learning student to clarify the responsibilities of the specific placement, and place them appropriately within your organization.
- Authorize student placement by signing the Student Service-Learning Placement Confirmation form that will be brought by the student. The student, as notification of your acceptance, returns this form to us.
- Meet with service-learning students, and possibly their faculty supervisor, to review and further develop a comprehensive learning plan that contains a variety of objectives and activities. This plan, with the agency supervisor's input, is necessary in order to provide the student with an overview of the scope of their work and learning opportunities at the agency, and to guide the student's learning.
- Provide an orientation to Service-Learning students, effective to the special needs of the organization. Inform students of resources needed to perform their responsibilities (i.e. uniforms, activity supplies, office space). If extra costs are incurred by any of these, please inform the students prior to the start of their service.
- Provide appropriate supervision by a paid employee to all Service-Learning students. College students may not be placed in an environment that leaves them alone with children.
- Provide students with safe working conditions within which to provide services.
- Give appropriate recognition, appreciation, and reassurance to Service-Learning students.
- Comply with college policies on affirmative action, Americans with Disabilities Act and sexual harassment since the student's work is considered to be an extension of his/her education, sponsored and supported by the college.

II. Agency Supervisor

- Comply with the agency expectations stated above.
- Assist the Service-Learning students in developing self-learning and effective skills.
- Complete and sign the final evaluation and return to the student. Any perceived inadequacy in student performance should be considered whenever possible as opportunities for growth. Unresolved conflicts should be discussed with the faculty supervisor, and if they are unavailable, the Center for Community & Civic Engagement.

III. Center for Community & Civic Engagement

- Refer students to the organization for placement.
- Monitor project activities of the organization to assess and/or discuss the needs of students and the project.
- Provide appropriate recognition, appreciation, and reassurance to Service-Learning students.
- Maintain ongoing relationships with organizations to facilitate cooperation and information sharing.

IV. Other

- Student Transportation: Service-Learning students are responsible for their own transportation.
- Separation from Service: Organization may request the removal of students at any time. MCC may recall a student if deemed necessary. Students may resign from service to the organization or from the program at any time.
- Restricted Activities: The organization may not request, assign, or permit students to conduct or engage in religious, sectarian or political activity unless s/he elects to on their own free will. Further students are restricted from instruction activities beyond their capabilities.
- Displacement of Employee: The organization may not assign Service-Learning students to any assignment, which would displace full-time employed workers or impair existing contracts for services.
- Amendments: This Agreement may be amended at any time in writing by the concurrence of both parties.

Please return the following to the Center for Community & Civic Engagement:

- 1) MCCCED Experiential Education Partnership Agreement
- 2) Understanding of Expectations
- 3) Agency Information Form
- 4) Certificate of Insurance
