

AzAMI

Arizona Advanced Manufacturing Institute

FINDING SOLUTIONS. CREATING OPPORTUNITIES.

Career Navigator

Cesar Becerra

The Career Navigator is part of the AzAMI approach to meeting the needs of students enrolled in our core programs: Additive Manufacturing (3D), Drafting, Electronics, Industrial Robotics and Automation Technology, Machining, and Welding.

Our role is to provide support services to help you set and achieve your academic and career goals.

Key Aspects of Navigation:

- Academic Advisement
- Career Planning
- Resume Assistance
- Job Readiness Workshops
- Internships and Job Placement
- Job Fairs, Workshops and Events
- Explore Funding Opportunities
